NOTES:

1. All non-deposit Planning fees are non refundable. Unused portions of deposit fees may be refunded upon project completion or application withdrawal. A Technology Cost Recovery Fee of 6% is included in all of the Planning, Surveyor, and Engineering fees, except for Transportation Permits.
2. All Environmental Health fees are non-refundable.
3. Where multiple applications are submitted for a single project, a discount of up to 50% may be granted on the lesser fee(s) by the Planning Director.
4. Projects that include long-term low or very-low income housing may apply for a full or partial waiver of any planning fees related to the affordable housing component.
5. A 50% penalty is imposed in addition to any of the resulting application fees that are required to legalize the use and remedy of an existing violation.
6. Please note these additional costs or fees that may be applied to some development applications:

Swainson's hawk mitigation fee = \$8,660 per acre of habitat affected

Agricultural mitigation in lieu fee = \$10,100 per acre of farmland converted (for projects less than twenty acres)

Inclusionary Housing in lieu fee = sliding scale for projects under 8 or 10 units (\$1,292 for single family house)

Calif. Dept. of Fish and Wildlife fee = \$2,210.25 for review of a Negative or Mitigated Negative Declaration; or \$3,070.00

for review of an Environmental Impact Report; plus a \$50 County Recorder fee (DFW fee increases annually)

Technical Studies = additional costs may be required to pay for technical studies related to traffic, hydrology/drainage, biology, etc.
