

PROGRAM GOAL

The High School Summer Intern Program enhances Yolo County's recruitment and retention efforts by viewing interns as potential new hires who are worth cultivating. The intern program is a way to create a new pool of young workers who have already been exposed to working in government. Our ultimate goal is for student interns to remember their positive experience with Yolo County and seek regular employment with us upon graduation from high school and/or college.

The benefits to students are the opportunity to obtain work experience to highlight on an employment and/or college application as well as experience in government that will help them make informed choices about a career in government. Students also earn community service hours

required for graduation from high school.

ROLES AND RESPONSIBILITIES

The County of Yolo High School Intern Program has been carefully designed to ensure participants remain excited, engaged and supported throughout the program. Clearly defined roles and responsibilities are essential to the success of the program.

Program Administrator Responsibilities

The Program Administrators develop and facilitate all aspects of the Intern Program. The specific responsibilities are:

- ★ Schedule and plan program activities;
- ★ Prepare program materials;
- ★ Facilitate program partnerships;
- ★ Liaison with schools and other community youth organizations;
- ★ Recruit and place students;
- ★ Oversee department placements;
- ★ Oversee HR mentors;
- ★ Provide regular and ongoing communication; and
- ★ Facilitate continuous recognition awards and ceremonies.

HR Mentor Responsibilities

Human Resources Department staff at every level serve as mentors to intern program participants. Each student is assigned a single mentor, and HR mentors are assigned more than one mentee. The role of the HR mentor is to provide the student with a personal connection and support to complete the program. Mentors will check in with their assigned mentees on a regular basis, will ensure students are made welcome at weekly learning activities, and will encourage students to make connections with other program participants. Most importantly, mentors are local government ambassadors who are excited to share their passion about a career in local government.

Department Responsibilities

The department contact for each intern assignment is responsible for orienting the student intern to the local government workplace, overseeing the student's work, and recognizing the student for his or her contributions.

Frequently Asked Questions

Q: As a department contact, I am having a problem with my intern's attitude, behavior, dress and adherence to the assigned work hours. What should I do?

A: Contact one of the program administrators to explain the problem. The program administrator will follow up with the student to address the issue and will communicate the results of that discussion to the department contact and the intern's HR mentor.

Q: I am an HR mentor and my student told me that she does not like her department assignment. Should I contact the department to discuss the problem?

A: No. Please let one of the program administrators know. Once the issue is resolved, you will be informed so that you can communicate the results to the student.
