JOHN BENCOMO  
DIRECTOR

### YOLO COUNTY GENERAL PLAN UPDATE PUBLIC MEETING NOTICE

As part of its General Plan update process, draft alternatives have been prepared that outline three different visions for how and where Yolo County should grow over the next twenty years. The three alternatives include: (1) continuing to focus growth within the existing cities (No Project Alternative); (2) expanding growth within selected unincorporated towns; and (3) developing a new City in Dunnigan. Several concepts have also been described regarding proposed changes to specific areas and activities within the County. Detailed information about the draft alternatives will be available for public review on the Yolo County General Plan Update website at [www.yolocountygeneralplan.org](http://www.yolocountygeneralplan.org) on February 14, 2005.

The County seeks your input and comments on the proposed draft alternatives. Four workshops will be held at various locations to present and discuss the General Plan alternatives. Please attend one or more of the public meetings listed below to learn more about the alternatives and the General Plan process, ask questions, and share your vision about the future of Yolo County and the issues that are important to you and your community.
