## **Elementary School Science Fair Help Program on February 15**

(Woodland, CA) – Yolo County’s Mary L. Stephens Davis Branch Library, located at 315 East 14th Street in Davis, welcomes elementary age students to the Science Fair Help Day on Saturday, February 15, 2:00 p.m. to 4:00 p.m., in the Children's Activity Room.

Graduate students from the Department of Evolutionary Biology at the University of California Davis, will guide students through the science fair path. From explaining the scientific method, to developing a question, to finding information sources to support an experiment, these science-passionate graduate students will help elementary age students kick-start their science fair project. They will even show off an exciting experiment or two!

“Join us for an afternoon of science fun while we help kids get excited about science!” says Judy Wexler, population biology graduate student at UC Davis.

No reservations are required. The Children's Activity Room of the Mary L. Stephens Davis Branch Library is accessible for persons with disabilities. Sponsored by the Friends of the Davis Pubic Library, all programs free. For more information, contact Joan Tuss at (530) 757-5588 or [joan.tuss@yolocounty.org](mailto:joan.tuss@yolocounty.org).
