AT LARGE Olin Woods

County Staff: Panos Kokkas
Members Present: Eldridge, Strandgaard, Zehner
Public: John Whitehead

Meeting Minutes

Yolo County Transportation Advisory Committee

Cache Creek Conference Room; Thursday, April 19, 2018, **4:00 – 5:30 PM**

DISCUSSION ITEMS

1. Assign minute taker for meeting
 - a. Hans Strandgaard agreed to take minutes.
2. Public Comment
 - a. With regard to CR105 and 32A and the at grade RR crossing, John Whitehead commented that in his reading of the California Vehicle Code, Section 22450-Section C, it states that a local government can pass an ordinance that requires a stop sign to be placed anywhere where it makes sense for safety. His thinking was that a stop sign could be installed for westbound traffic prior to the RR crossing so that there might be fewer people running straight ahead and missing the turn, then getting stuck on the tracks. Mr. Kokkas noted that since it is not an intersection, adding a stop sign could be even more dangerous than the existing condition. Additionally, since there are already active RR controls at the intersection, the PUC would have to approve placement of the stop sign. He further noted that one option being considered by parties involved is to move the crossing further to the west where there is more room for CR 32A to first move away from and then curve back toward the tracks-perhaps creating a better crossing geometry. The arbitration with the RR, City of Davis, the County and PUC is on-going and Mr. Kokkas will let us know when there are decisions.

7. Public Works Update (County)

- a. The County is trying to get lots of projects out to bid. A \$6-7 million repaving project on CR 13 and CR 14 is going to the Board for approval so that it can be bid out next week. A \$1.2 million project on CR 27 west of CR 98 and east of the 505 is going to the Board for approval as well. The El Macero repair work bid came in at \$850k which was \$200k less than the engineer's estimate and the work will begin in May.

8. Next Meeting Agenda Items-Supervisorial District 3 TAC Replacement, Discussion of TED meeting and Other continued items from previous meetings.

9. Next Meeting Date, Time and Location- Thursday, May 24, 2018, Cache Creek Conference Room, 4:00-5:30pm
