Charter

- 
- ◉ AIM: Identify older adult individuals with co-morbid chronic health conditions and serious mental illness, who are receiving services by the older adult care team, to begin the cross-system coordination, integration and collaboration with primary care and behavioral health providers in the community, and improve health outcomes.
 - ◉ GOALS:
 1. Identify the number of older adult clients of Yolo County HHSA who have SMI and at least one chronic health condition, through a screening process.
 2. Improve self-management of chronic health conditions
 3. Improve health outcomes for the target population
 4. Develop and implement medication reconciliation processes for older adults.
 5. Improve coordination of care with primary care providers.
