Wild Wings CSA  
Lead & Copper Sampling Results

The California Division of Drinking Water and Federal Environmental Protection Agency (EPA) Lead & Copper Rule require water systems to test for lead and copper within their water distribution systems.

The Wild Wings CSA is pleased to inform its residents, all required Lead & Copper monitoring samples meet California Division of Drinking Water and EPA water standards.

Sacramento, CA 95834

**Project Name: Wild Wings**

Enclosed are the results of analyses for samples received by the laboratory on 09/19/18 12:15. Samples were analyzed pursuant to client request utilizing EPA or other ELAP approved methodologies. I certify that the results are in compliance both technically and for completeness.

Analytical results are attached to this letter. Please call if we can provide additional assistance.

Sincerely,

James Liang, Ph.D.  
Laboratory Director
