

#### Why recycle?

- State law now requires all businesses that generate 4 or more cubic yards of waste weekly to recycle.
- Recycling may provide opportunities for your business to save money.
- Recycling helps conserve resources and extends the life of California's landfills. It also helps create a healthy environment for our community and future generations.

### How to get started

It's easy to recycle at your business.

- Make sure your business has arranged for recycling services (see below for more information).
- Use the list on the other side of this flyer to help employees learn what items can be recycled.
- Separate recyclable items from trash inside your business.
- Place your recyclable items in external recycling containers for collection.
- Note: Any business or individual may donate, sell and/or otherwise arrange for the pickup of recyclable materials.

# Where to go for more information

To learn more, call the Yolo County Landfill at 530-666-8856, or visit <u>yolocounty.org</u> and click on the Landfill tab.

You may also contact Waste Management directly at 530-662-8748 to set up a site visit, or request recycling service.

For additional general information about recycling and waste reduction, visit the California Department of Resources Recycling and Recovery (CalRecycle) at www.calrecycle.ca.gov.
