Attachment D – Proportional Funding Worksheet

For projects that mitigate an impact from a casino on a local jurisdiction and also provide other benefits to the local jurisdiction, state law requires that grant funds shall be used to finance only the proportionate share of the expenditure that mitigates the impact from the casino (Government Code Section 12715(h)).

If the project expenditures will require proportional funding (i.e. the expenditure mitigates an impact and also provides a benefit to the local jurisdiction), please describe the method used to determine the proportional funding, and include any historical data used to determine percentages.

For example: if 20% of an agency's caseload is related to the casino and the proposed mitigation project will also benefit the entire community the agency serves, then 20% of project costs are eligible to be financed with IGLCBC grant funds.
