## Hazard Mitigation Survey

**(Woodland, CA)** – Every five years, the local Multi-Hazard Mitigation Plan is updated and submitted to Federal Emergency Management Agency (FEMA). The plan addresses threats from potential hazards and identifies possible strategies to reduce impacts. This year, Yolo County, the cities of Davis, West Sacramento, Winters and Woodland, the Yocha Dehe Wintun Nation, Yolo County Housing, and the Yolo County Office of Education are completing a combined plan. As part of the plan update process, the public is encouraged to provide input by completing a survey to identify the community's concerns about hazards. The survey can be found online at [www.yolocounty.org](http://www.yolocounty.org). Paper copies of the survey are also available at the following locations through September 11, 2011:
