The minutes of the November 15, 2012 meeting were approved as submitted.

Item 3. Election of 2013 Chair and Vice-Chair  
Hans Strandgaard was elected Chair and Olin Woods was elected Vice-Chair for 2013.

Item 4. Public Works Division Update (Kokkas)  
Panos Kokkas gave a brief update:

- Public Works was extremely busy during the storms of December 2012, with employees working extended shifts, some as long as 12 and 24 hours, to respond to flooding. The Department is still clearing culverts.
- CR 98 preliminary widening work is ongoing. PG&E has relocated utility poles and AT&T will use the poles, as well. The bid package will go out in February, and bids will be opened in April or May. Work should begin in early June. One bridge is to be replaced, and one bridge will be widened. The project will extend from south of CR 29 to the Woodland city limits. The road will be closed in segments.
- Fewer projects are likely in 2013, since lower gas usage reduces available gas tax funds, and the State has been diverting road funds to help with its budget shortfalls.
