- Jennie-all programs for Children Child Welfare-new effective October 1st we can do assessments for all children entering into system
- Ian-took over Homeless Services looking to build team, looking to hire Case Managers and Homeless Clinicians.

2. DIRECTORS REPORT

Last month's MH Directors Report sent as an attachment

- Milestone hit staff was decimated in 2004-2009 and since we have slowly been growing, by end of October we will have 24/7 Access Crisis Line in community. Three fully functional MH clinics up and running. Navigation Center will also operate at a full time clinic once up and running increasing access to the community. Once limited services, we will now have the community covered 24/7, and it feels good.
- Navigation center will be located in Davis at the Pacifico, Navigation on one floor and other services in two floor and ARF on the other floors. Nice place for people to live and receive services all at once.
- Homeless update-we took over Homeless Services about 4 years ago and its grown from 2 million to 6 million and we have dramatically increased the staffing from zero to 8.5 fte. Direct service staff on the Homeless Team has been requested by the community.
- June-Pacifico plans did not discuss plans for all the additional floor use in the building. Per Karen it's in the planning phases and it's hard to say at this point what will fill the building.

- FNP at the Urgent Care Center-planned for October 2018. The furniture was ordered and is now in place and ready for service

3. EPSDT CONTRACTS- (POWERPOINT PRESENTATION)

4. CHILDRENS SERVICES OVERVIEW

Kim Narvaez can forward additional information if needed

Mary (internal)-1 clinician

Megan- Access Screening and Referral,

Amara-hospital discharge planning, Clinician MDIC Referrals, currently clinicians doing are doing primary and without the help of interns

- Marcy- regularly direct clients to Turning Point Children's Services-three children programs adjunct behavioral then hand over behavior plan and send to PCP to continue care in 30 to 90 days. Serving up to age 15. Engaging families that are underserved and have flexibility to stabilize family support. Address any clinical concerns. 100 primary slots primary MH slots. TBS is where behavior is happening. Standard Trauma Informed Practices and PCT. BRO is hip hop therapy program we are at crossroads because last standing clinicians is resigning and we have plans for the program moving forward. Family advocate offering family support group requires RSVP for head count
- David--60 slots wrap in form services will use CYF team build a village applied BH analysis, family therapy INV therapy, regression therapy, and TBS services. In home based Services-Victor has been doing Wrap Around. Has 1000 Wrap Around cases MHs Resource Specialist, parent and parent partner and Psychiatric Services available
- Sara Gavin/Kim-service we have provided through CommuniCare for a very long time- this is an expansion of those services. Closure of the Yolo Family Services Agency lead to the transition of 6 clinicians who came over from the organization to CommuniCare
- Wrap and School Service-Primary Individual, Group and Family-evidence based therapy, Cog Function, Eye Movement Desensitization, and Child Interaction (2-part time psychiatrists on staff). Wrap around-service to highest level of need problem and child welfare. Most intensive long-term lasting 12 to 18 months. 2-3 time a week plus to meet the needs of the family.
- Stanford Youth Solutions-imbedded in child welfare component, two parent partners work with child Welfare Department and housed here in HHS-CDA. Stanford has had 20 years of MH service in Sac County Wrap Flex Integrated Treatment. Mobile service focused. Family homes and schools in community. They will come to families and meet where family feels comfortable. Offer on-call and crisis stabilization. Core practice: Trauma Focused CBT, offering Center Treatment in conjunction with Stanford Chronic Abuse and Neglect CCT. Overseeing Parent and Youth Partnerships imbedded in this new model-working on acquiring a location that's central to services.

Cambi questions:

Will meeting be held? Who is the contact person?

Answer: Amara is discharge contact once child is inpatient. Access team will provide all population navigation of services including children. Assist with all placement regardless of age.

Previously had waiting list and capacity issues-having more support will help us have better interventions in communities

Other big thing happening-mandate that all children welfare youth be screened CAANS-had a gap for youth and child welfare. Oct 1st it will be done will all children. Robust tool that can help with CFT's. Program has really grown.

Meeting topic forward-fiscal staff representation to work through new contract questions, meetings that are fiscally focused. Fiscal workgroup for providers.
