PRODUCTION SEED VERIFICATION FORM

Please list all varieties, lot numbers, and treatments (insecticides, fungicides, or inoculants) used, for seeds planted or to be planted on your farm. Indicate if the seeds are certified organic, untreated non-organic, or treated non-organic. If organic seed is not purchased, please show proof of your attempts to source organic seeds.

Producer Name:						Crop production year:	
Seed Information			Lot #	Is seed organic (O), untreated non-organic (U)*, or treated non-	Type and Brand of Treatment	*If untreated non-organic seed was used, was organic seed sourced first? Y/N? Please document your attempts
