

SACRAMENTO-YOLO
MOSQUITO
& VECTOR
CONTROL
DISTRICT

Invite you to join us for the meeting

Community-Based Mosquito Control:

Prospects for reducing the spread of
West Nile virus
and mosquito populations

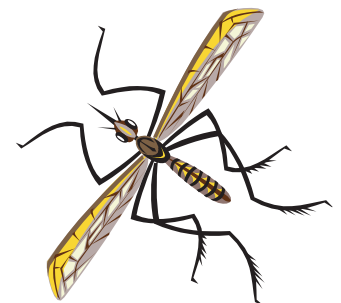

WHEN:
Thursday
October 23rd

WHERE:
Davis Senior Center
Activity Room
646 A Street

TIME:
6:30pm
to 8:30pm

Points to discuss:

- Partnership between the City of Davis, the Sacramento-Yolo Mosquito & Vector Control District (SYMVCD) and citizens to develop active community-based responses for mosquito control as a way to reduce West Nile virus activity and nuisance mosquitoes
- Elements of Integrated Vector Management
- Identification of effective elements via community mobilization and action in collaboration with SYMVCD
- Discuss actions each partner could take to establish this community-based mosquito control program (i.e. identification of sites, distribution of fliers, communication with residents, etc.)

Event co-sponsored by City of Davis in partnership with SYMVCD
and hosted by Mayor Pro-Tem Robb Davis and Council Member Brett Lee
