

Yolo County

Health Department

The objectives of the DRILL are to prepare the Yolo County Health Department, UC Davis, and other medical personnel to rapidly respond and control the spread of disease by:

- Mock vaccination of 200-300 volunteers
- Disease investigation of patients "ill or exposed" to disease
- Transporting ill patients to local hospitals and clinics
- Testing UCD Emergency Operations and Communications

Flu Vaccination DRILL ***Thursday, June 10, 2004***

1:00 pm – 2:30 pm

UC Davis Recreation Hall

To volunteer for the Drill, apply online: www.yolohealth.org
