LAC Duties

Anisa

Earlier this year as part of the proposal each Advisory Committee member signed a letter agreeing to that the purpose of the Local Advisory Committee is to advise the County on:

- How to identify and prioritize the most pressing needs to be addressed;
- How to identify the strategies, programs, and services to be undertaken to address;
- The development of the grant project; and
- Ongoing implementation of the grant project.

When we make decisions regarding the program we try to keep the guiding principles. These are issued by the BSCC and created by the Prop 47 BSCC Executive Steering Committee. You can refer to the handout for the full list; here is a short list for the main principles.

- Provide client-focused, culturally competent services for the target population / underserved
- Work with community organizations with diverse staffing
- Collect, evaluate, share and publish program data
- Engage community
- Foster principles of restorative justice

Program Overview/Status Update

Zach / Sandra

- Reviewed information on the attached Project Summary sheet and Process Map.
- There was a question on if the committee can learn more on Evidence-Based Practices.
- There was a question on Housing and how participants would “step down from the program”. We will need to have the right set of supports for participants to be successful.

Program Evaluation

RDA

RDA reviewed the logic model they created for the program (attached).

**Meeting Evaluation
(+/ Δ & future topics)**

Anisa

Future topics

- Information on Evidence-Based Practices
- Success stories
