WEST SACRAMENTO POLICE DEPARTMENT

MEMORANDUM

May 23, 2014

**TO: HONORABLE DANIEL MAGUIRE,
SUPERIOR COURT OF CALIFORNIA
724 COURT STREET WOODLAND, CA 95695**

**FROM: THOMAS MCDONALD, CHIEF OF POLICE
WEST SACRAMENTO POLICE DEPARTMENT
550 JEFFERSON BLVD. WEST SACRAMENTO, CA 95605**

**SUBJECT: RESPONSE TO GRAND JURY REPORT-
MENTAL HEALTH CRISIS SERVICES IN YOLO COUNTY**

The West Sacramento Police Department has received the Grand Jury Report, findings and recommendations on the above subject matter dated May 13, 2014. This memorandum is being submitted in direct response to:

- R1. *Given the increase in 5150 calls in Yolo County, law enforcement agencies should develop a plan by October 1, 2014, to provide more officers with Crisis Intervention Training or departmental in-service training to help them respond to calls involving mental health issues.***

The West Sacramento Police Department currently has 64 sworn police officers. Of those, 41 officers have attended the Crisis Intervention Training (CIT). The department recognizes the need for all employees who deal with the public to further their education and training in the area of mental health awareness. As such, it was determined that all police personnel (sworn and non-sworn staff) are to attend CIT by February 2015.

The current CIT course of instruction that is department approved is hosted by the Sacramento County Regional Intervention Team, in conjunction with the Sacramento County Sheriff's Department. This course of instruction is a California POST certified, Plan IV course. They have earned this certification by meeting the exceptionally stringent standards as set forth by the Peace Officers Standards and Training Commission of California. This CIT course is taught by a physician, who specializes in this same field. This class is a one day course designed to assist first responders with identifying and assisting individuals with mental illness. CIT is designed to promote community solutions to assist individuals with a mental illness.

The training is expected to increase the safety of patrol officers, consumers, family members, and other citizens within our community. CIT reduces both the stigma and the need for further contact within the criminal justice system. Students are provided with an overview of the basic symptomology of mental illnesses, tactics for communication with the sufferers of mental illness and an awareness of the community resources available. All training and attendance is being carefully tracked and monitored within the department's training division.

Recognizing the importance of this specialized training, this CIT course through the West Sacramento Police Department, was offered to other city employees who are expected to deal with the public. Their attendance is voluntary.

R2. *By October 1, 2014, Yolo County law enforcement agencies should develop an integrated response plan so certified Crisis Intervention Training officers are the first responders on calls involving individuals in mental health crisis.*

All West Sacramento Police sworn and non-sworn personnel will have completed this CIT by February 2015.

The City of West Sacramento and the police department is currently collaborating with the Mental Health Services Oversight and Accountability Commission (MHSOAC) in their efforts with the SB82 Grant Program, Community Based Crisis Response (CBCR). This program is expected to be on-line by the end of 2014.

Two CBCR clinicians will be housed at the West Sacramento Police Department and will provide a joint response and clinical support to police personnel responding to those experiencing mental health issues or who are in crisis. They will offer therapeutic intervention in order to avoid less effective and more costly alternatives such as hospitalization or jail. The peer counseling component provides follow-up support after a crisis event has passed. This is in support of facilitating access to and engaging in services that will prevent future crisis events; and promote recovery and wellness.

It is anticipated that this program will be offered during evening hours and days of week with the highest crisis call volume.
