

Community Information Meeting

Thursday, January 10, 2019

5:30 – 7:00 p.m.

Montgomery Elementary School, Library

1441 Danbury St, Davis, CA

Following extensive community stakeholder outreach in 2017, Yolo County Health and Human Services received funding to construct a behavioral health wellness center in South Davis as well as funding for an adult residential treatment center.

In 2018, the County and Yolo County Housing identified two of the existing buildings at the Pacifico Apartments, as sites that could house these programs and that would provide complementary services within the Davis community. Pacifico is an affordable housing development, which is restricted by the City to serve low income populations.

The County and Housing Authority have submitted a permit application to the City and held community outreach meetings for the project proposal. This will be the third in a series of meetings, but the first since the filing of the application submittal.

Please join us for a program overview and review of the permit application as well as to ask questions relating to the Conditional Use Permit application contents and next steps. We look forward to seeing you.

AGENDA

1. Sign In
2. Welcome
3. Team Member Introductions
4. Overview/Background of Site
 - a. Why this location?
5. Conditional Use Permit Application
 - a. What is in the application?
 - b. What is the process going forward?
6. Facilitated Q/A: Questions, Concerns, Design Considerations
7. Wrap Up
