

Beginning of Section 106 Process

Part of the environmental compliance process involves preparing a Historic Property Survey Report. The letter found at this [link](#) represents the start of this work. The letter seeks information on the Rumsey Bridge, and has been sent to a number of entities, and the project's interested parties email list. The historical consultant is seeking historical information about the bridge to include in the report. Please feel free to respond as described in the letter. If you would like to be added to the interested parties list, please fill out the comment form, or send a note to the email address found above
