Appreciative Inquiry What Has Worked Yolo County MCAH Advisory Board

Consider social determinants: housing, poverty, environment.

Safety standards for licensure (childcare) Small geography and population

play, libraries)

Dedicated IZ program/coordinator with small geography

Lots of community spaces for moms/caregivers for

parents to gather to share info (parks, safe places to

Toddlers & Preschoolers

Up to Date on Vaccinations
Yolo ~98%
CA Goal >95%

Parking Lot:

Targeted outreach Timely IZ for 0-3

QI: coordination of resources, linkage

Including dads/partners in discussion (i.e. LA Campaign)- culturally relevant representation

Because there is so much structural supports in place, there is very little need for education and individual behavior change (Group 3)

schedule

completed

Ease of obtaining vaccine

More effort to cluster well child/IZs

Follow up is done to ensure vaccines schedules are
