Provided Services: The Sacramento Regional County Sanitation District (Regional San) provides wastewater conveyance and treatment services to more than 1.4 million residential, industrial and commercial customers throughout unincorporated Sacramento County; the cities of Citrus Heights, Elk Grove, Folsom, Rancho Cordova, West Sacramento, and Sacramento; and the communities of Courtland and Walnut Grove. Wastewater travels through 169 miles of interceptors – large pipes, some big enough to drive a car through – to the Sacramento Regional Wastewater Treatment Plant near Elk Grove. There, approximately 133 million gallons of wastewater are treated each day and safely discharged into the Sacramento River.

Board Meetings: 2nd and 4th Wednesday of each month at 9:30am
Sacramento County Board of Supervisors Chambers
700 H Street, Sacramento CA 95814
