Digital Download Workshop April 25

(Woodland, CA) – The Yolo County Library is holding a Digital Download Workshop for iPad, iPhone, iPod Touch and Kindle users on April 25 at 6:30 p.m. in the Wintun Room of the Esparto Regional Library Branch, located at 17065 Yolo Avenue in Esparto

“Following the large turnout at our January digital download workshops, we have added additional trainings tailored to specific devices to help meet the needs of our communities” said Yolo County Librarian Patty Wong.

The workshop will cover how to use the library's free digital media download service (Overdrive) to download eBooks and eAudiobooks to an iPad, iPhone, iPod Touch, Kindle or a device using the Kindle Reading App. After a demonstration, library staff will be available to answer questions.

Participants are asked to bring their device, library card, Apple ID and password, Adobe Digital Editions ID and password (if they have one), Kindle or device that has the Kindle Reading App downloaded on it and a wireless laptop (optional).

No reservations are required for this workshop. The Esparto Regional Branch Library Wintun Room is accessible for persons with disabilities. Presented by the Yolo County Library, all programs are free. Contact Malinda Baker for more information: malinda.baker@yolocounty.org or (530) 787-3426
