## **LIMITATION ON WASTES DISCHARGED INTO THE WILD WINGS SEWER SYSTEM**

During the several winter storms, water has accumulated in large amounts on properties all over the Wild Wings community. California American Water, your water and wastewater operator, as well as Yolo County, would like to remind all Wild Wings residents that no storm water, surface water, ground water, roof and backyard runoff, subsurface drainage, uncontaminated cooling water, or unpolluted industrial process water may be discharged to the sewer.

High volumes of water in the sewer system during storm events may have negative impacts for your Wastewater Treatment Plant.
