

POLICY & PROTOCOL REVIEW PROCESS

INTRODUCTION

The policy and protocol review process is an advisory process to the Yolo County Emergency Medical Services Agency (YEMSA) Administrator and the YEMSA Medical Director for the establishing medical policies and protocols. Suggestions and/or draft protocols are accepted from committees, system participants, individuals, and/or interested parties. All draft protocols are posted on the Yolo YEMSA website for public view and comment.

Protocols will be evaluated on a bi-annual basis with adequate time allowed for training and distribution if changes are required. Specific recommendations for additions, deletions and/or revisions should be forwarded to YEMSA.

The Medical Director approves all policies and procedures for Yolo County to assure medical control of the EMS System.
