**Knights Landing Small Community
Flood Risk Reduction Feasibility Study
Public Meeting**

July 23, 2018 at 6:00 pm

Knights Landing Community Center
42114 7th Street, Knights Landing, CA 95645

The Yolo County Natural Resources Division is pleased to invite the public to attend an open house on July 23rd, 2018.

Yolo County is in the beginning stages of preparing a Flood Risk Reduction Feasibility Study, using funds provided by the California Department of Water Resources (DWR). The study includes the community of Knights Landing and those levees maintained by RD 108, RD 787, and Yolo County Service Area 6 ("Snowball CSA").

The goal of the project is to determine the most appropriate project to increase flood protection for Knights Landing to 100-year flood protection and increase the flood protection for the rural lands surround the community.

Sincerely,

Yolo County Natural Resources Division
(530-666-8150)
