## **Landfill Receives Hazardous Waste Every Friday and Saturday**

**(Woodland, CA)** – Yolo County now holds weekly collection of household hazardous waste at the Yolo County Central Landfill, located at 44090 County Road 28H in Woodland, every Friday and Saturday, 7:30 a.m. to 3:30 p.m.

The program can only accept household hazardous waste from Yolo County residents. Infectious medical waste will not be accepted. Business hazardous waste from small quantity generators is accepted by appointment only, and includes a disposal fee. Call (866) 714-8470 to schedule an appointment.

Senior or disabled residents who cannot drive, and who have household hazardous waste in need of proper disposal, may schedule a free pickup of waste by calling (866) 714-8470. Residents 65 years and older qualify for this service which is open to all households in Yolo County.

Materials that will be accepted include the following: batteries; fluorescent bulbs or tubes; used motor oil and filters; cleaning supplies; lighter fluid; antifreeze; aerosols; garden pesticides and herbicides; latex or oil based paints; solvents; poisons; electrical switches/relays; pilot light sensors; mercury thermostats, old medicines but not controlled substances and containerized syringes.

Since the household hazardous waste drop-off area is now open weekly, the Reuse program is available weekly, as well. The Reuse program makes available to residents household cleaning supplies, lawn, garden and automotive products, and household paint at no charge. Often, products are dropped off at the facility simply because they are no longer needed. These products have original labels and are nearly full, which make the products still very usable for the public.

Household hazardous waste events are sponsored by the Yolo County Department of Planning & Public Works, Division of Integrated Waste Management. For more information on proper disposal of household hazardous waste, call (530) 666-8856 or visit: [www.yolocounty.org](http://www.yolocounty.org).
