As part of the awareness campaign for May, which is Maternal Mental Health month, the Collaborative has made a traveling blue dot. The Blue Dot is the universal symbol for postpartum depression. Right now, the Dot is being used as a prop for photos and is going around to each agency that is part of the collaborative to show their support of maternal mental health. If you are interested in having the Dot come to your agency for a photo, please contact [Anna Sutton](#). After Yolo County is done with it, Nevada County has asked to borrow it. It was decided that Anna Sutton will bring the Dot to the April meeting and anyone who is interested can be included in a group shot.
