

Potential Strategic Goals for Yolo County CCP
February 4, 2014

The list of potential goals below were developed from interviews conducted with CCP members, discussions of the Ad Hoc Committee, the current Yolo County realignment plan, and the County goals. The tactical plan concepts and objectives are taken from the tactical plan goal 5, Preserve and ensure safe and crime free communities. These may be a good fit for some of the goals of the CCP and would be a direct connection to the larger County plan.

These potential goals have not been ordered in any manner nor prioritized for importance. We suggest that the committee members review these potential goals and add any additional thoughts you may have by e-mailing Zach Dal Pra at zdalpra@crj.org.
