

## Electronic Report Transmittal Form

Attention: Brendan Kenny (916) 464-4635

Discharger: Wild Wings County Service Area  
Name of Facility: Wild Wings Water Recycling Facility  
WDRs Order Number: R5-2002-0077  
CIWQS Place ID: 272537  
County: Yolo

I am hereby submitting to the Central Valley Water Board the following information:

### **Check all that apply:**

Technical Report Title and Date Self-Monitoring Report for Wild Wings

Monthly Monitoring Report for the month of Dec., 2018

1st / 2nd / 3rd / 4th (circle one) Quarterly Monitoring Report for the year of \_\_\_\_\_

1st / 2nd (circle one) Semi-annual Monitoring Report for the year \_\_\_\_\_

Annual Monitoring Report for the year \_\_\_\_\_

### **Violation Notification:**

During the monitoring period, there (were) were not (circle one) any violations of the WDRs.

1. The violations were: 1600 coliform on 12-6-2018. Chlorine Residual was > 20 mg/L. This is obviously a sampling or testing error. The day before and the day after, the result was <1.8.
2. Have the violations been corrected? (Yes) / No. If no, what will be done to correct the violations: we will review sampling and handling procedures.

### **Certification Statement:**

*"I certify under penalty of law that I have personally examined and am familiar with the information submitted in this document and all attachments and that, based on my inquiry of those individuals immediately responsible for obtaining the information, I believe that the information is true, accurate, and complete. I am aware that there are significant penalties for submitting false information, including the possibility of fine and imprisonment."*

Signature:  Phone: 707-330-11402  
Printed Name: MICHAEL LANE Date: 1-22-19

**Electronic Report Submittal:**

To submit the electronic reports please do the following:

1. First, make a PDF copy of your report and include this *form as the first page of the report.*
2. Attach the PDF file to the email.
3. Send the email and PDF attachment to **centralvalleysacramento@waterboards.ca.gov** (Please note that in order to ensure your reports are cataloged correctly and routed to the appropriate Regional Board staff, only one report/attachment shall be included with each e-mail.)

Re: Wild Wings Wastewater Recycling Facility Status Update

- 
- There have continued to be set-backs in the effort to empty the recycled water pond and repair the irrigation wet well, including pump issues, rainfall and the holidays. However, a plug is now installed in the wet well inlet and a camera will be put into the wet well to determine the status of the valve that needs to be repaired/replaced. Meanwhile, we continue to whittle away at removing the remaining contents of the pond. If all goes well, the screw press will be cleared for use by the end of next week which will allow for an expedited process. The following week, the remaining contents of the pond should be removed and the liner cleaned. The final step will be the inspection, and repairs if needed, of the liner. As requested, attached to the monthly report you will find information on the water levels in the recycled water pond and the remaining quantity to be discharged, as well as the enhanced testing results.
  - Once the recycled water pond is emptied, the contents of the emergency storage pond will be pumped to the solids handling tank, decanted to the EQ tank and the solids sent to the new screw press until the pond is empty and the integrity of that liner can also be assured.
  - With the installation of the screw press (the final piece of equipment in the rehabilitation effort), work will soon begin on the updated Operations & Maintenance Manual which will include the following sections: Plant Overview, System Description, Design Information, System Component Summary, Electrical System Description, PLC Control System, Equipment O&M Manuals, Instrumentation Equipment and Standard Operation Procedure Forms.

# Recycle Pond Tracking
