4. **PUBLIC COMMENT**
  - John Troidl shared information about a program the Student Health Services is offering on the UC Davis campus, “Helmet Hair, Don’t Care”. Students will receive a free bike helmet when they sign a pledge to wear their helmet; but the program is currently out of helmets. John will get information about sponsorship and report back if anyone is interested.
  - John Troidl announced UC Berkley is celebrating their 75<sup>th</sup> anniversary for their School of Public Health.
  - Michael Wilkes gave a brief PowerPoint presentation on the [100<sup>th</sup> anniversary of the Spanish flu](#).
5. **STATE AND COUNTY UPDATE – Jill Cook, County Administrator’s Office**
  - **Budget:** On September 25<sup>th</sup>, the Board adopted the FY2018-19 budget. The Board also adopted allocated funding for the Rural Community Investments Programs to start designing a park, playing fields, and walking trails for the community in Knights Landing.

- **Adult Day Health Center:** On September 25<sup>th</sup>, staff provided the Board an update on the Adult Day Health Center. Staff has been working with Dignity Health over the last few years to figure out a new facility or how to expand at the current facility.

On October 9<sup>th</sup>, the Board allocated funding to work with an engineer to look at three options:

- Renovation and expansion of the current site
- Explore building a new facility
- Obtaining an existing facility and do improvements as needed

**6. BOARD OF SUPERVISORS UPDATE – Tara Thomson, Deputy to Supervisor Saylor**

- **Strategic Planning Session:** On October 2<sup>nd</sup> the Board hosted a Strategic Planning Session where Brian Vaughn and Dr. Chapman presented the Community Health Improvement Plan update, and touched on Health in All Policies.
- **Fetal Infant Mortality Rate (FIMR):** Supervisor Saylor wants to thank the Fetal Infant Mortality Rate committee for holding a ceremony on October 7<sup>th</sup>, for families in Yolo County to honor the lives of the children lost.
- **Mental Illness Awareness:** The Board recognized October 7-13 as Mental Illness Awareness Week.
- **Partnership Health:** On October 7<sup>th</sup> Partnership Health gave an update to the Board. They have been seeing a reduction in enrollment over the last twelve months versus the typical growth; and the concern is that the reduction might be tied to immigration and public charge federal policies.

**7. COMMUNITY HEALTH BRANCH REPORT – Brian Vaughn, Public Health Director**

[Branch Report](#)

- **Community Health Improvement Plan (CHIP):** Presented the CHIP to the Board of Supervisors on October 2<sup>nd</sup>. As we develop the new CHIP, which will go into effect in 2020, we would like to have the Health Council be more involved, have a leadership role, and help develop the CHIP by using your expertise.
- **Women, Infants and Children (WIC):** Our WIC program was one of two recipients of the state to receive the Loving Support Award of Excellence Gold Award for the Breastfeeding Peer Counseling Program.
- **Fetal Infant Mortality (FIMR):** Held our first FIMR event on October 7<sup>th</sup>, the memorial service was a lovely event, and we hope to have this event every year.

**8. HEALTH OFFICER REPORT – Ron Chapman, Health Officer**

- **STDs:** Chlamydia, Gonorrhea and Syphilis rates are increasing countywide, statewide and nationwide. In the last 1-2 months, Yolo County has seen a concerning trend of an increase of Syphilis in pregnant women. We will be talking to the state within the next few days to discuss a game plan for outreach for both men and women who are undiagnosed.
- **Influenza:** The Centers for Disease Control (CDC) is reporting the Flu vaccine this year is a good match, assuming that the virus does not mutate.
- **Health in All Policies (HiAP):** The workgroup has contacted Monterey County, who has a robust HiAP infrastructure and capacity in their county, and one of the things they have is a Health Impact Review team. Their Health Impact Review team reviews policies that the county is considering, and let the county elected officials/decision makers understand the health impacts the policies may have. We are going to try and better understand what the Health Impact Review looks like.
