

AWR-324

The **National Center for Biomedical Research and Training (NCBRT)** at **Louisiana State University** invites you to join us for a unique training opportunity. The NCBRT is offering the following Department of Homeland Security (DHS) certified course:

Biological Incidents Awareness: Ebola Virus Disease (AWR-324)

This awareness-level course will prepare participants to recognize a potential Ebola infection, to know how to protect themselves during response, and to identify outside factors, including scene control and public messaging, which will require their attention.

Professional Disciplines: Emergency Medical Services, Fire Service, Hazardous Materials Personnel, Healthcare, Law Enforcement, Public Health

The **primary** target audience for the **Direct Delivery** version of this course includes responders who need general knowledge about Ebola virus disease and the protective measures and equipment that will help guard against further spread of the disease.

The **secondary** target audience for the **Direct Delivery** version of this course includes:

- Public officials
- City leadership
- Transportation workers and managers
- Educators
- Prosecutors
- Public works personnel
- Shopping center officers
- Security guards

NCBRT
National Center for Biomedical
Research and Training
