Karen Larsen, LMFT  
Behavioral Health Director  
Yolo County Behavioral Health  
137 N. Cottonwood Street, Suite 250  
Woodland, CA 95695

Dear Director Larsen:

Enclosed is the Final Report completed by Behavioral Health Concepts, Inc., California's External Quality Organization (BHC) for the review of the Medi-Cal Specialty Mental Health Services Waiver Program, reflecting the findings and recommendations from the FY14-15 External Quality Review of the Yolo MHP.

This review was conducted in accordance with the Centers for Medicare and Medicaid Services (CMS) Managed Care regulations. These CMS regulations mandate that the California Department of Health Care Services (DHCS) provide an annual external quality review of the quality, outcomes, timeliness of care, and access to care provided by California Mental Health Plans (MHPs). BHC customized each FY14-15 review based upon the issues and recommendations outlined in the prior year's EQRO report.

BHC performed the following activities to meet the requirements for the External Quality Review as related to MHPs:

1. Validating Performance Improvement Projects (PIPs) – The MHP did not submit a clinical or non-clinical PIP for the FY14-15 review.
2. Information Systems Capability Assessment (ISCA) – BHC utilized a California-specific ISCA protocol to review the integrity of the MHP's information system(s) and the completeness and accuracy of the data produced by those systems.
3. Validating Performance Measures (PMs) – BHC will conduct a performance measurement analysis based upon variables identified through discussion with DHCS. This analysis will be included in the statewide final report submitted to DHCS on August 31, 2015.
4. Technical Assistance and Training – BHC has provided technical assistance and training as part of the on-site review, webinar PIP Clinics, and remains available to respond to any MHP questions.

Please contact me at [gale.berkowitz@bhceqro.com](mailto:gale.berkowitz@bhceqro.com) if you have any questions about the final report or to request technical assistance between reviews.

BHC appreciates the MHP's participation in the review. We hope that the recommendations and technical assistance provided are helpful in sustaining quality processes and in improving the overall quality of the MHP's program.

Sincerely,

Gale Berkowitz, DrPH  
Deputy Director  
California EQRO  
Behavioral Health Concepts, Inc.
