Board of Supervisors

Meeting Date: 06/26/2018

Brief Title: Prop 218 for Wild Wings CSA Water & Sewer Fee Increase

From: Mindi Nunes, Assistant County Administrator

Staff Contact: Beth Gabor, Manager of Operations & Strategy, County Administrator's Office, x8042

Subject

Hold a Proposition 218 public hearing, tabulate protests and, if no majority protest exists, adopt resolution approving a decrease in the fee for water service and an increase in the fee for sewer service for future fiscal years for the Wild Wings County Service Area. (No general fund impact) (Nunes/Gabor)

Recommended Action

- A. Hold a Proposition 218 public hearing, direct staff to tabulate protests; and
- B. If no majority protest exists, adopt resolution approving a decrease in the fee for water service and an increase in the fee for sewer service for future fiscal years for the Wild Wings County Service Area (CSA); and
- C. Direct the Clerk of the Board to forward a certified copy of the resolution to the Department of Financial Services.

Strategic Plan Goal(s)

Operational Excellence
Safe Communities
Sustainable Environment

Reason for Recommended Action/Background

Water and sewer fees are charged to Wild Wings CSA customers in order to fund the costs of providing safe and reliable water service and to fund the costs of operating and maintaining the sewer and sewage treatment system for the Wild Wings community. The proposed charges were calculated in order to evenly spread applicable costs amongst users according to the cost of providing service to that user. The water and sewer services and the basis for the proposed rate changes are described in more detail in the

April 2018 Water and Wastewater Engineer's Fee Report (Att. B.). The Engineer's Fee Report provides the estimated annual cost of providing water and sewer service to each parcel within the Wild Wings CSA, the revenue sources anticipated to provide the services and the basis of the allocation of the costs of the services.

The update to the Engineer's Fee Report in April 2018 indicates a slightly reduced annual water fee is adequate for the on-going operation and maintenance, capital replacement and water treatment (arsenic) costs for the water system. The updated Engineer's Fee Report, however, indicates the current annual sewer fee is inadequate for the operation and maintenance and capital replacement costs for the sewage system. Additionally, due to unexpected expenses incurred in 2017-18 as a result of lack of redundancy in the wastewater treatment plant, deferred maintenance of the plant and State discharge permit compliance issues, all available sewer funds were depleted and additional funds needed to facilitate significant rehabilitation of the wastewater recycling facility to ensure continued, uninterrupted sewer service. A temporary loan of \$450,000 from the CSA's Water Fund was necessary to address the deficit in the CSA's Sewer Fund, and will be repaid also through the sewer rate change.

The County Department of Financial Services calculated the rate for the loan from the Water Fund. The loan was calculated using a five year term for the \$450,000 loan, paid back semi-annually after receipt of property assessments. The rate of interest was estimated on what the funds would otherwise have earned deposited in the County of Yolo Treasury. As a result, the annual rate of \$291.50 was determined and will be charged for the five year term, or until the loan is repaid if repaid earlier.

The Engineer's Fee Report update and an expected change in fees, as well as the need for a loan from the Water Fund to the Sewer Fund was discussed at the April 4, 2018 CSA Advisory Committee meeting. The updated Engineer's Fee Report was posted online soon thereafter. On April 24, the Board of Supervisors authorized staff to provide notice of the proposed fee changes. On May 8, the Board authorized the loan from the Water Fund to the Sewer Fund. On May 10, a public notice (Att. A.) was sent to property owners in the Wild Wings CSA informing them of a proposed decrease in the annual fee for water service from \$1,202 in 2017-18 to \$1,184 in 2018-19 and a proposed increase in the annual fee for sewer service from \$1,385 in 2017-18 to \$2,936.50 in 2018-19. The proposed change in fees were further discussed during the June 6, 2018 CSA Advisory Committee meeting.

May 10, 2018

**Proposition 218 Notification
NOTICE TO PROPERTY OWNERS OF
PROPOSED WATER AND SEWER RATE CHANGES AND PUBLIC HEARING**

**Hearing Date & Time: June 26, 2018, 9:00 a.m.
Hearing Location: County Administration Building
625 Court Street, Room 206
Woodland, CA 95695**

This notice is being provided to you by the County of Yolo (County) pursuant to Article XIII.D, section 6 of the California Constitution (also known as Proposition 218). Proposition 218 requires the County to notify property owners of proposed changes to property-related fees such as water and sewer services. This letter serves as notice of the following:

- The County is considering a reduction in water rates charged to homes in the Wild Wings County Service Area (CSA). If approved, the decreased water fee will appear on the 2018-19 property tax bills.
- The County is considering a sewer rate increase to the homes in Wild Wings. If approved, the increased sewer fee will appear on the 2018-19 property tax bills.
- A public hearing will be held on Tuesday, June 26, 2018 at 9:00 a.m. in the Yolo County Board of Supervisors Chambers to accept public comment and receive written protests on the proposed water and sewer rate changes.
- More information regarding the proposed water and sewer fee changes is available at: www.YoloCounty.org/Wild-Wings-CSA.
- Para más información sobre los cambios propuestos del costo del agua y el drenaje, están disponibles en: www.YoloCounty.org/Wild-Wings-CSA (elija "Translate" ubicado en la esquina superior derecha).
- Более подробная информация об изменениях тарифов на водоснабжение и канализацию доступна на: www.YoloCounty.org/Wild-Wings-CSA (выберите "Translate" в правом верхнем углу).

Why are rates changing?

The County charges these rates to CSA customers in order to fund the costs of providing safe and reliable water service and to fund the County's costs of operating and maintaining the sewer and sewage treatment system. The proposed charges were calculated by the County in order to evenly spread applicable costs amongst users according to the cost of providing service to that user. The water and sewer services and the basis for the proposed rate changes are described in more detail in the April 2018 Water and Wastewater Engineer's Fee Report (Engineer's Fee Report) which is on file with the Clerk of the Board at 625 Court Street, Room 204, Woodland, California and found at: www.YoloCounty.org/Wild-Wings-CSA. The Engineer's Fee Report provides the estimated annual cost of providing water and sewer service to each parcel within the Wild Wings CSA, the revenue sources anticipated to provide the services and the basis of the allocation of the costs of the services. The April 2018 Engineer's Fee Report update indicates a slightly reduced annual water fee is adequate for the on-going operation and maintenance (O&M), capital replacement and water treatment (arsenic) costs for the water system. The updated Engineer's Fee Report, however, indicates the current annual sewer fee is inadequate for the operation and maintenance (O&M) and capital replacement costs for the sewage system.

Estimated Wild Wings CSA Costs for Service

Costs	Sewage Collection System	Sewage Disposal System	Water Supply & Distribution System
Est. Annual Operations & Maintenance Costs	\$30,400	\$655,388	\$229,210
5% Contingency	\$1,520	\$32,769	\$11,461
<i>Subtotal</i>	<i>\$31,920</i>	<i>\$688,157</i>	<i>\$240,671</i>
Est. Annual Capital Replacement Costs	\$22,024	\$169,155	\$288,737
5% Contingency	\$1,101	\$8,458	\$14,437
<i>Subtotal</i>	<i>\$23,125</i>	<i>\$177,613</i>	<i>\$303,174</i>
<i>Total</i>	<i>\$55,045</i>	<i>\$865,770</i>	<i>\$543,845</i>
Grand Total Sewage System	\$920,815		
Grand Total Water System			\$543,845

Loan from Water Fund

Due to unexpected expenses incurred in 2017-18 as a result of lack of redundancy in the wastewater treatment plant, deferred maintenance of the plant and State discharge permit compliance issues, all available sewer funds were depleted and additional funds needed to facilitate significant rehabilitation of the wastewater recycling facility to ensure continued, uninterrupted service to your homes. A temporary loan of \$450,000 from the Water Fund was necessary to address the deficit in the Sewer Fund, and will be repaid also through the sewer rate change.

The County Department of Financial Services calculated the rate for the loan from the Water Fund. The loan was calculated using a five year term for the \$450,000 loan, paid back semi-annually after receipt of property assessments. The rate of interest was estimated on what the funds would otherwise have earned deposited in the County of Yolo Treasury. As a result, the annual rate of \$291.50 was determined and will be charged for the five year term, or until the loan is repaid if repaid earlier.

Proposed Water and Sewer Fees

The current and proposed rates are provided below. If approved, these rates will be adopted as maximum rates for the next five years (through 2022-23).

Fee Type	2017-18 Current	2018-19 Proposed
Water Base Rate*	\$961.00	\$943.00
Water Usage Charge (per each 100 gallons exceeding 250,000)	\$0.30	\$0.30
Water Treatment (Arsenic) Charge	\$241.00	\$241.00
Total Proposed Annual Fee for Water Service	\$1,202.00	\$1,184.00
Sewer Base Rate*	\$1,385.00	\$2,645.00
Water Fund Loan Repayment	\$0.00	\$291.50
Total Proposed Annual Fee for Sewer Service	\$1,385.00	\$2,936.50

* Beginning on July 1, 2019, base rates shall increase by no more than the Consumer Price Index (CPI-W and CPI-U) for the San Francisco-Oakland-San Jose, CA area for the most recent February to February as compiled by the Bureau of Labor Statistics.

How Do You Protest?

The Yolo County Board of Supervisors will conduct a public hearing to consider the rate changes on Tuesday, June 26, 2018 at 9:00 a.m. in the Board of Supervisors Chambers, located in the County Administration Building at 625 Court Street, Room 206 in Woodland. Water and sewer rates are subject to majority protest, which means if a majority of property owners submit written protests against the changes, the County cannot institute the new rates. Only one protest per parcel will be counted. Written protests must include the address of the property (or Assessor's Parcel Number) and your name and signature. You can mail your protest to the Clerk of the Board of Supervisors at 625 Court Street, Room 204, Woodland, CA 95695 prior to the hearing, or bring it to the hearing. Protests must be submitted in writing before the conclusion of the public hearing. If you do not want to protest the proposed rates, you do not need to take any action. The protest form provided below may be used to submit a written protest but is not required. Email protests will not be accepted.

I. SUMMARY

This Engineer's Fee Report (the "Report") was prepared for the Wild Wings County Service Area within the unincorporated area of Yolo County, California (the "CSA"). The improvements and services to be provided by the CSA, and to be funded by annual property-related fees in the CSA include:

- Sewage disposal (treatment) system/corporation yard
- Wastewater collection system
- Water supply and storage system
- Water distribution system
- Arsenic treatment

Collectively, these systems shall herein be described as the "Services".

This report is an update to the information contained within the original Engineer's Fee Report for the CSA, prepared by Shilts Consultants, Inc. of Fairfield, California, and dated June 7, 2004. This report includes a new increment of cost for additional services beyond the 2004 report that are determined to be necessary to improve and sustain both near and long term regulatory compliance for both the wastewater and potable water systems. Those projects and their costs are reflected within the following narratives and tables.

The Services contained within the original report have also been updated to reflect the current equipment, conditions and costs to operate, maintain and replace the facilities with current and future considerations. The technical information within the original 2004 Engineer's Fee Report is preserved within this Report and expanded to include those additions made to Services since 2004. Costs for Services were updated to current 2018 values using historic and actual operating and maintenance costs for Fiscal Year (FY) 2016/2017 to current. The hourly rates shown are a composite hourly rate and reflect the expense of contract services for operations and maintenance. The hourly rate for the wastewater system as shown in Table 2, is greater than the hourly rate for the water system as shown in Table 6. The basis of this difference is due to the requirement that a 24-hr/day stand-by operator be on call for the facilities. The standby operation costs are assigned to the sewage system due to the frequency of the callouts. In the absence of available information, estimates were made by the respective engineering consultants for the Wastewater System and Water System.

These property-related fees, which are levied pursuant to County Service Area Law (Government Code Sections 25210 et. seq.) and Article XIID of the California Constitution, will provide funding for the operation, maintenance, repair and capital replacement of the Services.

This report summarizes the estimated costs for all Services, establishes the annual fees required to pay for all Services, determines the benefits from all Services, defines the method of apportionment of the fees and provides other related data.

II. LAND USES

The following Table 1 outlines the dwelling units and property types for the CSA.

Table 1

Summary of Land Uses

Land Use	Number of Units	Building (SF)	Acres
Single Family	338		85.48
Non-Residential			
• Golf Clubhouse, Cart Barn, Maintenance Building & Parking (Lot I)		4,000	2.97
• Sewer Disposal System/Corp yard (Lot H)			3.72
• Water System Supply/Storage Sites (Lots O and S)			0.55
• Nine Hole Golf Course (Lots C through F)			90.68
• Recreation Area (Lot A)			0.94
• Open Space Pedestrian Access (Lot N)			0.08
• Landscaped Areas (Lots G, Q, R and U)			9.07
• Road Right-of-Ways (Lots P and PP)			26.53
• Emergency Vehicle Access (Lot B)			1.83
Totals – Within CSA	338	4,000	221.85

 Ref. Engineering Consultants; Nolte and Associates and EPS.

III. DESCRIPTION OF SERVICES

The fees developed by this report are to fund the operation, maintenance, repair and eventual replacement of a sewage disposal (treatment) system/corporation yard, a sewer collection system, water supply/storage, distribution systems and arsenic treatment system. In addition, the fees include funding for capital improvements, capital replacements, contingencies, reserve funds and administration. Reference is made to the plans and specifications for the Services on file with the County of Yolo.

The annual costs for maintenance, operation and repair were assembled by using the most current and archival file information available from Yolo County's administration of the Wild

Wings CSA. The engineering consultants, as noted, have provided their updates and projections for Services. The estimated costs for capital replacement and capital projects were calculated by the project engineering consultants, as noted. The estimated annual cost of capital replacement is based on the estimated and remaining service life of the improvements.

A. Sewage Disposal System (treatment)/Corporation Yard

The sewage treatment and disposal systems are designed and permitted to meet service needs of the Wild Wings community. The treatment facility is currently permitted by the State's Regional Water Quality Control Board, WDR Order No. R5-2002-0077 to operate at an average dry weather flow of 101,000 gallons per day (gpd). The sewage disposal system is an extended aeration facility that produces Title 22 tertiary effluent which is used to supplement the irrigation supply for the Wild Wings Golf Course.

The estimated costs for maintenance, operation and repair/replacement include site maintenance, control/restroom/storage buildings, pumping/piping, lift stations, head works, aeration facilities, flocculation facility, clarifiers, tertiary filtration, disinfection, sludge dewatering/disposal, emergency power, recycled water storage pond, emergency bypass storage pond, storm water retention pond, service and supplies, labor, supervision and on-site contract operators.

An existing corporation yard houses all equipment and materials required for the maintenance of the Home Owners Association and CSA facilities. All costs to operate, maintain, repair and replace the corporation yard are included in the sewage disposal system costs.

Table 2 reflects the estimated costs for maintenance and operation for the existing facilities. Table 2 also reflects those additional maintenance and operations requirements that have been determined necessary for system reliability and future facility operations to sustain regulatory compliance.

Table 3 reflects the existing equipment schedule for the Sewage Disposal (Treatment) System/Corporation Yard, the estimated service life, replacement value and the annual capital reserve requirements necessary for replacement. Table 3 also reflects those additional facilities, services and studies that have been determined necessary for system reliability and facilities operations, and to sustain regulatory compliance.

Subtotal Capital Replacement Costs					\$3,280,400	\$169,155

B. Sewage Collection System

The sewage collection system consists of gravity sewer pipelines, a force main, manholes, lift stations and other related sewage collection facilities. The original estimated costs for maintenance, operation and capital replacement were developed by Nolte and Associates (2004) with input from the County and Harris & Associates. These costs have been updated by Lee & Ro with input from Yolo County (2017). Costs for the lift stations are reflected in Tables 2 and 3 as their maintenance and capital reserve requirements are similar in nature to the treatment facility protocol reflected therein.

Table 4 reflects the estimated costs for maintenance and operations for the existing collection system facilities. Table 4 also reflects those additional services that are necessary for facility operations, reliability and to sustain regulatory compliance. Table 5 reflects the estimated service life, replacement value and the annual capital reserve requirements necessary for rehabilitation and replacement.

Table 4

**Estimated Wild Wings Wastewater Collection System
Annual Maintenance & Operations Costs**

Item	Description	Category	Quantity	Units	Unit Cost	Annual Cost
1	Line Cleaning	Labor/Subcontract	1	LS/yr	\$15,000	\$15,000
2	I&I Assessments (Flow Monitoring)	Labor/Subcontract	1	LS/yr	\$15,400	\$15,400
Subtotal Annual O & M Costs						\$30,400

Table 5

**Estimated Wild Wings Wastewater Collection System
Replacement Costs**

Item	Description	Est'd Service Life (yrs)	Quantity (ea)	Unit Cost	Current Capital Cost	Annual Cost
1	Sanitary Manhole, 48"	100	70	\$3,500	\$245,000	\$2,450
2	Sanitary Sewer, 4" FM	100	1,625	\$80	\$130,000	\$1,300
3	Sanitary Sewer, 6" VCP	100	570	\$72	\$41,040	\$410
4	Sanitary sewer, 8" VCP	100	17,230	\$80	\$1,378,400	\$13,784
5	Services	100	340	\$1,200	\$408,000	\$4,080
Subtotal Capital Replacement Costs					\$2,202,440	\$22,024

C. *Water Supply and Distribution*

The water system consists of two water wells, three monitoring wells, well head treatment, well pumps, storage tanks, booster pumps, hydro-pneumatic tanks, electrical, telemetry, well site improvements, 6-inch, 8-inch and 10-inch water distribution mains, valves, fire hydrants and other associated improvements. The Pintail well is currently used to serve the homeowners and the common areas with domestic service. The Canvas Back well was taken off-line for domestic service and changed to standby status in 2009 due to the detection of arsenic at just over the legal threshold of 10 mg/l. The Canvas Back well is currently used to supplement the irrigation needs of the golf course not met by the treated water from the sewage disposal system, and to fill the ponds on the golf course as needed.

The same consultant who prepared the original 2004 report has prepared the update to the costs with input from Yolo County in 2017. The water system maintenance, operation and repair costs are outlined in Table 6. Table 7 presents the estimated annual capital replacement costs for the water system.

The original 2004 Engineer's Fee Report identified property-related fees for additional water treatment facilities to remove both manganese and arsenic from the CSA's domestic water supply system. The collection of fees for the treatment of arsenic was not implemented until 2014 in response to the decommissioning of the Canvas Back well for domestic purpose in 2009 by the State of California due to elevated arsenic levels. Improvements for the removal of manganese have not been necessary as the well water quality continues to meet drinking water standards for manganese.

The State of California requires that the Wild Wings community have two potable water wells available for water supply reliability. Therefore, this report makes estimates for arsenic treatment facilities to facilitate bringing the Canvas Back well back into fully commissioned operations for domestic use. The projected cost for annual maintenance of the arsenic treatment facility has been included in Table 6 and the Capital Replacement costs have been included in Table 7. The cost to design and construct the project will be funded by the existing Arsenic Treatment funds which have been set aside for this purpose.

Table 6
Estimated Annual Maintenance, Operation and Repair Costs
for Wild Wings Water Supply and Treatment Facilities

Item	Description	Item	Quantity	Units	Unit Cost	Annual Costs

Subtotal Capital Replacement Costs					\$10,350,125	\$288,737

D. Total CSA Costs

The total estimated CSA costs for operation, maintenance, repair and capital replacement of the Services are presented in Table 8. The estimated annual costs include a 5% contingency. The administration costs are included in the Annual Operations and Maintenance Tables 2 and 6, respectively. As shown below, the total estimated annual costs for the CSA in fiscal year 2017-2018 are \$920,815 for the Wastewater System and \$543,845 for the Water System. Future increases in the annual costs due to inflation and cost of living increases will be funded by the provision for annual increases in the maximum authorized fees, as further defined.

Table 8

Estimated Wild Wings CSA Costs for Services

Costs	Sewage Collection System	Sewage Disposal System	Water Supply & Distribution System
Est. Annual O & M Costs	\$30,400	\$655,388	\$229,210
5% Contingency	\$1,520	\$32,769	\$11,461
<i>Subtotal</i>	<i>\$31,920</i>	<i>\$688,157</i>	<i>\$240,671</i>
Est. Annual Capital Replacement Costs	\$22,024	\$169,155	\$288,737
5% Contingency	\$1,101	\$8,458	\$14,437
<i>Subtotal</i>	<i>\$23,125</i>	<i>\$177,613</i>	<i>\$303,174</i>
<i>Total</i>	<i>\$55,045</i>	<i>\$865,770</i>	<i>\$543,845</i>
Grand Total Sewage System	\$920,815		
Grand Total Water System			\$543,845

V. RATE AND METHOD OF APPORTIONMENT OF FEES

A. Apportionment of Costs

Table 9 presents the allocation formula for the Fees. These Fees are allocated solely to the single family residential parcels and the golf course parcels in the CSA. This formula is determined to apportion the total cost in a manner that is fair and uniform, based on benefit from and use of the Services. The allocation methodology for the Waste Water System has been changed from that established in the previous 2004 Engineer’s Fee Report. The new allocation method is based on the direct relationship of waste water discharge to water consumption and water meter size. Table 10 lists the calculations of the allocation of costs by the facility for the water system and Table 11 shows the allocation of costs for the Waste Water System.

Table 9

Wild Wings Fee Allocation

Allocation Assumptions	Totals	Residential	Non-Residential	Source
		Single Family	Golf Course & Nest	
Total Developed Acres	88.45 Acres	85.48 Acres	2.97 Acres	2004 Eng Report
% Distribution of Acres	100.0%	96.6%	3.4%	
Total Units	338 Homes	338 Homes		Assessors Role
% Distribution of Units	100.0%	100.0%	0.0%

Total Wastewater Annual Costs	\$920,815	\$894,111	\$26,704	
Total Per Unit		\$2,645		

Notes:

1. Per unit cost rounded up to the nearest dollar.
2. Total Estimated Annual Costs include 5% contingency.

B. Fee Amounts

The annual fee amounts shown may be increased by no more than the Consumer Price Index, as compiled by the Bureau of Labor Statistics. The Consumer Price Index to be used will be for the San Francisco-Oakland-San Jose, CA area from the most recent February to February. Fees will be increased as described to pay for the costs of providing Services. The fees will continue annually without a sunset or ending date.

Each year, the CSA will establish the fee rate for the upcoming fiscal year. The maximum authorized fee rate for any fiscal year cannot exceed the fee rates presented in Tables 10 and 11, plus the Annual Adjustment. In the event that the CSA determines that the maximum authorized fee rate is not needed for the upcoming fiscal year, the CSA can establish a lower rate for that fiscal year. The levy of a fee rate below the maximum authorized fee rate will not preclude or in any way limit the CSA's ability to levy a higher fee rate in a future fiscal year, up to the maximum authorized fee rate.

V. ADMINISTRATION OVERVIEW

A. General Administrative Requirements

The property-related fee levies are calculated for all parcels on the new fiscal year's Assessor Roll. This roll includes all parcels that are in existence prior to January 1 of the previous fiscal year. After the fee levies have been calculated, the levy data must be filed with the County Auditor prior to August 10 for inclusion on property tax bills.

After submission of the fee levies, the final levies will be confirmed with the County Auditor prior to the preparation of the tax bills, which typically occurs in October. The fees are collected in two equal installments on the tax bills that are due by December 10 and April 10. Alternatively, the fees could be collected by direct bills to the property owners.

B. Delinquency Procedure

The CSA participates in the "Teeter Plan" with the County of Yolo whereby the County pays all delinquent fees to the CSA. In return, the County institutes collection proceedings and when collected, keeps all delinquent payments with interest and penalties. This plan allows the CSA to maintain reliable fee revenues and reduces the cost of collection.

VI. FEE DIAGRAM

The existing Boundary Map/Fee Diagram for the Wild Wings County Service Area (CSA), as adopted by Yolo Local Agency Formation Commission (LAFCO) July 28, 2016, is on file with the Yolo County Recorder's office. A copy of the Boundary Map/Fee Diagram is attached to this report as Exhibit "A". There has been one change as reflected on the Boundary Map since the original approval in 2004. No additional service connections are anticipated at this time.

VII. CERTIFICATIONS

1. The undersigned respectfully submits the enclosed Engineer's Fee Report and does hereby certify that this Engineer's Fee Report has been computed by me in accordance with the required statutes.

Rudi Golnik 4-3-18

Rudi Golnik, P.E.
Ponticello Enterprises Consulting Engineers, Inc

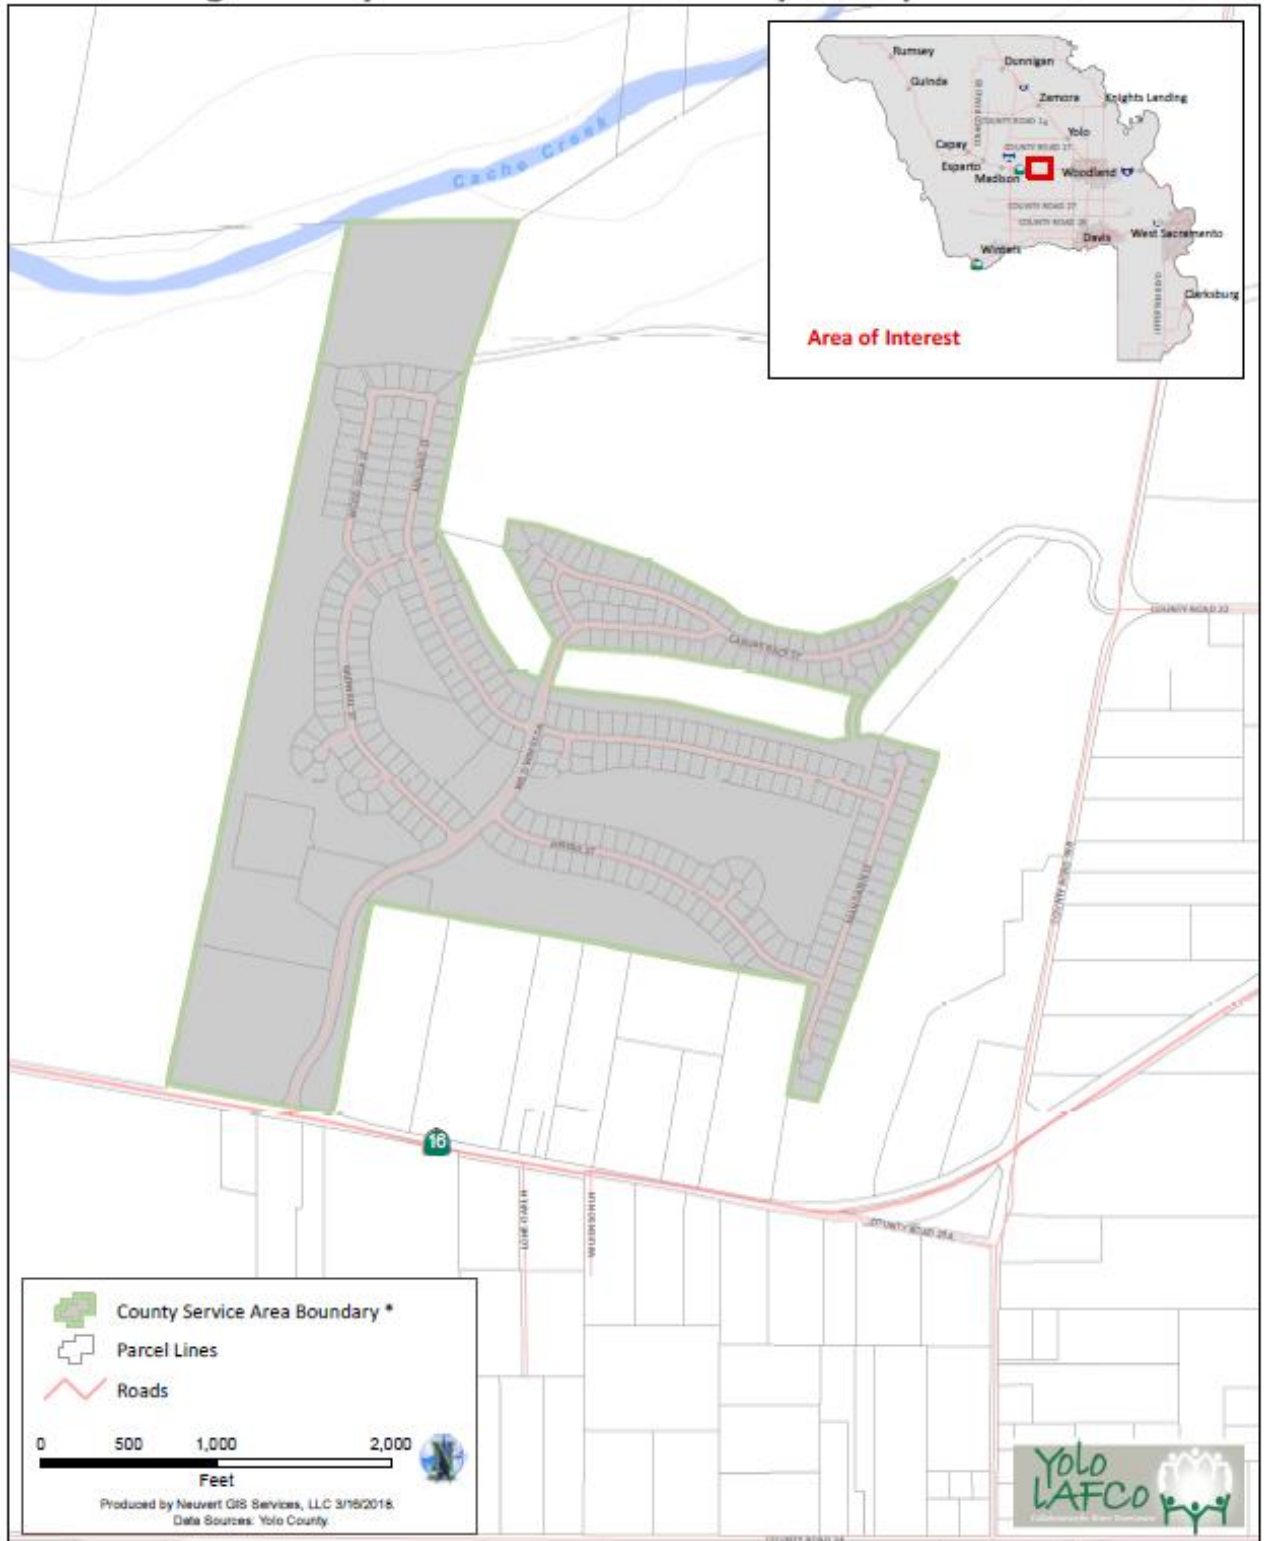

2. I, the County Auditor of the County of Yolo, California, hereby certify that the Fee Roll and the fee levies for the Wild Wings County Service Area for FY 2017/2018 were filed with me on 4-20-, 2018.

Howard Newbery
County Auditor, County of Yolo

VIII. 2017/2018 FEE ROLL

The fee roll listing the fiscal year 2017/2018 fees for all Assessor's parcels of land within the boundaries of the Wild Wings CSA are incorporated into this report and attached to this report as Exhibit "B". The fees attributed to each parcel are computed in accordance with the approved fee methodology as confirmed by vote or agreement of the property owners that are subject to this fee.

JUN 27 2018

Resolution No. 18 - 76

BY Julie Ricketts
DEPUTY CLERK OF THE BOARD

Resolution of the Board of Supervisors of the County of Yolo Approving a Decrease in the Fee for Water Services and Increase in the Fee for Sewer Service in the Wild Wings County Service Area

WHEREAS, this Board of Supervisors ("Board") is authorized by Government Code section 25210 et seq. to provide water and sewer service in the Wild Wings County Service Area (CSA) and to levy charges to pay for that service; and

WHEREAS, any increase in fees and charges for property-related water and sewer services must comply with the procedural and substantive requirements of Article XIII.D, section 6, of the California Constitution, which was enacted by the California Voters in 1996 as part of Proposition 218; and

WHEREAS, on April 24, 2018, the Board authorized staff to provide notice of a proposed water fee decrease and a proposed sewer fee increase and the date, time and location of a public hearing on the proposal, all in compliance with the substantive and procedural requirements of Proposition 218 and other relevant laws; and

WHEREAS, in compliance with the substantive and procedural requirements of Proposition 218 and other relevant laws, staff mailed a notice to each property owner in the CSA of the proposed fee changes, which notice contained the date, time and place of the public meeting; a general explanation of the matter to be considered; the amount of the fees proposed to be imposed upon each parcel, the basis upon which the amount of the proposed fees were calculated, and the reason for the fees; and stated that a detailed fee analysis concerning the proposed fee changes, including the cost or estimated cost of providing the services for which each fee is proposed to be charged, the revenue sources anticipated to provide the services (including general fund revenues), and the basis of the allocation of the cost of the services, was available for review at www.yolocounty.org/Wild-Wings-CSA; and

WHEREAS, on June 26, 2018 the Board conducted a noticed public hearing to consider the proposed fee changes at the time and place specified in the notice; and

WHEREAS, at the hearing, this Board reviewed and considered the proposed fee changes, all supporting information, including but not limited to the data described above, any protests against the proposal, any other information in support of or in opposition to the proposal, and all other relevant information presented as prescribed by law; and

WHEREAS, at that time, an opportunity was given to all interested persons, organizations and agencies to present oral or written testimony and other information concerning the proposed fees and all related matters; and

WHEREAS, the Board has calculated the protests submitted and not withdrawn to the changed fees and finds that a majority protest does not exist; and

WHEREAS, it is necessary to return funds temporarily transferred from the CSA's Water Fund to the CSA's Sewer Fund made necessary by unexpected expenses incurred in 2017-18 as a result of lack of redundancy in the wastewater treatment plant, deferred maintenance of the plant and State discharge permit compliance issues; and

WHEREAS, because it is necessary to fund the costs of providing safe and reliable water service and to fund the costs of operating and maintaining the sewer and sewage treatment system that the fee changes be effective immediately.

NOW THEREFORE BE IT RESOLVED, ORDERED AND FOUND by the Board of Supervisors of the County of Yolo as follows:

1. Each of the foregoing recitals is true and correct.
2. There are 338 parcels subject to the proposed water and sewer service fee changes; the protest is therefore not sufficient to constitute a majority protest.
3. The Notice to Property Owners of Proposed Water and Sewer Rate Changes and Public Hearing, attached to this resolution as Exhibit "A", is incorporated into this resolution by this reference.
4. Based upon the foregoing, this Board is authorized to levy and collect a decreased fee for water service and an increased fee for sewer service on parcels lying within the Wild Wings CSA on an ongoing basis, year by year, as is stated in the Notice of Rate Changes on a per parcel basis. Water fees shall be decreased and sewer fees increased by the set rate structure shown in the Notice per year starting in fiscal year 2018-19. Thereafter, the water base rate and sewer base rate shall be increased annually as needed by not more than the Consumer Price Index (CPI-W and CPI-U) for the San Francisco-Oakland-San Jose, CA area for the most recent February to February as compiled by the Bureau of Labor Statistics.
5. Based upon the foregoing, this Board hereby levies the fees for water and sewer services on parcels lying within the Wild Wings CSA on an ongoing basis, year by year, in the amounts set forth in the Notice attached as Exhibit "A", to be adjusted annually by the approved increases herein.
6. This Board further finds that each of the following is true and correct:
 - A. Each fee imposed herein is a levy other than an ad valorem tax, a special tax or an assessment, and is imposed upon a parcel or a person as an incident of property ownership consisting of a user fee for water service and sewer service.
 - B. These water and sewer service fees are for property related services, having a direct relation to property ownership.
 - C. Revenues derived from the fees imposed herein will not exceed the funds required to provide property related water and sewer services in the Wild Wings CSA.
 - D. The revenues derived from the fees will not be used for any other purpose other than that for which the fee is imposed.
 - E. The fees imposed herein does not exceed the proportional cost of services attributable to each parcel.
 - F. No fees are imposed unless water and sewer service is actually used by, or immediately available to, the owner of the property in question. No fee is imposed on the basis of a mere potential of future use of either service.
 - G. No fees are imposed for any general governmental service or any service where the service is available to the public at large in substantially the same manner as it is to property owners.

7. This Board further finds that each parcel within the Wild Wings CSA is one for which water and sewer services are immediately available and that each such parcel is a parcel of real property receiving said services in the Wild Wings CSA.
8. It is further ordered that the service fees as levied hereinabove shall be collected at the same time and in the same manner as ordinary County Ad Valorem Taxes are collected and as provided in Chapter 8 of Title 3 of the Yolo County Code.
9. The Clerk of the Board is hereby ordered to forward a certified copy of this resolution to the Department of Financial Services of the County of Yolo which is hereby requested to post said fees to the 2018-19 tax roll of the County.

PASSED AND ADOPTED by the Board of Supervisors of the County of Yolo, State of California, this 26th day of June, 2018, by the following vote:

AYES: **Saylor, Rexroad, Provenza, Chamberlain, Villegas.**
NOES: **None.**
ABSTAIN: **None.**
ABSENT: **None.**

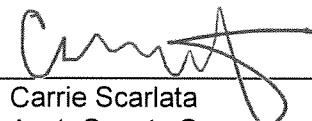

Oscar Villegas, Chair
Yolo County Board of Supervisors

**Proposition 218 Notification
NOTICE TO PROPERTY OWNERS OF
PROPOSED WATER AND SEWER RATE CHANGES AND PUBLIC HEARING**

**Hearing Date & Time: June 26, 2018, 9:00 a.m.
Hearing Location: County Administration Building
625 Court Street, Room 206
Woodland, CA 95695**

This notice is being provided to you by the County of Yolo (County) pursuant to Article XIII.D, section 6 of the California Constitution (also known as Proposition 218). Proposition 218 requires the County to notify property owners of proposed changes to property-related fees such as water and sewer services. This letter serves as notice of the following:

- The County is considering a reduction in water rates charged to homes in the Wild Wings County Service Area (CSA). If approved, the decreased water fee will appear on the 2018-19 property tax bills.
- The County is considering a sewer rate increase to the homes in Wild Wings. If approved, the increased sewer fee will appear on the 2018-19 property tax bills.
- A public hearing will be held on Tuesday, June 26, 2018 at 9:00 a.m. in the Yolo County Board of Supervisors Chambers to accept public comment and receive written protests on the proposed water and sewer rate changes.
- More information regarding the proposed water and sewer fee changes is available at: www.YoloCounty.org/Wild-Wings-CSA.
- Para más información sobre los cambios propuestos del costo del agua y el drenaje, están disponibles en: www.YoloCounty.org/Wild-Wings-CSA (elija "Translate" ubicado en la esquina superior derecha).
- Более подробная информация об изменениях тарифов на водоснабжение и канализацию доступна на: www.YoloCounty.org/Wild-Wings-CSA (выберите "Translate" в правом верхнем углу).

Why are rates changing?

The County charges these rates to CSA customers in order to fund the costs of providing safe and reliable water service and to fund the County's costs of operating and maintaining the sewer and sewage treatment system. The proposed charges were calculated by the County in order to evenly spread applicable costs amongst users according to the cost of providing service to that user. The water and sewer services and the basis for the proposed rate changes are described in more detail in the April 2018 Water and Wastewater Engineer's Fee Report (Engineer's Fee Report) which is on file with the Clerk of the Board at 625 Court Street, Room 204, Woodland, California and found at: www.YoloCounty.org/Wild-Wings-CSA. The Engineer's Fee Report provides the estimated annual cost of providing water and sewer service to each parcel within the Wild Wings CSA, the revenue sources anticipated to provide the services and the basis of the allocation of the costs of the services. The April 2018 Engineer's Fee Report update indicates a slightly reduced annual water fee is adequate for the ongoing operation and maintenance (O&M), capital replacement and water treatment (arsenic) costs for the water

system. The updated Engineer's Fee Report, however, indicates the current annual sewer fee is inadequate for the operation and maintenance (O&M) and capital replacement costs for the sewage system.

Estimated Wild Wings CSA Costs for Service

Costs	Sewage Collection System	Sewage Disposal System	Water Supply & Distribution System
Est. Annual Operations & Maintenance Costs	\$30,400	\$655,388	\$229,210
5% Contingency	\$1,520	\$32,769	\$11,461
<i>Subtotal</i>	<i>\$31,920</i>	<i>\$688,157</i>	<i>\$240,671</i>
Est. Annual Capital Replacement Costs	\$22,024	\$169,155	\$288,737
5% Contingency	\$1,101	\$8,458	\$14,437
<i>Subtotal</i>	<i>\$23,125</i>	<i>\$177,613</i>	<i>\$303,174</i>
<i>Total</i>	<i>\$55,045</i>	<i>\$865,770</i>	<i>\$543,845</i>
Grand Total Sewage System	\$920,815		
Grand Total Water System			\$543,845

Loan from Water Fund

Due to unexpected expenses incurred in 2017-18 as a result of lack of redundancy in the wastewater treatment plant, deferred maintenance of the plant and State discharge permit compliance issues, all available sewer funds were depleted and additional funds needed to facilitate significant rehabilitation of the wastewater recycling facility to ensure continued, uninterrupted service to your homes. A temporary loan of \$450,000 from the Water Fund was necessary to address the deficit in the Sewer Fund, and will be repaid also through the sewer rate change.

The County Department of Financial Services calculated the rate for the loan from the Water Fund. The loan was calculated using a five year term for the \$450,000 loan, paid back semi-annually after receipt of property assessments. The rate of interest was estimated on what the funds would otherwise have earned deposited in the County of Yolo Treasury. As a result, the annual rate of \$291.50 was determined and will be charged for the five year term, or until the loan is repaid if repaid earlier.

Proposed Water and Sewer Fees

The current and proposed rates are provided below. If approved, these rates will be adopted as maximum rates for the next five years (through 2022-23).

Fee Type	2017-18 Current	2018-19 Proposed
Water Base Rate*	\$961.00	\$943.00
Water Usage Charge (per each 100 gallons exceeding 250,000)	\$0.30	\$0.30
Water Treatment (Arsenic) Charge	\$241.00	\$241.00
Total Proposed Annual Fee for Water Service	\$1,202.00	\$1,184.00
Sewer Base Rate*	\$1,385.00	\$2,645.00
Water Fund Loan Repayment	\$0.00	\$291.50
Total Proposed Annual Fee for Sewer Service	\$1,385.00	\$2,936.50

* Beginning on July 1, 2019, base rates shall increase by no more than the Consumer Price Index (CPI-W and CPI-U) for the San Francisco-Oakland-San Jose, CA area for the most recent February to February as compiled by the Bureau of Labor Statistics.

How Do You Protest?

The Yolo County Board of Supervisors will conduct a public hearing to consider the rate changes on Tuesday, June 26, 2018 at 9:00 a.m. in the Board of Supervisors Chambers, located in the County Administration Building at 625 Court Street, Room 206 in Woodland. Water and sewer rates are subject to majority protest, which means if a majority of property owners submit written protests against the changes, the County cannot institute the new rates. Only one protest per parcel will be counted. Written protests must include the address of the property (or Assessor's Parcel Number) and your name and signature. You can mail your protest to the Clerk of the Board of Supervisors at 625 Court Street, Room 204, Woodland, CA 95695 prior to the hearing, or bring it to the hearing. Protests must be submitted in writing before the conclusion of the public hearing. If you do not want to protest the proposed rates, you do not need to take any action. The protest form provided below may be used to submit a written protest but is not required. Email protests will not be accepted.

How Do You Protest?

The Yolo County Board of Supervisors will conduct a public hearing to consider the rate changes on Tuesday, June 26, 2018 at 9:00 a.m. in the Board of Supervisors Chambers, located in the County Administration Building at 625 Court Street, Room 206 in Woodland. Water and sewer rates are subject to majority protest, which means if a majority of property owners submit written protests against the changes, the County cannot institute the new rates. Only one protest per parcel will be counted. Written protests must include the address of the property (or Assessor's Parcel Number) and your name and signature. You can mail your protest to the Clerk of the Board of Supervisors at 625 Court Street, Room 204, Woodland, CA 95695 prior to the hearing, or bring it to the hearing. Protests must be submitted in writing before the conclusion of the public hearing. If you do not want to protest the proposed rates, you do not need to take any action. The protest form provided below may be used to submit a written protest but is not required. Email protests will not be accepted.

Loan from Water Fund

APN: 025-494-008-000

Due to unexpected expenses incurred in 2017-18 as a result of lack of redundancy in the wastewater treatment plant, deferred maintenance of the plant and State discharge permit compliance issues, all available sewer funds were depleted and additional funds needed to facilitate significant rehabilitation of the wastewater recycling facility to ensure continued, uninterrupted service to your homes. A temporary loan of \$450,000 from the Water Fund was necessary to address the deficit in the Sewer Fund, and will be repaid also through the sewer rate change.

The County Department of Financial Services calculated the rate for the loan from the Water Fund. The loan was calculated using a five year term for the \$450,000 loan, paid back semi-annually after receipt of property assessments. The rate of interest was estimated on what the funds would otherwise have earned deposited in the County of Yolo Treasury. As a result, the annual rate of \$291.50 was determined and will be charged for the five year term, or until the loan is repaid if repaid earlier.

Proposed Water and Sewer Fees

The current and proposed rates are provided below. If approved, these rates will be adopted as maximum rates for the next five years (through 2022-23).

Fee Type	2017-18 Current	2018-19 Proposed
Water Base Rate*	\$961.00	\$943.00
Water Usage Charge (per each 100 gallons exceeding 250,000)	\$0.30	\$0.30
Water Treatment (Arsenic) Charge	\$241.00	\$241.00
Total Proposed Annual Fee for Water Service	\$1,202.00	\$1,184.00
Sewer Base Rate*	\$1,385.00	\$2,645.00
Water Fund Loan Repayment	\$0.00	\$291.50
Total Proposed Annual Fee for Sewer Service	\$1,385.00	\$2,936.50

* Beginning on July 1, 2019, base rates shall increase by no more than the Consumer Price Index (CPI-W and CPI-U) for the San Francisco-Oakland-San Jose, CA area for the most recent February to February as compiled by the Bureau of Labor Statistics.

Loan from Water Fund APN: 025-593-008-000

Due to unexpected expenses incurred in 2017-18 as a result of lack of redundancy in the wastewater treatment plant, deferred maintenance of the plant and State discharge permit compliance issues, all available sewer funds were depleted and additional funds needed to facilitate significant rehabilitation of the wastewater recycling facility to ensure continued, uninterrupted service to your homes. A temporary loan of \$450,000 from the Water Fund was necessary to address the deficit in the Sewer Fund, and will be repaid also through the sewer rate change.

The County Department of Financial Services calculated the rate for the loan from the Water Fund. The loan was calculated using a five year term for the \$450,000 loan, paid back semi-annually after receipt of property assessments. The rate of interest was estimated on what the funds would otherwise have earned deposited in the County of Yolo Treasury. As a result, the annual rate of \$291.50 was determined and will be charged for the five year term, or until the loan is repaid if repaid earlier.

Proposed Water and Sewer Fees

The current and proposed rates are provided below. If approved, these rates will be adopted as maximum rates for the next five years (through 2022-23).

Fee Type	2017-18 Current	2018-19 Proposed
Water Base Rate*	\$961.00	\$943.00
Water Usage Charge (per each 100 gallons exceeding 250,000)	\$0.30	\$0.30
Water Treatment (Arsenic) Charge	\$241.00	\$241.00
Total Proposed Annual Fee for Water Service	\$1,202.00	\$1,184.00
Sewer Base Rate*	\$1,385.00	\$2,645.00
Water Fund Loan Repayment	\$0.00	\$291.50
Total Proposed Annual Fee for Sewer Service	\$1,385.00	\$2,936.50

* Beginning on July 1, 2019, base rates shall increase by no more than the Consumer Price Index (CPI-W and CPI-U) for the San Francisco-Oakland-San Jose, CA area for the most recent February to February as compiled by the Bureau of Labor Statistics.

How Do You Protest?

The Yolo County Board of Supervisors will conduct a public hearing to consider the rate changes on Tuesday, June 26, 2018 at 9:00 a.m. in the Board of Supervisors Chambers, located in the County Administration Building at 625 Court Street, Room 206 in Woodland. Water and sewer rates are subject to majority protest, which means if a majority of property owners submit written protests against the changes, the County cannot institute the new rates. Only one protest per parcel will be counted. Written protests must include the address of the property (or Assessor's Parcel Number) and your name and signature. You can mail your protest to the Clerk of the Board of Supervisors at 625 Court Street, Room 204, Woodland, CA 95695 prior to the hearing, or bring it to the hearing. Protests must be submitted in writing before the conclusion of the public hearing. If you do not want to protest the proposed rates, you do not need to take any action. The County Department of Financial Services calculated the rate for the loan from the Water Fund. The loan was calculated using a five year term for the \$450,000 loan, paid back semi-annually after receipt of property assessments. The rate of interest was estimated on what the funds would otherwise have earned deposited in the County of Yolo Treasury. As a result, the annual rate of \$291.50 was determined and will be charged for the five year term, or until the loan is repaid if repaid earlier.

Proposed Water and Sewer Fees

The current and proposed rates are provided below. If approved, these rates will be adopted as maximum rates for the next five years (through 2022-23).

Fee Type	2017-18 Current	2018-19 Proposed
Water Base Rate*	\$961.00	\$943.00
Water Usage Charge (per each 100 gallons exceeding 250,000)	\$0.30	\$0.30
Water Treatment (Arsenic) Charge	\$241.00	\$241.00
Total Proposed Annual Fee for Water Service	\$1,202.00	\$1,184.00
Sewer Base Rate*	\$1,385.00	\$2,645.00
Water Fund Loan Repayment	\$0.00	\$291.50
Total Proposed Annual Fee for Sewer Service	\$1,385.00	\$2,936.50

* Beginning on July 1, 2019, base rates shall increase by no more than the Consumer Price Index (CPI-W and CPI-U) for the San Francisco-Oakland-San Jose, CA area for the most recent February to February as compiled by the Bureau of Labor Statistics.

How Do You Protest?

The Yolo County Board of Supervisors will conduct a public hearing to consider the rate changes on Tuesday, June 26, 2018 at 9:00 a.m. in the Board of Supervisors Chambers, located in the County Administration Building at 625 Court Street, Room 206 in Woodland. Water and sewer rates are subject to majority protest, which means if a majority of property owners submit written protests against the changes, the County cannot institute the new rates. Only one protest per parcel will be counted. Written protests must include the address of the property (or Assessor's Parcel Number) and your name and signature. You can mail your protest to the Clerk of the Board of Supervisors at 625 Court Street, Room 204, Woodland, CA 95695 prior to the hearing, or bring it to the hearing. Protests must be submitted in writing before the conclusion of the public hearing. If you do not want to protest the proposed rates, you do not need to take any action. The protest form provided below may be used to submit a written protest but is not required. Email protests will not be accepted.

Loan from Water Fund APN 025-553-007-000

Due to unexpected expenses incurred in 2017-18 as a result of lack of redundancy in the wastewater treatment plant, deferred maintenance of the plant and State discharge permit compliance issues, all available sewer funds were depleted and additional funds needed to facilitate significant rehabilitation of the wastewater recycling facility to ensure continued, uninterrupted service to your homes. A temporary loan of \$450,000 from the Water Fund was necessary to address the deficit in the Sewer Fund, and will be repaid also through the sewer rate change.

The County Department of Financial Services calculated the rate for the loan from the Water Fund. The loan was calculated using a five year term for the \$450,000 loan, paid back semi-annually after receipt of property assessments. The rate of interest was estimated on what the funds would otherwise have earned deposited in the County of Yolo Treasury. As a result, the annual rate of \$291.50 was determined and will be charged for the five year term, or until the loan is repaid if repaid earlier.

Proposed Water and Sewer Fees

The current and proposed rates are provided below. If approved, these rates will be adopted as maximum rates for the next five years (through 2022-23).

Fee Type	2017-18 Current	2018-19 Proposed
Water Base Rate*	\$961.00	\$943.00
Water Usage Charge (per each 100 gallons exceeding 250,000)	\$0.30	\$0.30
Water Treatment (Arsenic) Charge	\$241.00	\$241.00
Total Proposed Annual Fee for Water Service	\$1,202.00	\$1,184.00
Sewer Base Rate*	\$1,385.00	\$2,645.00
Water Fund Loan Repayment	\$0.00	\$291.50
Total Proposed Annual Fee for Sewer Service	\$1,385.00	\$2,936.50

* Beginning on July 1, 2019, base rates shall increase by no more than the Consumer Price Index (CPI-W and CPI-U) for the San Francisco-Oakland-San Jose, CA area for the most recent February to February as compiled by the Bureau of Labor Statistics.

How Do You Protest?

The Yolo County Board of Supervisors will conduct a public hearing to consider the rate changes on Tuesday, June 26, 2018 at 9:00 a.m. in the Board of Supervisors Chambers, located in the County Administration Building at 625 Court Street, Room 206 in Woodland. Water and sewer rates are subject to majority protest, which means if a majority of property owners submit written protests against the changes, the County cannot institute the new rates. Only one protest per parcel will be counted. Written protests must include the address of the property (or Assessor's Parcel Number) and your name and signature. You can mail your protest to the Clerk of the Board of Supervisors at 625 Court Street, Room 204, Woodland, CA 95695 prior to the hearing, or bring it to the hearing. Protests must be submitted in writing before the conclusion of the public hearing. If you do not want to protest the proposed rates, you do not need to take any action. The protest form provided below may be used to submit a written protest but is not required. Email protests will not be accepted.

CLERK OF THE BOARD OF SUPERVISORS

Loan from Water Fund APN 025-543-009-000

Due to unexpected expenses incurred in 2017-18 as a result of lack of redundancy in the wastewater treatment plant, deferred maintenance of the plant and State discharge permit compliance issues, all available sewer funds were depleted and additional funds needed to facilitate significant rehabilitation of the wastewater recycling facility to ensure continued, uninterrupted service to your homes. A temporary loan of \$450,000 from the Water Fund was necessary to address the deficit in the Sewer Fund, and will be repaid also through the sewer rate change.

The County Department of Financial Services calculated the rate for the loan from the Water Fund. The loan was calculated using a five year term for the \$450,000 loan, paid back semi-annually after receipt of property assessments. The rate of interest was estimated on what the funds would otherwise have earned deposited in the County of Yolo Treasury. As a result, the annual rate of \$291.50 was determined and will be charged for the five year term, or until the loan is repaid if repaid earlier.

Proposed Water and Sewer Fees

The current and proposed rates are provided below. If approved, these rates will be adopted as maximum rates for the next five years (through 2022-23).

Fee Type	2017-18 Current	2018-19 Proposed
Water Base Rate*	\$961.00	\$943.00
Water Usage Charge (per each 100 gallons exceeding 250,000)	\$0.30	\$0.30
Water Treatment (Arsenic) Charge	\$241.00	\$241.00
Total Proposed Annual Fee for Water Service	\$1,202.00	\$1,184.00
Sewer Base Rate*	\$1,385.00	\$2,645.00
Water Fund Loan Repayment	\$0.00	\$291.50
Total Proposed Annual Fee for Sewer Service	\$1,385.00	\$2,936.50

* Beginning on July 1, 2019, base rates shall increase by no more than the Consumer Price Index (CPI-W and CPI-U) for the San Francisco-Oakland-San Jose, CA area for the most recent February to February as compiled by the Bureau of Labor Statistics.

How Do You Protest?

The Yolo County Board of Supervisors will conduct a public hearing to consider the rate changes on Tuesday, June 26, 2018 at 9:00 a.m. in the Board of Supervisors Chambers, located in the County Administration Building at 625 Court Street, Room 206 in Woodland. Water and sewer rates are subject to majority protest, which means if a majority of property owners submit written protests against the changes, the County cannot institute the new rates. Only one protest per parcel will be counted. Written protests must include the address of the property (or Assessor's Parcel Number) and your name and signature. You can mail your protest to the Clerk of the Board of Supervisors at 625 Court Street, Room 204, Woodland, CA 95695 prior to the hearing, or bring it to the hearing. Protests must be submitted in writing before the conclusion of the public hearing. If you do not want to protest the proposed rates, you do not need to take any action. The protest form provided below may be used to submit a written protest but is not required. Email protests will not be accepted.

Loan from Water Fund

APN: 025-513-006

Due to unexpected expenses incurred in 2017-18 as a result of lack of redundancy in the wastewater treatment plant, deferred maintenance of the plant and State discharge permit compliance issues, all available sewer funds were depleted and additional funds needed to facilitate significant rehabilitation of the wastewater recycling facility to ensure continued, uninterrupted service to your homes. A temporary loan of \$450,000 from the Water Fund was necessary to address the deficit in the Sewer Fund, and will be repaid also through the sewer rate change.

The County Department of Financial Services calculated the rate for the loan from the Water Fund. The loan was calculated using a five year term for the \$450,000 loan, paid back semi-annually after receipt of property assessments. The rate of interest was estimated on what the funds would otherwise have earned deposited in the County of Yolo Treasury. As a result, the annual rate of \$291.50 was determined and will be charged for the five year term, or until the loan is repaid if repaid earlier.

Proposed Water and Sewer Fees

The current and proposed rates are provided below. If approved, these rates will be adopted as maximum rates for the next five years (through 2022-23).

Fee Type	2017-18 Current	2018-19 Proposed
Water Base Rate*	\$961.00	\$943.00
Water Usage Charge (per each 100 gallons exceeding 250,000)	\$0.30	\$0.30
Water Treatment (Arsenic) Charge	\$241.00	\$241.00
Total Proposed Annual Fee for Water Service	\$1,202.00	\$1,184.00
Sewer Base Rate*	\$1,385.00	\$2,645.00
Water Fund Loan Repayment	\$0.00	\$291.50
Total Proposed Annual Fee for Sewer Service	\$1,385.00	\$2,936.50

* Beginning on July 1, 2019, base rates shall increase by no more than the Consumer Price Index (CPI-W and CPI-U) for the San Francisco-Oakland-San Jose, CA area for the most recent February to February as compiled by the Bureau of Labor Statistics.

Water and sewer rates are subject to majority protest, which means if a majority of property owners submit written protests against the changes, the County cannot institute the new rates. Only one protest per parcel will be counted. Written protests must include the address of the property (or Assessor's Parcel Number) and your name and signature. You can mail your protest to the Clerk of the Board of Supervisors at 625 Court Street, Room 204, Woodland, CA 95695 prior to the hearing, or bring it to the hearing. Protests must be submitted in writing before the conclusion of the public hearing. If you do not want to protest the proposed rates, you do not need to take any action. The protest form provided below may be used to submit a written protest but is not required. Email protests will not be accepted.

Loan from Water Fund

APN: 025 - 543 - 004

Due to unexpected expenses incurred in 2017-18 as a result of lack of redundancy in the wastewater treatment plant, deferred maintenance of the plant and State discharge permit compliance issues, all available sewer funds were depleted and additional funds needed to facilitate significant rehabilitation of the wastewater recycling facility to ensure continued, uninterrupted service to your homes. A temporary loan of \$450,000 from the Water Fund was necessary to address the deficit in the Sewer Fund, and will be repaid also through the sewer rate change.

The County Department of Financial Services calculated the rate for the loan from the Water Fund. The loan was calculated using a five year term for the \$450,000 loan, paid back semi-annually after receipt of property assessments. The rate of interest was estimated on what the funds would otherwise have earned deposited in the County of Yolo Treasury. As a result, the annual rate of \$291.50 was determined and will be charged for the five year term, or until the loan is repaid if repaid earlier.

Proposed Water and Sewer Fees

The current and proposed rates are provided below. If approved, these rates will be adopted as maximum rates for the next five years (through 2022-23).

Fee Type	2017-18 Current	2018-19 Proposed
Water Base Rate*	\$961.00	\$943.00
Water Usage Charge (per each 100 gallons exceeding 250,000)	\$0.30	\$0.30
Water Treatment (Arsenic) Charge	\$241.00	\$241.00
Total Proposed Annual Fee for Water Service	\$1,202.00	\$1,184.00
Sewer Base Rate*	\$1,385.00	\$2,645.00
Water Fund Loan Repayment	\$0.00	\$291.50
Total Proposed Annual Fee for Sewer Service	\$1,385.00	\$2,936.50

* Beginning on July 1, 2019, base rates shall increase by no more than the Consumer Price Index (CPI-W and CPI-U) for the San Francisco-Oakland-San Jose, CA area for the most recent February to February as compiled by the Bureau of Labor Statistics.

Loan from Water Fund

APN: 025-583-001

Due to unexpected expenses incurred in 2017-18 as a result of lack of redundancy in the wastewater treatment plant, deferred maintenance of the plant and State discharge permit compliance issues, all available sewer funds were depleted and additional funds needed to facilitate significant rehabilitation of the wastewater recycling facility to ensure continued, uninterrupted service to your homes. A temporary loan of \$450,000 from the Water Fund was necessary to address the deficit in the Sewer Fund, and will be repaid also through the sewer rate change.

The County Department of Financial Services calculated the rate for the loan from the Water Fund. The loan was calculated using a five year term for the \$450,000 loan, paid back semi-annually after receipt of property assessments. The rate of interest was estimated on what the funds would otherwise have earned deposited in the County of Yolo Treasury. As a result, the annual rate of \$291.50 was determined and will be charged for the five year term, or until the loan is repaid if repaid earlier.

Proposed Water and Sewer Fees

The current and proposed rates are provided below. If approved, these rates will be adopted as maximum rates for the next five years (through 2022-23).

Fee Type	2017-18 Current	2018-19 Proposed
Water Base Rate*	\$961.00	\$943.00
Water Usage Charge (per each 100 gallons exceeding 250,000)	\$0.30	\$0.30
Water Treatment (Arsenic) Charge	\$241.00	\$241.00
Total Proposed Annual Fee for Water Service	\$1,202.00	\$1,184.00
Sewer Base Rate*	\$1,385.00	\$2,645.00
Water Fund Loan Repayment	\$0.00	\$291.50
Total Proposed Annual Fee for Sewer Service	\$1,385.00	\$2,936.50

* Beginning on July 1, 2019, base rates shall increase by no more than the Consumer Price Index (CPI-W and CPI-U) for the San Francisco-Oakland-San Jose, CA area for the most recent February to February as compiled by the Bureau of Labor Statistics.

Proposition 218 Notification of Proposed Water & Sewer Rate Changes and Public Hearing June 26, 2018, 9:00 a.m. | Yolo County

Total Proposed Annual Fee for Sewer Service	\$1,385.00	\$2,936.50
--	-------------------	-------------------

* Beginning on July 1, 2019, base rates shall increase by no more than the Consumer Price Index (CPI-W and CPI-U) for the San Francisco-Oakland-San Jose, CA area for the most recent February to February as compiled by the Bureau of Labor Statistics.

How Do You Protest?

The Yolo County Board of Supervisors will conduct a public hearing to consider the rate changes on Tuesday, June 26, 2018 at 9:00 a.m. in the Board of Supervisors Chambers, located in the County Administration Building at 625 Court Street, Room 206 in Woodland. Water and sewer rates are subject to majority protest, which means if a majority of property owners submit written protests against the changes, the County cannot institute the new rates. Only one protest per parcel will be counted. Written protests must include the address of the property (or Assessor's Parcel Number) and your name and signature. You can mail your protest to the Clerk of the Board of Supervisors at 625 Court Street, Room 204, Woodland, CA 95695 prior to the hearing, or bring it to the hearing. Protests must be submitted in writing before the conclusion of the public hearing. If you do not want to protest the proposed rates, you do not need to take any action. The protest form provided below may be used to submit a written protest but is not required. Email protests will not be accepted.

Loan from Water Fund

Due to unexpected expenses incurred in 2017-18 as a result of lack of redundancy in the wastewater treatment plant, deferred maintenance of the plant and State discharge permit compliance issues, all available sewer funds were depleted and additional funds needed to facilitate significant rehabilitation of the wastewater recycling facility to ensure continued, uninterrupted service to your homes. A temporary loan of \$450,000 from the Water Fund was necessary to address the deficit in the Sewer Fund, and will be repaid also through the sewer rate change.

The County Department of Financial Services calculated the rate for the loan from the Water Fund. The loan was calculated using a five year term for the \$450,000 loan, paid back semi-annually after receipt of property assessments. The rate of interest was estimated on what the funds would otherwise have earned deposited in the County of Yolo Treasury. As a result, the annual rate of \$291.50 was determined and will be charged for the five year term, or until the loan is repaid if repaid earlier.

Proposed Water and Sewer Fees

The current and proposed rates are provided below. If approved, these rates will be adopted as maximum rates for the next five years (through 2022-23).

Fee Type	2017-18 Current	2018-19 Proposed
Water Base Rate*	\$961.00	\$943.00
Water Usage Charge (per each 100 gallons exceeding 250,000)	\$0.30	\$0.30
Water Treatment (Arsenic) Charge	\$241.00	\$241.00
Total Proposed Annual Fee for Water Service	\$1,202.00	\$1,184.00
Sewer Base Rate*	\$1,385.00	\$2,645.00
Water Fund Loan Repayment	\$0.00	\$291.50
Total Proposed Annual Fee for Sewer Service	\$1,385.00	\$2,936.50

* Beginning on July 1, 2019, base rates shall increase by no more than the Consumer Price Index (CPI-W and CPI-U) for the San Francisco-Oakland-San Jose, CA area for the most recent February to February as compiled by the Bureau of Labor Statistics.

Loan from Water Fund

Due to unexpected expenses incurred in 2017-18 as a result of lack of redundancy in the wastewater treatment plant, deferred maintenance of the plant and State discharge permit compliance issues, all available sewer funds were depleted and additional funds needed to facilitate significant rehabilitation of the wastewater recycling facility to ensure continued, uninterrupted service to your homes. A temporary loan of \$450,000 from the Water Fund was necessary to address the deficit in the Sewer Fund, and will be repaid also through the sewer rate change.

The County Department of Financial Services calculated the rate for the loan from the Water Fund. The loan was calculated using a five year term for the \$450,000 loan, paid back semi-annually after receipt of property assessments. The rate of interest was estimated on what the funds would otherwise have earned deposited in the County of Yolo Treasury. As a result, the annual rate of \$291.50 was determined and will be charged for the five year term, or until the loan is repaid if repaid earlier.

Proposed Water and Sewer Fees

The current and proposed rates are provided below. If approved, these rates will be adopted as maximum rates for the next five years (through 2022-23).

Fee Type	2017-18 Current	2018-19 Proposed
Water Base Rate*	\$961.00	\$943.00
Water Usage Charge (per each 100 gallons exceeding 250,000)	\$0.30	\$0.30
Water Treatment (Arsenic) Charge	\$241.00	\$241.00
Total Proposed Annual Fee for Water Service	\$1,202.00	\$1,184.00
Sewer Base Rate*	\$1,385.00	\$2,645.00
Water Fund Loan Repayment	\$0.00	\$291.50
Total Proposed Annual Fee for Sewer Service	\$1,385.00	\$2,936.50

* Beginning on July 1, 2019, base rates shall increase by no more than the Consumer Price Index (CPI-W and CPI-U) for the San Francisco-Oakland-San Jose, CA area for the most recent February to February as compiled by the Bureau of Labor Statistics.

How Do You Protest?

The Yolo County Board of Supervisors will conduct a public hearing to consider the rate changes on Tuesday, June 26, 2018 at 9:00 a.m. in the Board of Supervisors Chambers, located in the County Administration Building at 625 Court Street, Room 206 in Woodland. Water and sewer rates are subject to majority protest, which means if a majority of property owners submit written protests against the changes, the County cannot institute the new rates. Only one protest per parcel will be counted. Written protests must include the address of the property (or Assessor's Parcel Number) and your name and signature. You can mail your protest to the Clerk of the Board of Supervisors at 625 Court Street, Room 204, Woodland, CA 95695 prior to the hearing, or bring it to the hearing. Protests must be submitted in writing before the conclusion of the public hearing. If you do not want to protest the proposed rates, you do not need to take any action. The protest form provided below may be used to submit a written protest but is not required. Email protests will not be accepted.

Loan from Water Fund

APN: 025-521-017

Due to unexpected expenses incurred in 2017-18 as a result of lack of redundancy in the wastewater treatment plant, deferred maintenance of the plant and State discharge permit compliance issues, all available sewer funds were depleted and additional funds needed to facilitate significant rehabilitation of the wastewater recycling facility to ensure continued, uninterrupted service to your homes. A temporary loan of \$450,000 from the Water Fund was necessary to address the deficit in the Sewer Fund, and will be repaid also through the sewer rate change.

The County Department of Financial Services calculated the rate for the loan from the Water Fund. The loan was calculated using a five year term for the \$450,000 loan, paid back semi-annually after receipt of property assessments. The rate of interest was estimated on what the funds would otherwise have earned deposited in the County of Yolo Treasury. As a result, the annual rate of \$291.50 was determined and will be charged for the five year term, or until the loan is repaid if repaid earlier.

Proposed Water and Sewer Fees

The current and proposed rates are provided below. If approved, these rates will be adopted as maximum rates for the next five years (through 2022-23).

Fee Type	2017-18 Current	2018-19 Proposed
Water Base Rate*	\$961.00	\$943.00
Water Usage Charge (per each 100 gallons exceeding 250,000)	\$0.30	\$0.30
Water Treatment (Arsenic) Charge	\$241.00	\$241.00
Total Proposed Annual Fee for Water Service	\$1,202.00	\$1,184.00
Sewer Base Rate*	\$1,385.00	\$2,645.00
Water Fund Loan Repayment	\$0.00	\$291.50
Total Proposed Annual Fee for Sewer Service	\$1,385.00	\$2,936.50

* Beginning on July 1, 2019, base rates shall increase by no more than the Consumer Price Index (CPI-W and CPI-U) for the San Francisco-Oakland-San Jose, CA area for the most recent February to February as compiled by the Bureau of Labor Statistics.

122 The homeowners of Wild Trump are already paying the taxes on the golf course, which we do not own. So we are paying taxes on property that Yolo County owns. The County should maintain expenses on its land. What is the cost of water and sewer on the golf course? The county should absorb costs. Please do not increase fees on homeowners, many of whom are retired here.

CLERK OF THE BOARD
OF SUPERVISORS

Total Proposed Annual Fee for Sewer Service	\$1,385.00	\$2,936.50
--	-------------------	-------------------

* Beginning on July 1, 2019, base rates shall increase by no more than the Consumer Price Index (CPI-W and CPI-U) for the San Francisco-Oakland-San Jose, CA area for the most recent February to February as compiled by the Bureau of Labor Statistics.

How Do You Protest?

The Yolo County Board of Supervisors will conduct a public hearing to consider the rate changes on Tuesday, June 26, 2018 at 9:00 a.m. in the Board of Supervisors Chambers, located in the County Administration Building at 625 Court Street, Room 206 in Woodland. Water and sewer rates are subject to majority protest, which means if a majority of property owners submit written protests against the changes, the County cannot institute the new rates. Only one protest per parcel will be counted. Written protests must include the address of the property (or Assessor's Parcel Number) and your name and signature. You can mail your protest to the Clerk of the Board of Supervisors at 625 Court Street, Room 204, Woodland, CA 95695 prior to the hearing, or bring it to the hearing. Protests must be submitted in writing before the conclusion of the public hearing. If you do not want to protest the proposed rates, you do not need to take any action. The protest form provided below may be used to submit a written protest but is not required. Email protests will not be accepted.

How Do You Protest?

The Yolo County Board of Supervisors will conduct a public hearing to consider the rate changes on Tuesday, June 26, 2018 at 9:00 a.m. in the Board of Supervisors Chambers, located in the County Administration Building at 625 Court Street, Room 206 in Woodland. Water and sewer rates are subject to majority protest, which means if a majority of property owners submit written protests against the changes, the County cannot institute the new rates. Only one protest per parcel will be counted. Written protests must include the address of the property (or Assessor's Parcel Number) and your name and signature. You can mail your protest to the Clerk of the Board of Supervisors at 625 Court Street, Room 204, Woodland, CA 95695 prior to the hearing, or bring it to the hearing. Protests must be submitted in writing before the conclusion of the public hearing. If you do not want to protest the proposed rates, you do not need to take any action. The protest form provided below may be used to submit a written protest but is not required. Email protests will not be accepted.

Why not use the consumer price index for Tokyo? It is even more expensive there. Last I checked, our "million dollar homes" are not selling in a stagnant "luxury market". Sell houses here for San Francisco / San Jose prices and increase (COL) to job rates here and then discuss your outrageous proposal.

Most Sincerely,
 Elise Brandwajn

Total Proposed Annual Fee for Sewer Service \$1,385.00 \$2,936.50

Loan from Water Fund

Due to unexpected expenses incurred in 2017-18 as a result of lack of redundancy in the wastewater treatment plant, deferred maintenance of the plant and State discharge permit compliance issues, all available sewer funds were depleted and additional funds needed to facilitate significant rehabilitation of the wastewater recycling facility to ensure continued, uninterrupted service to your homes. A temporary loan of \$450,000 from the Water Fund was necessary to address the deficit in the Sewer Fund, and will be repaid also through the sewer rate change.

The County Department of Financial Services calculated term for the \$450,000 loan, paid back semi-annually after funds would otherwise have earned deposited in the County funds be charged for the five year term, or until the loan is repaid.

* Research

was calculated using a five year term was estimated on what the rate of 1.50 was determined and will be charged for the five year term, or until the loan is repaid.

The current and proposed rates are provided below. If approved for the next five years (through 2022-23).

Correct Address:

33539 WildWings Dr.

for the next five years (through 2022-23).

Fee Type	Proposed	Current
