How My Program Fits Into the Agency Strategic Plan:

AGENCY GOALS:

GOAL 1 **Improve Outcomes for Clients and the Community**

- Improve access to and use of quality health & human services to promote health for families and children.

GOAL 2 **Ensure Fiscal Health**

Promotes prevention and upstream intervention to prevent adverse and costly health outcomes such as NICU stays and use of emergency rooms for infants and mothers.

GOAL 3 **Strengthen Health & Human Services Agency Integration**

Supports and enhances capacity of all family serving programs w/in HHSA to serve families in Yolo County (drivers of health outcomes)

GOAL 4 **Make Data-Informed Decisions and Create a Culture of Quality**

- Adopted and developed performance measures for all programs
- Promotes CQA and CQI as a foundational process for program planning

How My Program Fits Into the Branch Strategic Plan:

- Achieve PH Accreditation*
- Cultivate a creative, supportive, collaborative culture*
- Facilitated interaction across branch and agency programs*
- Understand and share each others program elements and goals*
- Improve cross program effectiveness in working with partners.*
- Educate decision makers to make policy changes that advance health.*
- Use outreach and community wide initiatives to engage communities*
- Incent individuals and organizations to participate in upstream efforts*
- Promote understanding of "trauma-informed" approaches*
- Optimize use of technology*
- Support Implementation of the CHIP*
- Promote Health Equity*
- Use PM and QI to drive decision making and resource allocation*
