

Communicable disease control is a core public health function involving both the Yolo County Health and Human Services Agency and health care providers. The [California Code of Regulations](#), Title 17, Section 2500 requires health care providers to report certain diseases to the local health department. Reporting guidelines may be accessed [ONLINE](#).

**YOLO COUNTY REPORTABLE DISEASES:**

**Diseases Reported among Yolo County Residents by Year of Diagnosis (unless otherwise noted)**

Disease	2010	2011	2012	2013	2014	2015	2016
