

"...providing mental health & substance abuse services for the people of Alameda County ..."

Invites Applications for
Older Adult System of Care Director, BHCS

SALARY

ANNUAL SALARY: \$94,952.00 - \$115,398.40
(**\$45.65 – \$55.48 Hourly**)

THE POSITION

Alameda County Behavioral Health Care Services (BHCS) is seeking a regular full-time Older Adult System of Care Director. Under administrative direction, the Older Adult System of Care Director oversees the operation of the Older Adult System of Care including alcohol and other drugs, mental health services, community based organizations and private providers in system of care; provides leadership in organizational policy, system design, integration and planning and program development for older adult services; and performs related duties as required.

EXAMPLE OF DUTIES

- Plans, organizes, directs and evaluates the Older Adult System of Care in Behavioral Health Care Services (BHCS) through subordinate professional-level and/or managerial staff.
- Develops and implements older adult services policies, procedures and best practices to meet regulatory requirements, county policies, program goals and the delivery of mandated service levels.
- Develops and implements programs and strategies in effective outreach, engagement, and wellness and recovery in older adult behavioral health care services.
- Collaborates with BHCS Administration and Executive team, BHCS Human Resources, BHCS Wellness Recovery Hub, BHCS Family Education Center, Community Based Organizations, providers and other relevant parties to ensure the inclusion of wellness and recovery, cultural competence and best practices.
- Reviews, monitors and interprets proposed legislation and changes in laws and regulations relative to older adult services; assures administrative compliance with applicable federal and state laws and regulations.

THE DEPARTMENT

Behavioral Health Care Services provides a full range of accessible alcohol and other drugs and mental health services throughout Alameda County. Services are provided directly by county staff, private providers, and through contract with community-based organizations. Our network of services currently consists of over 400 individual practitioners, more than 90 community-based agencies, 20 hospitals and other institutions. Services are available in all languages and are provided by a multicultural and multidisciplinary panel of service providers, many of whom have developed specialties that meet the often unique needs of our clientele.

QUALIFICATIONS

EDUCATION:

Possession of a Master's degree from an accredited university in Public Health Administration, Business Administration, Organizational Development, Clinical Psychology, Social Work, Nursing or a closely related field.

AND

EXPERIENCE:

The equivalent of five years full time administrative/management, post graduate experience in community organization, planning and evaluation, budget, fiscal and personnel management in a community mental health or medical setting providing services to emotionally disturbed adults and their families.

(One year of full-time administrative/management experience in a geriatric setting may substitute for two years of the above experience.)

OR

(An equivalent to an AA degree or higher in Gerontology from an accredited college/university may substitute for one year of the above experience.)

LICENSE:

Valid licensure from the applicable licensing authority in the State of California.
