Land Service Area: 107,000 acres

Formed: 1915

Population: Agricultural land use

Provided Services: The Sacramento River West Side Levee District is responsible for maintenance of the west side of the levee along the Sacramento River from Colusa to Knights Landing. The District contracts with RD 108 for staff.

NOTE:

The Sphere of Influence for the Sacramento River Westside Levee District is coterminous with the Boundary of the District. Even though the District overlaps with RD 108 and Knights Landing Ridge Drainage District in some areas the boundaries of these districts are different and the formation laws and functions are not the same as the Sacramento River Westside District. The districts do have functional cooperation (Shares administration with RD 108).

Board Meetings: Every other month on the 4th Wednesday
RD 108 District Office – 975 Wilson Bend Road, Grimes CA 95950
