Re: Wild Wings Wastewater Recycling Facility Status Update

---

There is still just one item remaining to close out the Notice of Violation and there will be few updates to provide in the coming months. The status to date is as follows:

- The emergency storage pond liner was inspected and repaired on October 11<sup>th</sup>, 2019. The inspection report was sent on November 7<sup>th</sup>, 2019.
- Progress on the Operations & Maintenance Manual is under way but is expected to take longer to complete than the original timeline of November 2019 given other commitments for the contracted engineering firm. They are, however, endeavoring to complete the manual as soon as possible with a slated completion date of January, 2020.
