GENERAL PLAN/ZONE CHANGE APPLICATION REQUIRED MATERIALS

The following list specifies the information needed to submit the proposed application.

ITEM	Required	
Application Fee(s): Please check with a planner regarding applicable fees	Number of copies	
Application Form (both sides, signed)	One (original)	
Environmental / Project Site Questionnaire	One	
Letter describing the purpose, and providing justification, for the project	One	
Planned Development (PD) Ordinance (if rezoning to a unique PD)	One	
Location Map (may be combined with the Site Plan, below)	Three	
Site Plan of existing/proposed uses (see attached site plan sample and Site Plan Requirements)	Three	
Maps or diagram(s) indicating the amount of land subject to the General Plan Amendment and/or rezoning	Three	
Technical and/or CEQA- related special studies , such as a biological study, as required	Two	
One 8½ x 11 reduction of all maps, plans, etc.	One	
Photos (prints/PDFs) (if applicable/required)	One	
Assessor's Parcel Map (project site outlined)	One	
Surrounding Property Owners List (one original & three gummed mailing labels) (see attached instructions)	One	
Preliminary Title Report or Copy of Deed	One	
Digital files in PDF or other format loaded on a CD, of all the application plans and materials, as available	One (CD)	
Additional Information: Depending upon the exact nature of the application, ac information may be required after submittal of the projection.

Application Request:						
Required Signatures						
I hereby make application for the above-referenced land use entitlement and certify that this application, other documents, and exhibits submitted are true and correct to the best of my knowledge and belief. Should any information or representation submitted in connection with this application form be incorrect or untrue, I understand that Yolo County may rescind any approval or determination, or take other appropriate action.						
I hereby acknowledge that I have been informed of my right to make written request to the County to receive notice of any proposal by the County to adopt or amend a general or specific plan, or a zoning ordinance or other ordinance affecting building or grading permits, prior to action on said item.						
I also certify that I am the owner of the above property or have attached the owner's written consent to file this application. If more than one, please attach a consent letter for each property owner. If owner refuses or is unable to sign, provide copy of lease, title report or other documentation. I understand that verification of property ownership or interests in the property or application may be required.						
Applicant's/Owner's Signature			Date			

PERMIT PROCESSING FEE AGREEMENT

I the undersigned, hereby authorize the County of Yolo to process the permit request on the previous side of this application in accordance with the Yolo County Code. I (the land owner and/or the applicant) am depositing a fee to cover staff review, coordination and processing costs in accordance with the adopted Yolo County Fee Resolution. The fee may consist of a one-time "flat" fee for minor applications or a "deposit" fee which will be used as an initial deposit to open one or more Work Order accounts to pay for staff time spent processing the application billed on a "time and materials" basis. By signing below, I agree to pay all permitting costs, plus any accrued interest, if the applicant does not pay costs.

I agree not to alter the physical condition of the property during the processing of this application by removing trees, demolishing structures, altering streams, and grading or filling. I agree not to start construction of any new structures prior to permit approval. I understand that such alteration or new construction may result in the imposition of criminal, civil or administrative fines or penalties, or may result in the delay or denial of the project application.

FISH AND GAME REVIEW FEES: I understand that my application and/or any applicable environmental document for my project may be referred to the California Department of Fish and Wildlife (CDFW) for review and comment in accordance with the provisions of the California Environmental Quality Act. Should this review be required, I understand that I must pay all fees for the cost of CDFW review as required by Section 711.4 of the Fish and Game Code (currently \$2,210.00 for Negative Declarations or \$3,069.25 for Environmental Impact Reports, plus \$50.00 County Clerk fee). Should these fees be required, I agree to remit a cashier's check or money order in the required amount, payable to the Yolo County Clerk, to the Planning Division prior to the posting of any Notice of Determination following project approval.

PROJECT CONDITION COMPLIANCE DEPOSIT: I understand that my project, if approved, may be subject to condition compliance monitoring by staff following approval. An additional deposit of \$1,305.92 will be required at that time to cover staff costs.

<u>MITIGATION FEES OR REQUIREMENTS:</u> I further understand that my project, if approved, may be subject to one or more mitigation fees including the following fees current as of 2015:

Swainson's Hawk mitigation fee - \$8,660 per acre of affected habitat

Agricultural mitigation in lieu fee - \$10,100 per acre of farmland converted (for projects less than five acres) Inclusionary Housing in lieu fee – sliding scale for projects under 8/10 units (\$1,292 for single family house)

AFFIDAVIT OF CERTIFIED PROPERTY OWNERS

I further certify that the attached list of property owners contains the names and addresses of all persons to whom all property is assessed as they appear on the latest available assessment roll of the County within the area described on the attached application and for a distance of three hundred feet (300) from the exterior boundaries of the property described on the attached application.

I certify under penalty of perjury that the foregoing is true and correct.

CERTIFICATION STATEMENT OF HAZARDOUS WASTE OR SUBSTANCE SITE

Pursuant to the requirements of Section 63962.5 of the California Government Code, I certify that the project site for the above entitlement is <u>not</u> located on the <u>State list of identified hazardous waste/or hazardous substance sites.</u> I have reviewed the list kept at the Planning Division Public Counter.

GENERAL PLAN AMENDMENT/ ZONE CHANGE REQUIRED PROCESS AND FINDINGS

General Plan Amendments

Section 8-2.223 of the Yolo County Code describes the process by which an amendment to the 2030 Yolo Countywide General Plan may be authorized to proceed, and then processed.

- (a) Pursuant to Section 65358(b) of the Government Code, the approval of amendments is limited to four times per calendar year. Amendments may be initiated by the Board of Supervisors, Planning, Public Works and Environmental Services Department staff, the property owner, or any authorized agent of the property owner. However requests for amendments to the General Plan by private parties are generally discouraged.
- (b) Corrections and/or non-substantive changes to the General Plan do not constitute an amendment of the Plan within the meaning of Section 65358(b). Corrections and/or nonsubstantive changes may be processed by the Planning, Public Works and Environmental Services Director (Director), but must be approved by the Board of Supervisors in the form of a resolution of approval.
- (c) Amendments to the General Plan shall be required when a proposal would:
 - (1) Substantively change the boundaries or location of any land use designation within the plan;
 - (2) Substantively change the text, figures, or tables of the plan;
 - (3) Adopt or significantly revise a Specific Plan, Area or Community Plan, or other policy plan.
- (d) All amendments to the General Plan proposed by private parties must first be authorized for further study by the Board of Supervisors before the amendment can be environmentally evaluated and processed by Planning, Public Works and Environmental Services Department staff.
- (e) Initial Authorization Application Requirements. An initial request by any private party to authorize a General Plan Amendment (GPA) study shall include the application forms, required documentation, and applicable fee as established by the County Planning, Public Works and Environmental Services Department and shall provide the following:
 - (1) A detailed statement identifying the reasons for the GPA authorization request and demonstrating how the proposed GPA furthers the vision and goals of the General Plan.
 - (2) A detailed description of the General Plan text, figures and maps that would require modification as a result of the request.
- (f) An initial request by a private party to authorize a General Plan Amendment study must be filed with and reviewed by the Planning Director at a Pre-Application conference. Upon receipt of an initial application to authorize a General Plan Amendment, the Director shall immediately notify and solicit comments from the appropriate Yolo County departments or adjacent jurisdictions that may be affected, as well as any citizens advisory committees. Following the Pre-Application conference and receipt of any comments from other department or agencies, the Director shall prepare a report and recommendation on the GPA authorization to be placed on the Board of Supervisors agenda as a public hearing.
- (g) At the GPA authorization hearing, the Board of Supervisors may request a presentation by the applicant. Following the conclusion of the hearing, the Board of Supervisors Council may authorize the General Plan Amendment for further study and processing by staff, or the Board of Supervisors may deny the authorization request. If the GPA authorization request is denied, no formal GPA application can be submitted to the County, and no further study of the GPA will be conducted by the staff.

- (h) If the Board of Supervisors Council authorizes the General Plan Amendment for further study, a revised formal General Plan Amendment application shall be completed and submitted to the Planning, Public Works and Environmental Services Department by the applicant with appropriate fees and technical studies to support the GPA. The formal GPA application shall include an appropriate deposit, as determined by the Director, to initiate the environmental evaluation required to comply with the California Environmental Quality Act (CEQA).
- (i) Any authorized application for a General Plan Amendment, accompanied by the appropriate CEQA document, shall be processed in accordance with State law. The GPA application and environmental document must first be heard by the Planning Commission, which shall make a recommendation to the Board of Supervisors.
- (j) Any General Plan Amendment that is approved must be approved by resolution of the Board of Supervisors and shall be documented in the table of changes in the front of the General Plan.

Sec. 8-2.222 Rezonings

- (a) Rezoning applications are defined as those actions that change the zoning of land from one zoning district to another zoning district, or that change the amount of land in a zoning district by more than 10 percent, or increase the maximum intensity of land use allowed by the General Plan and zoning by more than 10 percent. Changing the zoning of land to add or delete a Planned Development (PD) zoning district is a rezoning.
- (b) Applications for rezonings are to be processed as a legislative action, with hearing and recommendation by the Planning Commission, and hearing and final action by the Board of Supervisors, as required by Sections 65854 through 65857 of the Government Code.

Sec. 8-2.221 Zone Boundary Adjustments

- (a) Minor Zone Changes or Zone Boundary Adjustments are defined as those rezoning applications that do not change the amount of land in each zone by more than 10 percent, or a maximum of five (5) acres, and do not increase the maximum intensity of land use allowed by the General Plan and zoning by more than 10 percent. Applications for Zone Boundary Adjustments are to be processed as a rezoning legislative action, with hearing and recommendation by the Planning Commission, and hearing and final action by the Board of Supervisors, as required by Sections 65854 through 65857 of the Government Code.
- (b) Applications that exceed the thresholds in (a) are defined as rezonings and are to be processed according to Section 8-2.222.

SITE PLAN REQUIREMENTS

The site plan shall be on a sheet NO LARGER than 24" x 36", except as otherwise specified by the pre-submittal planner. A clearly readable and reproducible reduction is also required if your site plan is larger than 8½" x 11". The north side of the lot should be at the top of the plan. **Please see an attached sample site plan**. The following outline contains those items to be included on your site plan, **if applicable**:

A. PHYSICAL CHARACTERISTICS

The physical characteristics of the project need be accurately portrayed on the site plan include (where applicable):

- 1. North arrow and scale (preferably not less than 1'' = 20').
- 2. Exterior dimensions of the property.
- 3. Setback dimensions (from property lines to structures) and distances between structures.
- 4. Existing and proposed structures labeled "existing" and "proposed". Locations of existing and proposed wells, septic tanks, leach lines and replacement areas.
- 5. Physical features of the site, including mature trees, topographical contours, and landmarks.
- 6. Use(s) of structures, noting those existing structures to be removed, including abandoned wells.
- 7. Gross floor area of each structure (may be shown on the structure or in the legend).
- 8. Existing and proposed paved areas, including type of surfacing and widths of all driveways, access easements, walks and rights-of-way.
- 9. Adjacent streets with names.
- 10. Location of existing and proposed easements (including utility easements).
- 11. Existing and proposed drainage facilities, including surface drainage patterns.
- 12. Location of fire hydrants, freestanding lighting fixtures, walls and fences.
- 13. Location of existing and proposed signs.
- Location and dimensions of paved off-street parking (garage or carport will meet the offstreet parking requirement).
- 15. Identify adjacent land uses (residential, commercial, industrial, agricultural)
- 16. Multi-family Residential and Commercial/Industrial only:

- a. Treatment of open areas, including recreational facilities, landscaping, storage and operations yards, etc.
- b. Location of trash enclosures.
- c. Square footage of proposed and existing construction. If WAREHOUSE or OFFICE, specify what percentage of office to warehouse space.
 - d. On-site parking, circulation and lighting.
 - 1. Layout and dimensions of parking area and spaces, including those for the handicapped; number the parking spaces and circle the highest number.
 - 2. Direction of traffic flows (shown with arrows).
 - 3. Off-street loading spaces and facilities (commercial/industrial only).
 - 4. Bicycle and motorcycle parking.
 - 5. Concrete curbing and retaining wall details.

B. TITLE BLOCK

A TITLE BLOCK shall be provided in one corner of each page of the plot plan, and contain the following information:

- 1. Proposed use(s).
- 2. Name, address and phone number of property owner and engineer or architect.
- 3. Assessor's Parcel Number and Project address (if applicable).

C. LOCATION MAP

A LOCATION MAP shall be provided on a separate map or page and include the following:

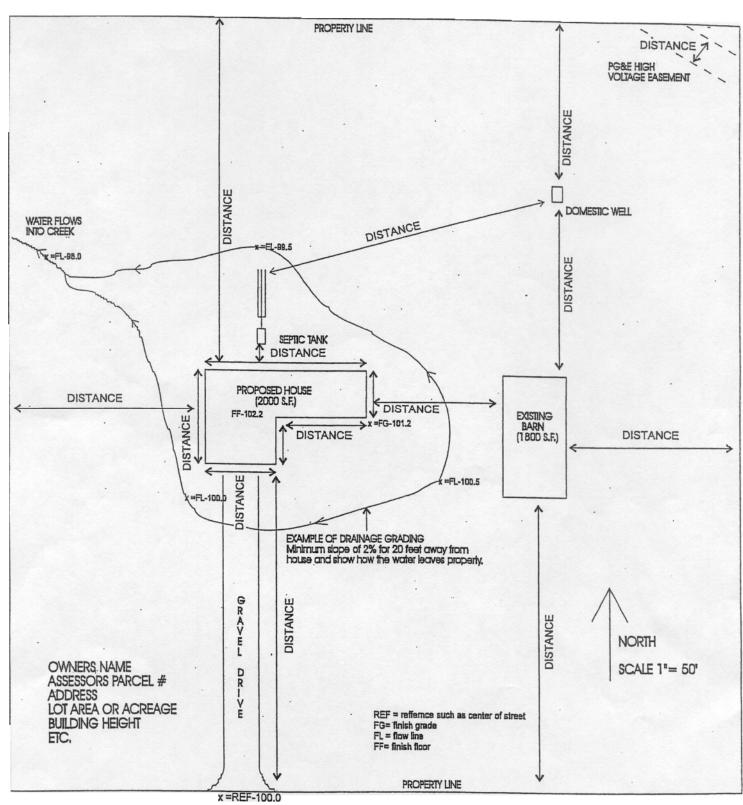

- 1. North arrow and scale.
- 2. Existing street pattern with names (from the property to the first public road). If the property is ¼ mile or more from the nearest public road, an approximate distance shall be shown.
- 3. Subject property identified with cross-hatching.

D. LEGEND

A LEGEND shall be provided, and shall include the following information:

- 1. Gross acreage of subject property and net area of property (excluding streets and access easements).
- 2. Number of required and proposed parking and loading spaces and parking area size in square feet.
- 3. Building coverage (square footage of structures divided by square footage of property).
- 4. Percentage of landscaping provided based on the gross area of site, parking and drive areas.

SAMPLE SITE PLAN

(without a true survey a point is picked as the reference elevation as the center of the street)

C)DIM ROAD such

BUILDING ELEVATION REQUIREMENTS

BUILDING ELEVATIONS (north, south, east, west) shall be on maximum 24" x 36" sheets and drawn at a scale of 1/8" = 1" or 1/4" = 1', and shall include the following information:

- 1. Scale, building dimensions (height and width) for each elevation. If measuring height at the "averaged midpoint", show calculations.
- 2. Colors, materials and textures to be used.
- 3. Architectural treatments (entrances, windows, eaves, etc.) and architectural details (retaining walls, fences, planters, etc).
- 4. Proposed signs, including dimensions and copy.

INSTRUCTIONS FOR OBTAINING PROPERTY OWNERS' NAMES & ADDRESSES

For the purpose of legal noticing, the Planning Division requires each applicant to submit a typewritten list of the property owners and their addresses for all parcels within 300 feet of the exterior boundaries of the parcel(s) on which the project is to be located.

The property owners' names and addresses should be obtained in the following manner:

- 1. From the County Assessor's Office obtain the Assessor's Map(s) covering the subject property and all parcels within 300 feet of the exterior boundaries of the parcel(s) on which your project is to be located.
- 2. Indicate the area of your project by outlining the entire subject parcel in red on the Assessor's Map, even if your request includes only a portion of a parcel.
- 3. Draw a line that is at a distance of 300 feet around the outer red outline of the boundaries of the parcel you outlined in step 2. This 300 foot line may fall on adjoining maps. Only one copy of each map on which the 300 foot radius line falls is required.
- 4. Using address label sheets write down the book, page and parcel number of the subject parcel and of all parcels touched by or included within the 300-foot area.
- 5. Now, using the Assessor's Books, look up the Assessor's Parcel Numbers recorded on the Address Label Sheet and copy down the names and addresses of the owners of each parcel identified. The roll would read as follows:

05003 012-345-67 Drake, John-Linda 7813 El Dorado Street Woodland, CA 95695

Type on a gummed label sheet the names and addresses copied down, so they appear like the following example:

JOHN AND LINDA DRAKE name first) 7813 EL DORADO STREET WOODLAND CA 95695 APN 012-345-67 (Remember that the name in the Roll books will appear last

- Additionally, add to the ADDRESS LABEL SHEET the names and addresses of ALL PROPERTY OWNERS whose land fronts on or is traversed by any private road used to gain access to the proposed site from a public road.
- 7. Also add to the ADDRESS LABEL SHEET the property owner's and the project applicant's name and address as well as all parties that you believe should receive notice of the proposed project. These might include mineral rights holders, the home office of the permittee, citizen groups, etc. Be sure to include the applicant's engineer or representative.
- 8. Include with your application the original <u>typed</u> copy of the property owner sheet, three additional sets on <u>gummed mailing labels</u>, and the signed Affidavit of Certified Property Owners' List.
- 9. The person completing the 300-foot list must sign the Certified Property Owner's List certifying that the attached property owners' list contains the names and addresses of all property owners as they appear on the latest assessment roll of the county within the area described on the attached application and for a distance of three hundred (300) feet from the exterior boundaries of the property described on the application. NOTE: Failure to submit a complete and correct property owners' list may result in the nullification of your permit or a delay in permit processing.
