- There is a new accreditation leader, Emily Vaden. If there is interest in an update, she can be invited to a future meeting. Healthy Yolo is currently in the process of a health access survey.

VII. SB-857

- Anna Sutton shared an update about SB-857. This bill passed on July 1, 2014 and it helps with prenatal care access/coverage for a select range (138% - 213% of federal poverty level) of women who are eligible for both Covered California and pregnancy Medi-Cal.
- There have been some challenges in women being aware of and understanding that they are eligible for both Covered California and Medi-Cal.
- This bill will enable some additional education for women about options, assistance enrolling, and updating the Covered California website.
- The women who were eligible in 2014 for Covered California but choose Medi-Cal, do not meet minimal essential coverage and will be fined. For 2014, the tax was reprieved. In 2015, women will be fined.
- If you are interested in more information, please contact Anna Sutton. In addition, you can join the next Stakeholder meeting which is September 26, 2014 from 10:30-12 at the Department of Health Care Services at 1500 Capitol Ave, Training Rooms A & B, Sacramento.
