December 22, 2017

The Honorable Duane Chamberlain, Chair, Members of the Board of Supervisors, and Citizens of Yolo County

The comprehensive annual financial report of the County of Yolo (County) for the fiscal year ended June 30, 2017 is hereby submitted in accordance with Sections 25250 and 25253 of the Government Code of the State of California. These statutes require that the County of Yolo annually issue a report on its financial position and activity and that an independent firm of certified public accountants audit the County's basic financial statements.

The Financial Report

This financial report covers all funds and activities of the County of Yolo as the primary government and its component units. The component units are legally separate entities that operate under the auspices of the County and provide services that supplement County services. Certain component units are blended into the County funds because their activities are controlled by the Board of Supervisors and are essentially part of County Other component units are more independent and are reported in discrete columns in the government-wide financial statements. Note 1.A to the financial statements discusses component units in more detail.

This financial report conforms to the standards established by the Governmental Accounting Standards Board and the recommended practices of the Government Finance Officers Association. It consists of three main sections:

- The Introductory Section provides general information about Yolo County government.
- The Financial Section presents the independent auditor's report, a summary discussion by management, the basic financial statements, which include the government-wide statements, the fund-based statements, the notes to the financial statements, and supplementary information.
- The Statistical Section presents information on financial trends, revenue capacity, debt capacity, operating indicators, and economic and demographic statistics.

County management assumes full responsibility for the accuracy, completeness and fairness of the information presented herein, including all disclosures. Yolo County government demonstrates its stewardship of public resources and ensures strict accountability through four control mechanisms: budgetary control, financial control, fund-based accounting, and independent audit. These mechanisms are further described below.

County of Yolo Comprehensive Annual Financial Report June 30, 2017

Budgetary Control. The County maintains a control system to ensure compliance with the legal provisions embodied in the annual budget approved by the Board of Supervisors. The level of budgetary control (that is, the level at which expenditures cannot legally exceed the appropriated amount) is established at the budget unit, which represents an organizational unit of a fund. Budgetary control within each budget unit is monitored at the object level: salaries and employee benefits, services and supplies, other charges, capital assets, other financing uses, special items, intrafund transfers and appropriations for contingencies. The Board of Supervisors must approve transfers between budget units. Department of Financial Services staff monitors budget status and reports to the Board of Supervisors every quarter, and reviews the status of appropriations each time there is a request for budget modifications. Budgetary comparisons are presented in the Required Supplementary Information and Supplementary Information sections of this report.

<u>Financial Control</u>. County management maintains internal control to obtain reasonable assurance that public resources are raised and used effectively and efficiently, that relevant laws and regulations are complied with and that reliable financial reports are prepared in conformity with generally accepted accounting principles. The Chief Financial Officer prescribes standards of internal control and disseminates them to County departments. Internal Audit staff monitors internal control countywide through reviews and internal audits. Internal audit reports are submitted to the Board of Supervisors and are available from the Department of Financial Services. The Financial Oversight Committee ensures that audit recommendations are properly followed up.

<u>Fund-based Accounting</u>. The County establishes separate funds to segregate financial resources that are restricted by laws, regulations or contractual provisions. These funds are maintained in accordance with generally accepted accounting principles and demonstrate compliance with budgetary and contractual provisions. They are presented in this annual report in the Fund Financial Statements Section.

<u>Independent Audit.</u> Annually, the County Board of Supervisors engages an independent public accounting firm to conduct a financial audit of the County's accounting records and financial report in accordance with generally accepted auditing standards and government auditing standards. The accounting firm Vavrinek, Trine, Day & Company, LLP conducted this year's audit and their report is presented on page 1 of the Financial Section. In addition, because the County receives and spends federal funds, it is also required to undergo an annual audit in accordance with the Single Audit Act Amendments of 1996. This separate report is available from the Department of Financial Services.

Profile of Yolo County

Yolo County incorporated in 1850 as one of California's original 27 counties. It is a general-law form of government, and as such, is a legal subdivision of the State of California. The County provides a full range of services that include general government, public protection, social services, public health, infrastructure, recreation and cultural services. The County is governed by a five-member Board of Supervisors (the Board). Members of the Board are elected by their respective district constituents on a non-partisan basis with staggered four-year terms. The chairmanship is rotated among the board members every year. Policy and legislative authority are vested in the Board, which is responsible for, among other things, passing ordinances, adopting the budget, appointing committees and commissions, and hiring the County Administrator and the County Counsel. The County Administrator is responsible for carrying out the policies, resolutions and ordinances of the Board, and for hiring the heads of departments within the County. Three department heads, namely the Assessor-Clerk Recorder-Registrar of Voters, District Attorney, and Sheriff-Coroner-Public Administrator, are elected by the entire County constituency on a non-partisan basis for four-year terms and are accountable directly to the public. In January 2015, all financial functions in the County were consolidated under the new Department of Financial Services headed by an appointed Chief Financial Officer, who assumes all the duties vested in the Auditor-Controller and Treasurer-Tax Collector.

Yolo County Economy

Yolo County is located in the rich agricultural regions of California's Central Valley and Sacramento River Delta. It is directly west across the Sacramento River from the State Capital of Sacramento. There are four incorporated cities in Yolo County: Davis, West Sacramento, Winters and Woodland. Agricultural viability and rural/small city quality of life are important to residents of the County. The County's leading economic activity is agriculture and is supported by other industries such as warehousing and distribution, food processing, technology and biotechnology research and development, and higher education at the University of California at Davis.

About 86% of Yolo County's population of 218,896 resides in the four incorporated cities. Davis, with a population of 68,740, has a unique university and residential community internationally known for its commitment to environmental awareness, progressive social programs and enthusiasm for cycling. Woodland, population 59,616, is the county seat. It has a strong historic heritage which is reflected in an impressive stock of historic buildings in its downtown area and surrounding neighborhoods. West Sacramento, population 53,163, is located across the Sacramento River from Sacramento, the State Capital. It is home to the Port of Sacramento, which is the leading export facility for rice in Northern California and an important infrastructure asset in the region. West Sacramento is also home to AAA baseball team, the Rivercats. Winters, population 7,255, is a small farming town nestled at the base of the Vaca Mountains and offers unique shops, restaurants and art galleries. It is close to Lake Berryessa and has become a favorite destination for bicycle enthusiasts. The unincorporated area of Yolo County, with a population of 30,122, has exceptionally productive soils, an excellent growing climate and adequate water supply which support its large and diverse agricultural industry.

The gross value of Yolo County's agricultural production in calendar year 2016 was \$662 million, representing a 0.4% decline from calendar year 2015, driven primarily by continued severe drought conditions and overall lower commodity prices. Processing tomatoes remains Yolo County's leading commodity with a gross value of \$122 million in 2016. Almonds, wine grapes, organic production and rice are also among the top five commodities according to gross value.

The local agriculture industry benefits from the resources available at the University of California at Davis, one of the nation's top public research universities and an acknowledged leader in agricultural, biological, biotechnological and veterinarian sciences. The University was established in 1908 as a State agricultural school. Today, the 5,300-acre campus, the largest of the UC campuses, enrolls over 36,441 students and offers 104 undergraduate majors and 99 graduate programs in four globally respected colleges (Agricultural and Environmental Sciences; Biological Sciences; Engineering; Letters and Sciences) and six professional schools (Business Management, Education, Law, Medicine, Veterinary Medicine, and Nursing). In 2015, the School of Veterinary Medicine was ranked as the No. 1 school in the world by QS World University Rankings and No. 1 among North America's 30 veterinary schools by U. S. News and World Report.

The County and its cities are known for a commitment to managed quality growth while providing economic opportunity. The County is situated between rapidly growing metropolitan areas and faces increasing development pressure from both Sacramento and the Bay Area, especially along the Interstate 80 corridor that links the two regions. Preserving the agricultural land base and small city and rural quality of life are important to residents of the County and are top priority goals of the County Board of Supervisors.

County of Yolo Comprehensive Annual Financial Report June 30, 2017

Yolo County has a strong commitment to the reduction of greenhouse gas (GHG) emissions, which is balanced with its strong commitment to agriculture and the role of agriculture in reducing GHG emissions. The majority of GHG emissions are the result of infrastructure and development decisions: how we build our buildings, where we put them, and the quality and type of infrastructure that are required to serve them. The County's 2030 General Plan adopted in November 2009 addresses those issues for unincorporated Yolo County, and establishes a land use pattern and strategy that will result in reductions in local GHG emissions. A notable initiative to reduce GHG emissions has been the construction of several major solar arrays between 2006 and 2014. Together, these arrays generate a combined 7.0 megawatts of renewable electricity annually, which more than offsets the entire electric usage from County operations. More recently, the County has entered into Joint Powers Agreement with the City of Davis and the City of Woodland to form the Valley Clean Energy Alliance (VCEA), a Community Choice Aggregation program that is designed to increase local renewable generation capacity and reduce GHG emissions from electricity use. It is anticipated that the VCEA will begin serving customers in the summer of 2018.

Yolo County has led the State in agricultural preservation for the last several decades, primarily by directing growth into the incorporated cities where services are available and where development can occur more efficiently. This effort has succeeded in preserving prime agricultural land, but has led to a diminishing economic base for the County. The County's share of property tax is the second lowest in the State. Therefore, the new General Plan seeks to remedy this situation by preserving agriculture while also allowing for measured, appropriate residential and economic development focused within existing communities that will meet regional needs and improve the County's fiscal condition.

Yolo County is part of the six-county Sacramento Region which covers 6,561 square miles with a population of 2.5 million. The region offers a welcoming business climate, an abundant and educated workforce, low cost of living and doing business, and excellent schools. The region is quickly developing into a world-class technology community, with a specific competitive advantage in renewable energy technologies.

The regional economy is driven by a workforce of 1,146,800 and total taxable sales of \$38.9 billion. The region has experienced strong population and steady job growth over the last few decades, with a gradual shift from government employment to private sector employment in high technology, life sciences, healthcare, and clean energy technology industries. The government sector has historically been the largest employment sector but is currently experiencing slower growth relative to the private sector.

Businesses in Yolo County are served by an excellent infrastructure. The transportation system includes three interstate highways, major railways, a deep water port, a major metropolitan airport and smaller regional airports which provide ready access to Northern California, West Coast and national and international markets. Increasingly high technology and information services are becoming prominent economic sectors in the region. There has been a surge of clean energy technology companies choosing to locate in the region to benefit from local assets.

In addition to the local economic environment, other factors from the State and Federal governments are shaping the financial condition of Yolo County. At the state level, passage of the Medical Marijuana Regulation and Safety Act in September 2015 and Proposition 64 in November 2016, which legalized recreational use of marijuana, are likely to have significant implications for County operations and finances. In addition, the recent dismantling of the Coordinated Care Initiative as part of the 2017-18 State Budget will result in a significant cost shift from the State to counties related to the In-Home Supportive Services program. At the federal level, uncertainty remains over the future of the Affordable Care Act and federal health insurance programs.

Major Initiatives

In Yolo County, the Board of Supervisors continues to build on prior countywide strategic planning efforts with the adoption of the 2016-2019 Strategic Plan, which includes four primary Strategic Plan Goals with the overall guiding principle of providing fiscally sound, dynamic and responsive services. In accordance with the Strategic Plan guiding principle, staff has continued work on long-term financial planning by assessing financial management practices and systems and refining financial policies.

These financial policies support financial sustainability and have percolated into the budget through the measured build-up of the general reserve, allowance for adequate contingencies during the budget year, increased transparency in presenting budget information, the development of the capital improvement plan and its funding mechanism, and the creation of reserves for road maintenance and repair and equipment replacement. Policies on budget, debts and obligations as well as audit and accountability have been strengthened to prepare the county for sustainable and controlled growth. The County has successfully implemented a funding plan for its other postemployment benefits (OPEB) liability and is using a similar approach to stabilize its pension liability.

During the budget for the 2017-18 fiscal year, the Board of Supervisors adopted a recommendation to increase the county's General Reserve by \$1,506,887 for an estimated year-end balance of \$10,917,107. This estimated reserve balance exceeds the minimum level recommended by the Government Finance Officers Association best practices and established in County financial policy.

In a similar effort to improve the financial infrastructure, the County is redesigning its financial services delivery through implementation of best practices prescribed by the international Government Finance Officers Association. As part of this plan, a new enterprise resources planning system is currently being implemented. Modules for finance & procurement, human resources and payroll have gone live, with additional modules for time keeping, talent management, contract management and budgeting slated for implementation in the upcoming year.

Excellence in Financial Reporting

Awards. The Government Finance Officers Association (GFOA) awarded a Certificate of Achievement for Excellence in Financial Reporting to the County for its comprehensive annual financial report (CAFR) for the fiscal year ended June 30, 2009. This was the thirteenth year that the County has received this prestigious award. In 2010 - 2016 the County did not apply for the award. The County Department of Financial Services believes our current report for June 30, 2017 conforms to the Certificate of Achievement program requirements and we are submitting it to the GFOA to determine its eligibility for a Certificate of Achievement.

<u>Acknowledgments.</u> The preparation of this comprehensive annual financial report would not have been possible without the dedication and efficiency of the staff of the Department of Financial Services, the support of the County Administrator and the County's independent auditor, Vavrinek, Trine, Day & Company, LLP. Credit is also due to members of the Board of Supervisors for their continued insistence on fiscal accountability in the County.

Respectfully Submitted,

Howard Newens, CPA, CIA Chief Financial Officer

INDEPENDENT AUDITORS' REPORT

To the Honorable Board of Supervisors County of Yolo, California

Report on the Financial Statements

We have audited the accompanying financial statements of the governmental activities, the business-type activities, the aggregate discretely presented component units, each major fund, and the aggregate remaining fund information of the County of Yolo, California, (County) as of and for the year ended June 30, 2017 and the related notes to the financial statements, which collectively comprise the County's basic financial statements as listed in the table of contents.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express opinions on these financial statements based on our audit. We did not audit the financial statements of First 5 Yolo and Yolo County Housing, which represent 79.45 percent, 67.86 percent, and 87.41 percent, respectively, of the assets, net position, and revenues of the aggregate discretely presented component units. Those statements were audited by other auditors whose reports have been furnished to us, and our opinion, insofar as it relates to the amounts included for First 5 Yolo and Yolo County Housing, is based solely on the reports of the other auditors. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Opinions

In our opinion, based on our audit and the report of other auditors, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, the business-type activities, the aggregate discretely presented component units, each major fund, and the aggregate remaining fund information of the County, as of June 30, 2017, and the respective changes in financial position and, where applicable, cash flows thereof, for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Emphasis of Matter

As described in Note 1 to the financial statements, the County implemented Governmental Accounting Standards Board (GASB) Statement No. 77, *Tax Abatements*, in 2017. Our opinion is not modified with respect to this matter.

Other Matters

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis, the schedules of changes in the net position liability and related ratios, the schedules of contributions, the other post-employment benefits schedule of funding progress, and budgetary comparison schedules, as listed in the table of contents, be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Other Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the County's basic financial statements. The introductory section, combining and individual nonmajor fund financial statements and schedules, and statistical section, are presented for purposes of additional analysis and are not a required part of the basic financial statements.

The combining and individual nonmajor fund financial statements and schedules is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the basic financial statements. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the combining and individual nonmajor fund financial statements and schedules is fairly stated, in all material respects, in relation to the basic financial statements as a whole.

The introductory and statistical sections have not been subjected to the auditing procedures applied in the audit of the basic financial statements and, accordingly, we do not express an opinion or provide any assurance on them.

Other Reporting Required by Government Auditing Standards

In accordance with *Government Auditing Standards*, we have also issued our report dated December 22, 2017, on our consideration of the County's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the County's internal control over financial reporting and compliance.

Vavrinik, Trine, Day & Co. UP Sacramento, California December 22, 2017

Management's Discussion and Analysis For the Fiscal Year Ended June 30, 2017

FINANCIAL HIGHLIGHTS

The information in this section is not covered by the Independent Auditor's Report, but is presented as required supplementary information for the benefit of the readers of the basic financial statements.

As management of the County of Yolo, California (the County), we offer readers of the County's financial statements this narrative overview and analysis of the financial activities of the County for the year ended June 30, 2017. We encourage readers to consider the information presented here in conjunction with additional information that we have furnished in the County's Basic Financial Statements, which immediately follow this section.

Government-wide Financial Analysis (in thousands)

Assets and deferred outflows of resources of the County exceeded its liabilities and deferred inflows of resources at June 30, 2017 by \$33,723 consisting of:

- \$171,664 represents the County's net investment in capital assets, less (1) accumulated depreciation, and (2) related outstanding debt used to acquire those assets.
- \$108,975 is available for the County's ongoing obligations related to programs with external restrictions by creditors, grantors, contributors and enabling legislation.
- (\$246,917) unrestricted deficit.

The County's total net position increased by \$21,201 from the prior year:

- Net investment in capital assets increased by \$10,475. The increase consists of the following: (1) capital asset acquisitions of \$17,910, (2) retirement of related debt of \$3,442, less (3) depreciation of \$10,822, and (4) loss on retirements of \$55.
- The \$2,408 increase in restricted net position represents the change in resources that are subject to external restrictions on their use. The increase is mainly attributable to large consumer fraud settlements by the District Attorney's Office offset by decreases restricted for capital projects.
- Unrestricted net position increased by \$8,318. The increase is mainly a result of a decrease in the deferred inflows of resources relating to pensions of \$13,029. This decrease is mainly from a new layer of differences between projected and actual earnings on plan investments.

Financial Analysis of County Governmental Funds (in thousands)

As of June 30, 2017, the County's governmental funds reported a combined ending fund balances of \$155,173, an increase of \$4,915, or 3% from the prior year. Amounts available for spending include restricted, committed, assigned and unassigned fund balances; these totaled \$143,810 or 93% of ending fund balance. Of this amount:

- \$89,182 is restricted by law or externally imposed requirements,
- \$20,720 is committed for specific purposes,
- \$32,313 is assigned, and
- \$1,595 is unassigned fund balance.

Management's Discussion and Analysis For the Fiscal Year Ended June 30, 2017

FINANCIAL HIGHLIGHTS (continued)

Financial Analysis of County Governmental Funds (in thousands) (continued)

As of June 30, 2017, the County's General Fund's total ending fund balance is \$70,508, an increase of \$6,784, or 11% from the prior year. The total fund balance available for spending is \$59,651 or 85% of ending total fund balance. Of this amount:

- \$17,370 is restricted by law or externally imposed requirements,
- \$8,205 is committed,
- \$32,059 is assigned and,
- \$2,017 is unassigned fund balance.

Capital Assets and Long-Term Liabilities (in thousands)

The County's capital assets (net of accumulated depreciation) increased by \$7,033, or 0.4% to \$208,351. Capital asset additions during the year totaled \$17,909 and included \$13,491 related to construction in process, and \$4,419 for other capital assets. The County recorded depreciation of \$10,822 and a net loss due to retirements and disposals of \$55.

The County's long-term liabilities decreased to \$408,133. The net increase of \$40,759, or 11.1%, is primarily made up of a \$45,610 increase in net pension liability, a \$1,773 decrease in capital leases payable, a \$996 decrease in certificates of participation, a \$344 decrease in special assessment debt, and a \$312 decrease in loans due to principal payments.

OVERVIEW OF THE BASIC FINANCIAL STATEMENTS

Management's Discussion and Analysis introduces the County's basic financial statements. The County's basic financial statements include three components:

- 1. Government-wide financial statements
- 2. Fund financial statements
- 3. Notes to the basic financial statements

Government-Wide Financial Statements

The government-wide financial statements provide an overview of the County's finances, in a manner similar to a private-sector business, that is, using the accrual basis of accounting. They demonstrate accountability of Yolo County government by showing the extent to which it has met operating objectives efficiently and effectively, using all resources available, and whether it can continue to do so.

The <u>statement of net position</u> presents information on all of the County's assets, deferred outflows of resources, liabilities, and deferred inflows of resources with the difference reported as net position. Over time, increases or decreases in net position may serve as a useful indicator of whether the financial position of the County is improving or deteriorating.

The <u>statement of activities</u> presents information on expenses and revenues to show how the County's net position changed during the fiscal year. All changes in net position are reported as soon as the underlying event giving rise to the change occurs, regardless of the timing of related cash flows. Thus, revenues are reported as soon as earned and expenses are reported as soon as incurred even though the related cash flows may not take place until future fiscal periods (e.g., uncollected taxes; earned but unused vacation leave).

Management's Discussion and Analysis For the Fiscal Year Ended June 30, 2017

OVERVIEW OF THE BASIC FINANCIAL STATEMENTS (continued)

Government-Wide Financial Statements (continued)

Both of these government-wide financial statements distinguish between activities of the County that are principally supported by taxes and intergovernmental revenues (governmental activities) and other activities that recover all or a significant portion of their costs through user fees and charges (business-type activities). The governmental activities of the County include general government, public protection, public ways and facilities, health and sanitation, public assistance, education and recreation and cultural services. The business-type activities of the County include Yolo County Central Landfill and Yolo County Airport.

Component units are included in the financial statements and are legally separate entities for which the County is financially accountable. Certain component units such as the County Service Areas, Yolo County Financing Corporation and In-Home Supportive Services Public Authority are essentially part of County operations and their financial data are blended with operational funds of the County. Other more independent component units such as certain Fire Districts, First 5 Yolo, and Yolo County Housing that are governed by boards that are appointed, and serve at the pleasure of the Board of Supervisors, are presented in discrete columns in these financial statements.

Fund Financial Statements

The fund financial statements provide evidence of fiscal accountability by demonstrating compliance with budgetary decisions made in public forum. A fund is a grouping of related accounts that are used to maintain control over resources that have been segregated for specific activities or purposes stipulated by laws, regulations or policies.

The County's funds are divided into three categories:

- Governmental funds
- Proprietary funds
- Fiduciary funds

Governmental funds: Governmental funds are used to account for essentially the same functions reported as governmental activities in the government-wide financial statements. However, unlike the government-wide financial statements, governmental fund financial statements focus on near-term inflows and outflows of spendable resources, as well as on balances of spendable resources available at the end of the fiscal year. Such information may be useful in evaluating a government's near-term financing requirements.

Because the focus of governmental funds is narrower than that of the government-wide financial statements, it is useful to compare the information presented for governmental funds with similar information presented for governmental activities in the government-wide financial statements. By doing so, readers may better understand the long-term impact of the government's near-term financing decisions. Both the governmental fund balance sheet and the governmental fund statement of revenues, expenditures, and changes in fund balances provide a reconciliation to facilitate this comparison between governmental funds and governmental activities.

The County maintains 128 individual governmental funds combined into 23 fund groups for reporting purposes. The County segregates, from the General Fund, a number of significant functions in major funds. Information is presented separately in the governmental funds balance sheet and in the governmental funds statement of revenues, expenditures and changes in fund balances for the General, Public Safety, Roads and Transportation, and Mental Health Managed Care funds, all considered major funds. Data for the non-major funds are aggregated into a column titled Nonmajor Governmental Funds. Detail for the nonmajor governmental funds is provided in the combining statements located in the Supplementary Information section of this report.

Management's Discussion and Analysis For the Fiscal Year Ended June 30, 2017

OVERVIEW OF THE BASIC FINANCIAL STATEMENTS (continued)

Fund Financial Statements (continued)

The County of Yolo adopts an annual appropriated budget for the General, Public Safety, Roads and Transportation, and Mental Health Managed Care funds and for all nonmajor special revenue, debt service and capital project funds. Budgetary comparison schedules for major special revenue funds as well as the detailed budget comparison schedule for the General Fund, are presented to demonstrate compliance with the budget, are included in the Required Supplemental Information section. Budgetary comparison schedules for nonmajor governmental funds are included in the Supplemental Information section of this report.

Proprietary funds: The County maintains two types of proprietary funds: enterprise funds and internal service funds. *Enterprise funds* are used to report the same functions presented as business-type activities in the government-wide financial statements. The County uses enterprise funds to account for its central landfill and airport operations. Each of these funds is presented in a separate column on these financial statements. *Internal service funds* are used to accumulate and allocate costs of central services among the County's various functions. The County uses internal service funds to account for solar electric generation, equipment replacement, telephone services, fleet services, unemployment self-insurance and dental self-insurance. Because these services predominantly benefit governmental rather than business-type functions, they are reported as governmental activities in the government-wide financial statements.

Proprietary funds statements provide the same type of information as the part of government-wide financial statements pertaining to business-type activities, only in more detail. The County's six internal service funds are combined into a single, aggregated presentation in the proprietary fund financial statements. Individual fund data for the internal service funds is provided in the form of combining statements in the Supplementary Information section of this report.

Fiduciary funds: Fiduciary funds are used to account for resources held by the County in a fiduciary capacity for other parties. Fiduciary funds are not reflected in the government-wide financial statement because the resources of those funds are not available to support the County's programs. In the fiduciary fund category, the County maintains an agency and a investment trust reporting fund. The accounting method used for fiduciary funds is similar to that used for proprietary funds. Each of the agency funds and investment trust funds are combined for reporting purposes.

Notes to the Basic Financial Statements

The Notes to the Basic Financial Statements provide additional information that is essential to a full understanding of the information provided in the basic financial statements described above.

Required Supplementary Information

In addition to the basic financial statements, this report presents other useful information. The information that is required by accounting standards, such as budgetary comparisons for the General Fund and other major special revenue governmental funds, is presented under Required Supplementary Information (RSI). Schedules of changes in the net pension liability and related ratios and schedules of contributions for the County's pension plans and the schedule of funding progress for the County's other postemployment benefit plan are also presented as RSI.

Supplementary Information

This report also includes other useful information in the Supplementary Information (SI) section, it includes:

- Combining and individual fund statements and schedules for the aggregated nonmajor governmental funds
- Combining and individual fund statements for the aggregated internal services funds
- Agency funds combining statements
- Combining fund statements for the aggregated component unit fire districts

Management's Discussion and Analysis For the Fiscal Year Ended June 30, 2017

OVERVIEW OF THE BASIC FINANCIAL STATEMENTS (continued)

Statistical Section

This report also includes unaudited supplemental data for the benefit of the readers of the comprehensive annual financial report. The objectives of the statistical section information are to provide financial statement users with additional historical perspective, context, and detail to assist in using the information in the financial statements, notes to the financial statements, and required supplementary information to understand and assess a government's economic condition.

As noted earlier, over time, net position may serve as useful indicators of a government's financial position. In the case of the County, assets and deferred outflows of resources exceed liabilities and deferred inflows of resources by \$33,722 at the close of the fiscal year.

Management's Discussion and Analysis For the Fiscal Year Ended June 30, 2017

GOVERNMENT-WIDE FINANCIAL ANALYSIS (in thousands) (continued)

Analysis of Assets and Liabilities

Current assets: Current assets increased by \$7,806. The increase in current assets is attributable to the County's improving financial condition.

Capital assets: The \$7,033 increase in capital assets is mostly attributable to \$17,910 of asset acquisition during the year while depreciation expenses totaling of \$10,822 were incurred on existing county assets.

Deferred outflows: The \$33,315 increase in the deferred outflows is due to contributions to the pension system that are after the measurement date of the net pension liability.

Current liabilities: The \$777 decrease in current liabilities is mainly due to decreases in short term amounts payable on capital leases due to the payoff of the capital lease for the INFOR software project in FY2017.

Non-current liabilities: The \$40,759 increase in non-current liabilities is primarily attributable to \$45,610 increase in net pension liability and an increase of \$777 to the estimated landfill closure liability due to a revised state estimate. Slightly offsetting these are a decrease in the net OPEB liability of \$1,782 and a decrease of other long term liabilities of \$3,866 from debt service principal payments.

Deferred inflows: The \$13,029 decrease is primarily due to differences in projected and actual earnings on pension plan investments recorded during the current fiscal year. The earnings of the plan during the period resulted in a reduction to the deferred inflow.

Analysis of Net Position

The County's total net position increased by \$21,201, or 169%, during the fiscal year. The change in net position is described below for each component.

Net investment in capital assets: The largest component of the County's net position is invested in capital assets (e.g., land, easements, construction in process, infrastructure (roads and bridges), software, structures and improvements and equipment), less the related outstanding debt used to acquire those assets. The County uses these capital assets to provide services to citizens; consequently, these assets are not available for future spending. Although the County's investment in its capital assets is reported net of related debt, it should be noted that the resources needed to repay this debt must be provided from other sources, since the capital assets themselves cannot be used to liquidate these liabilities.

The total net investment in capital assets was \$171,665 at fiscal year end and consisted of the following: investment in capital assets (net of accumulated depreciation) of \$208,351 less the related debt (net of unexpended proceeds) of \$36,686. The \$10,475 increase in net investment in capital assets represents capital acquisitions and retirements, less current year depreciation, and the addition and/or retirement of related long-term debt.

Restricted net position: Total restricted net position increased by \$2,408. Highlights of the changes in restricted net position is as follows:

- \$3,217 increase in amounts restricted for public protection programs due mainly to large consumer fraud settlements by the District Attorney's Office.
- \$495 decrease in amounts restricted for capital projects. This amount primarily decreased due to usage of county funding for the Jail expansion projects of \$244.
- \$258 decrease in amounts restricted for roads and transportation.

Unrestricted net position: Unrestricted net position increased by \$8,318. The majority of the increase was the result of the decrease in deferred inflows of resources related to pensions due to differences between projected and actual investment earnings realized during the fiscal year.

Management's Discussion and Analysis For the Fiscal Year Ended June 30, 2017

GOVERNMENT-WIDE FINANCIAL ANALYSIS (in thousands) (continued)

Analysis of Statement of Activities

Total net position increased by \$21,201, or by 169%. Governmental activities net position increased by \$17,541 and business-type activities net position increased by \$3,660 for the fiscal year ended June 30, 2017.

The following table shows the revenue, expenses, and changes in net position for governmental and business-type activities:

Management's Discussion and Analysis For the Fiscal Year Ended June 30, 2017

GOVERNMENT-WIDE FINANCIAL ANALYSIS (in thousands) (continued)

Analysis of Governmental Activities

Revenues: Total revenues for the County's governmental activities had an overall increase from the prior year of \$20,682, or by 7% to \$303,111. Revenues are divided into two categories: program revenues and general revenues.

<u>Program revenues</u> had an overall increase of \$12,303, or by 5%, from the prior year.

- Charges for services increased by \$9,199, or by 24%. The increase is partially due to 1) \$3,448 in miscellaneous charges such as construction permits, recording fees, and law enforcement services; 2) \$3,042 increase in District Attorney settlements, and 3) \$2,179 in current secured levies due to increased property taxes as well as direct charges for the Davis Library.
- Operating grants and contributions increased by \$2,988, or by 2%. This category includes federal and state operating grants. The increase is mostly due to additional received for State and federal funding for social services programs.
- Capital contributions and grants increased by \$116, or by 3%. The primary cause was a gain on the buyout of solar arrays on County libraries.

<u>General revenues</u> had an overall increase of \$8,379, or by 7%, from the prior year. The most significant changes are as follows:

- Property taxes increased by \$7,293, or 17%, which was expected since the County Assessor's delivered roll increased by 5.27% over the prior year.
- Sales and use taxes increased by \$674, or by 14%, due to the improving economy.

Expenses: Total expenses for the governmental activities were \$285,570, an increase of \$20,441, or 8%, from the prior year. The most significant changes are as follows:

- Health and Sanitation The increase of \$9,975 is composed of the following: 1) \$5,423 is due to a financial reporting adjustment in the current year properly reporting infrastructure projects under public ways and facilities, and 2) \$3,329 is attributable to increased payments to Community Based Organizations for professional services due to increases in acute hospitalizations, client treatment, mental health, and residential services.
- General Government The increase of \$6,500 is mainly attributable to \$6,026 construction costs for the juvenile detention center and Leinberger facility.
- Public Protection The increase of \$4,590 is mainly attributable to personnel costs due to filling vacant positions as well as most bargaining units receiving 2% COLAs. In addition, contributions to CalPERS increased approximately 1% of payroll. The cannabis cultivation program incurred expenses of \$598.
- Public Ways and Facilities The decrease of \$4,545 is due to a financial reporting adjustment in the current year properly reporting infrastructure projects under capital outlay.

Management's Discussion and Analysis For the Fiscal Year Ended June 30, 2017

GOVERNMENT-WIDE FINANCIAL ANALYSIS (in thousands) (continued)

Analysis of Business-type Activities

The net position of business-type activities increased by \$3,660, or 28%. The increase is a result of a change in the estimate of the County landfill's closure and postclosure liability. This is reviewed annually and at times takes into account changes in technology and state regulations for the closure liability. The liability was \$22,409 at June 30, 2016 and after the updated estimate was \$23,186 as of June 30, 2017. Total revenues were \$16,469 which increased by \$2,738, or by 20%, and total expenses were \$12,809 which increased by \$3,567, or by 39%.

- <u>Airport</u> Total program revenue charges of services for the airport decreased by \$15 to \$183. Expenses decreased by \$50, or by 11%. Much of the decrease in expenditures were due to FAA grant engineering services and consulting fees during the 2015-16 fiscal year that were not repeated during 2016-17.
- <u>Landfill</u> Total program revenue increased by \$3,108, or by 25%, driven by increased waste volume. Total expenses increased by \$3,616, or by 41%. The increase is primarily due to increased costs of operating the methane plant including \$2,429 in services and supplies such as maintenance and \$432 in operating costs such as equipment. Also, the close and postclosure liability estimate increased \$731.

FINANCIAL ANALYSIS OF FUNDS (in thousands)

The County uses fund accounting to ensure and demonstrate compliance with budgetary and legal requirements. The major difference between these fund statements and the government-wide statements is that the latter are based on the accrual basis of accounting and thus include certain revenues and expenses that are not accrued in the former.

Governmental funds. These funds account for the same functions reported as governmental activities in the Government-wide Financial Statements, excluding activities accounted for in internal service funds. However, unlike the Government-wide Financial Statements, governmental fund financial statements focus on near-term inflows and outflows of spendable resources, as well as on balances of spendable resources available at the end of the year (modified accrual basis of accounting). Such information is useful in assessing the County's near-term financing requirements. In particular, total fund balance less the nonspendable portion is a useful measure of the County's net resources available for spending at the end of the fiscal year. These funds include the General Fund, special revenue funds, debt service funds, and capital project funds. These funds also include County Service Areas governed by the Board of Supervisors.

Only the major funds are reported in separate columns: General Fund, Public Safety Fund, Roads and Transportation Fund, and Mental Health Managed Care Fund. All others are non-major funds and are aggregated under Nonmajor Governmental Funds: these include special revenue funds, debt service funds and capital project funds. These nonmajor funds are presented in detail in the sub-section Combining and Individual Fund Statements and Schedules in the Supplementary Information section.

Management's Discussion and Analysis For the Fiscal Year Ended June 30, 2017

FINANCIAL ANALYSIS OF FUNDS (in thousands) (continued)

At June 30, 2017, the County's governmental funds reported combined ending fund balances of \$155,173 representing an increase of \$4,915 in comparison with the prior year. The components of total fund balance are as follows:

- Nonspendable fund balance, \$11,063, are amounts that are not spendable in form, or are legally or contractually required to be maintained intact and are made up of (1) permanent funds of \$9,085, and (2) loans receivable of \$1,029, and (3) prepaid expenditures, deposits and inventory of \$949.
- Restricted fund balance of \$96,599 consists of amounts with constraints put on their use by externally imposed creditor, grantors, contributions, laws, regulations or enabling legislation.
- Committed fund balance of \$13,769 are amounts set aside for specific purposes by the Board of Supervisors, such as \$800 to fund OPEB.
- Assigned fund balance of \$22,738 represents amounts set aside by the Board of Supervisors, County Administrator and Department of Financial Services for specific purposes and can be re-directed for other purposes with less formality than committed funds. \$10,551 of these funds were appropriated to finance a projected deficit in the fiscal year 2017-18 budget.
- Unassigned fund balance, \$11,005, represents a Board designated general reserve of \$9,410, residual classification for the County's General Fund of \$2,018 as well as governmental funds where expenditures exceeded other available fund balance in the amount of (\$422).

The **General Fund** is the main operating fund of the County. The General Fund's total fund balance increased by \$6,783, from \$63,723 to \$70,506 at June 30, 2017. The nonspendable portion of fund balance was \$10,856, and the spendable portion was \$59,650, an increase of \$5,389 from the prior year spendable fund balance of \$54,262. The increase was primarily due to increased funding from the State, budget savings, and realization of revenues in excess of estimated amounts.

As a measure of the General Fund's liquidity, it is useful to compare both total fund balance and spendable fund balance to total fund expenditures. Total fund balance equates to 45% of General Fund expenditures while spendable fund balance equates to 38% of total General Fund expenditures. Of the General Fund's spendable fund balance, \$17,370, or 29%, is restricted, \$8,205, or 14%, is committed, \$22,648, or 38%, is assigned, and \$11,427, or 19% is unassigned.

The **Public Safety Fund (PSF)** is a major special revenue fund that records the expenditures of the ½ cent sales tax restricted for public safety activities and the required County match. These expenditures includes activities of the Sheriff, Probation and District Attorney departments. The PSF total fund balance increased from \$406 to \$2,602 due to increased activities such as real estate fraud prosecution and asset forfeiture. Fund expenditures increased by \$2,734, from \$57,789 to \$60,523. The increase is approximately 5% and mainly due to staffing and associated salary and benefit increases.

The **Roads and Transportation Fund** is a major special revenue fund that finances the maintenance and construction of County roads and bridges from the receipts of dedicated gas taxes and state and federal grants. This fund also finances County transit services from a dedicated sales tax. Total fund balance decreased by \$291 or by 1%. Fund revenues decreased by \$702 and fund expenditures increased by \$594. This was due to expenditures increasing as more projects enter the construction phase.

The **Mental Health Managed Care Fund** is a special revenue fund that accounts for the County's adult and children's mental health programs by providing outpatient, day rehabilitation, acute inpatient, board and care and vocational services. These services are funded primarily from state and federal revenues restricted for mental health services. Total fund balance is \$11,175, of which \$7,938 represents unexpended restricted Mental Health Services Act Funding (Proposition 63) and the remaining \$3,237 are also restricted from state realignment and other mental health and alcohol and drug programs.

Management's Discussion and Analysis For the Fiscal Year Ended June 30, 2017

FINANCIAL ANALYSIS OF FUNDS (in thousands) (continued)

The following table presents the revenues from various sources as well as increases or decreases from the prior year in the governmental funds.

	Revenues	in the Govern	nme	ental Fund	S					
	20	17		201	.6		Change

Significant changes for major revenue sources are explained below.

- Taxes This category includes property, transient occupancy, documentary and sales taxes. The increase of \$2,377 consists of following:
 - o Property taxes increased by \$7,292, or 17%, which was expected since the County Assessor's delivered roll increased by 5.27% over the prior year.
 - o Documentary taxes increased by \$143, or 11%, due to continued improvement in the housing market.
 - o Sales tax improved by \$142 or 4% due to continued improvement in the local economy.
 - o Transient occupancy tax increased by \$34, or 6%, due to continued growth in occupancy in a major facility in Davis and more active collection actions.
- Licenses, permits, and franchises This category includes regulatory-type payments. The increase of \$2,920 is primarily attributable to the following:
 - Permits and fees related to cannabis cultivation totaled \$1,736. This is a new program for fiscal year 2016-17.
 - o Construction permits increased to \$1,387, an increase of \$404, or 41%.
 - o Franchise payments increased to \$924, an increase of \$404, or 78%.
 - o Zoning permits increased to \$329, an increase of \$94, or 40%.
 - O Business licenses increased to \$85, an increase of \$10, or 13%.
 - o Animal licenses decreased to \$449, a decrease of \$27, or 6%.

Management's Discussion and Analysis For the Fiscal Year Ended June 30, 2017

FINANCIAL ANALYSIS OF FUNDS (in thousands) (continued)

- Fines, forfeitures, and penalties This category includes fines, forfeitures and penalties levied by the courts for vehicle and criminal offenses and from noncompliance of County ordinances. The increase of \$2,808 is mostly attributable to an increase in Consumer fraud fine settlements from \$154 in the prior year to \$3,197 in the current year. These fines generally as a result of court settlements and there were a few large settlements in the current year.
- Revenue from the use of money and property This category includes investment earnings, rents, concessions and royalties. The decrease of \$772 is as follows:
 - Investment earnings decreased to \$1,446 compared to \$2,098 in the prior year. The decrease is mainly due to conversion of the Treasury Pool to apportion interest on a amortized cost basis as opposed to a market value basis to provide stability in the apportionment during 2016-17.
- Aid from other governments This category includes funding from state, federal and other local agencies. The majority of these funds are restricted as to use. The following highlights some of the year-to-year changes included in the increase of \$6,461, or 3%:
 - o The County received a State grant of \$4,575 for expansion of a juvenile detention facility.
 - o Payments from Tribal governments increased \$1,166.
- Charges for services This category includes charges for services to the public, other governments, and between county departments. The \$2,548 decrease is partially due to the following:
 - \$2,035 received in the prior year from the State in Health fees as part of the State Department of Healthcare Services Intergovernmental transfer program not received in the current year.
- Other revenue This category includes all other revenues not accounted for in the other categories including other sales, unclaimed property and money, seized funds, assistance repayments and contributions and grants from non-governmental entities and increased \$1,577.

Management's Discussion and Analysis For the Fiscal Year Ended June 30, 2017

FINANCIAL ANALYSIS OF FUNDS (in thousands) (continued)

The following table presents expenditures by function compared to prior year's amounts in the governmental funds.

Expenditures in the Governmental Funds														
		20	17		20	16	Change							
Function		Amount	% of Total		Amount	% of Total	A	Amount	% of Total					
General government	\$	27,698	9.1%	\$	26,162	9.1%	\$	1,536	5.9%					
Public protection		97,943	32.3%		94,893	33.0%		3,050	3.2%					
Public ways and facilities		7,338	2.4%		11,935	4.1%		(4,597)	-38.5%					
Health and sanitation		50,733	16.7%		47,401	16.5%		3,332	7.0%					
Public assistance		92,979	30.6%		92,049	32.0%		930	1.0%					
Education		6,746	2.2%		6,619	2.3%		127	1.9%					
Recreation and cultural services		1,864	0.7%		1,721	0.6%		143	8.3%					
Capital outlay		15,323	5.0%		2,294	0.8%		13,029	568.0%					
Debt - principal		2,319	0.8%		3,576	1.2%		(1,257)	-35.2%					
Debt - interest and fiscal charges		550	0.2%		737	0.3%		(187)	-25.4%					
Debt issuance cost		-	0.0%		238	0.1%		(238)	-100.0%					
	\$	303,493	100.0%	\$	287,625	100.0%	\$	15,868	5.5%					

Significant changes for major functions are explained below:

- General Government The increase of \$1,536 is primarily attributable to costs related to demolish the abandoned Yolo County General Hospital.
- Public Protection The increase of \$3,050 is mainly attributable to personnel costs due to filling vacant positions as well as most bargaining units receiving 2% COLAs. In addition, contributions to CalPERS increased approximately 1% of payroll. The cannabis cultivation program incurred expenses of \$598
- Public Ways and Facilities The decrease of \$4,597 is due to a financial reporting adjustment in the current year properly reporting infrastructure projects under capital outlay.
- Health and Sanitation The increase of \$3,332 is attributable to increased payments to Community Based Organizations for professional services due to increases in acute hospitalizations, client treatment, mental health, and residential services.
- Public Assistance The increase of \$930 is due to payments to Mercy Housing California related to the construction of affordable housing in Esparto.
- Capital Outlay The increase of \$13,029 is made up of 1) roads related infrastructure (\$5,191), 2) the expansion of juvenile hall (\$4,048), and 3) construction of the Leinberger facility (\$1,356).
- Principal on Long-Term Debts The decrease of \$1,257 is due to prior year payment of the principal upon refunding of Davis CFD #1 Library bonds.

Management's Discussion and Analysis For the Fiscal Year Ended June 30, 2017

FINANCIAL ANALYSIS OF FUNDS (in thousands) (continued)

Proprietary funds. The County's proprietary funds provide the same type of information found in the government-wide financial statements, but in more detail.

Enterprise Funds

Total enterprise funds net position, which at year-end were comprised of the Yolo County Airport Fund and the Central Landfill Fund, increased by \$3,692, or by 22%, from the prior year.

The **Yolo County Airport Fund** total net position decreased by \$174 to \$2,203. The decrease is due to lower concession and lease payments as well as decreased fuel sales.

The **Yolo County Central Landfill** net position increased by \$3,867, or by 35%. Operating revenues increased by \$3,108, or by 25%. The increase is due to increased waste volume and recycle sales as well as revenue from energy generation from the methane plant. Operating expenses increased by \$4,005 or 46% due to increased costs of operating the methane plant as well as an increase in the closure and post-closure liability expense.

GENERAL FUND BUDGETARY VARIANCES (in thousands)

The County's final budget appropriations for expenditures, including transfers out, for the General Fund differ from the original budget by supplemental appropriations of \$12,112, or 2%. The changes in appropriations to each object are as follows:

- Salary and benefits decreased by \$1,936 or 2%;
- Services and supplies decreased by \$3,397 or 9%;
- Other charges increased by \$818 or 2%;
- Capital asset appropriations increased by \$362 or 17%;
- Other financing uses increased by \$7,104 or 8%;
- Intrafund transfers decreased by \$11,192 or 1,280%;
- Appropriations for contingencies decreased by \$396 or 22%.

Revenue

General Fund estimated revenues, including transfers in, totaled \$247,294 the amount realized was \$240,425 for a net negative impact on fund balance (budget variance) of \$6,869.

Expenditures

The County's General Fund's final appropriations totaled \$270,230 and budgetary expenditures totaled \$236,622 for a net savings (positive budget variance) of \$33,608. On the next page is a summary of General Fund appropriations and budgetary actual by object.

By year-end, appropriation savings and under realization of revenues combined to reduce the budget plan to draw upon fund balance by \$22,936 and added to fund balance of \$26,793. Budgetary fund balance totaled \$67,527 at year end.

CAPITAL ASSETS AND DEBT ADMINISTRATION (in thousands)

Capital assets

The County's investment in capital assets, net of accumulated depreciation, for its governmental and business-type activities as of June 30, 2017, is \$208,351. This investment in capital assets includes land, easements, software, infrastructure, structures and improvements and equipment. In fiscal year 2016-17 the County's investment in capital assets increased by \$7,860, or by 3%, in both the governmental activities and business-type activities. The increase in investment in capital assets is primarily due to additions to construction in process.

In May, 2017, Standard & Poor's Rating Services raised its long-term rating for the County's general obligation debt to 'A+' with a stable outlook. S&P has rated the County's certificates of participation as 'A-' with a stable outlook since May, 2014.

Standard & Poor's Rating Services in October 2015 raised its underlying rating (SPUR) to "AA" from 'AA-' on the County's special tax bonds, issued on behalf of Community Facilities District No. 1989-1.

The legal debt margin for the County at the end of the fiscal year is \$331.8 million representing 1.25% of the County's assessed valuation.

Additional information on the County's long-term liabilities can be found in Note 9 to the financial statements.

Management's Discussion and Analysis For the Fiscal Year Ended June 30, 2017

ECONOMIC FACTORS AND 2017-18 BUDGET

The following factors were considered in preparing the County's budget for the 2017-18 fiscal year which increased 16% over the prior year's budget.

- Property tax revenues are expected to increase 5% due to continued strength in the housing market.
- Sales tax revenues are expected to increase by 6% due to improving receipts for the State Board of Equalization.
- The 2017-18 budget includes the use of \$10.6 million in one-time available General Fund fund balance.
- The General Reserve is expected to increase by \$1.5 million to a total of \$10.9 million, or approximately 5.5% of General Fund expenditures as defined in the County's Policy on Fund Balances and Reserves, including the Public Safety Fund.
- The 2017-18 budget includes a small reduction in total positions forecasting slowing economic growth.
- The 2017-18 budget reflected the third year of a 15-year OPEB pre-funding plan that was approved by the Board of Supervisors in December 2014.
- The 2017-18 budget included implementation of a pension funding strategy, including allocation of \$1.2 million to a pension stabilization reserve.

The County's financial condition has improved significantly over the past several years and should continue to improve slowly in the near term. However, economic conditions are projected to weaken over the next several years, and the impact of the recently enacted IHSS cost shift to counties from the State remains uncertain.

REQUEST FOR INFORMATION

This financial report is designed to demonstrate accountability by the Yolo County government by providing both a long-term and near-term views of the County's finances. Questions or comments regarding any of the information presented herein or requests for additional financial information should be addressed to the Department of Financial Services, P.O. Box 1268, Woodland, CA 95776-1268 or auditor@yolocounty.org. The complete report is also available at the County web site at http://www.yolocounty.org.

Reconciliation of the Statement of Revenues, Expenditures and Changes in Fund Balances of Governmental Funds to the Statement of Activities - Governmental Activities

For the Fiscal Year Ended June 30, 2017

Changes in fund balances - Total Governmental Funds		\$ 4,915,469
Amounts reported for governmental activities in the statement of activities are different because:		
Governmental funds report capital outlay as expenditures. However, in the statement of activities, the cost of those assets is allocated over their estimated useful lives and reported as depreciation expense.		
Expenditures for general capital assets, infrastructure, and other related capital assets adjustments Less current year depreciation and loss on disposal of capital assets	\$ 16,382,760 (9,059,014)	7,323,746
Revenues in the statement of activities that do not provide current financial resources are not reported as revenue in the funds: Other governmental revenue	(664,139)	7,323,740
Issuance of debt and capital leases are reported as other financing sources in the funds statements, however, debt issuance and capital leases are reported as		(664,139)
increases to long-term debt balances in the statement of net position. Capital leases	(33,664)	(33,664)
Liability for matured debt obligations are reported as an expenditure in the governmental funds:		(==,==,)
Short Doyle/Medi-Cal audit disallowances Repayment of debt principal is an expenditure in the governmental funds, but the	1,378,881	1,378,881
repayment reduces long-term liabilities in the statement of net position. Principal repayments:		
Special assessment with government commitment Certificates of participation Capital leases	335,000 190,000 1,806,635	
Pollution remediation settlement	100,000	2,431,635
Some expenses reported in the statement of activities do not require the use of current financial resources and, therefore, are not reported as expenditures in governmental funds.		
Other postemployment benefits obligation Pension expense associated with net pension liability Change in compensated absences	1,782,086 (6,677) 113,157	
Amortization of deferred loss on refunding Amortization of debt premium Change in accrued interest	(23,931) 9,435 6,000	1,880,070
Internal service funds are used by management to charge the costs of certain activities to individual funds. The net revenue of certain activities of the		
internal service funds is reported with governmental activities.		 309,417
Change in net position of Governmental Activities		\$ 17,541,415

Notes to the Basic Financial Statements For the Fiscal Year Ended June 30, 2017

Note 1: Summary of Significant Accounting Policies

A. The Financial Reporting Entity

1. Reporting Entity

The County of Yolo (the County) is a legal subdivision of the State of California and was incorporated in 1850 as a general law county. It is governed by an elected five-member Board of Supervisors and provides the following services: general government, public protection, public ways and facilities, health and sanitation services, public assistance, education, and recreation and cultural services. The County is a general purpose local government.

The governmental reporting entity consists of the County (Primary Government) and its component units. Component units are legally separate organizations for which the Board is financially accountable or other organizations whose nature and significant relationship with the County are such that exclusion would cause the County's financial statements to be misleading or incomplete. Financial accountability is defined as the appointment of a voting majority of the component unit's board, and (i) either the County's ability to impose its will on the organization or (ii) there is potential for the organization to provide a financial benefit to or impose a financial burden on the County.

The basic financial statements include both blended and discretely presented component units. The blended component units, although legally separate entities are, in substance, part of the County's operations and so data from these units are combined with data of the primary government. The basis for blending the component units is as follows:

- The component unit's governing body is substantially the same as the County's
 and there is a financial benefit or burden relationship between the County and the
 component unit or management of the County has operational responsibility of the
 component unit.
- 2) The component unit provides service entirely, or almost entirely, to the County or otherwise exclusively, or almost exclusively, benefits the County even though it does not provide services to it.
- 3) The component unit's total debt outstanding, including leases, is expected to be repaid entirely or almost entirely with resources of the County.

The discretely presented component units, on the other hand, are reported in separate columns in the government-wide financial statements to emphasize they are legally separate from the government.

Unless otherwise noted, additional detailed information and/or separately issued financial statements of the County's component units can be obtained from the County Department of Financial Services by writing to the County of Yolo, P.O. Box 1268, Woodland, CA 95776-1268.

Notes to the Basic Financial Statements For the Fiscal Year Ended June 30, 2017

Note 1: Summary of Significant Accounting Policies (continued)

A. The Financial Reporting Entity (continued)

2. Blended Component Units

County Service Areas and other small districts are governed by the Board of Supervisors, managed by a County department, and may have an advisory board appointed by the Board of Supervisors. The following Districts are reported as special revenue funds of the County; Clarksburg Lighting District, Rolling Acres Permanent Road Division, El Macero County Service Area, Snowball County Service Area No. 6, County Service Area No. 9, North Davis Meadows County Service Area No. 10, Dunnigan County Service Area No. 11, Willowbank County Service Area No. 12, Esparto County Service Area No. 14, Madison County Service Area, and Wild Wings County Service Area.

Yolo County Financing Corporation is a nonprofit public benefit corporation and is not organized for the private gain of any person. The Corporation, although a legally separate entity, is in substance part of the County's operations because it provides capital financing services to the County. Financial information for the Corporation is combined with other operational funds of the County.

Yolo County In-Home Supportive Services (IHSS) Public Authority is a legally separate special purpose governmental unit created to maintain registry and referral system to assist consumers in finding qualified in-home supportive services personnel as well as training of and support for providers and recipients of IHSS. The County's Board is the governing board for the IHSS Public Authority and is reported as a special revenue fund of the County. The County Health and Human Services Agency (HHSA) manages this agency.

Notes to the Basic Financial Statements For the Fiscal Year Ended June 30, 2017

Note 1: Summary of Significant Accounting Policies (continued)

A. The Financial Reporting Entity (continued)

3. Discretely Presented Component Units

Board Governed Fire Districts: These districts are legally separate special purpose governmental units responsible for fire protection and emergency medical services to the general public within specified geographical areas and they do not provide any services to the County government. The County Board of Supervisors (BOS) appoints all members of the Districts' boards who serve at the pleasure of the appointing authority. The BOS approves the final budget of these Districts. These Districts are reported in a separate column to emphasize that they are legally separate from the County. The following fire districts have been included in that column – Capay Valley, Dunnigan, East Davis, Esparto, Knights Landing, West Plainfield, Willow Oak, Winters and No Mans Land.

First 5 Yolo was established under the authority of the California Children and Families First Act of 1998 and sections 130100, et seq. of the Health and Safety Code. The BOS appoints all members of the commission, who serve at the pleasure of the appointing authority, and a member of the BOS acts as chair. The BOS also approves the final budget of the commission. First 5 Yolo's financial statements are audited by other accountants and are included as a discretely presented component unit on the County's government-wide statements. To obtain a complete copy of the separately audited financial statements contact First 5 Yolo at 502 Mace Blvd. Suite 11, Davis, CA 95618.

Yolo County Housing (YCH): On March 15, 2011 the BOS adopted an ordinance creating a Housing Commission that is responsible for overseeing the day-to-day operations of YCH. All members of the Housing Commission serve at the pleasure of the BOS and can be removed at will. Furthermore, the Commission approved the delegation of certain powers to a Board of Governors. The BOS serve as the Board of Governors with the ability to request a review of any decision of the Housing Commission and can appoint or dismiss the YCH executive director. YCH's financial statements are audited by other accountants and are included as a discretely presented component unit on the County's government-wide statements. To obtain a complete copy of the separately audited financial statements contact YCH at 147 W. Main Street, Woodland, CA 95695.

Notes to the Basic Financial Statements For the Fiscal Year Ended June 30, 2017

Note 1: Summary of Significant Accounting Policies (continued)

B. New Accounting Pronouncements

The following Governmental Accounting Standards Board (GASB) Statements have been implemented in the current financial statements:

GASB Statement No. 74, Financial Reporting for Postemployment Benefit Plans Other Than Pension Plans, issued June 2015, will improve the usefulness of information about postemployments benefits other than pensions included in the general-purpose external financial reports of state and local governmental OPEB plans for making decisions and assessing accountability. This statement is effective for fiscal years beginning after June 15, 2016.

GASB Statement No. 77, *Tax Abatement Disclosures*, issued August 2015, improves financial reporting by giving users of financial statements essential information that is not consistently or comprehensively reported to the public at present. Disclosure of information about the nature and magnitude of tax abatements will make these transactions more transparent to financial statement users. This statement is effective for fiscal years beginning after December 15, 2015.

GASB Statement No. 78, Pensions Provided Through Certain Multiple-Employer Defined Benefit Pension Plans, issued December 2015, addresses a practice issue regarding the scope and applicability of Statement No. 68, Accounting and Financial Reporting for Pensions. This issue is associated with pensions provided through certain multiple-employer defined benefit pension plans and to state or local governmental employers whose employees are provided with such pension. This statement is effective for fiscal years beginning after December 15, 2015.

GASB Statement No. 80, Blending Requirements for Certain Component Units – An Amendment of GASB Statement No. 14,, issued January 2016, amends the blending requirements for component units incorporated as a not-for-profit corporation in which the primary government is the sole corporate member. This statement is effective for fiscal years beginning after June 15, 2016.

The result of the implementation of these GASB Statement No. 77 is included in the disclosures in Note 21 "Tax Abatements". GASB Statement No. 74, 78, and 80 were evaluated and did not have a material impact on the financial statements.

C. Basis of Presentation

Government-Wide Financial Statements

The statement of net position and statement of activities display information about the non-fiduciary responsibilities of the primary government (the County) and its component units. These statements include the financial activities of the overall government, except for fiduciary activities. Eliminations have been made to remove the double counting of internal activities.

Notes to the Basic Financial Statements For the Fiscal Year Ended June 30, 2017

Note 1: Summary of Significant Accounting Policies (continued)

C. **Basis of Presentation** (continued)

These statements distinguish between the *governmental* and *business-type activities* of the County and between the County and its discretely presented component units. Governmental activities, which normally are supported by taxes and inter-governmental revenues, are reported separately from business-type activities, which rely to a significant extent on fees charged to external parties.

Government-Wide Financial Statements (continued)

The statement of activities presents a comparison between direct expenses and program revenues for each segment of the business-type activities of the County and for each function of the County's governmental activities. Program expenses include direct expenses, which are clearly identifiable with a specific function, and allocated indirect expenses. Program revenues include 1) charges paid by the recipients of goods or services offered by the programs and 2) grants and contributions that are restricted to meeting the operational or capital requirements of a particular program. Revenues that are not classified as program revenues, including all taxes, are presented instead as general revenues.

When both restricted and unrestricted net position are available, unrestricted resources are used only after restricted resources are depleted.

Fund Financial Statements

The fund financial statements provide information about the County's funds, including fiduciary funds and blended component units. Separate statements for each fund category – *governmental*, *proprietary and fiduciary* – are presented. The emphasis of fund financial statements is on major governmental and enterprise funds, each displayed in a separate column. All remaining governmental funds are separately aggregated and reported as nonmajor funds.

Proprietary fund *operating* revenues, such as charges for services and concessions and leases, result from exchange transactions associated with the principal activity of the fund. Exchange transactions are those in which each party receives and gives up essentially equal values. *Nonoperating* revenues, such as noncapital grants and contributions, investment earnings, and proceeds from sale of assets and non-operating expenses, result from nonexchange transactions or ancillary activities.

The County reports the following major governmental funds:

- The *General Fund* is the County's primary operating fund. It accounts for the financial resources and the legally authorized activities of the County except those required to be accounted for in specialized funds.
- The *Public Safety Fund* accounts for the one-half cent California Public Safety tax revenue and the required general fund County "maintenance of effort" match.

Notes to the Basic Financial Statements For the Fiscal Year Ended June 30, 2017

Note 1: Summary of Significant Accounting Policies (continued)

C. Basis of Presentation (continued)

Fund Financial Statements (continued)

- The *Roads and Transportation Fund* is used to account for the planning, design, construction, maintenance and administration of County roads. Funding primarily comes from property taxes, local sales and state highway user taxes, along with state and federal highway improvement grants.
- The *Mental Health Managed Care Fund* accounts for restricted funding of mental health care services to qualified residents in Yolo County.

The County reports the following major enterprise funds:

- The *Yolo County Airport Fund* accounts for general maintenance, improvements and other costs associated with the operation of a publicly owned general aviation airport. The fund is financed through aid from other governments and user-generated revenues.
- The *Yolo County Central Landfill Fund* accounts for the operation of a central landfill and various local convenient centers for refuse disposal.

The County reports the following additional fund types:

- *Internal Service Funds* account for solar electric generation, equipment replacement, fleet maintenance, telephone services, and dental and unemployment self-insurance programs provided to County departments and to other governments on a cost-reimbursement basis.
- The *Investment Trust Fund* accounts for the assets of legally separate entities that deposit cash with the County Treasurer. These entities include school districts, other special districts governed by local boards, regional boards and authorities. These funds represent the assets, primarily cash and investments, and the related net position restricted for investment pool participants reflecting the obligation of the County to disburse these monies on demand.
- The *Agency Funds* account for resources collected by the County, including property taxes, state subventions and fees that are held in a custodial capacity on behalf of other agencies. These funds are remitted to other agencies or are used for the payment of bond debt.

Notes to the Basic Financial Statements For the Fiscal Year Ended June 30, 2017

Note 1: Summary of Significant Accounting Policies (continued)

D. Measurement Focus and Basis of Accounting

The government-wide, proprietary, and fiduciary funds financial statements are reported using the economic resources measurement focus and the accrual basis of accounting. Revenues are recorded when earned and expenses are recorded at the time liabilities are incurred, regardless of when the related cash flows take place. Nonexchange transactions, in which the County gives (or receives) value without directly receiving (or giving) equal value in exchange, include property and sales taxes, grants, entitlements and donations. On an accrual basis, revenue from property taxes is recognized in the fiscal year for which the taxes are levied. Revenues from sales tax are recognized when the underlying transactions take place. Revenues from grants, entitlements and donations are recognized in the fiscal year in which all eligibility requirements have been satisfied.

Governmental funds are reported using the current financial resources measurement focus and the modified accrual basis of accounting. Under this method, revenues are recognized when measurable and available. Property taxes, are accrued when their receipt occurs within sixty (60) days after the end of the accounting period so as to be both measurable and available. Sales taxes, interest, certain state and federal grants and charges for services are accrued when their receipt occurs within ninety (90) days after the end of the accounting period so as to be both measurable and available. Expenditure-driven grant revenues are accrued when their receipt occurs within one year. Expenditures are generally recorded when a liability is incurred, as under accrual accounting. However, debt service expenditures, as well as expenditures related to compensated absences and claims and judgments are recorded only when payment is due. Capital asset acquisitions and principal payments on long-term debt and capital leases are reported as expenditures in governmental funds. Proceeds of long-term debt and capital leases are reported as other financing sources.

E. Cash and Cash Equivalents

For purposes of the accompanying statement of cash flows, the enterprise and internal service funds consider all highly liquid investments with a maturity of three months or less when purchased, and their equity in the County Treasurer's investment pool, to be cash equivalents.

Notes to the Basic Financial Statements For the Fiscal Year Ended June 30, 2017

Note 1: Summary of Significant Accounting Policies (continued)

F. Investments

The County sponsors an investment pool that is managed by the County Treasurer. The Treasurer invests on behalf of most funds of the County and external participants in accordance with the California State Government Code and the County's investment policy.

Statutes authorize the County to invest its surplus cash in obligations of the U.S. Treasury, agencies and instrumentalities, California municipal obligations including those issued by the State and any other local agency within the state, other states municipal obligations, corporate bonds rated P-1 by Standards & Poor's Corporation or A-1 by Moody's Investor Service, bankers' acceptances, certificates of deposit, commercial paper, repurchase and reverse repurchase agreements, asset-back securities, money market funds, and local government investment pools. Gains and losses are recognized upon sale based upon the specific identification method. Investments in nonparticipating interest-earning investment contracts (guaranteed investment contracts) are reported at cost, commercial paper which have maturities of less than 90 days are reported at amortized cost and all other investments are reported at fair value. The fair values of investments are categorized within a fair value hierarchy established by generally accepted accounting principles. The hierarchy is based on valuation inputs used to measure the fair value of the asset.

Participants' equity in the investment pool is determined by the dollar amount of participant deposits, adjusted for withdrawals and distributed investment income. Investment income is determined on an amortized cost basis. Accrued interest and realized gains and losses, net of expenses, are apportioned to pool participants each quarter. During the fiscal year ended June 30, 2017, the County Treasurer did not enter into any legally binding guarantees to support the participants' equity in the investment pool.

Income from pooled investments is allocated to participating funds or external participants based on the fund or participants' average daily cash balance for each quarter. Income from non-pooled investments is recorded based on the specific investment held by the fund. Earnings on these investments are recorded in the fund holding the specific investments.

G. Other Assets

Inventory

Inventories are stated at cost (first-in, first-out basis) for governmental funds and lower of average cost or market for proprietary funds. Governmental fund inventories are recorded as expenditures at the time the inventory is consumed. Reported inventories of governmental funds are not in spendable form and thus, an equivalent portion of fund balance is shown as nonspendable.

Inventory recorded in the proprietary funds is expensed as the parts are consumed.

Notes to the Basic Financial Statements For the Fiscal Year Ended June 30, 2017

Note 1: Summary of Significant Accounting Policies (continued)

G. Other Assets (continued)

Prepaid Items

Certain payments to vendors reflect costs applicable to future accounting periods and are recorded as prepaid items. Reported prepaid amounts of governmental funds are not in spendable form and thus, an equivalent portion of fund balance is shown as nonspendable.

H. Property Tax Levy, Collection and Maximum Rates

The State of California's (State) Constitution Article XIIIA provides that the combined maximum property tax rate on any given property may not exceed 1% of its assessed value unless an additional amount for general obligation debt has been approved by voters. Assessed value is calculated at 100% of market value, as defined by Article XIIIA, and may be adjusted by no more than 2% per year unless the property is sold or transferred. The appropriate levy is based on the assessed value as of the valuation date. The State Legislature has determined the method of distribution of receipts from a 1% tax levy among the County, cities, school districts, and other districts.

The County assesses properties and bills for and collects property taxes as follows:

	Secured	<u>Unsecured</u>
Valuation/lien dates Due dates (delinquent after)	January 1 50% on November 1 (December 10) 50% on February 1 (April 10)	January 1 March 1 (August 31)

The term "unsecured" refers to taxes on personal property other than land and buildings. These taxes are secured by liens on the property being taxed. Property tax revenues are recognized in the fiscal year for which they are levied, provided they are due, and in governmental funds, collected within sixty (60) days after fiscal year-end. Property taxes are recorded as unavailable revenue in the governmental fund statements when not received within sixty (60) days after fiscal year-end.

Notes to the Basic Financial Statements For the Fiscal Year Ended June 30, 2017

Note 1: Summary of Significant Accounting Policies (continued)

I. Capital Assets

Capital assets are recorded at historical cost or at estimated historical cost if actual historical cost is not available. Contributed capital assets are valued at their acquisition value on the date contributed. The County defines capital assets as assets with an initial, individual cost of more than \$10,000 for land, structures and improvements and easements, infrastructure with a cost of \$25,000 or more and equipment and software with a cost greater than \$5,000 and has an estimated useful life in excess of one year. Capital assets used in operations are depreciated or amortized using the straight-line method over the lesser of the capital lease period or their estimated useful lives in the government-wide statements and the proprietary funds.

The estimated useful lives are as follows:

Structures and improvements

Easements

Software

Equipment

Equipment

Infrastructure

10 to 40 years

Life of the easement

2 to 7 years

2 to 20 years

10 to 50 years

Infrastructure assets include roads, bridges, underground pipe (other than related to utilities), traffic signals, water/sewer, lighting, and drainage and flood control.

J. Deferred Outflows and Inflows of Resources

In addition to assets, the Statement of Net Position or governmental funds balance sheet will sometimes report a separate section for deferred outflows of resources which is defined as a consumption of net position by the County that is applicable to a future reporting period. See Note 5 for a detailed listing of the deferred outflows of resources the County has recognized.

In addition to liabilities, the Statement of Net Position or governmental funds balance sheet will sometimes report a separate section for deferred inflows of resources which is defined as an acquisition of net position by the County that is applicable to a future reporting period. See Note 5 for a detailed listing of the deferred inflows of resources the County has recognized.

Notes to the Basic Financial Statements For the Fiscal Year Ended June 30, 2017

Note 1: Summary of Significant Accounting Policies (continued)

K. Compensated Absences (Accrued Vacation, Sick Leave, and Compensatory Time)

Unused vacation leave and compensatory time off may be accumulated up to a specified maximum and is paid at the time of termination from County employment. The County is not obligated to pay for unused sick leave if an employee terminates prior to retirement.

The County accrues accumulated unpaid compensated absences when earned (or estimated to be earned) by the employee. The non-current portion (the amount estimated to be used in subsequent fiscal years) for governmental funds is maintained separately and represents a reconciling item between the fund and government-wide presentation.

L. Pensions

For purposes of measuring the net pension liability and deferred outflows/inflows of resources related to pensions, and pension expense, information about the fiduciary net position of the Yolo County Plans in the California Public Employee's Retirement System (CalPERS) and additions to/deductions from the Plans fiduciary net position have been determined on the same basis as they are reported by CalPERS. For this purpose benefit payments (including refunds of employee contributions) are recognized when due and payable in accordance with the benefit provisions contracted with CalPERS. Pension investments are reported at fair value.

M. Interfund Transactions

Interfund transactions are reflected as loans, services provided, reimbursements or transfers. Loans are reported as receivables and payables as appropriate, are subject to elimination upon consolidation and are referred to as either "due to/from other funds" (i.e., the current portion of interfund loans) or "interfund loans" (i.e., the noncurrent portion of interfund loans). Any residual balances outstanding between the governmental activities and the business-type activities are reported in the government-wide financial statements as "internal balances". The non-current portion of interfund loans, as reported in the fund financial statements, are not in spendable form and thus, an equivalent portion of fund balance is shown as nonspendable.

Services provided, deemed to be at market or near market rates, are treated as revenues and expenditures/expenses. Reimbursements are when one fund incurs a cost, charges the appropriate benefiting fund and reduces its related cost as a reimbursement. All other interfund transactions are treated as transfers. Transfers between governmental or proprietary funds are netted as part of the reconciliation to the government-wide presentation.

Notes to the Basic Financial Statements For the Fiscal Year Ended June 30, 2017

Note 1: Summary of Significant Accounting Policies (continued)

N. Fund Equity

In the fund financial statements, governmental funds report fund balance as nonspendable, restricted, committed, assigned or unassigned based primarily on the extent to which the County is bound to honor constraints on how specific amounts can be used.

Nonspendable fund balance – amounts that cannot be spent because they are either (a) not spendable in form or (b) legally or contractually required to be maintained intact.

Restricted fund balance – amounts with constraints placed on their use that are either (a) externally imposed by creditors, grantors, contributors, or laws or regulations of other governments; or (b) imposed by law through constitutional provisions or enabling legislation.

Committed fund balance – amounts that can be used only for specific purposes determined by adoption of an ordinance by the County's Board of Supervisors. The Board of Supervisors is the highest level of decision-making authority for the County. Commitments may be established, modified, or rescinded only through ordinances.

Assigned fund balance – amounts that do not meet the criteria to be classified as restricted or committed but that are intended to be used for specific purposes. Under the County's policy the County Administrator and Auditor-Controller may assign amounts for specific purposes. Such restraint can only be changed or removed by the same county officers. Such assignment and subsequent changes should be reported at least annually to the Board as part of the Recommended Budget.

Unassigned fund balance – This classification includes the residual fund balance for the General Fund. The unassigned classification also includes negative residual fund balances of any other governmental fund that cannot be eliminated by offsetting of restricted, committed, or assigned fund balance amounts.

Fund Balance and Reserve Policy

Order of Spending

- In order to preserve maximum flexibility when an expenditure is incurred for purposes for which both restricted and unrestricted fund balance is available, it is presumed that restricted funds are spent first.
- Similarly, when expenditures are incurred for purposes for which amounts in any unrestricted fund balance could be used, it is presumed that the committed amounts are spent first, then the assigned, then unassigned amounts.
- Upon recommendation of either the County Administrator or the Chief Financial Officer, the Board of Supervisors may authorize a different order of spending.

Notes to the Basic Financial Statements For the Fiscal Year Ended June 30, 2017

Note 1: Summary of Significant Accounting Policies (continued)

N. Fund Equity (continued)

Reserves and Appropriations for Contingencies

- Annual Appropriations for Contingencies These amounts provide the first-line of defense against uncertainty and are appropriated in specific funds to cover minor unanticipated needs of a non-recurring nature that may arise throughout the year or provide for small increases in service delivery costs that were not anticipated during budget development. During the annual budget process the County Administrator recommends a specific level of appropriation for contingency, usually 1%-3% of total budgeted expenditures, in specific funds.
- Specific Reserves In accordance with the County Strategic Plan and the Long Term Financial Plan, financial reserves are established to accumulate sufficient assets to pay known future liabilities or expenditures associated with known events which can be estimated with a reasonable degree of certainty. The Board of Supervisors may establish such reserves upon recommendation of the County Administrator or the Chief Financial Officer. The purposes of these reserves may include, but are not limited to: self-insurance, capital replacement, infrastructure maintenance, liability for other postemployment benefits, employee separation payments, litigation settlement and environment remediation.
- General Reserve The purpose of this reserve is to protect the County's essential services from the potentially devastating impact of unanticipated events and circumstances such as severe economic downturn, severe reductions from funding agencies, severe state budget impact and catastrophic disasters. The balance shall be maintained in the range of 5%-15% of the average total expenditures of the preceding three years as reported by the General Fund and Public Safety Fund. Drawdowns can only be authorized by the Board of Supervisors in a four-fifth vote resolution or during the adoption of the annual budget. In the first year of funding and after every drawdown, the General Reserve shall be replenished to the minimum level within five fiscal years.

Government-wide and proprietary fund financial statements utilize a net position presentation. Net position is categorized as net investment in capital assets, restricted and unrestricted.

- Net Investment in Capital Assets Includes the cost of capital assets, less accumulated depreciation and the outstanding balances of debt used to the acquire, construct or improve these assets.
- Restricted Net Position This category represents assets that have external restrictions imposed by creditors, grantors, contributors or laws or regulations of other governments and restrictions imposed by law through constitutional provisions or enabling legislation, net of liabilities and deferred inflows of resources related to those assets.

Notes to the Basic Financial Statements For the Fiscal Year Ended June 30, 2017

Note 1: Summary of Significant Accounting Policies (continued)

N. Fund Equity (continued)

• *Unrestricted Net Position* – Net position of the County not restricted for any project or purpose.

O. Estimates

The preparation of basic financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could differ from those estimates.

Note 2: <u>Cash and Investments</u>

The County sponsors an investment pool that is managed by the County Treasurer for the purpose of increasing interest earnings through investment activities. Cash and investments for most County activities are included in the investment pool. Interest earned on the investment pool is distributed to the participating funds using a formula based on the average daily cash balance of each fund.

The investment pool includes both voluntary and involuntary participation from external entities. The State of California statutes require certain special districts and other governmental entities to maintain their cash surplus with the County Treasurer. The amount of involuntary participation as of June 30, 2017 was \$299,078,019.

The County investment pool is not registered with the Securities and Exchange Commission as an investment company. Investments made by the Treasurer are regulated by the California Government Code and by the County's investment policy. The objectives of the policy in order of priority are; public trust, safety, liquidity and return on investment. The County has established a Financial Oversight Committee to monitor and review the management of public funds maintained in the investment pool.

The Board of Supervisors reviews and approves the investment policy annually. The Financial Oversight Committee reviews investment strategy monthly and the investment activity and results quarterly. The County Chief Financial Officer prepares and submits a comprehensive investment report to the Board of Supervisors every quarter. The report covers the type of investments in the pool, maturity dates, par value, actual costs and fair value.

Notes to the Basic Financial Statements For the Fiscal Year Ended June 30, 2017

Note 2: <u>Cash and Investments</u> (continued)

At June 30, 2017, total cash and investments were as follows:

Cash:	
Cash on Hand	\$ 78,906
Cash in bank*	28,063,751
Cash with fiscal agents	10,127,032
Imprest Cash	15,045
Total cash	38,284,734

Notes to the Basic Financial Statements For the Fiscal Year Ended June 30, 2017

Note 2: Cash and Investments (continued)

Investments authorized by the California Government Code and the County's Investment Policy

The table below identifies the investment types that are authorized for the County by the California Government Code or the County's investment policy, whichever is more restrictive. The table also identifies certain provisions of the County's investment policy that address interest rate risk, and concentration risk.

		M aximum	M aximum
	M aximum	Percentage	Investment
Authorized Investment Type	Maturity	of Portfolio	in One Issuer
U.S. Treasury Obligations	5 years	None	None
U.S. Agency Obligations	5 years	None	None
State of California Obligations	5 years	None	None
Other Municipal Obligations	5 years	None	None
Banker's Acceptances	180 days	40%	5%
Commercial Paper - Select Agencies	270 days	25%	5%
Commercial Paper - Other Agencies	270 days	40%	5%
Negotiable Certificates of Deposit	5 years	30%	5%
Non-negotiable Certificates of Deposit	180 days	None	5%
Repurchase Agreements	90 days	None	None
Corporate Medium Term Notes	5 years	30%	5%
Mututal Funds/Money Market Mutual Funds	N/A	20%	None
Mortgage Pass-Through Securities	5 years	20%	None
Reverse Repurchase Agreements	92 days	20%	None
Local Government Investment Pools	N/A	None	None
Supranationals securities	5 years	30%	None

In addition to the above, proceeds from the sale of tobacco settlement receipts held by trustees are governed by provisions of the trust agreement rather than the general provisions of the California Government Code or the County's investment policy. These proceeds are invested in municipal bonds and money market funds.

The County Board of Supervisors has approved that funds held in the Central Landfill Closure and Postclosure maintenance fund and the Cache Creek Maintenance and Remediation Fund (CCMRF) can be invested in securities with maturities up to and including 30 years. The CCMRF is reported in the "Habitat and Resource Management Program" special revenue fund.

Investments Authorized by Debt Agreements

Investments of debt proceeds held by bond trustee are governed by provisions of the debt agreements, rather than the general provisions of the California Government Code or the County's investment policy.

Interest Rate Risk

Interest rate risk is the measurement of how changes in market interest rates will adversely affect the fair value of an investment. Generally, the longer the maturity of an investment, the more sensitive to changes in market interest rates of its fair value. The County manages its exposure to declines in fair values by limiting the weighted average maturity of its investment portfolio to five years or less in accordance with its investment policy. Information about the sensitivity of the fair values of the County's investments to market interest rate fluctuations is provided in the preceding table.

Credit Risk

State law and the County's Investment Policy limit investments in commercial paper to the rating of A1 by Standards & Poor's or P-1 by Moody's Investors Service. State law and the County's Investment Policy also limit investments in corporate notes to the rating of A by Standard & Poor's and Moody's Investors Service. The County does not have credit limits on federal government agency securities, municipal bonds and money market mutual funds.

Notes to the Basic Financial Statements For the Fiscal Year Ended June 30, 2017

^{*}Under GASB 40, U.S. Treasury securities are considered exempt from credit risk disclosure.

Notes to the Basic Financial Statements For the Fiscal Year Ended June 30, 2017

Note 2: <u>Cash and Investments</u> (continued)

Concentration of Credit Risk

The investment policy of the County contains certain limits on the amount that can be invested in any one issuer beyond that stipulated by California Government Code. Investments that represent 5% or more of the County's investments, excluding investment pools, US Treasury bonds and mutual funds, as of June 30, 2017 are as follows:

Issuer	Investment Type	Fair Value	Percentage
Federal National Mortgage Association	Federal Agency Bonds/Notes	\$ 61,130,370	13.69%

Custodial Credit Risk

Custodial credit risk for deposits is the risk that, in the event of the failure of a depository financial institution, a government will be not be able to recover its deposits or will not be able to recover collateral securities that are in the possession of an outside party. The custodial credit risk for investments is that, in the event of the failure of the counterparty (e.g. broker-dealer) to a transaction, a government will not be able to recover the value of its investment or collateral securities that are in the possession of another party. Neither the California Government code nor the County's investment policy contain legal or policy requirements that would limit the County's exposure to custodial credit risk for deposits or investments except for the following provision for deposits: The California Government Code requires that a financial institution secure deposits made by state or local government units by pledging securities in an undivided collateral pool held by a depository regulated under state law (unless so waived by the governmental unit). The market value of the pledged securities in the collateral pool must equal at least 110% of the total amount deposited by public agencies. California law also allows financial institutions to secure County deposits by pledging first deed mortgage notes having a value of 150% of the secured public deposits. GASB Statement No. 40 requires that disclosure is made with respect to custodial credit risks related to deposits. The County has cash deposits, held in collateralized accounts, with financial institutions in excess of federal depository insurance limits in the amount of \$20.8 million. Investment securities are registered and held in the name of Yolo County in a third-party custodial account with Bank of New York-Mellon. Securities are not held in broker accounts.

Notes to the Basic Financial Statements For the Fiscal Year Ended June 30, 2017

Note 2: <u>Cash and Investments</u> (continued)

Local Government Investment Pools

The County Treasurer's Pool maintains an investment in the State of California Local Agency Investment Fund (LAIF), managed by the State Treasurer. This fund is not registered with the Securities and Exchange Commission as an investment company, but is required to invest according to California State Code. Participants in the pool include voluntary and involuntary participants, such as special districts and school districts for which there are legal provisions regarding their investments. The Local Investment Advisory Board (Board) has oversight responsibility for LAIF.

At June 30, 2017, the County's Investment Pool's position in the State of California Local Agency Investment Fund (LAIF) was \$51,421,469 which approximates fair value and is the same as the value of the pool shares. The total amount invested by all public agencies in LAIF on that day was \$22.8 billion. Fair value is based on information provided by the State for the Local Agency Investment Fund.

The County Treasurer also maintains an investment in the California Asset Management Program (CAMP) a California JPA established in 1989 by the treasurers and finance directors of several California agencies. It was created to provide professional investment services to California public agencies at a reasonable cost. The investment is maintained in the "Cash Reserve Portfolio" which is a short term money market portfolio, which seeks to preserve principal, provide daily liquidity and earn a high level of income, consistent with its objectives of preserving principal. The County's Investment Pool's with CAMP as of June 30, 2017 was \$94,092,620 which approximates fair value.

County Investment Pool Condensed Financial Statements

The following represents a condensed statement of net position and change in net position for the Treasurer's investment pool as of June 30, 2017:

Statement of Net Position

Net position held for pool participants	\$ 446,887,047
Equity of internal pool participants Equity of external pool participants Total net position	\$ 147,809,028 299,078,019 \$ 446,887,047
Statement of Change in Net Position	
Net position at July 1, 2016 Net change in investements by pool participants Net position at June 30, 2017	\$ 398,593,464 48,293,583 \$ 446,887,047

Notes to the Basic Financial Statements For the Fiscal Year Ended June 30, 2017

Note 2: <u>Cash and Investments</u> (continued)

Fair Value Measurements

The County Treasurer's Pool categorizes its fair value measurements within the fair value hierarchy established by generally accepted accounting principles. These principles recognize a three-tiered fair value hierarchy, as follows:

- Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the County has the ability to access.
- Level 2: Inputs to the valuation methodology include:
 - o Quoted process for similar assets or liabilities in active markets;
 - o Quoted prices for identical or similar assets or liabilities in inactive markets;
 - o Inputs other than quoted prices that are observable for the asset or liability;
 - o Inputs that are derived principally from or corroborated by observable market data by correlation or other means, and;
- Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement. Unobservable inputs reflect the County's own assumptions about the inputs market participants would use in pricing the asset or liability (including assumptions about risk).

The following is a description of the valuation methods and assumptions used by the County to estimate the fair value of its investments. There have been no chances in the methods and assumptions used at June 30, 2017. The methods described may produce a fair value that may not be indicative of net realizable value or reflective of future fair values. County management believe the valuation methods are appropriate and consistent with other market participations. The use of different methodologies or assumptions to determine the fair value of certain financial instruments to determine the fair value of certain financial instructions could result in a different fair value measurement at the reporting date.

For investments classified within Level 1 of the fair value hierarchy, the County's custodians use unadjusted quoted prices in an active market for identical assets or liabilities that the entity has access to. Prices are obtained from pricing sources such as NYSE, NASDAQ, Chicago Board of trade or other applicable markets that the custodian has access to.

For investments classified within Level 2 of the fair value hierarchy, the County's custodians use inputs other than quoted prices that are observable for the asset or liability, either directly or indirectly on the measurement date. The custodian uses matrix pricing, market corroborated pricing, or other inputs such as yield curves and indices in determining fair value.

For investments, classified with Level 3, the County's custodian would use other unobservable inputs. The County currently does not have any level 3 investments.

Notes to the Basic Financial Statements For the Fiscal Year Ended June 30, 2017

The allowance for uncollectible are delinquent accounts related to landfill commercial receivables. Amounts that are determined not to be collectible within the County's period of availability, as indicated in Note 1, section D, are recorded as "Unavailable Revenue". Loans receivable balance is reported as restricted fund balance.

Notes to the Basic Financial Statements For the Fiscal Year Ended June 30, 2017

Note 3: **Receivables** (continued)

The schedule below presents the amounts by receivable type in governmental funds that will not be collected within the County's period of availability:

	Ne	t Receivable	Estimated Net Receivable Collectible within Period of Availability		Rec Colle	timated Net eeivable Not ectible Within of Availability	Amount Unavailable			Amount Restricted		
Taxes Accounts receivable Due from other governments	\$	937,496 581,380 35,702,940	\$	937,496 581,380 34,010,270	\$	- - 1,692,670	\$	- - 1,692,670	\$	- -		
	\$	44,952,218	\$	35,529,146	\$	9,423,072	\$	1,692,670	\$	7,730,402		

Note 4: **Unearned Revenue**

Under both the accrual and modified accrual basis of accounting, revenue may be recognized only when earned. Therefore, the government-wide Statement of Net Position as well as governmental and enterprise funds are subject to unearned revenue in connection with resources that have been received as of year-end. Assets recognized in connection with a transaction before the earnings process is complete are offset by a corresponding liability for advances from grantors and third parties.

At June 30, 2017 various components of advances from grantors and third parties are reported as follows:

General Fund:	
Water resources grant	\$ 25,000
Planning fees	404,910
State and federal welfare assistance	3,607,362
Environmental health fees	133,031
Cannabis cultivation permit fees	671,750
Total General Fund:	4,842,053
Public Safety Fund:	
Public safety grants	 56,194
Total Public Safety Fund:	 56,194
Mental Health Managed Care:	
Miscellaneous	 169
Total Mental Health Managed Care:	169
Nonmajor Governmental Funds:	
District Attorney investigation advances	355,435
Golf fees	16,510
Gravel mining prepayments	60,863
Library grant	 5,000
Total Nonmajor:	 437,808
Total	\$ 5,336,224

Notes to the Basic Financial Statements For the Fiscal Year Ended June 30, 2017

Note 5: **Deferred Outflows and Inflows of Resources**

Deferred Outflows:

The County recognized deferred outflows of resources in the government-wide and proprietary fund statements. These items are a consumption of net position by the County that is applicable to a future reporting period. The County has two items that are reportable on the Government-wide Statement of Net Position: the first item relates to the outflows related to pensions (see Note 12 for the detail) and the second item relates to losses on refunding of long-term debt. Deferred outflows of resources that are reported in the proprietary funds are also included in the Government-wide Statement of Net Position.

Deferred outflows of resources balances as of June 30, 2017 were as follows:

Government-wide Deferred Outflows:						
Governmental Activities:						
Loss on refunding	\$	438,241				
Pensions		56,053,539				
Total Governmental Activities		56,491,780				
Business-type Activities:						
Pensions		871,311				
Total Governmentwide Deferred Outflows	\$	57,363,091				

Deferred Inflows:

The County recognized deferred inflows of resources in the government-wide, governmental fund and proprietary fund statements. These items are an acquisition of net position by the County that is applicable to a future reporting period. The County has one item that is reportable on the Government-wide Statement of Net Position: it relates to inflows related to pensions (see Note 12 for the detail). Deferred inflows of resources that are reported in the proprietary funds are included in the Government-wide Statement of Net Position.

Under the modified accrual basis of accounting, it is not enough that revenue is earned; it must also be available to finance expenditures of the current period. Governmental funds will therefore include additional deferred inflows of resources for amounts that have been earned but are not available to finance expenditures in the current period. The County has various amounts of deferred inflows of resources reported on the Governmental Fund Balance sheet.

Notes to the Basic Financial Statements For the Fiscal Year Ended June 30, 2017

Note 5: **Deferred Outflows and Inflows of Resources** (continued)

Deferred Inflows: (continued)

Deferred inflows of resources balances as of June 30, 2017 were as follows:

Governmental Fund Deferred Inflows:	
Roads and Transportation Fund:	
State transit assistance fund	\$ 411,943
	 411,943
Mental Health Managed Care Fund:	
Medi-Cal services due from State	671,812
Mental health advance grant funding	 608,915
	 1,280,727
Total Governmental Funds Deferred Inflows	\$ 1,692,670
Government-wide Deferred Inflows:	
Governmental Activities:	
Pensions	\$ 7,099,679
Business-Type Activities:	
Pensions	 77,114
Total Government-wide Deferred Inflows	\$ 7,176,793

Notes to the Basic Financial Statements For the Fiscal Year Ended June 30, 2017

Note 6: **Interfund Transactions**

Interfund Receivables/Payables

The composition of interfund balances as of June 30, 2017 is as follows:

Due to/from other funds:

Receivable Fund	Payable Fund	Amount		
General Fund				
	Public Safety	\$	2,834,272	
	Nonmajor Governmental Funds		2,174,809	
	Internal Services Funds		336,045	
			5,345,126	
Internal Services Funds				
	General Fund		17,632	
	Public Safety		10,108	
	Roads and Transportation		981	
	Mental Health Managed Care		1,783	
	Nonmajor Governmental Funds		3,063	
	Enterprise Funds		617	
	Internal Services Funds		106	
	Agency Funds			
			34,290	
	Total	\$	5,379,416	

The General Fund made short-term loans totaling \$5,345,126 to other funds to cover year end cash deficits.

The Dental ISF Fund is due \$34,290 from other funds for the final pay periods of 2016-17 paid in July.

Interfund Loans:

Receivable Fund	Amount			
General Fund				
	Nonmajor Governmental Funds	\$	522,081	
		\$	522,081	

The General Fund made an interfund loan to the North Davis Meadows County Service Area (CSA). This loan provides initial funding for water and sewer system enhancements while the CSA works longer term loans from the State Revolving Loan Fund and will be reauthorized annually until repaid.

Notes to the Basic Financial Statements For the Fiscal Year Ended June 30, 2017

Note 6: <u>Interfund Transactions</u> (continued)

Transfers:

Transfers are indicative of funding for capital projects, re-allocations of special revenues and subsidies of various County operations. Transfers between funds primarily occur to fund programs with revenues received by other funds. The following schedule summarizes the County's transfer activity for the fiscal year ended June 30, 2017:

Transfer from	Transfer to	Amount				
General fund						
Concrat rand	Public Safety	\$ 31,829,758				
	Roads and Transportation	1,615,070				
	Mental Health Managed Care	791,257				
	Nonmajor Governmental Funds	3,317,573				
	Enterprise Funds	35,000				
	Internal Service	765,678				
		38,354,336				
Public Safety						
	Nonmajor Governmental Funds	28,000				
	Internal Service	44,050				
		72,050				
Mental Health Managed Care						
	Internal Services Funds	50,000				
		50,000				
Nonmajor Governmental Funds						
	General Fund	1,305,542				
	Public Safety	1,479,288				
	Nonmajor Governmental Funds	2,517,672				
	Internal Services Funds	48,550				
		5,351,052				
Internal Service Funds						
	General Fund	98,654				
		98,654				
	Total	\$ 43,926,092				

Transfer Highlights

Transfers from the General Fund include \$31.8 million to fund Public Safety programs, \$1.6 million for Roads and Transportation programs, \$0.8 million for mental health programs, \$2.7 million for funding to capital project funds, \$0.6 million for equipment replacement and the remaining \$0.9 million to fund other programs.

The transfers from the Public Safety and Mental Health Managed Care include a \$44,050 and \$50,000 transfer to the Equipment Replacement Fund Internal Service Fund (ISF), respectively. The \$28,000 from the Public Safety fund went to fund Miscellaneous Grants and Fees.

The \$5.3 million of transfers from Nonmajor Governmental Funds include \$1.6 million for the transfer of parcel tax receipts to fund Davis Library operations, \$0.9 million transfer to various Capital Projects, \$1.5 million of asset forfeitures and fines were moved to Public Safety Fund, and various funds were consolidated with the General Fund for administrative efficiencies.

The Short-Doyle Medi-cal audit disallowance payment was deferred by the state until December, 2016. The County is coordinating with the state on the payment deferral however this liability being due and payable, thus it is recorded as an accrued liability at the fund level on the Mental Health Managed Care fund.

Compensated absences

Internal service funds predominantly serve the governmental funds. Accordingly, their long-term liabilities are included as part of the above totals for governmental activities. At year-end, \$26,509 of internal service funds' compensated absences is included in the above governmental activities amount. The compensated absences liability will be liquidated as follows: General Fund 51.05%, Public Safety Fund 30.34%, Mental Health Managed Care Fund 3.67%, Roads and Transportation Fund 3.06%, Enterprise Funds 2.88%, Internal Service Funds 0.31%, and Nonmajor Governmental Funds 8.69%.

Notes to the Basic Financial Statements For the Fiscal Year Ended June 30, 2017

Note 9: **Long-Term Liabilities** (continued)

As of June 30, 2017, annual debt service requirements of governmental activities to maturity are as follows:

Arbitrage

The Tax Reform Act of 1986 instituted certain arbitrage restrictions with respect to the issuance of tax-exempt bonds after August 31, 1986. Arbitrage regulations deal with the investment of all tax-exempt bond proceeds at an interest yield greater than the interest yield paid to bondholders. Generally, all interest paid to bondholders can be retroactively rendered taxable if applicable rebates are not reported and paid to the Internal Revenue Service (IRS) at least every five years. During the current year, the County performed calculations of excess investment earnings on various bonds and financings and at June 30, 2017 does not expect to incur a liability.

Notes to the Basic Financial Statements For the Fiscal Year Ended June 30, 2017

Note 9: <u>Long-Term Liabilities</u> (continued)

Special Assessment Debt with Government Commitment

Issuance of New Debt

The County issued Community Facilities District No. 1989-1 2015 (District) Refunding Special Tax Bonds (Bonds), special assessment debt, in the amount of \$6,660,000 in November, 2015 to refund the Yolo County Library Series 2002 and 2008 Special Tax Bonds. The Bonds were issued pursuant to the Mello-Roos Community Facilities Act of 1982, as amended, constituting Sections 55311 et seq. of the California Government Code, on behalf of the District. The amount outstanding of \$6,325,000 as of June 30, 2017 is reported in the governmental activities statement of net position.

Pledged Revenue

The Bonds are secured by a first pledge of all Special Tax Revenues and all moneys deposited in the Bond Fund and the Reserve Fund. The Special Tax Revenue and all moneys deposited into such funds are dedicated to the payment of principal and interest on the bonds until all of the Bonds have been paid and retired, or until moneys or Federal Securities have been set aside irrevocably for that purpose. The Bonds are scheduled to be fully paid by 2037. The Special Tax is levied by the District against property owners benefiting from the expanded facility. The amount of the pledged revenue is \$8,290,788 as of June 30, 2017. The special assessment tax is projected to produce a coverage ratio of over 400% of the debt service requirements over the life of the Bonds. Currently 100% of the Special Tax Revenue levied, are distributed to the Bond Fund in accordance to the Alternative Method of Distribution of Tax Levies and Collections and of Tax Sale Proceeds pursuant to California Revenue and Taxation code sections 4701 through 4717. The County may elect to discontinue this method of tax distribution for any tax levying agency if the rate of secured tax delinquencies in any fiscal year exceeds 3%. The district's tax delinquency rate in the fiscal year was 0.828%. During the year, \$2,179,120 in Special Tax Revenue was received by the Bond fund, of which \$535,393 was used for debt service including paying agent fees. The balance is available for transfer to a special library fund to finance expanded services at the Davis Library Branch.

Reserve Fund

The County's obligation to advance monies to satisfy debt service on the bonds in the event of delinquent assessment installments is limited to the balance held in the Reserve Fund. The 2015 Refunding Special Tax Bonds reserve fund is funded in the form of a Surety Bond provided by Assured Guaranty Municipal Corporation.

Notes to the Basic Financial Statements For the Fiscal Year Ended June 30, 2017

Note 9: <u>Long-Term Liabilities</u> (continued)

Special Assessment Debt with No Government Commitment

Special assessment district transactions are recorded in the Special District and School Bond Funds Agency Fund as the County acts as an agent for the property owners in collecting assessments and forwarding the collections to the bondholders. However, the County is not obligated in any manner for repayment of the bonds and interest on the bonds. At June 30, 2017, the outstanding principal balances of the Willowbank Water and North Davis Meadows assessment district bonds were \$310,000 and \$975,000, respectively. Cash held on deposit and corresponding amounts payable are reported in the Agency Fund.

ARRA-Recovery Zone Economic Development Bonds

On November 18, 2010, Yolo Emergency Communications Agency (YECA) and the County as coissuer, issued \$3,724,000 in ARRA-Recovery Zone Economic Development Bonds (Bonds) to finance and reimburse prior expenditures related to the expansion, refurbishment, improvement and equipping of its regional emergency communications system. Net proceeds, after the payment of issuance costs, were deposited with Deutsch Bank, acting as trustee. Concurrently, YECA along with the County as co-issuer, entered into a Master Equipment Lease/Purchase Agreement with Bank of America to finance the lease purchase of emergency communications equipment. Lease payments will be used to finance the repayment of the Bonds.

YECA was established in 1988 by Agreement (Agreement) No. 88-133, which is a Joint Exercise of Powers Agreement pursuant to Government Code 6500 et seq. The parties making up the Joint Powers Agency (JPA) are the County and the Cities of Woodland, West Sacramento and Winters. Under the agreement the parties contribute to YECA's budget based on various formulas outlined in the Agreement. The County is liable on a joint and several basis for all obligations of the lease under the master agreement through November 2025. The unpaid balance of the lease as of June 30, 2017 was \$2,348,390. The County believes that it is unlikely that it will become directly liable for repayment of the bonds due to the cost sharing arrangement of the Agreement.

Notes to the Basic Financial Statements For the Fiscal Year Ended June 30, 2017

Note 10: Closure and Postclosure Care Cost

The State of California and Federal laws and regulations require that the Yolo County Central Landfill (Landfill) place a final cover on its landfill when closed and perform certain maintenance and monitoring functions at the landfill site for thirty years after closure. In addition to operating expenses related to current activities of the landfill, an expense provision and related liability are being recognized based on the future closure and postclosure care costs that will be incurred near or after the date the landfill no longer accepts waste. The recognition of these landfill closure and postclosure care costs is based on the amount the landfill used during the year.

The estimated landfill closure and postclosure care cost as of June 30, 2016 was \$26,212,710, and as of June 30, 2017 the cost increased by \$786,223 to \$26,998,933. The cost is based on approximately 28.50% usage (filled) of the landfill. It is estimated that an additional \$67,727,610 will be recognized as closure and postclosure care expense between the date of the statement of net position and the date the landfill is expected to be filled to capacity (2074). The estimated total current cost of landfill closure and postclosure care, \$94,726,543, is based on the amount that would be paid if all equipment, facilities, and services required to close, monitor, and maintain the landfill were acquired at June 30, 2017. However, the actual cost of closure and postclosure care may be higher due to inflation, changes in technology, or changes in landfill laws and regulations. The cost of \$26,998,933 as of June 30, 2017 less costs paid to date of \$3,812,438 nets to the estimated liability of \$23,186,495 at June 30, 2017.

The Landfill is required by the State of California and federal laws and regulations to make annual contributions to finance closure and postclosure care to an independent custodian or to the County treasurer as that custodian. This amount is shown on the Yolo County Central Landfill statement of net position as restricted assets and is managed by the County Treasurer along with other pooled cash and investments according to statutory requirements. It is anticipated that future inflation cost (including inadequate earnings on investments, if any) and additional cost that arises from changes in postclosure requirements (due to changes in technology, estimates or more rigorous environmental regulations, for example) may need to be covered by charges to future landfill users, taxpayers, or both.

As of June 30, 2017, Yolo County's Central Landfill Closure and Postclosure maintenance fund was in compliance with the CalRecycle's funding requirements.

Notes to the Basic Financial Statements For the Fiscal Year Ended June 30, 2017

Note 11: **Fund Balances/Net Position**

Fund balances are presented in the following categories: nonspendable, restricted, committed, assigned, and unassigned (see Note 1 for a description of these categories). A detailed schedule as of at June 30, 2017 is as follows:

,	General	Public Safety	Roads and Transportation	Mental Health Managed Care	Nonmajor Governmental Funds	Total Governmental Funds
Nonspendable:						
Tobacco Securitization principal	\$ 8,911,569	\$ -	\$ -	\$ -	\$ -	\$ 8,911,569

Notes to the Basic Financial Statements For the Fiscal Year Ended June 30, 2017

Note 11: **Fund Balances/Net Position** (continued)

Restricted net position is assets that are subject to constraints either (1) externally imposed by creditors, grantors, contributors, or laws or regulations of other governments or (2) imposed by law through constitutional provisions or enabling legislation, net of liabilities and deferred inflows of resources related to those assets.

Included in governmental activities restricted net position at June 30, 2017 is net position restricted by enabling legislation of \$84,399,311.

Note 12: **Pension Plans**

Plan Description

The County of Yolo has established agent multiple-employer defined benefit pension plans administered by the California Public Employees' Retirement System (CalPERS), which acts as a common investment and administrative agent for its participating member employers. All qualified permanent and probationary employees are eligible to participate in the County's separate Safety and Miscellaneous Plans.

The County has historically allowed certain component units and outside agencies to participate in the County's Miscellaneous Plan. These participating agencies include the First 5 Yolo (Discrete Component Unit), Yolo County Superior Courts, Yolo County Local Agency Formation Commission (LAFCO), and Yolo County Habitat JPA

Each of the participating reporting units, component units, and outside entities were assigned a portion of the liability based on their percentage of the required actuarial contributions for fiscal year 2015-16. As such the County of Yolo Miscellaneous Plan only reports its share of the agent multiple-employer defined benefit pension plan.

The following four other component units have established their own pension plans:

The Yolo County Housing (YCH), a discrete component unit, offers a separate cost-sharing defined benefit plan that is administered by CalPERS. YCH issues a separate annual financial statements which contains required details and disclosures of the plan. Copies YCH's financial statements can be obtained from Yolo County Housing, 147 W. Main Street, Woodland, CA 95695.

The Yolo County In-Home Supportive Services Public Authority (YCIHSS-PA), a blended component unit, has established a multiple-employer cost-sharing defined benefit plan administered by CalPERS. All qualifying employees of the YCIHSS-PA are eligible to participate in the YCIHSS-PA Plan. The YCIHHSS-PA has eight participating employees of which four are active, three are transferred, and one is retired and contributed \$20,128 for the year ended June 30, 2016 (period of measurement). Management of the County has reviewed the actuarial valuations and determined the plan is immaterial to the financial statements as a whole. Additional information on the plan can be obtained from Yolo County Department of Financial Services, 625 Court Street, Room 103, Woodland, CA 95695.

Notes to the Basic Financial Statements For the Fiscal Year Ended June 30, 2017

Note 12: **Pension Plans** (continued)

Plan Description (continued)

The Esparto Fire Protection District, a discrete component unit, offers a separate cost-sharing defined benefit plan that is administered by CalPERS. The Fire Protection District has two participating employees (who are active) and two inactive employees and contributed \$6,256 for the year ended June 30, 2016 (period of measurement). Management of the County has reviewed the actuarial valuations and determined the plan is immaterial to the financial statements as a whole. Additional information on the plan can be obtained from Esparto Fire Protection District, 16960 Yolo Ave, Esparto, CA 95627.

The Winters Fire Protection District, a discrete component unit, offers a separate cost-sharing defined benefit plan that is administered by CalPERS. The Fire Protection District has sixteen participating employees of which seven are transferred, two which are separated, and seven are retired. and contributed \$41,716 for the year ended June 30, 2016 (period of measurement). Management of the County has reviewed the actuarial valuations and determined the plan is immaterial to the financial statements as a whole. Additional information on the plan can be obtained from Winters Fire Protection District, 700 Main Street, Winters, CA 95694.

CalPERS issues publicly available comprehensive annual financial reports that provide a full description of the pension plans including benefit provisions, assumptions, and membership information. Copies of the CalPERS annual report may be obtained from CalPERS Headquarters, Lincoln Plaza North, 400 Q Street, Sacramento, CA 95811, or visiting www.calpers.ca.gov.

Benefits Provided

The County selects optional benefit provisions from the options with CalPERS and adopts these benefits through memorandum of understanding with various bargaining units. The defined benefit plans provide service retirement and disability benefits, annual cost-of-living adjustments, and death benefits to plan members, who must be public members and beneficiaries.

Under the options the County has selected, all full time and part-time permanent employees and extra help employees who have worked over 1,000 hours are required to participate in the plans. County elected officials may also participate at their option. Per diem employees and extra help employees working less than 1,000 hours in a fiscal year are excluded.

Benefits are based on years of credited service, equal to one year of full time employment. Members with five years of total service and who have reached the plan-specified age are eligible to retire. All members are eligible for non-duty disability benefits after 10 years of service. The death benefit is one of the following options: the Basic Death Benefit, the Optional Settlement 2W Death Benefit, or the Special Death Benefit. The cost of living adjustments for each plan are the Standard Benefit of 2% per year beginning the second calendar year after the year of retirement.

Notes to the Basic Financial Statements For the Fiscal Year Ended June 30, 2017

Note 12: **Pension Plans** (continued)

Benefits Provided

The Plans' provisions and benefits in effect at June 30, 2017, are summarized as follows:

	County - Miscellaneous				
	Classic Member	PEPRA Member			
	Prior to	On or after			
Hire date	January 1, 2013	January 1, 2013			
Benefit formula	2.5% at 55	2.0% at 62			
Benefit vesting schedule	5 Years of Service	5 Years of Service			
Benefit payments	Monthly for Life	Monthly for Life			
Retirement age	50-55	52-67			
Monthly benefits, as a % of eligible					
compensation	2.0% to 2.5%	1.0% to 2.5%			
Required employee contribution rates	8.000%	6.250%			
Required employer contribution rates	22.797%	6.250%			

	- Safety				
	Peace	Officer	Local Sheriff		
	Classic Member	PEPRA Member	Classic Member	PEPRA Member	
	Prior to	On or after	Prior to	On or after	
Hire date	January 1, 2013	January 1, 2013	January 1, 2013	January 1, 2013	
Benefit formula	3.0% at 50	2.7% at 57	3.0% at 50	2.7% at 57

Required employer contribution rates	31.776%	11.495%	31.776%	11.495%	

Notes to the Basic Financial Statements For the Fiscal Year Ended June 30, 2017

Note 12: **Pension Plans** (continued)

Employees Covered

At June 30, 2017, the following employees were covered by the benefit terms for each Plan:

	Miscellaneous	Safety
Active members	1,256	290
Transferred members	689	145
Terminated members	779	107
Retired members and beneficiaries	1,869	319
Total	4,593	861

Contributions

Section 20814(c) of the California Public Employees' Retirement Law requires that the employer contribution rates for all public employers be determined on an annual basis by the actuary and shall be effective on July 1 following notice of a change in the rate. Funding contributions for the Plans are determined annually on an actuarial basis as of June 30 by CalPERS. The actuarially determined rate provides the estimated amount necessary to finance the costs of benefits earned by employees during the year, with an additional amount to finance the unfunded actuarial accrued liability. The County plans are required to contribute the difference between the actuarially determined rate and the contribution rate of employees.

For the fiscal year ended June 30, 2017 the employer contributions were as follows:

eous Plan	Saret	y Plan
6 828 307	\$	7,567,124
	6,828,397	

Notes to the Basic Financial Statements For the Fiscal Year Ended June 30, 2017

Note 12: **Pension Plans** (continued)

The County's net pension liability for each plan was measured as of June 30, 2016 using an annual actuarial valuation as of June 30, 2015 rolled forward to June 30, 2016

Actuarial Assumptions

The total pension liability in the June 30, 2015 actuarial valuations were determined using the following actuarial method and assumptions.

	Miscellaneous	Safety			
Valuation Date	June 30, 2015	June 30, 2015			
Measurement Date	June 30, 2016	June 30, 2016			
Actuarial Cost Method	Entry Age Normal Cost Method				
Actuarial Assumptions:					
Discount Rate	7.65%	7.65%			
Inflation	2.75%	2.75%			
Projected Salary Increase	3.30% to 14.20% (1)				
Payroll Growth	3.00%	3.00%			
Investment Rate of Return	7.65% (2)	7.65% (2)			
Mortality Rate	(3)	(3)			
Post Retirement Increase	2.00%	2.00%			

- (1) Varies by entry age, service, and type of employment.
- (2) Net of pension plan investment expenses; includes inflation.
- (3) The mortality table used was developed based on CalPERS's specific data. The table includes 20 years of mortality improvements using Society of Actuaries Scale BB. For more details on this table, please refer to the 2014 experience study report available on CalPERS website at www.calpers.ca.gov.

Notes to the Basic Financial Statements For the Fiscal Year Ended June 30, 2017

Note 12: **Pension Plans** (continued)

Discount Rate

The discount rate used to measure the total pension liability was 7.65 percent. To determine whether the municipal bond rate should be used in the calculation of the discount rate for each plan, CalPERS stress tested plans that would most likely result in a discount rate that would be different from the actuarially assumed discount rate. The tests revealed the assets would not run out. Therefore, the current 7.65 percent discount rate is appropriate and the use of the municipal bond rate calculation is not deemed necessary. The long-term expected discount rate of 7.65 percent is applied to all plans in the Public Employees' Retirement Fund (PERF). The cash flows used in the testing were developed assuming that both members and employers will make their required contributions on time and as scheduled in all future years. The stress test results are presented in a detailed report called "GASB Crossover Testing Report" that can be obtained at CalPERS website under the GASB 68 section.

The long-term expected rate of return on pension plan investments was determined using a buildingblock method in which expected future real rates of return (expected returns, net of pension plan investment expense and inflation) are developed for each major asset class.

In determining the long-term expected rate of return, staff took into account both short-term and long-term market return expectations as well as the expected pension fund (PERF) cash flows. Taking into account historical returns of all the Public Employees Retirement Funds' asset classes (which includes the agent plan and two cost-sharing plans or PERF A, B, and C funds), expected compound (geometric) returns were calculated over the short-term (first 10 years) and the long-term (11-60 years) using a building-block approach. Using the expected nominal returns for both short-term and long-term, the present value of benefits was calculated for each PERF fund. The expected rate of return was set by calculating the single equivalent expected return that arrived at the same present value of benefits for cash flows as the one calculated using both short-term and long-term returns. The expected rate of return was then set equal to the single equivalent rate calculated above and rounded down to the nearest one quarter of one percent.

The table below reflects the long-term expected real rate of return by asset class net of administrative expenses:

	New Strategic	Real Return,	Real Return 11+
	Allocation	Years 1 -10 (A)	(B)
	_		
Global Equity	51.00%	5.25%	5.71%
Global Fixed Income	20.00%	0.99%	2.43%
Inflation Linked Securities	6.00%	0.45%	3.36%
Private Equity	10.00%	6.83%	6.95%
Real Estate	10.00%	4.50%	5.13%
Infrastructure and Forestland	2.00%	4.50%	5.09%
Liquidity	1.00%	-0.55%	-1.05%
Total	100.00%		

- (A) An expected inflation rate of 2.50% was used for this period.
- (B) An expected inflation rate of 3.00% was used for this period.

Note 12: **Pension Plans** (continued)

Pension Expense and Deferred Outflows/Inflows of Resources Related to Pensions

For the year ended June 30, 2017, the County recognized pension expense of \$15,625,205 and \$7,492,304, for the Miscellaneous Plan and Safety Plan respectively. At June 30, 2017, the County reported deferred outflows of resources and deferred inflows of resources related to pensions from the following sources:

	Miscellaneous Plan			Safety Plan				
	Deferred		Ι	Deferred]	Deferred		Deferred
	C	Outflows of	Ir	iflows of	O	outflows of	Inflows o	
	1	Resources Resources		Resources		R	esources	
Employer Pension contributions subsequent to the								
measurement date	\$	16,828,397	\$	-	\$	7,567,124	\$	-

Notes to the Basic Financial Statements For the Fiscal Year Ended June 30, 2017

Note 13: Other Postemployment Benefits (OPEB)

Plan Description

The County of Yolo Retiree Healthcare Plan (the Plan) provides postemployment medical and dental insurance to retired employees through a single-employer plan defined benefit OPEB plan. Medical insurance benefits are administered by the California Public Employee's Retirement System, (CalPERS), an agent multiple-employer public employee retirement system that acts as a common investment and administrative agent for participating public entities within the State of California, in accordance to the Public Employees Medical and Hospital Care Act (PEMHCA). To be eligible, an employee must retire under the CalPERS program within 120 days of separation from employment from Yolo County. Dental insurance is provided through Yolo County's Dental Self Insurance program. Medical and dental insurance benefits for retirees are continued based on current labor agreements.

In order to fund retiree health benefits, the County established an irrevocable trust with Public Agency Retirement Services (PARS). The balance of the account as of June 30, 2017 is \$6,655,433. PARS issues a separate annual financial report and copies of the report may be obtained by writing to PARS at 4350 Von Karman Ave., Suite 100, Newport Beach, CA 92660 or by calling 800-540-6369.

Funding Policy

The County pays the cost of the postemployment health care benefits for retirees, their spouses, and their dependents during the life of the retiree. Surviving spouses of retirees may elect to continue health care benefits at their own expense. Substantially all of the County's employees may become eligible for these benefits if they reach normal retirement age while working for the County.

Contribution requirements of the County are established and may be amended by the County Board of Supervisors. Plan members are currently not required to contribute. On December 16, 2014 the County Board of Supervisors approved a 15-year approach to phase in pre-funding which began in fiscal year 2015-16. The County is required to contribute at an actuarially determined rate. The current employer contribution rate used internally is 8% percent of annual covered payroll, which is less than the annual required contribution rate.

Notes to the Basic Financial Statements For the Fiscal Year Ended June 30, 2017

Note 13: Other Postemployment Benefits (OPEB) (continued)

Annual OPEB cost

The County's OPEB cost equals the amount of the actuarial required contribution (ARC) plus or minus adjustments for prior years' differences in the amount of actual contributions compared to the ARC. The ARC represents a level of funding that, if paid on an ongoing basis, is projected to cover normal cost each year and to amortize any unfunded actuarial liabilities (or funding excess). The following table shows the components of the County's annual OPEB cost for the year, the amount actually contributed to the plan, and changes in its net OPEB obligation to the retiree health plan:

Annual required contribution	\$ 9,569,000							
Interest on net OPEB obligation	3,893,000							
Adjustment to annual required contribution	(6,526,000)							
Annual OPEB cost	6,936,000							
Contributions made:								
Benefit payments - cash	(4,807,883)							
Benefit payments - implied subsidy	(805,000)							
Trust pre-funding	(3,105,203)							
Total contributions	(8,718,086)							
Net OPEB obligation, beginning of year	92,786,872							
Net OPEB obligation, end of year	\$ 91,004,786							

The County's annual OPEB cost, percentage of annual OPEB cost contributed and net OPEB obligation for the last three fiscal years is a follows:

			Percentage of			
			Annual OPEB			
Fiscal year	r Annual OPEB Cost		Cost	Net OPEB		
Ended June 30,		Cost	Contributed	(Obligation	
		_				
2017	\$	6,936,000	125.7%	\$	91,004,786	
2016		5,957,000	120.9%		92,786,872	
2015		16,385,000	31.0%		94,034,000	
2015		16,385,000	31.0%			

Notes to the Basic Financial Statements For the Fiscal Year Ended June 30, 2017

Note 13: Other Postemployment Benefits (OPEB) (continued)

Funding Status and Funding Progress (In Thousands)

										UAAL as
	A	ctuarial	A	ctuarial	U	nfunded				Percentage

Valuation	L	iability Assets (UAAL)		Assets		UAAL)	Status	Payroll (c)		Payroll
Date		(a)		(b) (a)-(b)		(b)/(a)	((a-b)/c)			
6/30/2016	\$	86,519	\$	4,393	\$	82,126	5.08%	\$	95,781	85.7%

Actuarial valuations of an ongoing plan involve estimates of the value of reported amounts and assumptions about the probability of occurrence of events far into the future. Examples include assumptions about future employment, mortality, and the healthcare cost trend. Amounts determined regarding the funded status of the plan and the annual required contributions of the employer are subject to continual revisions as actual results are compared with past expectations and new estimates are made about the future.

Immediately following the notes, in the Required Supplementary Information section, is a schedule of funding progress displaying three-year trend information of the actuarial value of assets as a percentage of the actuarial accrued liability and the unfunded actuarial accrued liability as a percentage of the annual covered payroll for the County's OPEB plan. This trend information shows whether the actuarial value of plan assets is increasing or decreasing over time relative to the actuarial accrued liabilities for benefits.

Actuarial Methods and Assumptions

Projections of benefits for financial reporting purposes are based on the substantive plan (the Plan as understood by the employer and Plan members) and include the types of benefits provided at the time of each valuation and the historical pattern of sharing of benefit costs between the employer and plan members to that point. The actuarial methods and assumptions used include techniques that are designed to reduce short-term volatility in actuarial accrued liabilities and the actuarial value of assets, consistent with the long-term perspective of the calculations.

In the June 30, 2016 actuarial valuation, the entry age actuarial cost method was used. This valuation uses a 4% discount rate for portion not funded and a 6.5% for portion funded. The valuation includes an annual general inflation of 3%. Another key assumption is the future medical trend. The medical trend for Non-Medicare starts at 6.5% (the increase in 2018 premiums over 2017) and grades down to 5.0% (2021 premiums over 2020) and remains at 5.0% into the future. The medical trend for Medicare starts at 6.7% (the increase in 2017 premiums over 2016) and grades down to 5.0% (2021 premiums over 2020) and remains at 5.0% into the future.

Notes to the Basic Financial Statements For the Fiscal Year Ended June 30, 2017

Note 13: Other Postemployment Benefits (OPEB) (continued)

Actuarial Methods and Assumptions (continued)

The Medical Caps for the various employee groups are assumed to increase as follows:

- General and Probation CPI (3%)
- Correctional Officers, General, Deputy Sheriff, Supervisors & Elected Officials Medical Trend until new caps effective
- All other groups None

Dental claims are assumed to be \$38/month, an increase from \$33/month used in the previous June 30, 2014 actuarial valuation, and increases at a rate of 3.0% per year.

The unfunded actuarial accrued liability is being amortized as a level percentage of projected payroll on a closed basis. The amortization period is 20 years (17 years remaining) was used in the previous June 30, 2016 valuation.

Note 14: Risk Management

Yolo County obtains insurance against various risks of loss related to torts; theft of, damage to and destruction of assets; errors and omissions; general and automobile liability; and workers' compensation from the Yolo County Public Agency Risk Management Insurance Authority (the Authority), a joint powers agency (risk-sharing pool). The County is one of the twenty-eight (28) local agencies participating in the pool. New members must remain a part of the fund for a minimum of three years and give six months written notice before withdrawing from the pool. Participation by the agencies is authorized pursuant to California Government Code 6500.

The Authority's Board of Directors approves the annual premiums charged to the participating agencies. The amount of the premium is determined in accordance with the formula established in the Authority's bylaws, so that the aggregate contributions of all participants provide sufficient funds to cover the outstanding liabilities, actuarially predicted losses, loss adjustment expenses, defense costs, excess insurance premiums, a loss contingency reserve, and administrative expenses of the Authority. Through the Authority's membership in the California Joint Powers Insurance Authority, the County is provided with excess coverage for catastrophic liability losses.

Settled claims from these risks did not exceed coverage for the past three fiscal years.

Notes to the Basic Financial Statements For the Fiscal Year Ended June 30, 2017

Note 14: **Risk Management** (continued)

The County administered self-insurance programs for unemployment benefits and employee dental benefits. Beside the County, eight other government agencies participate in the dental program and a second agency participates in the unemployment program. The assets, liabilities and activities of these programs are reported in internal service funds. Premiums are recorded as either an expense or expenditure by the paying fund or entity. The amounts billed by the internal service funds to other funds and entities are recorded as revenue and the payment of claims are recorded as expenses. Liabilities are recorded when it is probable that a loss has occurred and the amount of the loss can be reasonably estimated. Recorded liabilities include a provision for claims that have been incurred but not reported (IBNR). It also includes incremental claim adjustment expenses. Claim liabilities are calculated considering the effects of inflation, recent claim settlement trends, including frequency and amount of payouts and other economic and social factors.

The County commissions actuarial studies semi-annually to determine the adequacy of cash reserves in the self-insurance programs.

Dental Self-Insurance

The total charge for the dental program is calculated using trends in actual claims experience. The charge is allocated to the participating funds and entities based on pro-ration of current annual payroll. Claims paid exceeded charges during the year. Provisions are also made for unexpected and unusual claims. Changes in the balances of dental claims liabilities during the past two fiscal years are as follows:

	 2017	 2016
Unpaid claims – July 1 Incurred claims (including IBNRs) Claim payments	\$ 254,408 1,939,302 (2,014,178)	\$ 293,877 1,934,795 (1,974,264)
Unpaid claims – June 30	\$ 179,532	\$ 254,408
Current portion	\$ 34,469	\$ 71,942

Notes to the Basic Financial Statements For the Fiscal Year Ended June 30, 2017

Note 14: **Risk Management** (continued)

Unemployment Self-Insurance

The County pays a premium to achieve a stable reserve, based on a percentage of each employee's gross salary for unemployment benefits. The unemployment claims liability of \$201,897 is based on non-actuarially determined estimates of what a 100% full payout would be. Changes in the balances of claims liabilities during the past two fiscal years for unemployment claims are as follows:

	 2017	 2016
Unpaid claims – July 1 Incurred claims (including IBNRs)	\$ 294,948 216,480	\$ 278,696 114,657
Claim payments Unpaid claims – June 30	\$ (264,930)	\$ (98,405) 294,948
Current portion	\$ 44,601	\$ 100,816

Note 15: Commitments and Contingencies

Grants

The County recognizes as revenue, grant monies received as reimbursement for costs incurred in certain Federal and State programs it administers. Amounts received or receivable from grantor agencies are subject to audit and adjustment by grantor agencies, principally the Federal government. Any disallowed claims, including amounts already collected, may constitute a liability of the applicable funds. The amount, if any, of expenditures which may be disallowed by the grantor cannot be determined at this time although the County expects such amounts, if any, to be immaterial.

Short-Doyle

Certain services rendered to County mental health patients under the Short-Doyle program are reimbursed based on a per diem rate specified in an agreement between the Yolo County Mental Health Managed Care Fund and the State of California. Each year, the County prepares a cost report and submits it to the State for review. Cost reports for prior years are in various stages of review by the State and, as such, have not been settled. Laws and regulations governing the program are complex and subject to interpretation and change. As a result, it is reasonably possible that recorded estimates can change materially in the near term.

Notes to the Basic Financial Statements For the Fiscal Year Ended June 30, 2017

Note 15: <u>Commitments and Contingencies</u> (continued)

Contracts

The County has executed contracts and purchase orders to purchase goods and services from various vendors. The County is contracted with these vendors through June 30, 2016. Approximately \$115.6 million may be payable upon future performance under these contracts and purchase orders.

The County has active construction projects as of June 30, 2017. The projects include the construction of jail and detention facilities and various road and bridge projects. Amounts expended to-date and current commitments are as follows (in thousands):

Project Description	Ex	pended-to- date		Current ommitment
Roads improvements	\$	3,906,650	\$	4,713,867
Monroe jail expansion		11,660,976		1,423,065
Juvenile detention facilities		5,857,433		2,018,028
Leinberger facility replacement		1,355,556		1,513,614
Esparto park & aquatic center				270,496
	\$	22,780,615	\$	9,939,070

Note 16: **Pollution Remediation Obligation**

Former Landfill Cleanup

In fiscal year 2007-08, the County was named by the State of California Integrated Waste Management Board (now referred to as CalRecycle) as the responsible party for remediation of an abandoned landfill formerly owned by the County. The current owner of the landfill, ANDCO Farms, filed an action against the County related to the alleged disposition of hazardous substances in the landfill seeking to recover past and future remedial action and cleanup costs and contribution, indemnity and equitable allocation of such cost, which it has incurred and/or will incur, under various State and Federal laws. In February 2012, the County and ANDCO Farms approved a settlement agreement and Mutual General Release (Agreement) whereby the County agreed to pay ANDCO Farms \$780,000. Under the Agreement, the County has paid ANDCO Farms \$640,000 through fiscal year 2016-17. The remaining \$140,000 will be paid in annual installments through April 2019. In return ANDCO farms has dismissed all claims against the County and will defend, indemnify and hold the County harmless from and against any and all claims arising from or related to contamination at or emanating from the property.

Notes to the Basic Financial Statements For the Fiscal Year Ended June 30, 2017

Note 17: **Future Accounting Pronouncements**

The Governmental Accounting Standards Board (GASB) releases new accounting and financial reporting standards which may have a significant impact on the County's financial reporting process. Future new standards which may impact the County include the following:

GASB Statement No. 75, Accounting and Financial Reporting for Postemployment Benefits Other Than Pensions, issued June 2015, will improve accounting and financial reporting by state and local governments for postemployment benefits other than pensions or OPEB. It also improves information provided by state and local governmental employers about financial support for OPEB that is provided by other entities. This statement is effective for fiscal years beginning after June 15, 2017.

GASB Statement No. 81, *Irrevocable Split-Interest Agreements*, issued March 2016, requires a government that receives resources pursuant to an irrevocable split-interest agreement to recognize assets, liabilities, and deferred inflows of resources at the inception of the agreement. Furthermore, this statement requires that a government recognize assets representing its beneficial interests in irrevocable split-interest agreements that are administered by a third party, if the government controls the present service capacity of the beneficial interests. This statement also requires that a government recognize revenue when the resources become applicable to the reporting period. This statement is effective for fiscal years beginning after December 15, 2016.

GASB Statement No. 83, *Certain Asset Retirement Obligations*, issued November 2016, establishes accounting and financial guidance for certain asset retirement obligations (AROs). A government that has legal obligations to perform future asset retirement activities related to AROs is required to recognize a liability and a corresponding deferred outflow of resources. The measurement of an ARO should be based on the best estimate of the current value of outlays expected to be incurred. This statement is effective for fiscal years beginning after June 15, 2018.

GASB Statement No. 84, *Fiduciary Activities*, issued January 2017, addresses more specific details in reporting fiduciary funds. Existing standards aren't detailed enough which led to variances in how activities are recognized and reported. The new criteria focuses on whether a government is controlling the assets of the fiduciary activity and the beneficiaries with whom a fiduciary relationship exists. The four fiduciary funds that should be reported include (1) pension (and other employee benefit) trust fund, (2) investment trust funds, (3) private-purpose trust funds, and (4) custodial funds. The new requirements take effect for reporting periods beginning after December 15, 2018.

GASB Statement No. 85, *Omnibus 2017*, issued March 2017, addresses several different accounting and financial reporting issues that were recognized while implementing and applying certain GASB pronouncements. Specifically, the objective of this Statement addresses a variety of topics including issues related to blending component units, goodwill, fair value measurement and application, and postemployment benefits (pension and other postemployment benefits [OPEB]). This statement is effective for fiscal years beginning after June 15, 2017.

Notes to the Basic Financial Statements For the Fiscal Year Ended June 30, 2017

Note 17: Future Accounting Pronouncements (continued)

GASB Statement No. 86, Certain Debt Extinguishment Issues, issued May 2017, establishes new guidance when extinguishing debt prior to its maturity. The primary objective of this statement is to improve consistency in accounting and financial reporting for in-substance defeasance of debt by providing guidance for transactions in which cash and other monetary assets acquired with only existing resources are placed in an irrevocable trust for the sole purpose of extinguishing debt. Debt is considered defeased in substance when the debtor irrevocably places cash or other monetary assets acquired with funding debt proceeds in a trust to be used solely for satisfying scheduled payments of both principal and interest of the defeased debt. The requirements of the statement are effective for reporting periods beginning after June 15, 2017.

GASB statement No. 87, *Leases*, issued June 2017, addresses changes to the reporting of leases. The GASB rules will bring significantly all leases on to lessees' balance sheets. Previously, operating leases were off-balance sheet. The new guidance requires lessee government to report on (1) amortization expense, (2) interest expense on the lease liability and (3) note disclosures about the lease, general description and agreements, along with the amount of lease assets recognized and a schedule of future payments. The lessor government will report in its financial statements (1) lease receivable, (2) interest revenue on the receivable, (3) lease revenue corresponding with the reduction of the deferred inflow, and (4) note disclosures about the leases, general description and leasing agreement, along with the total amount of inflows of resources recognized from leases. The new rules exclude leases related to investment assets, short-term leases and certain regulated leases. The new statement is effective for reporting periods beginning after December 15, 2019.

Note 18: **Subsequent Events**

2017 Yolo County Public Agencies Financing Authority Lease Revenue Bonds

On, August 2, 2017, the Yolo County Public Agencies Financing Authority issued the 2017 Series A Capital Project Lease Revenue Bonds to finance various public capital improvement projects, to pay cost of issuances, and a municipal bond debt service reserve insurance policy in the amount of \$17,165,000.

Notes to the Basic Financial Statements For the Fiscal Year Ended June 30, 2017

Note 19: **Deficit Fund Equity**

As of June 30, 2017 the following individual funds had deficit fund equity balances:

North Davis Meadows County Service Area No. 10

At the end of the fiscal year this fund had a deficit of \$268,120. The deficit was caused by increasing costs of providing water service and expenditures related to water system consolidation with a neighboring city. The deficit and future consolidation costs will be funded with increased assessments and potential State funding.

Willowbank County Service Area No. 12

At the end of the fiscal year this fund had a deficit of \$3. The deficit was caused by one-time engineering expenditures to study alternative sources of irrigation water in fiscal year 2016. This fund's regular annual assessment averages \$4,500 and along with other revenues were not sufficient to fully close the prior year deficit of \$8,279 at June 30, 2016. The next year's assessment will be used to cover the remainder of the deficit.

In-Home Supportive Services Public Authority

At the end of the fiscal year this fund had a deficit of \$3,445. The deficit was caused by additional year end expenditures accrued after the General Fund support transfers were completed. The deficit will be resolved in the subsequent fiscal year by an additional support transfer from the General Fund.

Jail Expansion

At the end of the fiscal year this fund had a deficit of \$122. The deficit was caused by additional expenditures accrued after the capital improvement funds support transfers were completed. The deficit will be resolved in the subsequent fiscal year from bond proceeds from the 2017 Capital Improvement Bonds issued in August, 2017.

Note 20: **Prior period Adjustment**

During the year ended June 30, 2017, the First 5 Yolo, a discretely presented component unit reported a correction of an accounting error. As a result, the First 5 Yolo reported a prior period adjustment to correct the error:

	Repo	Previously orted, June 0, 2016	Ū	stment for	As Restated, June 30, 2016		
First 5 Yolo - Discrete Component Unit: Beginning Net Position	\$	84,650	\$	79,828	\$	4,822	

Notes to the Basic Financial Statements For the Fiscal Year Ended June 30, 2017

Note 21: **Tax Abatements**

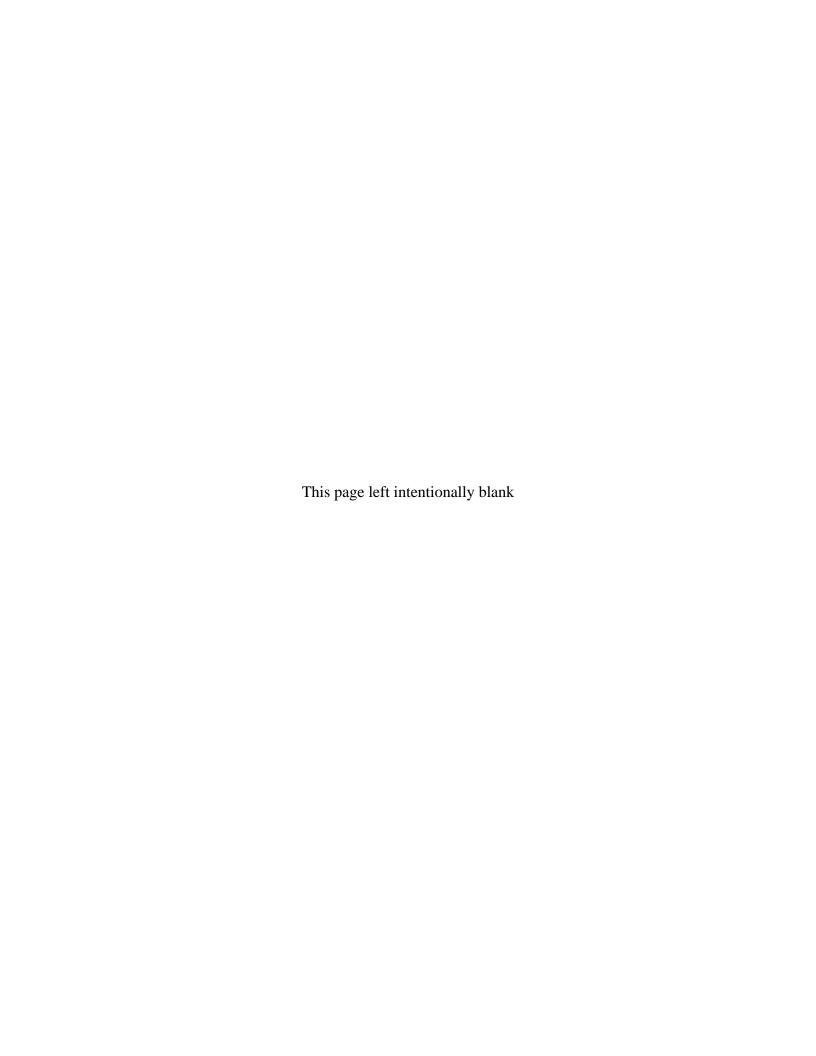

The County provides property tax abatements through the Agricultural Preserve Program. The program enrolls land in Williamson Act contracts whereby the land is enforceable restricted to agricultural, open space, or recreational uses in exchange for reduced property tax assessments. Participation in the program is voluntary. The Yolo County Code and Williamson Act guidelines are the set of rules by which the County administers the program. The Department of Community Services is responsible for administering the County's program.

Under the provisions of these contracts, land parcels are assessed for property tax purposes at a rate consistent with their actual use, rather than potential market value of the property. The minimum contract term is ten years and automatically renews until a nonrenewal or cancellation process is initiated. Under the renewal process, the annual tax assessment increases over a defined period of time until the assessment reflects the market value of the property.

For the fiscal year ended June 30, 2017, the County of Yolo had 2,048 Williamson Act assessments and the assessed value restricted by Williamson Act was \$674,221,499 resulting at the 1% Tax rate allowed by Proposition 13 for a total of \$6,742,215 of tax abated by Williamson Act. Of this tax abated, the County's AB8 apportionment factor is 9.913918% for an estimated tax abated that would otherwise have been received by the County of \$668,418. The County calculates and distributes tax at a Tax Rate Area (TRA) level therefore the tax abated when calculated at the individual parcels could vary as the County has a higher or lower AB8 factor for each respective TRA. Agricultural lands however are generally located within the unincorporated County where the County generally has a higher AB8 apportionment factor at the TRA level than the Countywide AB8 factor.

Schedule of Contributions

Last 10 Years

	2015	2016	2017
Actuarially determined contribution Contributions in relation to the actuarially determined contributions Contribution deficiency (excess)	\$ 13,975,879 (13,975,879) \$ -	\$ 15,309,361 (15,309,361) \$ -	\$ 16,828,397 (16,828,397) \$ -
Covered payroll	\$ 68,029,869	\$ 70,100,904	\$ 72,090,633
Contributions as a percentage of covered payroll	20.54%	21.84%	22.80%

Notes to Schedule:

Methods and assumptions (actuarials for contributions are performed 3 years in advance) used to determine contribution rates:

- a) Actuarial cost method: Entry Age Normal
- b) Amortization method: Level Percent of Payroll
- c) Remaining amortization period: 24 Years as of Valuation Date
- d) Asset valuation method: 15 Year Soothed Market
- e) Inflation: 2.75%
- f) Salary increases: Varies by Entry Age Service
- g) Payroll growth: 3%
- h) Investment rate of return: 7.50% Net of Pension Plan Investment and Administrative Expense; includes Inflation
- i) Retirement age: The probabilities of retirement are based on the 2010 CalPERS experience study for the period of 1997 to 2007.
- j) Mortality: The probabilities of mortality are based on the 2010 CalPERS Experience Study for the period of 1997 to 2007. Pre-Retirement and Post-retirement mortality rates include 5 years of projected mortality improvement using Scale AA published by the Society of Actuaries.
- k) Fiscal year 2015 was the first year of implementation, therefore only three years are shown.

Note to Required Supplementary Information For the Fiscal Year Ended June 30, 2017

BUDGETARY BASIS OF ACCOUNTING

The County is legally required to adopt an annual budget and adhere to the provisions of the California Government Code (Sections 29000 – 29144 and 30200), commonly known as the County Budget Act. Budgets are adopted for the General, special revenue, debt service and capital project funds. Budgets are prepared on a budgetary basis that includes unliquidated encumbrances as expenditures, treats other financing sources and uses as revenues and expenditures and does not include financial reporting adjustments. The Board annually conducts a public hearing for the discussion of a proposed budget. At the conclusion of the hearings, statutorily no later than October 2, the Board adopts the final budget including revisions by resolution. The Board also adopts subsequent revisions that occur throughout the year. All annual appropriations, except amounts that have been encumbered, lapse at fiscal year-end.

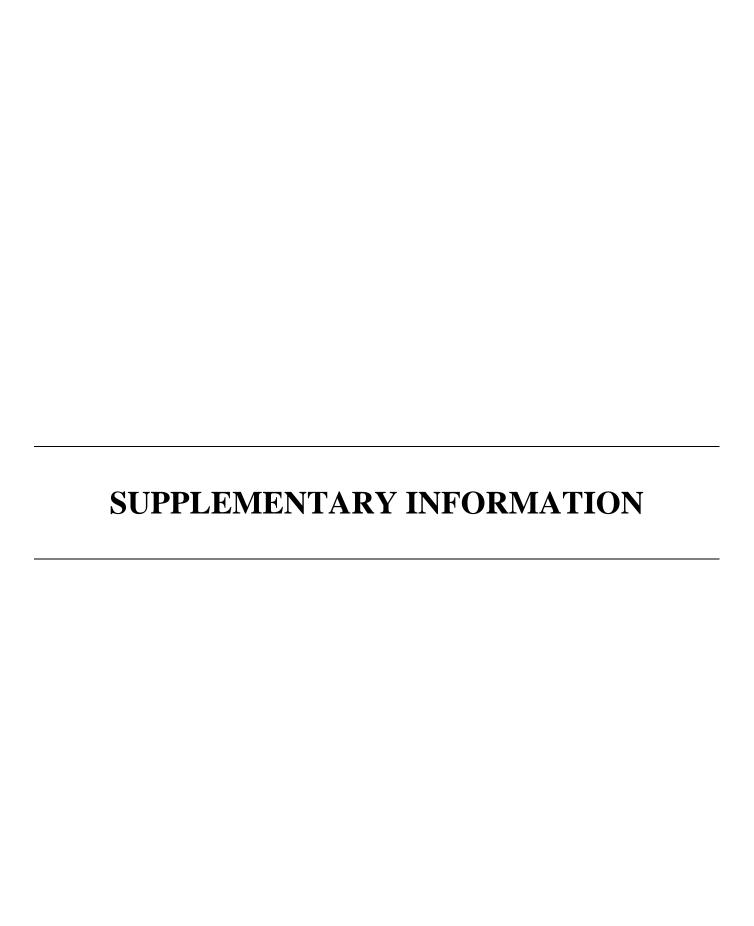

The Board must approve amendments or transfers of appropriations between funds, or budget units, as well as items related to capital assets. Supplemental appropriations financed by unanticipated revenue, unappropriated fund balance or by contingency appropriations require to be approved by the Board. The County Administrator Officer can approve transfers between objects within the same fund and budget unit.

The legal level of budgetary control (i.e., the level at which expenditures may not legally exceed appropriations) is maintained at the fund, budget unit, and object level. Presentation of the budgetary schedules at the legal level is not feasible due to excessive length; therefore, except for the General Fund, the budget and actual statements have been aggregated by function.

The County uses an encumbrances system as an extension of normal budgetary accounting for all fund types to assist in controlling expenditures. Under this system, purchase orders, contracts, and other commitments for the expenditure of monies are recorded in order to reserve that portion of applicable appropriations. Encumbrances outstanding at year-end are deducted from available appropriations and are reported as restricted, committed or as assigned fund balance since they do not constitute expenditures or liabilities.

The amounts reported in the budgetary basis differ from the basis used to present the basic financial statements in accordance with generally accepted accounting principles (GAAP) as follows:

- Other financing uses and debt service appropriations and expenditures for budgetary purposes are reported at the functional level.
- Other financing sources and uses are treated for budgetary purposes as revenue and expenditures, respectively.
- Encumbrances are treated as expenditures for budgetary purposes.
- Budgetary basis revenue and expenditures do not include financial reporting adjustments. Financial reporting adjustments include eliminations of transfers between funds within the same fund reporting group, additional revenue and expenditure accruals, reclassifications and other adjustments.

Special revenue funds are used to account for and report the proceeds of specific revenue sources that are restricted or committed for expenditures for specified purposes other than debt service or capital projects.

NONMAJOR SPECIAL REVENUE FUNDS

County Local Revenue Fund 2011

This fund provides for the receipts and expenditure of state funding for realigned programs including public protection and health services.

Penalty Assessments

Provides funding for capital related expenditures for court facilities, maintenance and operations of criminal justice facilities and for emergency medical services. Revenues are derived from fines, forfeitures and penalties.

Library

This fund provides Library services throughout the County. Support is derived principally through property taxes.

County Service Areas

County service areas provide street lighting, street and road maintenance, levee and storm drainage, water and sewer services within specific geographic areas. They are blended component units of the County with advisory boards, administered by the County Board of Supervisors. Support is derived from property taxes, aid from other governments and charges for services.

Clerk-Recorder Improvements

Deposits to these funds are from restricted recorder fees used for the modernization of vital and official records operations, to defray the cost of converting the document storage system to micrographics and to provide for the full operation for modernization of information in the department.

Miscellaneous Grants and Fees

These funds receive grants, fees and fines to fund a variety of programs including child abuse prevention, domestic violence, small claims advisory program, property tax administration, local law enforcement, tobacco and education.

Housing Revolving Loans

These funds receive repayments of loans used by program participants to rehabilitate homes, expand businesses and as a down payment by first-time homebuyers. Additional loans are funded from the repayments.

Habitat and Resource Management Program

Deposits to this fund consist of assessments on the tonnage of gravel sold. This fund finances the implementation of the Cache Creek Area Plan, which provides for the managed use and conservation of natural resources in the lower Cache Creek region. This includes oversight and enforcement of the Off-Channel Mining Plan, habitat restoration, erosion control and environmental monitoring.

Asset Forfeiture

Proceeds from the sale of property subject to forfeiture and seizure of property involved in or purchased with the proceeds from a controlled substance offence. The funds are used to enhance District Attorney and Sheriff-Coroner programs.

In-Home Supportive Services Public Authority

This is a legally separate special purpose government unit created to maintain registry and referral system to assist consumers in finding qualified in-home supportive services personnel as well as training of and support for providers and recipients.

Nonmajor Debt Service Fund

Debt service funds are used to account for and report financial resources that are restricted, committed or assigned to expenditure for principal and interest.

NONMAJOR DEBT SERVICE FUNDS

Davis Library Expansion

This fund is used to accumulate resources for the payment of principal and interest on Mello-Roos Act Special Assessment Bonds. The proceeds of bonds were used to expand the Davis Library. Revenue is primarily derived from a voter approved parcel tax within the area that benefits from the expanded Davis Library and revenue from use of money and property.

District Attorney Building

This fund is used to accumulate resources for the payment of principal and interest on certificates of participation for the acquisition of the District Attorney's Building in Woodland. The proceeds were used for the construction of the District Attorney's Building. Revenue is derived from development fees, fine and forfeiture and penalty and rents and investment earnings on deposits with bond paying agents.

Nonmajor Capital Projects Funds
Capital projects funds are used to account for and report financial resources that are restricted, committed
or assigned to expenditure for capital outlays, including the acquisition or construction of capital facilities and other capital assets.

NONMAJOR CAPITAL PROJECTS FUNDS

Accumulated Capital Outlay

This fund is used to account for monies used to supplement the cost of constructing and acquiring specifically identified buildings, facilities, and equipment for the County of Yolo. The costs of these projects are financed through property taxes, development impact fees, and aid from other governments.

Esparto Parks Improvements Project

This fund is used to account for construction of Esparto community park improvements. A \$2,150 fee is levied on new residences constructed within Esparto to finance this project.

Esparto Bridge Development Fee

This fund is used to account for the collection of fees from developers to provide funding for constructing a bridge over Lamb Valley Slough as required by the adopted 1996 Esparto General Plan.

County Facilities

This fund is used to account for the accumulation of funds for County facility projects including the County Historic Courthouse renovation, Davis Office Building renovations, and other County facilities projects.

Yolo Library

This fund is used to account for the receipt and expenditure of funding to construct a new library for the town of Yolo.

Jail Expansion

This fund is used to account for the receipt and expenditure of state grant funds and county match to expand the County Jail.

Juvenile Detention Facilities

This fund is used to account for the receipt and expenditure of state grant funds and county match to expand juvenile detention facilities.

Internal	ı Serv	vice	Hiin	an

Internal service funds are used to account for the financing of goods or services provided by one department or agency to other departments or agencies of the County, or to other governments on a cost-reimbursement basis.

INTERNAL SERVICE FUNDS

Yolo Electric

This fund was established to account for and recover the cost of electric generated by the County's three solar arrays.

Equipment Replacement

This fund was established to accumulate funds for equipment replacement.

Fleet Services

This fund was established to account for and recover the cost of providing vehicles to County departments.

Telephone

This fund was established to account for and recover the cost of the County telephone system.

Unemployment Self-Insurance

This fund accounts for the financing of the County's unemployment insurance.

Dental Self-Insurance

This fund accounts for the financing of the County's employee dental insurance.

AGENCY FUNDS

Agency funds are custodial in nature and do not involve measurement of results of operations. Such funds have no equity since all assets are due to individuals or entities at some future time.

The "Property Tax" Fund accounts for the levy, collection, and distribution of property taxes collected in the County.

The "Cities" Fund accounts for the collection and distribution of taxes and fees on behalf of the cities within Yolo County.

"Redevelopment Successor Agencies" Fund accounts for the "wind down" of redevelopment agency activities.

"Local Transportation Fund" accounts for the ¼% sales tax allocated for transit purposes that the County distributes to the County and cities per instructions submitted by Sacramento Area Council of Governments.

"Special District and School Bond Funds" account for the collection and distribution of voter-approved bonded indebtedness property taxes and for the payment of related debt.

"Public Administrator-Guardian" Fund accounts for client funds held in a custodial capacity by the County.

"Other" Fund is to account for the collection of fees and other payments collected on behalf of the State and other local agencies.

Statistical Section

The information in this section is not covered by the Independent Auditor's Report, but is presented as supplemental data for the benefit of the readers of the comprehensive annual financial report. The objectives of statistical section information are to provide financial statement users with additional historical perspective, context, and detail to assist in using the information in the financial statements, notes to financial statements, and required supplementary information to understand and assess a government's economic condition.

CONTENTS	PAGE
FINANCIAL TRENDS	
These schedules contain trend information to help the reader understand	224
how the County's financial performance and well-being have changed	
over time.	
REVENUE CAPACITY	
These schedules contain trend information to help the reader assess the	229
County's most significant local revenue sources, the property tax.	
DEBT CAPACITY	
These schedules present information to help the reader assess the	233
affordability of the County's current levels of outstanding debt and the	
County's ability to issue additional debt.	
ECONOMIC AND DEMOGRAPHIC INFORMATION	
These schedules offer economic and demographic indicators to help the	237
reader understand the environment within which the County's financial	
activities take place.	
OPERATING INFORMATION	
These schedules contain service and infrastructure data to help the reader	239
understand how the information in the County's financial report relates	
to the services the County provides and the activities it performs	

Sources: Unless otherwise noted, the information in these schedules is derived from the comprehensive annual financial reports of the relevant year.

Notes:

(1) Accounting standards require that net position be reported in three components in the financial statements: net investment in capital assets; restricted; and unrestricted. Net position is considered restricted when 1) externally imposed by creditors (such as debt covenants), grantors, contributors, or laws or regulations of other governments or 2) imposed by law through constitutional provisions or enabling legislation.

Notes:

- (1) Secured property is generally real property, defined as land, mines, minerals, timber and improvements such as buildings, structures, crops, trees and vines.
- (2) Unsecured property is generally personal property including machinery, equipment, office tools and supplies.
- (3) Unitary properties are railroads and utilities crossing the county and are assessed by the State Board of Equalization.
- (4) Exempt properties include numerous full and partial exclusions/exemptions provided by the State Constitution and the legislature that relieve certain taxpayers from the burden of paying property taxes.
- (5) Due to 1978 passage of the property tax initiative Proposition 13 (Prop 13) the County does not track the estimated actual value of all County properties. Under Prop 13 property is assessed at the 1978 market value with an annual increase limited to the lesser of 2% or the CPI on properties not involved in a change of ownership or properties that did not undergo new construction. Newly acquired property is assessed at its new market value (usually the purchase price) and the value of any new construction is added to the existing base value of a parcel. As a result, similar properties can have substantially different assessed values based on the date of purchase. Additionally, Prop 13 limits the property tax rate to 1% of assessed value plus the rate necessary to fund local voter-approved bonds and special assessments.

Notes:

1) Government Code Section 29909 provides that the total amount of bonded indebtedness shall not at any time exceed 1.25% of the taxable property of the County as shown by the last equalized assessment roll. If water conservation, flood control, irrigation, reclamation, or drainage works improvements, or purposes, or the construction of select County roads is included in any proposition submitted, the total amount of bonded indebtedness may exceed 1.25% but shall not exceed 3.75% of the taxable property of the County as shown by the last equalized assessment roll.

TOTAL DIRECT DEBT \$ 22,945,000

TOTAL OVERLAPPING DEBT \$ 832,294,297

COMBINED TOTAL DEBT <u>\$ 855,239,297</u> (3)

- (1) The percentage of overlapping debt applicable to the County is estimated using taxable assessed property value. Applicable percentages were estimated by determining the portion of the overlapping district's assessed value that is within the boundaries of the County divided by the district's total taxable assessed value.
- (2) Ecludes lease revenue bonds dated 8/2/17.
- (3) Excludes revenue anticipation notes, enterprise revenue, mortgage revenue and non-bonded capital lease obligations.

Ratios to 2016-17 Assessed Valuation:

Total Overlapping Tax and Assessment Debt	1.98%
Total Direct Debt (\$22,945,000)	0.09%
Combined Total Debt	3.39%

Ratios to Redevelopment Incremental Valuations (\$4,705,434,527):
