Medi-Cal/PHC	50,111	49,941	49,596
CMSP	1	1	1

Emergency Medical Services (EMS)

- Yolo County EMS Agency has received the American Heart Association's Mission: Lifeline® EMS Gold Plus Award for implementing quality improvement measures for the treatment of patients who experience severe heart attacks. Every year, more than 250,000 people experience an ST elevation myocardial infarction (STEMI) the deadliest type of heart attack caused by a blockage of blood flow to the heart that requires timely treatment. To prevent death, it's critical to restore blood flow as quickly as possible, either by mechanically opening the blocked vessel or by providing clot-busting medication. The Mission: Lifeline initiative provides tools, training and other resources to support heart attack care following protocols from the most recent evidence-based treatment guidelines. Mission: Lifeline's EMS recognition program recognizes emergency medical services for their efforts in improving systems of care to rapidly identify suspected heart attack patients, promptly notify the medical center and trigger an early response from the awaiting hospital personnel.

September is National Preparedness Month! Each September, it's a reminder to be prepared for disasters or emergencies whether in your home, business, or communities. This year's theme is "Prepared, Not Scared". Ready.gov has lists of resources to ensure you and your loved ones are prepared for any disasters or emergencies. Throughout the Month of September, Emergency preparedness and Office of Emergency Services will also be releasing weekly tips and tricks on Yolo County's Social Media outlets on how to better be prepared:

- September 1-7, Save Early for Disaster Costs
- September 8-14, Make a Plan to Prepare for Disasters
- September 15-21, Teach Youth to Prepare for Disasters
- September 22-30, Get Involved in Your community's Preparedness

Maternal, Child and adolescent Health (MCAH)

- The Yolo County Health and Human Services Agency Community Health Branch and Yolo County Children's Alliance will be hosting their 4th Annual Community Baby Shower Fair for pregnant and parenting families in Yolo County. If you would like to participate and/or have any questions, please contact Raquel Aguilar at Raquel.Aguilar@yolocounty.org

Health Education

- Child Passenger Safety Program – Partnered with CHP to bring a second car seat event to the community of Winters. The office of Traffic Safety attended this event and filmed a small video that was shared in their social medial platforms. The video highlighted CA laws, the program and best practice. At this event a total of 6 seats were checked by our team, this count does not include seats inspected by CHP. You can view the video at this link:
<https://www.facebook.com/CaliforniaOTS/videos/2368771653336548/>

In September the Child Passenger Safety Program will be hosting two car seat checkups. The first event will be to commemorate Child Passenger Safety week on September 19th at Empower Yolo. The second event will be at the Yolo Fairgrounds, at the Community Baby Shower, on September 28th.
