Re: Reclamation Board
(350.16-1)

Dear Mr. Rinehart:

In response to your letter of November 12, 1981 concerning your

Board's decision not to adopt a Designated Floodway for Cache Creek,

the following is to confirm Yolo County's understanding of our Interlocal Agreement.

Yolo County has adopted the modification to its Flood Plain Ordinance

which includes the definition of "obstruction" (Ord. 15781 dated September 22, 1981). Yolo County will, through its normal permit process (Building Permits, Use Permits, Renting, etc.), enforce the provisions of the

Yolo County Flood Plain Ordinance. Both the Yolo County and the State will place a "no-build" zone

4. In the event

understanding that as these County procedures are followed there is no need for per-9414 to be issued by the Reclamation Board.

The Yolo County Board of Supervisors efforts to is very appreciative of the work out this undertaking.

GEORGE P. DEMARS
Chairman of the Yolo County Board of Supervisors
