December 20, 2019

The Honorable Don Saylor, Chair, Members of the Board of Supervisors, and Citizens of Yolo County

The comprehensive annual financial report of the County of Yolo (County) for the fiscal year ended June 30, 2019 is hereby submitted in accordance with Sections 25250 and 25253 of the Government Code of the State of California. These statutes require that the County of Yolo annually issue a report on its financial position and activity and that an independent firm of certified public accountants audit the County's basic financial statements.

The Financial Report

This financial report covers all funds and activities of the County of Yolo as the primary government and its component units. The component units are legally separate entities that operate under the auspices of the County and provide services that supplement County services. Certain component units are blended into the County funds because their activities are controlled by the Board of Supervisors and are essentially part of County operations. Other component units are more independent and are reported in discrete columns in the government-wide financial statements. Note 1.A to the financial statements discusses component units in more detail. This financial report conforms to the standards established by the Governmental Accounting Standards Board and the recommended practices of the Government Finance Officers Association.

County management assumes full responsibility for the accuracy, completeness and fairness of the information presented herein, including all disclosures. Yolo County government demonstrates its stewardship of public resources and ensures strict accountability through four control mechanisms: budgetary control, financial control, fund-based accounting, and independent audit. Because the cost of internal controls should not exceed anticipated benefits, the objective is to provide reasonable, rather than absolute, assurance that the financial statements are free of any material misstatements. These mechanisms are further described below.

<u>Budgetary Control.</u> The County maintains a control system to ensure compliance with the legal provisions embodied in the annual budget approved by the Board of Supervisors. The level of budgetary control (that is, the level at which expenditures cannot legally exceed the appropriated amount) is established at the budget unit, which represents an organizational unit of a fund. Budgetary control within each budget unit is monitored at the object level: salaries and employee benefits, services and supplies, other charges, capital assets, other financing uses, special items, intra-fund transfers and appropriations for contingencies. The Board of Supervisors must approve transfers between budget units. Department of Financial Services staff monitors the budget status and reports to the Board of Supervisors on a quarterly basis, and reviews the status of appropriations each time there is a request for budget modifications. Budgetary comparisons are presented in the Required Supplementary Information and Supplementary Information sections of this report.

<u>Financial Control</u>. County management maintains internal control to obtain reasonable assurance that public resources are raised and used effectively and efficiently, that relevant laws and regulations are complied with and that reliable financial reports are prepared in conformity with generally accepted accounting principles. The Chief Financial Officer prescribes standards of internal control and disseminates them to County departments. Internal Audit staff monitors internal control countywide through reviews and internal audits. Internal audit reports are submitted to the Board of Supervisors and are available from the Department of Financial Services. The Financial Oversight Committee ensures that audit recommendations are properly followed up.

<u>Fund-based Accounting</u>. The County establishes separate funds to segregate financial resources that are restricted by laws, regulations or contractual provisions. These funds are maintained in accordance with generally accepted accounting principles and demonstrate compliance with budgetary and contractual provisions. They are presented in this annual report in the Fund Financial Statements Section.

<u>Independent Audit.</u> Annually, the County Board of Supervisors engages an independent public accounting firm to conduct a financial audit of the County's accounting records and financial report in accordance with generally accepted auditing standards and government auditing standards. The accounting firm Lance Soll & Lunghard (LSL) LLP conducted this year's audit and their report is presented on page 1 of the Financial Section. Management's discussion and analysis (MD&A) immediately follows the independent auditor's report and provides a narrative introduction, overview, and analysis of the financial statements. MD&A complements this letter of transmittal and should be read in conjunction with it. In addition, because the County receives and spends federal funds, it is also required to undergo an annual audit in accordance with the Single Audit Act Amendments of 1996. This separate report is available from the Department of Financial Services.

Profile of Yolo County

Yolo County incorporated in 1850 as one of California's original 27 counties. It is a general-law form of government, and as such, is a legal subdivision of the State of California. The County provides a full range of services that include general government, public protection, social services, public health, infrastructure, recreation and cultural services. The County is governed by a five-member Board of Supervisors (the Board). Members of the Board are elected by their respective district constituents on a non-partisan basis with staggered four-year terms. The chairmanship is rotated among the board members every year. Policy and legislative authority are vested in the Board, which is responsible for, among other things, passing ordinances, adopting the budget, appointing committees and commissions, and hiring the County Administrator and the County Counsel. The County Administrator is responsible for carrying out the policies, resolutions and ordinances of the Board, and for hiring the heads of departments within the County. Three department heads, namely the Assessor-Clerk Recorder-Registrar of Voters, District Attorney, and Sheriff-Coroner-Public Administrator, are elected by the entire County constituency on a non-partisan basis for four-year terms and are accountable directly to the public. In January 2015, all financial functions in the County were consolidated under the Department of Financial Services headed by an appointed Chief Financial Officer, who assumes all the statutory duties of the Auditor-Controller and Treasurer-Tax Collector.

Yolo County Economy

Yolo County is located in the rich agricultural regions of California's Central Valley and Sacramento River Delta. It is directly west across the Sacramento River from the State Capital of Sacramento. There are four incorporated cities in Yolo County: Davis, West Sacramento, Winters and Woodland. Agricultural viability and rural/small city quality of life are important to residents of the County. The County's leading economic activity is agriculture and is supported by other industries such as warehousing and distribution, food processing, technology and biotechnology research and development, and higher education at the University of California at Davis.

About 87% of Yolo County's population of 221,270 resides in the four incorporated cities. Davis, with a population of 68,761, has a unique university and residential community internationally known for its commitment to environmental awareness, progressive social programs and enthusiasm for cycling. Woodland, population 60,292, is the county seat. It has a strong historic heritage which is reflected in an impressive stock of historic buildings in its downtown area and surrounding neighborhoods. West Sacramento, population 53,911 is located across the Sacramento River from Sacramento, the State Capital. It is home to the Port of Sacramento, which is the leading export facility for rice in Northern California and an important infrastructure asset in the region. West Sacramento is also home to AAA baseball team, the Rivercats. Winters, population 7,417, is a small farming town nestled at the base of the Vaca Mountains and offers unique shops, restaurants and art galleries. It is close to Lake Berryessa and has become a favorite destination for bicycle enthusiasts. The unincorporated area of Yolo County, with a population of 31,200 has exceptionally productive soils, an excellent growing climate and adequate water supply which support its large and diverse agricultural industry.

The gross value of Yolo County's agricultural production in calendar year 2018 was \$676 million, representing a 6.2% increase from calendar year 2017, driven primarily by overall higher commodity prices. For the second consecutive year, almonds were the Yolo County's leading commodity with a gross value of \$113 million in 2018. Tomatoes, wine grapes, rice, and organic production are also among the top five commodities according to gross value.

The local agriculture industry benefits from the resources available at the University of California at Davis, one of the nation's top public research universities and an acknowledged leader in agricultural, biological, biotechnological and veterinarian sciences. The University was established in 1908 as a State agricultural school. Today, the 5,300-acre campus, the largest of the UC campuses, enrolls over 39,152 students and offers 102 undergraduate majors and 101 graduate programs in four globally respected colleges (Agricultural and Environmental Sciences; Biological Sciences; Engineering; Letters and Sciences) and six professional schools (Business Management, Education, Law, Medicine, Veterinary Medicine, and Nursing). In 2019, the School of Veterinary Medicine was ranked as the No. 2 school in the world by QS World University Rankings and No. 1 among North America's 28 veterinary schools by U. S. News and World Report.

The County and its cities are known for a commitment to managed quality growth while providing economic opportunity. The County is situated between rapidly growing metropolitan areas and faces increasing development pressure from both Sacramento and the Bay Area, especially along the Interstate 80 corridor that links the two regions. Preserving the agricultural land base and small city and rural quality of life are important to residents of the County and are top priority goals of the County Board of Supervisors.

Yolo County has a strong commitment to the reduction of greenhouse gas (GHG) emissions, which is balanced with its strong commitment to agriculture and the role of agriculture in reducing GHG emissions. The majority of GHG emissions are the result of infrastructure and development decisions: how we build our buildings, where we put them, and the quality and type of infrastructure that are required to serve them. The County's 2030 General Plan, adopted in November 2009, addresses those issues for unincorporated Yolo County, and establishes a land use pattern and strategy that will result in reductions in local GHG emissions. A notable initiative to reduce GHG emissions has been the construction of several major solar arrays between 2006 and 2014. Together, these arrays generate a combined 12.6 megawatts of renewable electricity annually, which more than offsets the entire electric usage from County operations. More recently, the County has entered into Joint Powers Agreement with the City of Davis and the City of Woodland to form the Valley Clean Energy (VCE), a Community Choice Aggregation program that is designed to increase local renewable generation capacity and reduce GHG emissions from electricity use. VCE began serving customers in June 2018.

Yolo County has led the State in agricultural preservation for the last several decades, primarily by directing growth into the incorporated cities where services are available and where development can occur more efficiently. This effort has succeeded in preserving prime agricultural land, but has led to a diminishing economic base for the County. The County's share of property tax is the second lowest in the State. Therefore, the new General Plan seeks to remedy this situation by preserving agriculture while also allowing for measured, appropriate residential and economic development focused within existing communities that will meet regional needs and improve the County's fiscal condition.

Yolo County is part of the six-county Sacramento Region which covers 6,561 square miles with a population of 2.5 million. The region offers a welcoming business climate, an abundant and educated workforce, low cost of living and doing business, and excellent schools. The region is quickly developing into a world-class technology community, with a specific competitive advantage in renewable energy technologies.

The regional economy is driven by a workforce of 1,180,000 and total taxable sales of \$44.7 billion. The region has experienced strong population and steady job growth over the last few decades, with a gradual shift from government employment to private sector employment in high technology, life sciences, healthcare, and clean energy technology industries. The government sector has historically been the largest employment sector but is currently experiencing slower growth relative to the private sector.

Businesses in Yolo County are served by an excellent infrastructure. The transportation system includes three interstate highways, major railways, a deep water port, a major metropolitan airport and smaller regional airports which provide ready access to Northern California, West Coast and national and international markets. Increasingly, high technology and information services are becoming prominent economic sectors in the region. There has been a surge of clean energy technology companies choosing to locate in the region to benefit from local assets.

In addition to the local economic environment, other factors from the State and Federal governments are shaping the financial condition of Yolo County. As of January 1, 2019, the State of California legalized recreational use of cannabis and the Bureau of Cannabis Control started to regulate commercial cannabis licenses in the state. The change has a significant impact on County operations and finances. In June 2018, Yolo County voters approved a general tax on cannabis businesses operating within the county, which generated about \$783 thousand in 2018-2019. In another significant development, State Senate Budget Bill 104 passed on July 9, 2019 recognized the county as a member of the County Medical Services Program (CSMP). As a member of CSMP, the county no longer has to revert \$2.1 million of public health funding annually back to the State of California. The additional monies will significantly increase the county's capacity to provide critical public health services and implement prevention and health equity initiatives.

At the federal level, the imposition of tariffs and trade restrictions has led to increased economic uncertainty for the county's export industries including agriculture. Any impacts from these policies have not yet fully realized and additionally may increase the risk of an economic recession.

Major Initiatives

In Yolo County, the Board of Supervisors continues to build on prior countywide strategic planning efforts with the adoption of the 2016-2019 Strategic Plan, which includes four primary Strategic Plan Goals with the overall guiding principle of providing fiscally sound, dynamic and responsive services. In accordance with the Strategic Plan guiding principle, staff has continued work on long-term financial planning by assessing financial management practices and systems and refining financial policies.

These financial policies support financial sustainability and have percolated into the budget through the measured build-up of the General Reserve, allowance for adequate contingencies during the budget year, increased transparency in presenting budget information, the continued development of the capital improvement plan and its funding mechanisms, and the creation of reserves for road maintenance and repair and equipment replacement. Policies on budget, debts and obligations as well as audit and accountability have been strengthened to prepare the county for sustainable and controlled growth. The County has successfully implemented a funding plan for its other post-employment benefits (OPEB) liability and pension liability, and 2019-20 fiscal year budget projects the reserve levels at \$22 million.

During the budget process for the 2019-20 fiscal year, the Board of Supervisors adopted a recommendation to increase the county's General Reserve by \$1,096,619 for an estimated year-end balance of \$14,256,043. This estimated reserve balance is 6.5% of average General Fund and Public Safety Fund expenditures and it is within the range recommended by the Government Finance Officers Association best practices and established in County financial policy.

In a similar effort to improve the financial infrastructure, the County is redesigning its financial services delivery through implementation of best practices prescribed by the international Government Finance Officers Association. As part of this plan, an enterprise resources planning system continues to be improved and enhanced. Modules for finance and procurement, human resources and payroll, time keeping, talent management, and budgeting have gone live, while contract management module is slated for implementation in the upcoming year. With the establishment of a modern financial system and the partnership with a new banking institution the County is stepping up to improve its electronic commerce abilities.

Excellence in Financial Reporting

<u>Awards.</u> The Government Finance Officers Association (GFOA) awarded a Certificate of Achievement for Excellence in Financial Reporting to the County for its comprehensive annual financial report (CAFR) for the fiscal year ended June 30, 2018. The County Department of Financial Services believes our current report for June 30, 2019 conforms to the Certificate of Achievement program requirements and we are submitting it to the GFOA to determine its eligibility for a Certificate of Achievement.

<u>Acknowledgments.</u> The preparation of this comprehensive annual financial report would not have been possible without the dedication of the staff of the Department of Financial Services, the support of the County Administrator and the County's independent auditor, Lance Soll & Lunghard LLP. Credit is also due to members of the Board of Supervisors for their continued insistence on fiscal accountability in the County.

Sincerely,

Chad Rinde, CPA Chief Financial Officer

FINANCIAL SECTION

INDEPENDENT AUDITORS' REPORT

To the Honorable Board of Supervisors County of Yolo, California

Report on the Financial Statements

We have audited the accompanying financial statements of the governmental activities, the business-type activities, the aggregate discretely presented component units, each major fund, and the aggregate remaining fund information of County of Yolo, California, (the County) as of and for the year ended June 30, 2019, and the related notes to the financial statements, which collectively comprise the County's basic financial statements as listed in the table of contents.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express opinions on these financial statements based on our audit. We did not audit the financial statements of First 5 Yolo. Those statements were audited by other auditors whose reports have been furnished to us, and our opinion, insofar as it relates to the amounts included for First 5 Yolo, is based solely on the reports of the other auditors. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

To the Honorable Board of Supervisors County of Yolo, California

Opinions

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, the business-type activities, the aggregate discretely presented component units, each major fund, and the aggregate remaining fund information of the County of Yolo, California, as of June 30, 2019, and the respective changes in financial position and, where applicable, cash flows thereof for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Other Matters

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis, the schedules of changes in the net pension liability and related ratios, the schedules of pension contributions, the schedule of changes in the net OPEB liability and related ratios, the schedule of OPEB contributions, and the budgetary comparison schedules, as listed in the table of contents, be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Other Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the County's basic financial statements. The introductory section, combining and individual nonmajor fund financial statements and schedules, and statistical section are presented for purposes of additional analysis and are not a required part of the basic financial statements.

The combining and individual nonmajor fund financial statements and schedules are the responsibility of management and were derived from and relate directly to the underlying accounting and other records used to prepare the basic financial statements. The information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the combining and individual nonmajor fund financial statements and schedules are fairly stated, in all material respects in relation to the basic financial statements as a whole.

The introductory and statistical sections have not been subjected to the auditing procedures applied in the audit of the basic financial statements and, accordingly, we do not express an opinion or provide any assurance on them.

To the Honorable Board of Supervisors County of Yolo, California

Other Reporting Required by Government Auditing Standards

In accordance with *Government Auditing Standards*, we have also issued our report dated December 20, 2019 on our consideration of the County's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is solely to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the County's internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the County's internal control over financial reporting and compliance.

Lance, Soll & Lunghard, LLP

Sacramento, California December 20, 2019

MANAGEMENT'S DISCUSSION AND ANALYSIS

This page left intentionally blank

Management's Discussion and Analysis For the Fiscal Year Ended June 30, 2019

FINANCIAL HIGHLIGHTS

The information in this section is not covered by the Independent Auditor's Report, but is presented as required supplementary information for the benefit of the readers of the basic financial statements.

As management of the County of Yolo, California (the County), we offer readers of the County's financial statements this narrative overview and analysis of the financial activities of the County for the year ended June 30, 2019. We encourage readers to consider the information presented here in conjunction with additional information that we have furnished in the County's Basic Financial Statements, which immediately follow this section.

Government-wide Financial Analysis (in thousands)

Assets and deferred outflows of resources of the County exceeded its liabilities and deferred inflows of resources at June 30, 2019 by \$111,091 consisting of:

- \$219,876 represents the County's net investment in capital assets, less (1) accumulated depreciation, and (2) related outstanding debt used to acquire those assets.
- \$122,891 is available for the County's ongoing obligations related to programs with external restrictions by creditors, grantors, contributors and enabling legislation.
- (\$231,676) unrestricted deficit.

The County's total net position increased by \$30,249 from the prior year:

- Net investment in capital assets increased by \$54,322. The increase consists of the following: capital asset acquisitions of \$57,055, retirement of related debt of \$5,940, depreciation of \$13,864, loss on retirements of \$1,541, unexpended debt proceeds of \$11,312 and issuance of new debt of \$4,580.
- The \$1,148 increase in restricted net position represents the change in resources that are subject to external restrictions on their use.
- Unrestricted net position decreased by \$25,221. The decrease is primarily a result of a \$17,586 decrease in the balance of deferred outflows of resources related to pension due to CalPERS lowering the discount rate from 7.25% to 7%, the Landfill post-closure liability increasing by \$4,755 due to a restatement related to accumulated closure costs and current year accumulated waste.

Financial Analysis of County Governmental Funds (in thousands)

As of June 30, 2019, the County's governmental funds reported a combined ending fund balances of \$195,710, a decrease of \$1,521 from the prior year. Amounts available for spending include restricted, committed, assigned and unassigned fund balances; these totaled \$183,303 or 94% of ending fund balance. Of this amount:

- \$106,168 is restricted by law or externally imposed requirements,
- \$32,463 is committed for specific purposes,
- \$42,023 is assigned, and
- \$2,650 is unassigned fund balance.

Management's Discussion and Analysis For the Fiscal Year Ended June 30, 2019

FINANCIAL HIGHLIGHTS (continued)

Financial Analysis of County Governmental Funds (in thousands) (continued)

As of June 30, 2019, the County's General Fund's total ending fund balance is \$87,431, an increase of \$929 from the prior year. The total fund balance available for spending is \$75,526 or 86% of ending total fund balance. Of this amount:

- \$16,791 is restricted by law or externally imposed requirements,
- \$25,253 is committed,
- \$30,091 is assigned and,
- \$3,392 is unassigned fund balance.

Capital Assets and Long-Term Liabilities (in thousands)

The County's capital assets (net of accumulated depreciation) increased by \$41,838, or 19% to \$260,752. Capital asset additions during the year totaled \$57,055 of which included \$18,556 related to construction in progress, \$21,591 in structures and improvements and \$16,908 for other capital assets. The County recorded depreciation of \$13,864 and a net loss due to retirements and disposals of \$1,541.

The County's long-term liabilities increased to \$435,185. The net decrease of \$4,195, or 1%, is primarily made up of a \$652 decrease in net pension liability, a \$6,741 decrease in net OPEB liability and is offset with the increase in postclosure liability of \$4,754. The County issued new debt of \$4,221 for a Health and Human Services building acquisition that was previously under a capital lease. The acquisition resulted in the termination of the capital lease obligation of \$3,486.

OVERVIEW OF THE BASIC FINANCIAL STATEMENTS

Management's Discussion and Analysis introduces the County's basic financial statements. The County's basic financial statements include three components:

- 1. Government-wide financial statements
- 2. Fund financial statements
- 3. Notes to the basic financial statements

Government-Wide Financial Statements

The government-wide financial statements provide an overview of the County's finances, in a manner similar to a privatesector business, that is, using the accrual basis of accounting. They demonstrate accountability of Yolo County government by showing the extent to which it has met operating objectives efficiently and effectively, using all resources available, and whether it can continue to do so.

The <u>statement of net position</u> presents information on all of the County's assets, deferred outflows of resources, liabilities, and deferred inflows of resources with the difference reported as net position. Over time, increases or decreases in net position may serve as a useful indicator of whether the financial position of the County is improving or deteriorating.

The *statement of activities* presents information on expenses and revenues to show how the County's net position changed during the fiscal year. All changes in net position are reported as soon as the underlying event giving rise to the change occurs, regardless of the timing of related cash flows. Thus, revenues are reported as soon as earned and expenses are reported as soon as incurred even though the related cash flows may not take place until future fiscal periods (e.g., uncollected taxes; earned but unused vacation leave).

Management's Discussion and Analysis For the Fiscal Year Ended June 30, 2019

OVERVIEW OF THE BASIC FINANCIAL STATEMENTS (continued)

Government-Wide Financial Statements (continued)

Both of these government-wide financial statements distinguish between activities of the County that are principally supported by taxes and intergovernmental revenues (governmental activities) and other activities that recover all or a significant portion of their costs through user fees and charges (business-type activities). The governmental activities of the County include general government, public protection, public ways and facilities, health and sanitation, public assistance, education and recreation and cultural services. The business-type activities of the County include Yolo County Central Landfill and Yolo County Airport.

Component units are included in the financial statements and are legally separate entities for which the County is financially accountable. Certain component units such as the County Service Areas, Yolo County Financing Corporation and In-Home Supportive Services Public Authority are essentially part of County operations and their financial data are blended with operational funds of the County. Other more independent component units such as certain Fire Districts and First 5 Yolo that are governed by boards that are appointed, and serve at the pleasure of the Board of Supervisors, are presented in discrete columns in these financial statements.

Fund Financial Statements

The fund financial statements provide evidence of fiscal accountability by demonstrating compliance with budgetary decisions made in public forum. A fund is a grouping of related accounts that are used to maintain control over resources that have been segregated for specific activities or purposes stipulated by laws, regulations or policies.

The County's funds are divided into three categories:

- Governmental funds
- Proprietary funds
- Fiduciary funds

Governmental funds: Governmental funds are used to account for essentially the same functions reported as governmental activities in the government-wide financial statements. However, unlike the government-wide financial statements, governmental fund financial statements focus on near-term inflows and outflows of spendable resources, as well as on balances of spendable resources available at the end of the fiscal year. Such information may be useful in evaluating a government's near-term financing requirements.

Because the focus of governmental funds is narrower than that of the government-wide financial statements, it is useful to compare the information presented for governmental funds with similar information presented for governmental activities in the government-wide financial statements. By doing so, readers may better understand the long-term impact of the government's near-term financing decisions. Both the governmental fund balance sheet and the governmental fund statement of revenues, expenditures, and changes in fund balances provide a reconciliation to facilitate this comparison between governmental funds and governmental activities.

The County maintains 137 individual governmental funds combined into 35 fund groups for reporting purposes. The County segregates, from the General Fund, a number of significant functions in major funds. Information is presented separately in the governmental funds balance sheet and in the governmental funds statement of revenues, expenditures and changes in fund balances for the General, Public Safety, Roads and Transportation, Mental Health Managed Care and Jail Expansion Capital Projects, all considered major funds. Data for the non-major funds are aggregated into a column titled Nonmajor Governmental Funds. Detail for the nonmajor governmental funds is provided in the combining statements located in the Supplementary Information section of this report.

Management's Discussion and Analysis For the Fiscal Year Ended June 30, 2019

OVERVIEW OF THE BASIC FINANCIAL STATEMENTS (continued)

Fund Financial Statements (continued)

The County of Yolo adopts an annual appropriated budget for the General, Public Safety, Roads and Transportation, and Mental Health Managed Care funds and for all nonmajor special revenue, debt service and capital project funds. Budgetary comparison schedules for major special revenue funds as well as the detailed budget comparison schedule for the General Fund, are presented to demonstrate compliance with the budget, are included in the Required Supplemental Information section. Budgetary comparison schedules for nonmajor governmental funds are included in the Supplemental Information section of this report.

Proprietary funds: The County maintains two types of proprietary funds: enterprise funds and internal service funds. *Enterprise funds* are used to report the same functions presented as business-type activities in the government-wide financial statements. The County uses enterprise funds to account for its central landfill and airport operations. Each of these funds is presented in a separate column on these financial statements. *Internal service funds* are used to accumulate and allocate costs of central services among the County's various functions. The County uses internal service funds to account for solar electric generation, equipment replacement, telephone services, fleet services, unemployment self-insurance, dental self-insurance and pension funding. Because these services predominantly benefit governmental rather than business-type functions, they are reported as governmental activities in the government-wide financial statements.

Proprietary funds statements provide the same type of information as the part of government-wide financial statements pertaining to business-type activities, only in more detail. The County's seven internal service funds are combined into a single, aggregated presentation in the proprietary fund financial statements. Individual fund data for the internal service funds is provided in the form of combining statements in the Supplementary Information section of this report.

Fiduciary funds: Fiduciary funds are used to account for resources held by the County in a fiduciary capacity for other parties. Fiduciary funds are not reflected in the government-wide financial statement because the resources of those funds are not available to support the County's programs. In the fiduciary fund category, the County maintains an agency and a investment trust reporting fund. The accounting method used for fiduciary funds is similar to that used for proprietary funds. Each of the agency funds and investment trust funds are combined for reporting purposes.

Notes to the Basic Financial Statements

The Notes to the Basic Financial Statements provide additional information that is essential to a full understanding of the information provided in the basic financial statements described above.

Required Supplementary Information

In addition to the basic financial statements, this report presents other useful information. The information that is required by accounting standards, such as budgetary comparisons for the General Fund and other major special revenue governmental funds, is presented under Required Supplementary Information (RSI). Schedules of changes in the net pension liability and related ratios and schedules of contributions for the County's pension plans and the schedule of funding progress for the County's other postemployment benefit plan are also presented as RSI.

Supplementary Information

This report also includes other useful information in the Supplementary Information (SI) section, it includes:

- Combining and individual fund statements and schedules for the aggregated nonmajor governmental funds
- Combining and individual fund statements for the aggregated internal services funds
- Agency funds combining statements
- Combining fund statements for the aggregated component unit fire districts

Management's Discussion and Analysis For the Fiscal Year Ended June 30, 2019

OVERVIEW OF THE BASIC FINANCIAL STATEMENTS (continued)

Statistical Section

This report also includes unaudited supplemental data for the benefit of the readers of the comprehensive annual financial report. The objectives of the statistical section information are to provide financial statement users with additional historical perspective, context, and detail to assist in using the information in the financial statements, notes to the financial statements, and required supplementary information to understand and assess a government's economic condition.

As noted earlier, over time, net position may serve as useful indicators of a government's financial position. In the case of the County, assets and deferred outflows of resources exceed liabilities and deferred inflows of resources by \$111,091 at the close of the fiscal year.

Management's Discussion and Analysis For the Fiscal Year Ended June 30, 2019

GOVERNMENT-WIDE FINANCIAL ANALYSIS (in thousands) (continued)

Analysis of Assets and Liabilities

Current assets: Current assets increased by \$14,824. The increase in current assets is primarily attributable to an increase in receivables of \$18,381 related to capital grants for the jail construction and a decrease in cash of \$5,394 primarily related significant expenditures related to jail construction costs.

Capital assets: The \$41,838 increase in capital assets is mostly attributable to ongoing construction in progress on the jail expansion projects as well as projects including new waste management unit construction at the Landfill.

Deferred outflows: The \$17,807 decrease in the deferred outflows is primarily due to pension (\$17,585) which was mainly a result of CalPERS lowering the discount rate from 7.25% to 7%. This is being amortized over the average remaining service lives of employees.

Current liabilities: The \$9,913 increase in current liabilities is mainly due to liability to the construction contractor on the jail expansion of \$6,540 and a net increase in unearned revenue due to the Health and Human Services department receiving more advance funding for state social services programs.

Non-current liabilities: The \$8,007 decrease in non-current liabilities is primarily attributable to a \$6,741 decrease in net OPEB liability from prefunding, a decrease to other long-term debt liabilities of \$1,556 and an increase on Landfill's current year post-closure liability of \$943.

Deferred inflows: The \$6,700 increase in deferred inflows related to OPEB is primarily due to changes in assumption, updating the discount rate from 6.50% to 6.75%, reflecting changes in experience from the 2015 experience study and incorporation of the remainder of benefit caps on employee groups.

Analysis of Net Position

The County's total net position increased by \$30,249 during the fiscal year. The change in net position is described below for each component.

Net investment in capital assets: The largest component of the County's net position is invested in capital assets (e.g., land, easements, construction in process, infrastructure (roads and bridges), software, structures and improvements and equipment), less the related outstanding debt used to acquire those assets. The County uses these capital assets to provide services to citizens; consequently, these assets are not available for future spending. Although the County's investment in its capital assets is reported net of related debt, it should be noted that the resources needed to repay this debt must be provided from other sources, since the capital assets themselves cannot be used to liquidate these liabilities.

The total net investment in capital assets was \$214,495 at fiscal year-end and consisted of the following: investment in capital assets (net of accumulated depreciation) of \$260,752 less the related debt (net of unexpended proceeds) of \$45,808. The \$51,707 increase in net investment in capital assets represents capital acquisitions and retirements, less current year depreciation, and the addition and/or retirement of related long-term debt.

Restricted net position: Total restricted net position increased by \$1,148. The District Attorney's prosecution of consumer fraud and environment protection program netted in an increase to restricted net position of \$1,332. An excess in revenues over expenditures contributed to the increase due to significant legal settlements by the District Attorney. The increase was offset with additional costs related mental health care services and various minor expenses.

Management's Discussion and Analysis For the Fiscal Year Ended June 30, 2019

GOVERNMENT-WIDE FINANCIAL ANALYSIS (in thousands) (continued)

Unrestricted net position: Unrestricted net position decreased by \$25,221. The decrease is primarily a result of a \$17,586 decrease in deferred outflows related to pension due to CalPERS lowering the discount rate from 7.25% to 7%, an increase in the Landfill post-closure liability due to a restatement related to accumulated closure costs and current year accumulated waste and an increase in accounts payable by \$6,540 due to large constructions projects.

Analysis of Statement of Activities

Total net position increased by \$30,250. Governmental activities net position increased by \$28,424 and business-type activities net position increased by \$1,825 for the fiscal year ended June 30, 2019. The following table shows the revenue, expenses, and changes in net position for governmental and business-type activities:

				Chang	ges i	n Net Posi	tion	l

Management's Discussion and Analysis For the Fiscal Year Ended June 30, 2019

GOVERNMENT-WIDE FINANCIAL ANALYSIS (in thousands) (continued)

Analysis of Governmental Activities

Revenues: Total revenues for the County's governmental activities had an overall increase from the prior year of \$33,426 or 10%, to \$371,001. Revenues are divided into two categories: program revenues and general revenues.

Program revenues had an overall increase of \$18,682 or by 7%, from the prior year.

- Charges for services decreased by \$2,905 or 5%. A decrease in state mandated cost reimbursements of \$2,871 contributed to the overall decrease in charges for services.
- Operating grants and contributions increased by \$6,811, or 3%. The increase is primarily due to augmentation of funding from the federal Office of Refugee Resettlement for supervision of unaccompanied minors in the amount of \$2,359 and an increase in allocation from the state related to the 1991 and 2011 realigned programs of \$3,117.
- Capital contributions and grants increased by \$17,019, or 371%. The increase is due primarily to funding from the state for the Monroe and Leinberger projects that began construction during the fiscal year.

<u>General revenues</u> had an overall increase of \$14,744, or 24%, from the prior year. The most significant changes are as follows:

- Property taxes increased by \$3,181, or 6%. The increase was expected since the County Assessor's delivered roll increased by 5.66% over the prior year.
- Sales and use taxes increased by \$829, or 16%, primarily due to the improving local economy.
- Unrestricted interest increased by \$4,406, or 447%, primarily due to an increase in Treasury pooled rate from 1.34% in FY2017-18 to 2.26% FY 2018-19 and an increase in the fair market value adjustment of 100.58% in FY2018-19 as compared to 99.14% in FY2017-18.
- Other general revenues increased by \$4,085, or 127%, primarily due to gains on a capital lease buyout of \$3,562 and revenue from capital asset disposals of \$314 which include sale of vehicles, surplus of county equipment and sale of furniture from the court house.

Expenses: Total expenses for the governmental activities were \$342,576, an increase of \$25,722 or 8%, from the prior year. The most significant changes are as follows:

- Public Protection The increase of \$2,485 is due primarily to increased costs related to Probation programs on refugee resettlement and general increase in salaries and benefits due to annual cost of living adjustments of 2% and increasing pension costs in the safety pension plan.
- Public Ways and Facilities The increase of \$9,787 is due primarily to increase in deferred road maintenance and construction made possible with additional funding from the state as a result of the SB1 Gas Tax.
- Health and Sanitation The increase of \$4,043 is primarily due to increased costs related to medical and mental health services, general increase in salaries and benefits due to annual cost of living adjustments of 2%, increase pension costs and an increase in new hire of 7 full time equivalent positions.
- Public Assistance the increase of \$10,153 is due primarily to increase costs related to foster care and adoption, increase cost related to homelessness efforts, general increase in salaries and benefits due to annual cost of living adjustments of 2% and an increase due to new hire of 34 full time equivalent positions.

Management's Discussion and Analysis For the Fiscal Year Ended June 30, 2019

GOVERNMENT-WIDE FINANCIAL ANALYSIS (in thousands) (continued)

Analysis of Business-type Activities

The net position of business-type activities decreased by \$1,825. The decrease due primarily to the increase in construction in progress related to the new waste management unit of \$5,129 and an offset resulting from a restatement to the Landfill post-closure liability of \$3,812. Total revenues were \$19,805 which increased by \$2,604 or 15%, and total expenses were \$17,980 which increased by \$5,358, or 42%.

- <u>Airport</u>: Total program revenue increased by \$3, or less than 1%. Expenses increased by \$29, or 9% due primarily to increase in costs to perform deferred maintenance and rehabilitation on the airport taxi-ways.
- <u>Landfill</u>: Total program revenue increased by \$1,340, or 8%, driven by increased waste volume. Total general revenue increased by \$,1260 which is primarily a result of the fair market value adjustment to Landfill post-closure portfolio. Total expenses increased by \$5,329 or 43%. The increase included an offset of the Landfill closure and post-closure expense that experienced a decrease in FY2017-18 of \$2,656 based on the estimated cost report, current year expense increased primarily to an increase in \$1,159 related to pension expenses, \$169 for OPEB expense and \$1,163 in services and supplies resulting from increasing contract operational costs.

FINANCIAL ANALYSIS OF FUNDS (in thousands)

The County uses fund accounting to ensure and demonstrate compliance with budgetary and legal requirements. The major difference between these fund statements and the government-wide statements is that the latter are based on the accrual basis of accounting and thus include certain revenues and expenses that are not accrued in the former.

Governmental funds. These funds account for the same functions reported as governmental activities in the Governmentwide Financial Statements, excluding activities accounted for in internal service funds. However, unlike the Governmentwide Financial Statements, governmental fund financial statements focus on near-term inflows and outflows of spendable resources, as well as on balances of spendable resources available at the end of the year (modified accrual basis of accounting). Such information is useful in assessing the County's near-term financing requirements. In particular, total fund balance less the nonspendable portion is a useful measure of the County's net resources available for spending at the end of the fiscal year. These funds include the General Fund, special revenue funds, debt service funds and capital project funds. These funds also include County Service Areas governed by the Board of Supervisors.

Only the major funds are reported in separate columns: General Fund, Public Safety Fund, Roads and Transportation Fund, Mental Health Managed Care Fund, and Jail Expansion Capital Project Fund. All others are non-major funds and are aggregated under Nonmajor Governmental Funds: these include special revenue funds, debt service funds and capital project funds. These nonmajor funds are presented in detail in the sub-section Combining and Individual Fund Statements and Schedules in the Supplementary Information section.

Management's Discussion and Analysis For the Fiscal Year Ended June 30, 2019

FINANCIAL ANALYSIS OF FUNDS (in thousands) (continued)

At June 30, 2019, the County's governmental funds reported combined ending fund balances of \$195,710 representing a decrease of \$1,522 in comparison with the prior year. The components of total fund balance are as follows:

- Nonspendable fund balance, \$12,106, are amounts that are not spendable in form, or are legally or contractually required to be maintained intact and are made up of (1) permanent funds of \$8,730, and (2) loans receivable of \$1,503, (3) interfund loans of \$816, and (4) prepaid expenditures, deposits and inventory of \$1,057.
- Restricted fund balance of \$106,168 consists of amounts with constraints put on their use by externally imposed creditor, grantors, contributions, laws, regulations or enabling legislation.
- Committed fund balance of \$32,463 are amounts set aside for specific purposes by the Board of Supervisors. This include amounts designated as general reserve of \$12,537.
- Assigned fund balance of \$42,023 represents amounts set aside by the Board of Supervisors, County Administrator and Department of Financial Services for specific purposes and can be re-directed for other purposes with less formality than committed funds. \$14,164 of these funds were appropriated to finance a projected deficit in the fiscal year 2019-20 budget.
- Unassigned fund balance, \$2,650, is a residual classification for the County's General Fund of \$3,391 and governmental funds where expenditures exceeded other available fund balance in the amount of (\$742).

The **General Fund** is the main operating fund of the County. The General Fund's total fund balance increased by \$929, from \$86,502 to 87,431 at June 30, 2019. The nonspendable portion of fund balance was \$11,905, and the spendable portion was \$75,526, an increase of \$149 from the prior year spendable fund balance of \$75,377.

As a measure of the General Fund's liquidity, it is useful to compare both total fund balance and spendable fund balance to total fund expenditures. Total fund balance equates to 48% of General Fund expenditures while spendable fund balance equates to 42% of total General Fund expenditures. Of the General Fund's spendable fund balance, \$16,791, or 22%, is restricted, \$25,253, or 33%, is committed, \$30,091, or 40%, is assigned, and \$3,392, or 5% is unassigned.

The **Public Safety Fund** is a major special revenue fund that records the expenditures of the ½ cent sales tax restricted for public safety activities and the required County maintenance of efforts. These expenditures include activities of the Sheriff, Probation, and District Attorney departments. The total fund balance decreased from \$2,984 to \$2,906. Fund expenditures increased by \$5,248, from \$63,362 to \$68,609. The increase is approximately 8% and mainly due to staffing and associated salary and benefit. Salaries and benefit increase is primarily due to increases in annual cost of living adjustments of 2% and new hire of 14 full time equivalent positions.

The **Roads and Transportation Fund** is a major special revenue fund that finances the maintenance and construction of County roads and bridges from the receipts of dedicated gas taxes and state and federal grants. This fund also finances County transit services from a dedicated sales tax. Total fund balance decreased by \$2,103 or 9%. Fund revenues increased by \$4,261 and fund expenditures increased by \$6,086. The increase in expenditure is due primarily to new and ongoing road projects. The 2018 pavement preservation project accumulated \$5,285 in cost during the year.

The **Mental Health Managed Care Fund** is a special revenue fund that accounts for the County's adult and children's mental health programs by providing outpatient, day rehabilitation, acute inpatient, board and care and vocational services. These services are funded primarily from state and federal revenues restricted for mental health services. Total fund balance is \$13,328, of which \$11,809 represents unexpended restricted Mental Health Services Act Funding (Proposition 63) and the remaining \$1,519 are also restricted from state realignment and other mental health and alcohol and drug programs.

Management's Discussion and Analysis For the Fiscal Year Ended June 30, 2019

FINANCIAL ANALYSIS OF FUNDS (in thousands) (continued)

The **Jail Expansion Capital Project Fund** accounts for the construction of the jail facilities expansion with funding from the state. Total fund balance at year-end was \$5,682, a decrease of \$2,483. The decrease is primarily due to large construction costs incurred during the year and a transfer of \$1,000 from the fund to cover courthouse renovation costs.

The following table presents the revenues from various sources as well as increases or decreases from the prior year in the governmental funds.

	Reve	ues in the	Gover	nme	ental Fund	ls					
		2019			201	8		Change

Charges for services	39,	967 1	0.6%		36,743	8.3%		3,224	8.8%		
Other revenue	2,	524	1.4%		4,956	1.2%		(2,332)	-47.1%		
Totals	\$ 374,	391 10	0.0%	\$	342,214	100.0%	\$	32,177	9.4%		

Significant changes for major revenue sources are explained below.

- Taxes This category includes property, transient occupancy, documentary, sales and cannabis taxes. The increase of \$4,706 consists of the following:
 - Property taxes increased by \$3,127, or 6%, which was expected as the County Assessor's delivered roll increased by 5.66% over the prior year.
 - Documentary taxes decreased by \$103, or 8%, due to lower number of property transfers.
 - Sales tax improved by \$636 or 16% due to continued improvement in the local economy.
 - Transient occupancy tax increased by \$17, or 3%, due to continued growth in occupancy.
 - Cannabis tax collection of \$783 occurred during the year and is the first fiscal year in which the tax has been collected since the passing of Measure K in June of 2018.

Management's Discussion and Analysis For the Fiscal Year Ended June 30, 2019

FINANCIAL ANALYSIS OF FUNDS (in thousands) (continued)

- Licenses, permits, and franchises This category includes regulatory-type payments. The increase of \$2,766 is primarily due to continued improvement in the real estate market which resulted in an increase in development impact fees of \$2,423.
- Fines, forfeitures, and penalties This category includes fines, forfeitures and penalties levied by the courts for vehicle and criminal offenses and from noncompliance of County ordinances. The decrease of \$4,524 is primarily attributable to the following:
 - Decreases in Teeter excess revenue transfer of \$2,414 due to higher property tax delinquency which required a higher statutory reserve.
 - Decrease in fines and settlements related to the District Attorney's consumer fraud and environmental protection program of \$1,607.
 - Various court and parking fines collected during the year were lower than prior year by \$390.
- Revenue from use of money and property this category includes interesting earnings, rents and leases, concessions and royalties. The increase of \$4,433 primarily due to an overall increase in Treasury pooled rate from 1.34% in FY2017-18 to 2.26% in FY 2018-19 and an increase in the fair market value adjustment of 100.58% in FY2018-19 compared to 99.14% in FY2017-18.
- Aid from other governments This category includes funding from state, federal and other local agencies. The majority of these funds are restricted as to use. The following highlights some of the year-to-year changes included in the increase of \$23,904, or 11%:
 - An increase in the 1991 and 2011 realignment apportionments from the state of \$3,117 for Public Safety, Health, Mental Health and Social Services programs.
 - The County received funding from the state for the expansion of the jail facilities that were not received in prior year in the amount of \$16,171 as the construction project commenced in FY2018-19.
- Charges for services This category includes charges for services to the public, other governments, and between county departments. The \$3,224 increase is primarily due to a change on how self-insurance premiums are charged to departments which resulted in an overall increase of \$4,778. Premiums were previously recorded as a reduction in expenditure in prior years. The increase was offset with decrease in charges for services in Medi-cal of \$566, health fees of \$432, and recording fees of \$100.
- Other revenue This category includes all other revenues not accounted for in the other categories including other sales, unclaimed property and money, seized funds, assistance repayments and contributions and grants from non-governmental entities and decreased by \$2,332. The decrease is due primarily to a one-time contribution from the Yocha Dehe Wintun Nation in FY2017-18 for the construction of the Esparto park improvement project in the amount of \$2,400.

Management's Discussion and Analysis For the Fiscal Year Ended June 30, 2019

FINANCIAL ANALYSIS OF FUNDS (in thousands) (continued)

The following table presents expenditures by function compared to prior year's amounts in the governmental funds.

Expenditures in the Governmental Funds									
	20)19	2	2018	Cha	ange			
Function	Amount	% of Total	Amount	% of Total	Amount	% of Total			
General government	\$ 33,693	8.9%	\$ 28,047	8.8%	\$ 5,646	20.1%			
Public protection	108,422	28.5%	104,097	32.6%	4,325	4.2%			
Public ways and facilities	8,420	2.2%	7,369	2.3%	1,051	14.3%			
Health and sanitation	60,924	16.0%	53,192	16.7%	7,732	14.5%			
Public assistance	105,225	27.7%	96,595	30.3%	8,630	8.9%			
Education	7,026	1.8%	7,021	2.2%	5	0.1%			
Recreation and cultural services	2,267	0.6%	2,111	0.7%	156	7.4%			
Capital outlay	51,962	13.7%	18,163	5.7%	33,799	186.1%			
Debt - principal	1,230	0.3%	957	0.3%	273	28.5%			
Debt - interest and fiscal charges	921	0.2%	1,067	0.3%	(146)	-13.7%			
Debt issuance cost	54	0.0%	501	0.2%	(447)	-89.2%			
	\$ 380,144	100.0%	\$ 319,120	100.0%	\$ 61,024	19.1%			

Significant changes for major functions are explained below:

- General Government The net increase of \$5,646 is due primarily to a change on how self-insured premiums are charged to departments from reduction in expense to revenue (other charges for service) of \$4,126 and an increase in professional services from the County Administrator's Office related to a six-mile gravel project along river levees within the county of \$1,274.
- Public Protection The increase of \$4,325 is due primarily to increased costs related to Probation programs on Refugee Resettlement, general increase in salaries and benefits due to annual cost of living adjustments of 2%, increasing pension cost in the safety pension plan and new hire of 21 full time equivalent positions.
- Health and Sanitation The increase of \$7,732 is primarily attributable to increased costs related to medical and mental health services of \$4,572 and general increase in salaries and benefits due to annual cost of living adjustments of 2%, increase pension cost and new hires of 7 full time equivalent positions.
- Public Assistance The increase of \$8,630 is due primarily to increase costs related to foster care and adoption, increase cost related to homelessness efforts, general increase in salaries and benefits due to annual cost of living adjustments of 2% and an increase due to new hire of 34 full time equivalent positions.
- Capital Outlay The increase of \$33,799 is made up the jail expansion construction of \$16,630, roads related infrastructure projects of \$5,678, court house renovation of \$5,633, purchase of the West Sacramento building \$4,167 and various facilities improvement projects of \$1570 such as the courthouse renovation.

Management's Discussion and Analysis For the Fiscal Year Ended June 30, 2019

FINANCIAL ANALYSIS OF FUNDS (in thousands) (continued)

- Principal on Long-Term Debts The increase of \$273 in is primarily due to an increase in principal payment related to the 2017 Lease Revenue Bonds of \$585 and is offset with lower principal payments and payoff of the pollution remediation debt of \$60 and various capital lease obligations of \$298.
- Interest and fiscal charges on Long-Term Debt the decrease in debt interest of \$146 is predominately due to lower outstanding debt balances.
- Issuance cost on Long-Term Debt The 2019 Lease Purchase Bonds were issued in June 2019 which incurred debt issuance cost of \$54 and resulted in a variance \$447 from prior year. The 2017 Lease Revenue Bonds were issued in the prior year with higher issuance costs due to the complexity of the transaction. The bonds were also completed for three different facilities whereas the 2019 Lease Purchase Bonds only involved one facility.

Proprietary funds. The County's proprietary funds provide the same type of information found in the government-wide financial statements, but in more detail.

Enterprise Funds

Total enterprise funds net position, which at year-end were comprised of the Yolo County Airport Fund and the Central Landfill Fund, decreased by \$1,988, or 10, from the prior year.

The **Yolo County Airport Fund** total net position decreased by \$35 to \$2,148. The decrease is due to lower concession and lease payments, decreased fuel sales, an increase in depreciation expense and overall increased services and supplies.

The **Yolo County Central Landfill** net position increased by \$1,953 after a restatement of beginning net position of \$3,812 due to the removal of accumulative costs incurred related the closure for waste management units. Operating revenues increased by \$2,154, or 14%. The increase is due to increased waste volume and recycle sales as well as revenue from energy generation from the methane plant. Operating expenses increased by \$5,255 or 43% due the restatement related to the post-closure expenses and increase in current year estimated closure costs.

GENERAL FUND BUDGETARY VARIANCES (in thousands)

The County's final budget appropriations for expenditures, including transfers out, for the General Fund differ from the original budget by supplemental appropriations of \$28,251, or 10%. The changes in appropriations to each object are as follows:

- Salary and benefits increased by \$702 or less than 1%;
- Services and supplies increased by \$8,348 or 16%;
- Other charges increased by \$1,049 or 2%;
- Capital asset appropriations increased by \$716 or 23%;
- Other financing uses increased by \$19,196 or 18%;
- Intrafund transfers decreased by \$110 or 1%;
- Appropriations for contingencies decreased by \$1,871 or 47%.

Revenue

General Fund estimated revenues, including transfers in, totaled \$278,216; the amount realized was \$282,190 for a net position impact on fund balance (budget variance) of \$3,974.

Management's Discussion and Analysis For the Fiscal Year Ended June 30, 2019

GENERAL FUND BUDGETARY VARIANCES (in thousands) (continued)

Expenditures

The County's General Fund's final appropriations totaled \$315,461 and budgetary expenditures totaled \$285,762 for a net savings (positive budget variance) of \$29,700.

By year-end, appropriation savings and over realization of revenues combined to reduce the budget plan to draw upon fund balance by \$37,245 and resulted in a budgetary savings of \$33,673 by using \$3,571 of fund balance. Budgetary fund balance totaled \$82,931 at year end.

Management's Discussion and Analysis For the Fiscal Year Ended June 30, 2019

CAPITAL ASSETS AND DEBT ADMINISTRATION (in thousands)

Capital assets

The County's investment in capital assets, net of accumulated depreciation, for its governmental and business-type activities as of June 30, 2019, was \$260,752. This investment in capital assets includes land, easements, software, infrastructure, structures and improvements and equipment. In fiscal year 2018-19, the County's investment in capital assets increased by \$44,154, or 20%, in both the governmental activities and business-type activities. The increase in investment in capital assets is primarily due to additions to construction in process.

In May, 2017, Standard & Poor's Rating Services raised its long-term rating for the County's general obligation debt to 'A+' with a stable outlook. S&P raised the County's certificates of participation to 'A+' from 'A-' in 2017.

Standard & Poor's Rating Services in July 2019 raised its underlying rating (SPUR) to "AA+" from 'AA' on the County's special tax bonds, issued on behalf of Community Facilities District No. 1989-1.

The legal debt margin for the County at the end of the fiscal year is \$351.3 million representing 1.25% of the County's assessed valuation.

Additional information on the County's long-term liabilities can be found in Note 9 to the financial statements.

Management's Discussion and Analysis For the Fiscal Year Ended June 30, 2019

ECONOMIC FACTORS AND 2018-19 BUDGET

The following factors were considered in preparing the County's budget for the 2019-20 fiscal year which increased by 15% over the prior year's budget.

- Property tax revenues are expected to increase 5.8% due to continued strength in the housing market.
- Sales tax revenues are expected to increase by 1% due to expected slowing growth in receipts by the California Department of Tax and Fee Administration.
- The 2019-20 budget includes the use of \$13.4 million in unassigned General Fund balance, which was used to fund one-time expenditures.
- The Board of Supervisors approved a \$1.1 million increase in the General Reserve for a total of \$14.3 million, or approximately 6.5% of General Fund and Public Safety Fund expenditures, as defined in the County's Policy on Fund Balances and Reserves.
- The 2019-20 budget includes a small increase in \$350,000 General Fund positions to maintain critical services to the community.
- The 2019-20 budget continued to pre-fund the County's other post-employment benefit (OPEB) liability, and established a mechanism to fund a Section 115 Trust dedicated to pension stabilization and paying down the unfunded pension liability.
- The 2019-20 budget includes \$59 million in capital improvements to critical facilities, including two jail expansions and renovation of the County's historic Courthouse.

The County's financial condition has improved significantly over the past several years and should continue to improve slowly in the near term. However, economic conditions are projected to weaken over the next several years, while cost pressures are growing due to increasing pension obligations and the IHSS cost shift enacted by the State in 2017.

REQUEST FOR INFORMATION

This financial report is designed to demonstrate accountability by the Yolo County government by providing both a long-term and near-term views of the County's finances. Reconciliation of the Governmental Funds Balance Sheet to the Statement of Net Position - Governmental Activities June 30, 2019

Fund Balance - Total Governmental Funds	\$ 195,709,678
Amounts reported for governmental activities in the statement of net position are different because:	
Capital assets, net of accumulated depreciation, used in governmental activities are	
not financial resources and, therefore, are not reported in the governmental funds.	217,833,763
Deferred loss on defeasance is not available to pay for current-period expenditures and	
is therefore not reported in the governmental funds.	390,379
Revenues that are earned but are not available or received within the period of	
availability are not recognized as revenues in the fund statements but are reported	
as revenue in the Government-Wide statement of activities.	9,088,976
Internal service funds are used by the County to charge the cost of unemployment and	
dental insurance, fleet services, telephone services and electricity charges, pension funding to individual	
funds and to accumulate funds for equipment replacement. Assets and liabilities of the internal	
service funds are included in governmental activities in the statement of net position.	
Internal service funds net position:	12,043,686
Deferred outflows and inflows are not reported in governmental funds:	
Deferred outflows related to pensions	50,014,066
Deferred outflows related to other post employment benefits	8,498,146
Deferred inflows related to pensions	(4,852,752)
Deferred inflows related to other post employment benefits	(5,214,861)
Long-term liabilities, including bonds payable, are not due and payable	
in the current period, and therefore are not reported in the governmental funds.	
Net OPEB liability	(66,960,790)
Net pension liability	(284,676,061)
Certificates of participation	(2,330,941)
Capital leases payable	(96,866)
Compensated absences	(8,881,152)
Interest payable	(56,043)
Special assessment debt with government commitment	(5,772,290)
Lease revenue bonds	(17,948,444)
Lease purchase bonds	 (4,221,189)
Net position of Governmental Activities	\$ 92,567,305

Reconciliation of the Statement of Revenues, Expenditures and Changes in Fund Balances of Governmental Funds to the Statement of Activities - Governmental Activities For the Fiscal Year Ended June 30, 2019

Changes in fund balances - Total Governmental Funds	\$	6 (1,521,728)
Amounts reported for governmental activities in the statement of activities are different because:		
Governmental funds report capital outlay as expenditures. However, in the statement of activities, the cost of those assets is allocated over their estimated useful lives and reported as depreciation expense.		
Expenditures for general capital assets, infrastructure, and other related capital assets adjustments\$ 51,332, (12,898, (12,898,		
Revenues in the statement of activities that do not provide current financial resources are not reported as revenue in the funds:		38,434,298
Other governmental revenue 5,289,	803	5,289,803
Issuance of debt and capital leases are reported as other financing sources in the funds statements, however, debt issuance and capital leases are reported as increases to long-term debt balances in the statement of net position.

BASIC FINANCIAL STATEMENTS Notes to the Financial Statements

This page left intentionally blank

Notes to the Basic Financial Statements For the Fiscal Year Ended June 30, 2019

Note 1: Summary of Significant Accounting Policies

A. The Financial Reporting Entity

1. Reporting Entity

The County of Yolo (the County) is a legal subdivision of the State of California and was incorporated in 1850 as a general law county. It is governed by an elected five-member Board of Supervisors and provides the following services: general government, public protection, public ways and facilities, health and sanitation services, public assistance, education, and recreation and cultural services. The County is a general purpose local government.

The governmental reporting entity consists of the County (Primary Government) and its component units. Component units are legally separate organizations for which the Board is financially accountable or other organizations whose nature and significant relationship with the County are such that exclusion would cause the County's financial statements to be misleading or incomplete. Financial accountability is defined as the appointment of a voting majority of the component unit's board, and (i) either the County's ability to impose its will on the organization or (ii) there is potential for the organization to provide a financial benefit to or impose a financial burden on the County.

The basic financial statements include both blended and discretely presented component units. The blended component units, although legally separate entities are, in substance, part of the County's operations and so data from these units are combined with data of the primary government. The basis for blending the component units is as follows:

- 1) The component unit's governing body is substantially the same as the County's and there is a financial benefit or burden relationship between the County and the component unit or management of the County has operational responsibility of the component unit.
- 2) The component unit provides service entirely, or almost entirely, to the County or otherwise exclusively, or almost exclusively, benefits the County even though it does not provide services to it.
- 3) The component unit's total debt outstanding, including leases, is expected to be repaid entirely or almost entirely with resources of the County.

The discretely presented component units, on the other hand, are reported in separate columns in the government-wide financial statements to emphasize they are legally separate from the government.

Unless otherwise noted, additional detailed information and/or separately issued financial statements of the County's component units can be obtained from the County Department of Financial Services by writing to the County of Yolo, P.O. Box 1268, Woodland, CA 95776-1268.

Notes to the Basic Financial Statements For the Fiscal Year Ended June 30, 2019

Note 1: Summary of Significant Accounting Policies (continued)

A. The Financial Reporting Entity (continued)

2. Blended Component Units

County Service Areas and other small districts are governed by the Board of Supervisors, managed by a County department, and may have an advisory board appointed by the Board of Supervisors. The following Districts are reported as special revenue funds of the County; Clarksburg Lighting District, Rolling Acres Permanent Road Division, El Macero County Service Area, Snowball County Service Area No. 6, Garcia Bend County Service Area No. 9, North Davis Meadows County Service Area No. 10, Dunnigan County Service Area No. 11, Willowbank County Service Area No. 12, Esparto Park and Pool Assessment District and Wild Wings County Service Area.

Yolo County Financing Corporation is a nonprofit public benefit corporation and is not organized for the private gain of any person. The Corporation, although a legally separate entity, is in substance part of the County's operations because it provides capital financing services to the County. Financial information for the Corporation is combined with other operational funds of the County.

Yolo County Public Agencies Financing Authority is a joint exercise of powers authority, organized pursuant to the provisions of Article 1, Chapter 5, Division 7, Title I of the California Government Code, commencing with Section 6500, and a Joint Exercise of Powers Agreement, dated as of May 3, 1994, between the County and the City of Davis. The Authority is a separate entity constituting a public instrumentality of the State of California and was formed for the public purpose of assisting in the financing of public projects. The Authority is governed by a three-member Board of Directors, which is made up of two members appointed by the County, and one by the City of Davis.

Yolo County In-Home Supportive Services (IHSS) Public Authority is a legally separate special purpose governmental unit created to maintain registry and referral system to assist consumers in finding qualified in-home supportive services personnel as well as training of and support for providers and recipients of IHSS. The County's Board is the governing board for the IHSS Public Authority and is reported as a special revenue fund of the County. The County Health and Human Services Agency manages this agency.

3. Discretely Presented Component Units

Board Governed Fire Districts: These districts are legally separate special purpose governmental units responsible for fire protection and emergency medical services to the general public within specified geographical areas and they do not provide any services to the County government. The County Board of Supervisors (BOS) appoints all members of the Districts' boards who serve at the pleasure of the appointing authority. The BOS approves the final budget of these Districts. These Districts are reported in a separate column to emphasize that they are legally separate from the County. The following fire districts have

Notes to the Basic Financial Statements For the Fiscal Year Ended June 30, 2019

Note 1: Summary of Significant Accounting Policies (continued)

A. The Financial Reporting Entity (continued)

been included in that column – Capay Valley, Dunnigan, East Davis, Esparto, Knights Landing, West Plainfield, Willow Oak, Winters and No Mans Land.

First 5 Yolo was established under the authority of the California Children and Families First Act of 1998 and sections 130100, et seq. of the Health and Safety Code. The BOS appoints all members of the commission, who serve at the pleasure of the appointing authority, and a member of the BOS acts as chair. The BOS also approves the final budget of the commission. First 5 Yolo's financial statements are audited by other accountants and are included as a discretely presented component unit on the County's government-wide statements. To obtain a complete copy of the audited financial statements contact First 5 Yolo at 502 Mace Blvd. Suite 11, Davis, CA 95618.

Yolo County Housing (YCH): On March 15, 2011 the BOS adopted an ordinance creating a Housing Commission that is responsible for overseeing the day-to-day operations of YCH. All members of the Housing Commission serve at the pleasure of the BOS and can be removed at will. Effective July 1, 2018 the BOS adopted an ordinance which amended the governance of the Housing Commission. While the BOS can still appoint the members of the Housing Commission, the County can no longer impose their will through removal of voting members. As such, the YCH is no longer included as a discretely presented component unit on the County's Government-wide statements. YCH's financial statements are audited by other accountants. To be obtain a complete copy of the audited financial statements, contact YCH at 147 W. Main Street, Woodland, CA 95695.

B. New Accounting Pronouncements

The following Governmental Accounting Standards Board (GASB) Statements have been implemented in the current financial statements:

GASB Statement No. 83, *Certain Asset Retirement Obligations*, issued November 2016, establishes accounting and financial guidance for certain asset retirement obligations (AROs). A government that has legal obligations to perform future asset retirement activities related to AROs is required to recognize a liability and a corresponding deferred outflow of resources. The measurement of an ARO should be based on the best estimate of the current value of outlays expected to be incurred. This statement is effective for fiscal years beginning after June 15, 2018.

GASB Statement No. 88, *Certain Disclosures Related to Debt, including Direct Borrowings and Direct Placements,* issued April 2018, improves the information that is disclosed in notes related to debt. Statement No. 88 simplifies which liabilities government should include when disclosing information related to debt. It requires that additional information related to debt be disclosed. This statement is effective for fiscal years beginning after June 15, 2018.

Notes to the Basic Financial Statements For the Fiscal Year Ended June 30, 2019

Note 1: Summary of Significant Accounting Policies (continued)

C. Basis of Presentation

Government-Wide Financial Statements

The statement of net position and statement of activities display information about the nonfiduciary responsibilities of the primary government (the County) and its component units. These statements include the financial activities of the overall government, except for fiduciary activities. Eliminations have been made to remove the double counting of internal activities.

These statements distinguish between the *governmental* and *business-type activities* of the County and between the County and its discretely presented component units. Governmental activities, which normally are supported by taxes and inter-governmental revenues, are reported separately from business-type activities, which rely to a significant extent on fees charged to external parties.

The statement of activities presents a comparison between direct expenses and program revenues for each segment of the business-type activities of the County and for each function of the County's governmental activities. Program expenses include direct expenses, which are clearly identifiable with a specific function, and allocated indirect expenses. Program revenues include 1) charges paid by the recipients of goods or services offered by the programs and 2) grants and contributions that are restricted to meeting the operational or capital requirements of a particular program. Revenues that are not classified as program revenues, including all taxes, are presented instead as general revenues.

When both restricted and unrestricted net position are available, unrestricted resources are used only after restricted resources are depleted.

Fund Financial Statements

The fund financial statements provide information about the County's funds, including fiduciary funds and blended component units. Separate statements for each fund category – *governmental*, *proprietary and fiduciary* – are presented. The emphasis of fund financial statements is on major governmental and enterprise funds, each displayed in a separate column. All remaining governmental funds are separately aggregated and reported as nonmajor funds.

Proprietary fund *operating* revenues, such as charges for services and concessions and leases, result from exchange transactions associated with the principal activity of the fund. Exchange transactions are those in which each party receives and gives up essentially equal values.

Notes to the Basic Financial Statements For the Fiscal Year Ended June 30, 2019

Note 1: Summary of Significant Accounting Policies (continued)

C. Basis of Presentation (continued)

Nonoperating revenues, such as noncapital grants and contributions, investment earnings, and proceeds from sale of assets and non-operating expenses, result from nonexchange transactions or ancillary activities.

The County reports the following major governmental funds:

- The *General Fund* is the County's primary operating fund. It accounts for the financial resources and the legally authorized activities of the County except those required to be accounted for in specialized funds.
- The *Public Safety Fund* accounts for the one-half cent California Public Safety tax revenue and the required general fund County "maintenance of effort" match.
- The *Roads and Transportation Fund* is used to account for the planning, design, construction, maintenance and administration of County roads. Funding primarily comes from property taxes, local sales and state highway user taxes, along with state and federal highway improvement grants.
- The *Mental Health Managed Care Fund* accounts for restricted funding of mental health care services to qualified residents in Yolo County.
- The *Jail Expansion Capital Project Fund* accounts for funding for the construction and renovation of the Leinberger and Monroe Jail facilities.

The County reports the following major enterprise funds:

- The *Yolo County Airport Fund* accounts for general maintenance, improvements and other costs associated with the operation of a publicly owned general aviation airport. The fund is financed through aid from other governments and user-generated revenues.
- The *Yolo County Central Landfill Fund* accounts for the operation of a central landfill and a local convenience center for refuse disposal.

The County reports the following additional fund types:

- *Internal Service Funds* account for solar electric generation, equipment replacement, fleet maintenance, telephone services, pension and dental and unemployment self-insurance programs provided to County departments and to other governments on a cost-reimbursement basis.
- The *Investment Trust Fund* accounts for the assets of legally separate entities that deposit cash with the County Treasurer. These entities include school districts, other special districts

Notes to the Basic Financial Statements For the Fiscal Year Ended June 30, 2019

Note 1: Summary of Significant Accounting Policies (continued)

C. Basis of Presentation (continued)

governed by local boards, regional boards and authorities. These funds represent the assets, primarily cash and investments, and the related liability of the County to disburse these monies on demand.

• The *Agency Funds* account for resources collected by the County, including property taxes, state subventions and fees that are held in a custodial capacity on behalf of other agencies.

D. Measurement Focus and Basis of Accounting

The government-wide, proprietary, and fiduciary funds financial statements are reported using the economic resources measurement focus and the accrual basis of accounting. Revenues are recorded when earned and expenses are recorded at the time liabilities are incurred, regardless of when the related cash flows take place. Non-exchange transactions, in which the County gives (or receives) value without directly receiving (or giving) equal value in exchange, include property and sales taxes, grants, entitlements and donations. On an accrual basis, revenue from property taxes is recognized in the fiscal year for which the taxes are levied. Revenues from sales tax are recognized when the underlying transactions take place. Revenues from grants, entitlements and donations are recognized in the fiscal year in which all eligibility requirements have been satisfied.

Governmental funds are reported using the current financial resources measurement focus and the modified accrual basis of accounting. Under this method, revenues are recognized when measurable and available. Property taxes, are accrued when their receipt occurs within sixty (60) days after the end of the accounting period so as to be both measurable and available. Sales taxes, interest, certain state and federal grants and charges for services are accrued when their receipt occurs within ninety (90) days after the end of the accounting period so as to be both measurable and available. Expenditure-driven grant revenues are accrued when their receipt occurs within one year. Expenditures are generally recorded when a liability is incurred, as under accrual accounting. However, debt service expenditures, as well as expenditures related to compensated absences and claims and judgments are recorded only when payment is due. Capital asset acquisitions and principal payments on long-term debt and capital leases are reported as other financing sources.

E. Cash and Cash Equivalents

For purposes of the accompanying statement of cash flows, the enterprise and internal service funds consider all highly liquid investments with a maturity of three months or less when purchased, and their equity in the County Treasurer's investment pool, to be cash equivalents.

Notes to the Basic Financial Statements For the Fiscal Year Ended June 30, 2019

Note 1: Summary of Significant Accounting Policies (continued)

F. Investments

The County sponsors an investment pool that is managed by the County Treasurer. The Treasurer invests on behalf of most funds of the County and external participants in accordance with the California State Government Code and the County's investment policy.

Statutes authorize the County to invest its surplus cash in obligations of the U.S. Treasury, agencies and instrumentalities, California municipal obligations including those issued by the State and any other local agency within the state, other states municipal obligations, corporate bonds rated P-1 by Standards & Poor's Corporation or A-1 by Moody's Investor Service, bankers' acceptances, certificates of deposit, commercial paper, repurchase and reverse repurchase agreements, asset-back securities, money market funds, and local government investment pools. Gains and losses are recognized upon sale based upon the specific identification method. Investments in nonparticipating interest-earning investment contracts (guaranteed investment contracts) are reported at cost, commercial paper which have maturities of less than 90 days are reported at amortized cost and all other investments are reported at fair value. The fair values of investments are obtained by using quotations obtained from independent published sources.

Participants' equity in the investment pool is determined by the dollar amount of participant deposits, adjusted for withdrawals and distributed investment income. Investment income is determined on an amortized cost basis. Accrued interest, realized and unrealized gains and losses, net of expenses, are apportioned to pool participants each quarter.

Income from pooled investments is allocated to participating funds or external participants based on the fund or participants' average daily cash balance for each quarter. Income from non-pooled investments is recorded based on the specific investment held by the fund. Earnings on these investments are recorded in the fund holding the specific investments.

G. Other Assets

Inventory

Inventories are stated at cost (first-in, first-out basis) for governmental funds and lower of average cost or market for proprietary funds. Governmental fund inventories are recorded as expenditures at the time the inventory is consumed. Reported inventories of governmental funds are not in spendable form and thus, an equivalent portion of fund balance is shown as nonspendable.

Inventory recorded in the proprietary funds is expensed as the parts are consumed.

Notes to the Basic Financial Statements For the Fiscal Year Ended June 30, 2019

Note 1: Summary of Significant Accounting Policies (continued)

G. Other Assets (continued)

Prepaid Items

Certain payments to vendors reflect costs applicable to future accounting periods and are recorded as prepaid items. Reported prepaid amounts of governmental funds are not in spendable form and thus, an equivalent portion of fund balance is shown as nonspendable.

H. Property Tax Levy, Collection and Maximum Rates

The State of California's (State) Constitution Article XIIIA provides that the combined maximum property tax rate on any given property may not exceed 1% of its assessed value unless an additional amount for general obligation debt has been approved by voters. Assessed value is calculated at 100% of market value, as defined by Article XIIIA, and may be adjusted by no more than 2% per year unless the property is sold or transferred. The appropriate levy is based on the assessed value as of the valuation date. The State Legislature has determined the method of distribution of receipts from a 1% tax levy among the County, cities, school districts, and other districts.

The County assesses properties and bills for and collects property taxes as follows:

	Secured	<u>Unsecured</u>
Valuation/lien dates Due dates (delinquent after)	January 1 50% on November 1 (December 10) 50% on February 1 (April 10)	January 1 March 1 (August 31)

The term "unsecured" refers to taxes on personal property other than land and buildings. These taxes are secured by liens on the property being taxed. Property tax revenues are recognized in the fiscal year for which they are levied, provided they are due, and in governmental funds, collected within sixty (60) days after fiscal year-end. Property taxes are recorded as unavailable revenue in the governmental fund statements when not received within sixty (60) days after fiscal year-end.

I. Capital Assets

Capital assets are recorded at historical cost or at estimated historical cost if actual historical cost is not available. Contributed capital assets are valued at their estimated fair market value on the date contributed. The County defines capital assets as assets with an initial, individual cost of more than \$10,000 for land, structures and improvements and easements, infrastructure with a cost of \$25,000 or more and equipment and software with a cost greater than \$5,000 and has an estimated useful life in excess of one year. Capital assets used in operations are depreciated or amortized using the straight-line method over the lesser of the capital lease period or their estimated useful lives in the government-wide statements and the proprietary funds.

Notes to the Basic Financial Statements For the Fiscal Year Ended June 30, 2019

Note 1: Summary of Significant Accounting Policies (continued)

I. Capital Assets (continued)

The estimated useful lives are as follows:

Structures and improvements	10 to 40 years
Easements	Life of the easement
Software	Life of the license or 2 to 7 years
Equipment	2 to 20 years
Infrastructure	10 to 50 years

Infrastructure assets include roads, bridges, underground pipe (other than related to utilities), traffic signals, water/sewer, lighting, and drainage and flood control.

J. Deferred Outflows and Inflows of Resources

In addition to assets, the Statement of Net Position and governmental funds balance sheet reports a separate section for deferred outflows of resources which is defined as a consumption of net position by the County that is applicable to a future reporting period. See Note 5 for a detailed listing of the deferred outflows of resources the County has recognized.

In addition to liabilities, the Statement of Net Position and governmental funds balance sheet reports a separate section for deferred inflows of resources which is defined as an acquisition of net position by the County that is applicable to a future reporting period. See Note 5 for a detailed listing of the deferred inflows of resources the County has recognized.

K. Compensated Absences (Accrued Vacation, Sick Leave, and Compensatory Time)

Unused vacation leave and compensatory time off may be accumulated up to a specified maximum and is paid at the time of termination from County employment. The County is not obligated to pay for unused sick leave if an employee terminates prior to retirement.

The County accrues accumulated unpaid compensated absences when earned (or estimated to be earned) by the employee. The non-current portion (the amount estimated to be used in subsequent fiscal years) for governmental funds is maintained separately and represents a reconciling item between the fund and government-wide presentation.

Notes to the Basic Financial Statements For the Fiscal Year Ended June 30, 2019

Note 1: Summary of Significant Accounting Policies (continued)

L. Pensions

For purposes of measuring the net pension liability and deferred outflows/inflows of resources related to pensions, and pension expense, information about the fiduciary net position of the Yolo County in the California Public Employee's Retirement System (CalPERS) and additions to/deductions from the Plans fiduciary net position have been determined on the same basis as they are reported by CalPERS. For this purpose, benefit payments (including refunds of employee contributions) are recognized when due and payable in accordance with the benefit provisions contracted with CalPERS. Pension investments are reported at fair value.

M. Other Postemployment Benefits (OPEB)

For purposes of measuring the net OPEB liability, deferred outflows of resources and deferred inflows of resources related to OPEB, and OPEB expense, information about the fiduciary net position of the County's plan (OPEB Plan), the assets of which are held by Public Agency Retirement Services (PARS), and additions to/deductions from the OPEB Plan's fiduciary net position have been determined by an independent actuary. For this purpose, benefit payments are recognized when currently due and payable in accordance with the benefit terms. OPEB investments are reported at fair value.

N. Interfund Transactions

Interfund transactions are reflected as loans, services provided, reimbursements or transfers. Loans are reported as receivables and payables as appropriate, are subject to elimination upon consolidation and are referred to as either "due to/from other funds" (i.e., the current portion of interfund loans) or "interfund loans" (i.e., the noncurrent portion of interfund loans). Any residual balances outstanding between the governmental activities and the business-type activities are reported in the government-wide financial statements as "internal balances". The non-current portion of interfund loans, as reported in the fund financial statements, are not in spendable form and thus, an equivalent portion of fund balance is shown as nonspendable.

Services provided, deemed to be at market or near market rates, are treated as revenues and expenditures/expenses. Reimbursements are when one fund incurs a cost, charges the appropriate benefiting fund and reduces its related cost as a reimbursement. All other interfund transactions are treated as transfers. Transfers between governmental or proprietary funds are netted as part of the reconciliation to the government-wide presentation.

O. Fund Equity

In the fund financial statements, governmental funds report fund balance as nonspendable, restricted, committed, assigned or unassigned based primarily on the extent to which the County is bound to honor constraints on how specific amounts can be used.

Notes to the Basic Financial Statements For the Fiscal Year Ended June 30, 2019

Note 1: Summary of Significant Accounting Policies (continued)

O. Fund Equity (continued)

Nonspendable fund balance – amounts that cannot be spent because they are either (a) not spendable in form or (b) legally or contractually required to be maintained intact.

Restricted fund balance – amounts with constraints placed on their use that are either (a) externally imposed by creditors, grantors, contributors, or laws or regulations of other governments; or (b) imposed by law through constitutional provisions or enabling legislation.

Committed fund balance – amounts that can be used only for specific purposes determined by adoption of an ordinance by the County's Board of Supervisors. The Board of Supervisors is the highest level of decision-making authority for the County. Commitments may be established, modified, or rescinded only through ordinances.

Assigned fund balance – amounts that do not meet the criteria to be classified as restricted or committed but that are intended to be used for specific purposes. Under the County's policy the County Administrator and Chief Financial Officer may assign amounts for specific purposes. Such restraint can only be changed or removed by the same county officers. Such assignment and subsequent changes should be reported at least annually to the Board as part of the Recommended Budget.

Unassigned fund balance – This classification includes the residual fund balance for the General Fund. The unassigned classification also includes negative residual fund balances of any other governmental fund that cannot be eliminated by offsetting of restricted, committed, or assigned fund balance amounts.

Fund Balance and Reserve Policy

Order of Spending

- In order to preserve maximum flexibility when an expenditure is incurred for purposes for which both restricted and unrestricted fund balance is available, it is presumed that restricted funds are spent first.
- Similarly, when expenditures are incurred for purposes for which amounts in any unrestricted fund balance could be used, it is presumed that the committed amounts are spent first, then the assigned, then unassigned amounts.
- Upon recommendation of either the County Administrator or the County Chief Financial Officer, the Board of Supervisors may authorize a different order of spending.

Notes to the Basic Financial Statements For the Fiscal Year Ended June 30, 2019

Note 1: Summary of Significant Accounting Policies (continued)

O. Fund Equity (continued)

Reserves and Appropriations for Contingencies

- Annual Appropriations for Contingencies These amounts provide the first-line of defense against uncertainty and are appropriated in specific funds to cover minor unanticipated needs of a non-recurring nature that may arise throughout the year or provide for small increases in service delivery costs that were not anticipated during budget development. During the annual budget process, the County Administrator recommends a specific level of appropriation for contingency, usually 1%-3% of total budgeted expenditures, in specific funds.
- Specific Reserves In accordance with the County Strategic Plan and the Long Term Financial Plan, financial reserves are established to accumulate sufficient assets to pay known future liabilities or expenditures associated with known events which can be estimated with a reasonable degree of certainty. The Board of Supervisors may establish such reserves upon recommendation of the County Administrator or the County Chief Financial Officer. The purposes of these reserves may include, but are not limited to: self- insurance, capital replacement, infrastructure maintenance, liability for other postemployment benefits, employee separation payments, litigation settlement and environment remediation.
- General Reserve Per Yolo County Code of Ordinances section 3-1.05(c), the purpose of this reserve is to protect the County's essential services from the potentially devastating impact of unanticipated events and circumstances such as severe economic downturn, severe reductions from funding agencies, severe state budget impact and catastrophic disasters. The balance shall be set at 10% of the average total expenditures of the preceding three years as reported by the General Fund and the Public Safety Fund in the County annual financial report. Drawdowns can only be authorized by the Board of Supervisors in a four-fifth vote resolution or during the adoption of the annual budget. The General Reserve shall be funded and replenished according to a plan recommended by the County Chief Financial Officer and the County Administrator and adopted by the Board of Supervisors.

Government-wide and proprietary fund financial statements utilize a net position presentation. Net position is categorized as net investment in capital assets, restricted and unrestricted.

- *Net Investment in Capital Assets* Includes the cost of capital assets, less accumulated depreciation and the outstanding balances of debt used to the acquire, construct or improve these assets.
- *Restricted Net Position* This category represents assets that have external restrictions imposed by creditors, grantors, contributors or laws or regulations of other governments and restrictions imposed by law through constitutional provisions or enabling legislation, net of liabilities and deferred inflows of resources related to those assets.

Notes to the Basic Financial Statements For the Fiscal Year Ended June 30, 2019

Note 1: Summary of Significant Accounting Policies (continued)

- O. Fund Equity (continued)
 - *Unrestricted Net Position* Net position of the County not restricted for any project or purpose.

P. Estimates

The preparation of basic financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could differ from those estimates.

Note 2: Cash and Investments

The County sponsors an investment pool that is managed by the County Treasurer for the purpose of increasing interest earnings through investment activities. Cash and investments for most County activities are included in the investment pool. Interest earned on the investment pool is distributed to the participating funds using a formula based on the average daily cash balance of each fund.

The investment pool includes both voluntary and involuntary participation from external entities. The State of California statutes require certain special districts and other governmental entities to maintain their cash surplus with the County Treasurer. The amount of involuntary participation as of June 30, 2019 was \$327,003,862.

The County investment pool is not registered with the Securities and Exchange Commission as an investment company. Investments made by the Treasurer are regulated by the California Government Code and by the County's investment policy. The objectives of the policy in order of priority are; public trust, safety, liquidity and return on investment. The County has established a Financial Oversight Committee to monitor and review the management of public funds maintained in the investment pool.

The Board of Supervisors reviews and approves the investment policy annually. The Financial Oversight Committee reviews investment strategy monthly and the investment activity and results quarterly. The County Chief Financial Officer prepares and submits a comprehensive investment report to the Board of Supervisors every quarter. The report covers the type of investments in the pool, maturity dates, par value, actual costs and fair value.

Notes to the Basic Financial Statements For the Fiscal Year Ended June 30, 2019

Note 2: Cash and Investments (continued)

At June 30, 2019, total cash and investments were as follows:

Cash:	
Cash on hand	\$ 76,905
Cash in bank*	22,626,492
Cash with fiscal agents	4,589,613
Imprest Cash	 15,025
Total cash	\$ 27,308,035
Investments Pooled Non-pooled with fiscal agents	\$ 454,129,580 46,457,333
Total investments	\$ 500,586,913
Total cash and investments	\$ 527,894,948

* At year-end, the carrying amount of the County's cash deposits was \$22,603,464 and the bank balance was \$28,853,792. The difference between the bank balance and the carrying amount represents outstanding warrants.

Total cash and investments at June 30, 2019 were presented on the County's financial statements as follows:

	Cash and Investments Held by Yolo County Treasurer				Cash and Investments Held with Third Parties				Cash on	I	mprest	Total Cash and

Notes to the Basic Financial Statements For the Fiscal Year Ended June 30, 2019

Note 2: Cash and Investments (continued)

Investments authorized by the California Government Code and the County's Investment Policy

The table below identifies the investment types that are authorized for the County by the California Government Code or the County's investment policy, whichever is more restrictive. The table also identifies certain provisions of the County's investment policy that address interest rate risk, and concentration risk.

Authorized Investment Type	M aximum M aturity	Maximum Percentage of Portfolio	M aximum Investment in One Issuer	Minimum Credit Rating Per Policy
U.S. Treasury Obligations	5 years	None	None	N/A
U.S. Agency Obligations	5 years	None	None	N/A
State of California Obligations	5 years	None	None	"A" Long term, "A-1" short term
Other Municipal Obligations	5 years	None	None	"A" Long term, "A-1" short term
Banker's Acceptances	180 day s	40%	5%	NRSRO Highest Category
Commercial Paper - Select Agencies*	270 day s	25%	5%	"A"
Commercial Paper - Other Agencies*	270 day s	40%	5%	"A-1"
Negotiable Certificates of Deposit	5 years	30%	5%	"A" Long term, "A-1" short term
Non-negotiable Certificates of Deposit	180 day s	None	5%	N/A
Repurchase Agreements	90 days	None	None	N/A
Corporate Medium Term Notes	5 years	30%	5%	"A"
Mututal Funds/Money Market Mutual Funds	N/A	20%	None	N/A
Mortgage Pass-Through Securities	5 years	20%	None	"AAA"
Reverse Repurchase Agreements	92 days	20%	None	N/A
Local Government Investment Pools	N/A	None	None	N/A
Supranationals securities	5 years	30%	None	"AA"

* The aggregate of the commercial paper investments should not be greater than 40 percent of the County's investment portfolio.

In addition to the above, proceeds from the sale of tobacco settlement receipts held by trustees are governed by provisions of the trust agreement rather than the general provisions of the California Government Code or the County's investment policy. These proceeds are invested in municipal bonds and money market funds.

The County Board of Supervisors has approved that funds held in the Central Landfill Closure and Post closure maintenance fund and the Cache Creek Maintenance and Remediation Fund (CCMRF) can be invested in securities with maturities up to and including 30 years. The CCMRF is reported in the "Habitat and Resource Management Program" special revenue fund.

Investments Authorized by Debt Agreements

Investments of debt proceeds held by bond trustee are governed by provisions of the debt agreements, rather than the general provisions of the California Government Code or the County's investment policy.

Interest Rate Risk

Interest rate risk is the measurement of how changes in market interest rates will adversely affect the fair value of an investment. Generally, the longer the maturity of an investment, the more sensitive to changes in market interest rates of its fair value. The County manages its exposure to declines in fair values by limiting the weighted average maturity of its investment portfolio to five years or less in accordance with its investment policy. Information about the sensitivity of the fair values of the County's investments to market interest rate fluctuations is provided in the preceding table.

Credit Risk

State law and the County's Investment Policy limit investments in commercial paper to the rating of A1 by Standards & Poor's or P-1 by Moody's Investors Service. State law and the County's Investment Policy also limit investments in corporate notes to the rating of A by Standard & Poor's and Moody's Investors Service. The County does not have credit limits on federal government agency securities, municipal bonds and money market mutual funds.

Notes to the Basic Financial Statements For the Fiscal Year Ended June 30, 2019

Note 2: Cash and Investments (continued)

Credit Risk (continued)

The following is a summary of the credit quality distribution and concentration of credit risk by investment type as a percentage of total investments of the investment pool and total investments invested outside the investment pool as of June 30, 2019. All investment credit ratings are evaluated in accordance to policy at time of purchase and monitored thereafter by our investment advisor. Investments listed below with current credit ratings outside of policy may be held to maturity or sold prior to maturity as part of the monitoring by our financial advisor.

Notes to the Basic Financial Statements For the Fiscal Year Ended June 30, 2019

Note 2: Cash and Investments (continued)

Concentration of Credit Risk

The investment policy of the County contains certain limits on the amount that can be invested in any one issuer beyond that stipulated by California Government Code. The county did not have any investments that represent 5% or more, excluding investment pools, US Treasury bonds and mutual funds, as of June 30, 2019.

Custodial Credit Risk

Custodial credit risk for deposits is the risk that, in the event of the failure of a depository financial institution, a government will be not be able to recover its deposits or will not be able to recover collateral securities that are in the possession of an outside party. The custodial credit risk for investments is that, in the event of the failure of the counterparty (e.g. broker-dealer) to a transaction, a government will not be able to recover the value of its investment or collateral securities that are in the possession of another party. Neither the California Government code nor the County's investment policy contain legal or policy requirements that would limit the County's exposure to custodial credit risk for deposits or investments except for the following provision for deposits: The California Government Code requires that a financial institution secure deposits made by state or local government units by pledging securities in an undivided collateral pool held by a depository regulated under state law (unless so waived by the governmental unit). The market value of the pledged securities in the collateral pool must equal at least 110% of the total amount deposited by public agencies. California law also allows financial institutions to secure County deposits by pledging first deed mortgage notes having a value of 150% of the secured public deposits. GASB Statement No. 40 requires that disclosure is made with respect to custodial credit risks related to deposits. The County has cash deposits, held in collateralized accounts, with financial institutions in excess of federal depository insurance limits in the amount of \$17.7 million. Investment securities are registered and held in the name of Yolo County in a third-party custodial account with Bank of New York-Mellon. Securities are not held in broker accounts.

Notes to the Basic Financial Statements For the Fiscal Year Ended June 30, 2019

Note 2: Cash and Investments (continued)

Local Government Investment Pools

The County Treasurer's Pool maintains an investment in the State of California Local Agency Investment Fund (LAIF), managed by the State Treasurer. This fund is not registered with the Securities and Exchange Commission as an investment company, but is required to invest according to California State Code. Participants in the pool include voluntary and involuntary participants, such as special districts and school districts for which there are legal provisions regarding their investments. The Local Investment Advisory Board (Board) has oversight responsibility for LAIF.

At June 30, 2019, the County's Investment Pool's position in the State of California Local Agency Investment Fund (LAIF) was \$25,186,816 which approximates fair value and is the same as the value of the pool shares. The total amount invested by all public agencies in LAIF on that day was \$24.6 billion. Fair value is based on information provided by the State for the Local Agency Investment Fund.

The County Treasurer also maintains an investment in the California Asset Management Program (CAMP) a California JPA established in 1989 by the treasurers and finance directors of several California agencies. It was created to provide professional investment services to California public agencies at a reasonable cost. The investment is maintained in the "Cash Reserve Portfolio" which is a short term money market portfolio, which seeks to preserve principal, provide daily liquidity and earn a high level of income, consistent with its objectives of preserving principal. The County's Investment Pool's with CAMP as of June 30, 2019 was \$181,101,663 which approximates fair value.

County Investment Pool Condensed Financial Statements

The following represents a condensed statement of net position and change in net position for the Treasurer's investment pool as of June 30, 2019:

Statement of Net Position	
Cash and Investments	\$ 476,710,036
Net position held for pool participants	\$ 476,710,036
Equity of internal pool participants Equity of external pool participants	\$ 154,285,643 322,424,393
Total net position	\$ 476,710,036
Statement of Change in Net Position	
Net position at July 1, 2018	\$ 424,676,151
Net change in investments by pool participants	52,033,885
Net position at June 30, 2019	\$ 476,710,036

Notes to the Basic Financial Statements For the Fiscal Year Ended June 30, 2019

Note 2: Cash and Investments (continued)

Fair Value Measurements

The County Treasurer's Pool categorizes its fair value measurements within the fair value hierarchy established by generally accepted accounting principles. These principles recognize a three-tiered fair value hierarchy, as follows:

- Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the County has the ability to access.
- Level 2: Inputs to the valuation methodology include:
 - Quoted process for similar assets or liabilities in active markets;
 - Quoted prices for identical or similar assets or liabilities in inactive markets;
 - Inputs other than quoted prices that are observable for the asset or liability;
 - Inputs that are derived principally from or corroborated by observable market data by correlation or other means, and;
- Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement. Unobservable inputs reflect the County's own assumptions about the inputs market participants would use in pricing the asset or liability (including assumptions about risk).

The following is a description of the valuation methods and assumptions used by the County to estimate the fair value of its investments. There have been no changes in the methods and assumptions used at June 30, 2019. The methods described may produce a fair value that may not be indicative of net realizable value or reflective of future fair values. County management believe the valuation methods are appropriate and consistent with other market participations. The use of different methodologies or assumptions to determine the fair value of certain financial instruments to determine the fair value of certain financial instrument at the reporting date.

For investments classified within Level 1 of the fair value hierarchy, the County's custodians use unadjusted quoted prices in an active market for identical assets or liabilities that the entity has access to. Prices are obtained from pricing sources such as NYSE, NASDAQ, Chicago Board of trade or other applicable markets that the custodian has access to.

For investments classified within Level 2 of the fair value hierarchy, the County's custodians use inputs other than quoted prices that are observable for the asset or liability, either directly or indirectly on the measurement date. The custodian uses matrix pricing, market corroborated pricing, or other inputs such as yield curves and indices in determining fair value.

For investments, classified with Level 3, the County's custodian would use other unobservable inputs. The County currently does not have any level 3 investments.

Notes to the Basic Financial Statements For the Fiscal Year Ended June 30, 2019

Note 2: <u>Cash and Investments</u> (continued)

Fair Value Measurements

The allowance for uncollectible amount reflects delinquent accounts related to court-imposed fines and fees, library fines and fees, financial services collection fees and landfill commercial receivables. Amounts that are determined not to be collectible within the County's period of availability, as indicated in Note 1, section D, are recorded as "Unavailable Revenue." Loans receivable balance is reported as restricted fund balance.

At June 30, 2019, the estimated net receivable not collectible within one year in the governmental funds is \$21,689,682. Of that amount, \$12,600,706 is loans receivable.

Notes to the Basic Financial Statements For the Fiscal Year Ended June 30, 2019

Note 4: **<u>Unearned Revenue</u>**

Under both the accrual and modified accrual basis of accounting, revenue may be recognized only when earned. Therefore, the government-wide Statement of Net Position as well as governmental and enterprise funds are subject to unearned revenue in connection with resources that have been received as of year-end. Assets recognized in connection with a transaction before the earnings process is complete are offset by a corresponding liability for advances from grantors and third parties.

At June 30, 2019 various components of advances from grantors and third parties are reported as follows:

	Amount
General Fund:	
	¢ 200 704
Planning fees State and federal welfare assistance	\$ 360,794 7 121 072
Environmental health fees	7,131,073

Total Enterprise:	17,746
i otai Enterprise.	17,740
Total	\$ 10,324,587

Notes to the Basic Financial Statements For the Fiscal Year Ended June 30, 2019

Note 5: Deferred Outflows and Inflows of Resources

Deferred Outflows:

The County recognized deferred outflows of resources in the government-wide and proprietary fund statements. These items are a consumption of net position by the County that is applicable to a future reporting period. The County has three items that are reportable on the Government-wide Statement of Net Position: the first item relates to the outflows related to pensions (see Note 12 for the detail), the second item relates to the outflows related to OPEB (see Note 13 for the detail), and the third item relates to loss on refunding of long-term debt. Deferred outflows of resources that are reported in the proprietary funds are also included in the Government-wide Statement of Net Position.

Deferred outflows of resources balances as of June 30, 2019 were as follows:

Government-wide Deferred Outflows:	
Governmental Activities:	
Loss on refunding	\$ 390,379
Pensions	50,014,066
OPEB	 8,498,146
Total Governmental Activities	 58,902,591
Business-type Activities:	
Pensions	823,764
OPEB	 159,645
Total Government-wide Deferred Outflows	\$ 59,886,000

Deferred Inflows:

The County recognized deferred inflows of resources in the government-wide, governmental fund and proprietary fund statements. These items are an acquisition of net position by the County that is applicable to a future reporting period. The County has two items that are reportable on the Government-wide Statement of Net Position: the first item relates to inflows related to pensions (see Note 12 for the detail) and the second item relates to the outflows related to OPEB (see Note 13 for the detail). Deferred inflows of resources that are reported in the proprietary funds are included in the Government-wide Statement of Net Position.

Under the modified accrual basis of accounting, it is not enough that revenue is earned; it must also be available to finance expenditures of the current period. Governmental funds will therefore include additional deferred inflows of resources for amounts that have been earned but are not available to finance expenditures in the current period. The County has these amounts of deferred inflows of resources reported on the Governmental Fund Balance sheet.

Notes to the Basic Financial Statements For the Fiscal Year Ended June 30, 2019

Note 5: **Deferred Outflows and Inflows of Resources** (continued)

Deferred Inflows: (continued)

Deferred inflows of resources balances as of June 30, 2019 were as follows:

	Amount		
Governmental Fund Deferred Inflows:

Notes to the Basic Financial Statements For the Fiscal Year Ended June 30, 2019

Note 6: Interfund Transactions

Interfund Receivables/Payables

The composition of interfund balances as of June 30, 2019 is as follows:

Due to/from other funds:

Receivable Fund	Payable Fund	Amount
General Fund		
	Public Safety	\$ 3,515,366
	Jail Expansion Capital Project	13,960,510
	Nonmajor Governmental Funds	653,657
	Internal Services Funds	917,935
		19,047,468
Mental Health Managed Care		
-	General Fund	8,200
	Nonmajor Governmental Funds	16,000
	-	24,200
Internal Services Funds		
	General Fund	261,485
	Public Safety	133,223
	Roads and Transportation	13,722
	Mental Health Managed Care	29,972
	Nonmajor Governmental Funds	41,604
	Enterprise Funds	8,605
	Internal Services Funds	1,695
		490,306
	Total	\$ 19,561,974

The General Fund made short-term loans totaling \$19,047,468 to other governmental funds.

The Dental ISF Fund and Pension ISF are due \$36,586 and \$453,720 respectively from other funds for the final pay periods of 2018-19 paid in July.

The Mental Health Managed Care Fund is due \$24,200 from other funds for 2018-19 expenditures paid in July.

Interfund Loans:

Receivable Fund	Payable Fund		mount	
General Fund	Nonmajor Governmental Funds	\$	797,081	
	2		797,081	

The General Fund made an interfund loan to the North Davis Meadows County Service Area (CSA). This loan provides initial funding for water and sewer system enhancements while the CSA obtains a longer term loan from the State Revolving Loan Fund and is expected to be reauthorized by the Board of Supervisors annually until repaid.

Notes to the Basic Financial Statements For the Fiscal Year Ended June 30, 2019

Note 6: Interfund Transactions (continued)

Transfers

Transfers are indicative of funding for capital projects, re-allocations of special revenues and subsidies of various County operations. Transfers between funds primarily occur to fund programs with revenues received by other funds. The following schedule summarizes the County's transfer activity for the fiscal year ended June 30, 2019:

Transfer from	Transfer to	Amount
General Fund		
	Public Safety	\$ 33,683,655
	Roads and Transportation	157,508
	Mental Health Managed Care	8,320,544
	Nonmajor Governmental Funds	7,810,241
	Internal Service	432,107
		50,404,055
Public Safety		
-	Nonmajor Governmental Funds	28,000
	Internal Service	44,050
		72,050
Mental Health Managed Care		
Weita Heath Walaged Cale	Nonmajor Governmental Funds	204,570
	Internal Services Funds	44,000
		248,570
Jail Expansion Capital Project Fund		
	Nonmajor Governmental Funds	1,000,000
	ronnigor coverniteirai i anas	1,000,000
		1,000,000
Nonmajor Governmental Funds	Comoral Frond	276 251
	General Fund	376,251
	Public Safety	1,192,411
	Nonmajor Governmental Funds Internal Services Funds	4,165,127 800
	Internal Services Funds	5,734,589
Internal Service Funds	General Fund	110.010
	General Fund	116,016
	Total	\$ 57 575 280
	TOTAL	\$ 57,575,280

Transfer Highlights

Transfers from the General Fund include \$33.7 million to fund Public Safety programs, \$157,508 for roads, \$8.3 million for Mental Health programs, \$7.8 million to various Nonmajor Governmental Funds (\$7.1 million to fund capital projects and \$504,352 for library programs and projects) and \$432,107 for equipment replacement.

Notes to the Basic Financial Statements For the Fiscal Year Ended June 30, 2019

Note 6: Interfund Transactions (continued)

Transfers (continued)

The transfers from the Public Safety Fund include \$28,000 going to fund Miscellaneous Grants and Fees. The \$44,050 was a transfer to the Equipment Replacement Internal Service Fund (ISF).

The \$72,050 transfers from Mental Health Managed Care include \$204,570 transfer to the Capital Project Fund and a \$44,000 transfer to the Equipment Replacement Fund Internal Service Fund.

The \$1 million transfer from the Jail Expansion Capital Project was to fund costs for the Courthouse renovation project.

The \$5.73 million of transfers from Nonmajor Governmental Funds include \$1.2 million to fund Public Safety programs and \$4.2 million for capital projects debt service payments.

The \$116,016 transfer from the Internal Service Funds was a transfer from the Yolo Electric Internal Service Fund to the General Fund for excess earnings on a general funded portion of the solar array.

Notes to the Basic Financial Statements For the Fiscal Year Ended June 30, 2019

Note 7: Capital Assets

Capital asset activity for the year ended June 30, 2019 was as follows:

Note 8: Leases

Operating Leases

The County is committed under various noncancelable operating leases, primarily for office buildings. Future minimum operating lease commitments are as follows:

Year Ending June 30,	
2020	\$ 2,118,258
2021	1,921,768
2022	1,903,127
2023	1,564,725
2024	77,155
2025-2029	12,918
Total	\$ 7,597,951

Rent expenditures were \$2,748,168 for the year ended June 30, 2019.

Capital Leases

The County has entered into certain capital lease agreements under which the related buildings and equipment will become the property of the County when all terms of the lease agreements are met.

Interest payments, loans payable and certificate of participation retirements are serviced by revenues generated from lease payments made by the General Fund on leased facilities. Special assessment debts are serviced by revenues generated from the Special revenue tax revenues generated and recorded in the Davis Library Expansion Debt Service Fund. Lease revenue bonds are serviced by accumulative capital outlay tax receipts. Lease purchase bonds are services by rent charges collected from departments that occupy the facility.

Notes to the Basic Financial Statements For the Fiscal Year Ended June 30, 2019

	\$	6,693	\$	157				

Notes to the Basic Financial Statements For the Fiscal Year Ended June 30, 2019

Note 9: Long-Term Liabilities (continued)

Arbitrage

The Tax Reform Act of 1986 instituted certain arbitrage restrictions with respect to the issuance of tax-exempt bonds after August 31, 1986. Arbitrage regulations deal with the investment of all tax-exempt bond proceeds at an interest yield greater than the interest yield paid to bondholders. Generally, all interest paid to bondholders can be retroactively rendered taxable if applicable rebates are not reported and paid to the Internal Revenue Service (IRS) at least every five years. As required, the County performs calculations of excess investment earnings on various bonds and financings and at June 30, 2019 does not expect to incur a liability.

Issuance of New Debt

The County issued a 2019 Lease-Purchase Bond in the amount of \$4,221,189 in June 2019 to purchase the building located at 500A Jefferson Boulevard in West Sacramento. Data indicated savings to the County of over \$1,700,000 as opposed to continuing to lease the facility over the next 7 years. Financing will be spread over the remaining life of the facility which is likely 15 years. The debt has interest rates ranging from 2.79% to 2.81% with an annual payment date of June 1 and matures on June 1, 2034. There is no premium amount and the first payment begins June 1, 2020.

The County received a loan from the Department of Transportation Division of Aeronautics in the amount of \$258,700 to complete pavement rehabilitation and improvements to taxiways at the Airport. The debt has interest rate of 3.34% with an annual payment date of January 1 and matures January 1, 2036. There is no premium amount and first payment begins June 1, 2020.

Special Assessment Debt with Government Commitment

The County issued Community Facilities District No. 1989-1 2015 (District) Refunding Special Tax Bonds (Bonds), special assessment debt, in the amount of \$6,660,000 in November, 2015 to refund the Yolo County Library Series 2002 and 2008 Special Tax Bonds. The Bonds were issued pursuant to the Mello-Roos Community Facilities Act of 1982, as amended, constituting Sections 55311 et seq. of the California Government Code, on behalf of the District. The amount outstanding of \$5,610,000 as of June 30, 2019 is reported in the governmental activities statement of net position.

Notes to the Basic Financial Statements For the Fiscal Year Ended June 30, 2019

Note 9: Long-Term Liabilities (continued)

Pledged Revenue

The Bonds are secured by a first pledge of all Special Tax Revenues and all moneys deposited in the Bond Fund and the Reserve Fund. The Special Tax Revenue and all moneys deposited into such funds are dedicated to the payment of principal and interest on the bonds until all of the Bonds have been paid and retired, or until moneys or Federal Securities have been set aside irrevocably for that purpose. The Bonds are scheduled to be fully paid by 2037. The Special Tax is levied by the District against property owners benefiting from the expanded facility. The amount of the pledged revenue is \$7,235,588 as of June 30, 2019. The special assessment tax is projected to produce a coverage ratio of over 400% of the debt service requirements over the life of the Bonds. Currently 100% of the Special Tax Revenue levied, are distributed to the Bond Fund in accordance to the Alternative Method of Distribution of Tax Levies and Collections and of Tax Sale Proceeds pursuant to California Revenue and Taxation code sections 4701 through 4717. The County may elect to discontinue this method of tax distribution for any tax levying agency if the rate of secured tax delinquencies in any fiscal year exceeds 3%. The district's tax delinquency rate in the fiscal year was 0.495%. During the year, \$2,297,640 in Special Tax Revenue was received of which \$528,279 was used for debt service including paying agent fees. The balance is available for a special library fund to finance expanded services at the Davis Library Branch.

Reserve Fund

The County's obligation to advance monies to satisfy debt service on the bonds in the event of delinquent assessment installments is limited to the balance held in the Reserve Fund. The 2015 Refunding Special Tax Bonds reserve fund is funded in the form of a Surety Bond provided by Assured Guaranty Municipal Corporation.

Special Assessment Debt with No Government Commitment

Special assessment district transactions are recorded in the Special District and School Bond Funds Agency Fund as the County acts as an agent for the property owners in collecting assessments and forwarding the collections to the bondholders. However, the County is not obligated in any manner for repayment of the bonds and interest on the bonds. At June 30, 2019, the outstanding principal balances of the Willowbank Water and North Davis Meadows assessment district bonds were \$165,000 and \$850,000, respectively. Cash held on deposit and corresponding amounts payable are reported in the Agency Fund.

Notes to the Basic Financial Statements For the Fiscal Year Ended June 30, 2019

Note 9: Long-Term Liabilities (continued)

ARRA-Recovery Zone Economic Development Bonds

On November 18, 2010 Yolo Emergency Communications Agency (YECA) and the County as coissuer, issued \$3,724,000 in ARRA-Recovery Zone Economic Development Bonds (Bonds) to finance and reimburse prior expenditures related to the expansion, refurbishment, improvement and equipping of its regional emergency communications system. Net proceeds, after the payment of issuance costs, were deposited with Deutsch Bank, acting as trustee. Concurrently, YECA along with the County as co-issuer, entered into a Master Equipment Lease/Purchase Agreement with Bank of America to finance the lease purchase of emergency communications equipment. Lease payments will be used to finance the repayment of the Bonds.

YECA was established in 1988 by Agreement (Agreement) No. 88-133, which is a Joint Exercise of Powers Agreement pursuant to Government Code 6500 et seq. The parties making up the Joint Powers Agency (JPA) are the County and the Cities of Woodland, West Sacramento and Winters. Under the agreement the parties contribute to YECA's budget based on various formulas outlined in the Agreement. The County is liable on a joint and several basis for all obligations of the lease under the master agreement through November 2025. The unpaid balance of the lease as of June 30, 2019 was \$1,857,596. The County believes that it is unlikely that it will become directly liable for repayment of the bonds due to the cost sharing arrangement of the Agreement.

2012 Certificates of Participation, 2017 Lease Revenue Bonds, and 2019 Lease Purchase Bonds

The County's outstanding COP's, LRB's and LPB's contain various events of default including payment default, breach of covenant, transfer of County interest, bankruptcy, or abandonment of the facility that if not cured timely allows various remedies to be exercised including lease termination, reletting of the County facilities that are collateral for the debt, however do not allow for acceleration of rental payments, but the County would remain liable for past due payments.

Notes to the Basic Financial Statements For the Fiscal Year Ended June 30, 2019

Note 9: Long-Term Liabilities (continued)

Compensated absences

Internal service funds predominantly serve the County's governmental funds. Accordingly, their long-term liabilities are included as part of the above totals for governmental activities. At year-end, \$19,306 of internal service funds' compensated absences is included in the above governmental activities amount. The compensated absences liability will be liquidated as follows: General Fund 51.74%, Public Safety Fund 29.24%, Mental Health Managed Care Fund 4.75%, Roads and Transportation Fund 3.31%, Enterprise Funds 2.84%, Internal Service Funds 0.25%, and Nonmajor Governmental Funds 7.87%.

The following is a summary of compensated absences for the year ended June 30, 2019:

	Balance July 1, 2018		Additions		Deletions		Balance June 30, 2019		Due Within One Year	
Governmental Activities: Governmental funds Internal service funds	\$	8,529,627 19,306	\$	8,250,025 21,317	\$	7,898,500 17,675	\$	8,881,152 22,948	\$	6,838,000 17,000
Total Governmental Activities	\$	8,548,933	\$	8,271,342	\$	7,916,175	\$	8,904,100	\$	6,855,000
Business-type Activities: Enterprise funds Total Business-type Activities	\$ \$	222,511 222,511	<u>\$</u> \$	242,776 242,776	<u>\$</u> \$	203,939 203,939	\$ \$	261,348 261,348	\$ \$	201,000
Component Unit - Fire Districts: Fire districts	\$	29,657	\$	2,085	\$	-	\$	31,742	\$	29,657
Total Component Unit - Fire Districts	\$	29,657	\$	2,085	\$	-	\$	31,742	\$	29,657

Notes to the Basic Financial Statements For the Fiscal Year Ended June 30, 2019

Note 10: Closure and Postclosure Care Cost

The State of California and Federal laws and regulations require that the Yolo County Central Landfill (Landfill) place a final cover on its landfill when closed and perform certain maintenance and monitoring functions at the landfill site for thirty years after closure. In addition to operating expenses related to current activities of the landfill, an expense provision and related liability are required to be recognized based on the future closure and postclosure care costs that will be incurred near or after the date the landfill no longer accepts waste. The recognition of these landfill closure and postclosure care costs is based on the amount of space the landfill used during the year.

The estimated landfill closure and postclosure care cost as of June 30, 2018 was \$24,342,815, and as of June 30, 2019 the cost increased by \$942,289 to \$25,285,104. The cost is based on approximately 29.93% usage of space (fill percentage) of the landfill. It is estimated that an additional \$59,207,846 will be recognized as closure and postclosure care expense between the date of the statement of net position and the date the landfill is expected to be filled to capacity (2126). The estimated total current cost of landfill closure and postclosure care, \$84,492,950, is based on the amount that would be paid if all equipment, facilities, and services required to close, monitor, and maintain the landfill were acquired at June 30, 2019. However, the actual cost of closure and postclosure care may be higher due to inflation, changes in technology, or changes in law or regulation.

The Landfill is required by the State of California and federal laws and regulations to make annual contributions to finance closure and postclosure care to an independent custodian or to the County treasurer as that custodian. This amount is shown on the Yolo County Central Landfill statement of net position as restricted assets and is managed by the County Treasurer along with other pooled cash and investments according to statutory requirements. It is anticipated that future inflation cost (including inadequate earnings on investments, if any) and additional cost that arises from changes in postclosure requirements (due to changes in technology, estimates or more rigorous environmental regulations, for example) may need to be covered by charges to future landfill users, taxpayers, or both.

As of June 30, 2019, Yolo County's Central Landfill Closure and Postclosure maintenance fund was in compliance with the CalRecycle's funding requirements.

Notes to the Basic Financial Statements For the Fiscal Year Ended June 30, 2019

Note 11: Fund Balances/Net Position

Fund balances are presented in the following categories: nonspendable, restricted, committed, assigned, and unassigned (see Note 1 for a description of these categories). A detailed schedule as of at June 30, 2019 is as follows:

	General	Public Safety	Roads and Transportation	Mental Health Managed Care	Jail Expansion Capital Project	Nonmajor Governmental Funds	Total Governmental Funds
Nonspendable:			^	<u>.</u>		.	
Tobacco Securitization principal	\$ 8,556,082	\$ -	\$ -	\$ -	\$ -	\$ -	\$ 8,556,082
Grasslands Park permanent fund	-	-	-	-	-	173,580	173,580

Notes to the Basic Financial Statements For the Fiscal Year Ended June 30, 2019

Note 11: Fund Balances/Net Position (continued)

Restricted net position is assets that are subject to constraints either (1) externally imposed by creditors, grantors, contributors, or laws or regulations of other governments or (2) imposed by law through constitutional provisions or enabling legislation, net of liabilities and deferred inflows of resources related to those assets.

Included in governmental activities restricted net position at June 30, 2019 is net position restricted by enabling legislation of \$95,392,350.

Note 12: Pension Plans

Plan Description

The County of Yolo has established agent multiple-employer defined benefit pension plans administered by the California Public Employees' Retirement System (CalPERS), which acts as a common investment and administrative agent for its participating member employers. All qualified permanent and probationary employees are eligible to participate in the County's separate Safety and Miscellaneous Plans.

The County has historically allowed certain component units and outside agencies to participate in the County's Miscellaneous Plan. These participating agencies include the First 5 Yolo (Discrete Component Unit), Yolo County Superior Courts, Yolo County Local Agency Formation Commission (LAFCO), and Yolo County Habitat JPA.

Each of the participating reporting units, component units, and outside entities were assigned a portion of the liability based on their percentage of the required actuarial contributions for fiscal year 2017-18. As such the County of Yolo Miscellaneous Plan only reports its share of the agent multiple-employer defined benefit pension plan.

The following three other component units have established their own pension plans:

The Yolo County In-Home Supportive Services Public Authority (YCIHSS-PA), a blended component unit, has established a multiple-employer cost-sharing defined benefit plan administered by CalPERS. All qualifying employees of the YCIHSS-PA are eligible to participate in the YCIHSS-PA Plan. The YCIHHSS-PA has nine participating employees of which two are active, four are transferred, and three are retired and contributed \$22,567 for the year ended June 30, 2018 (period of measurement). Management of the County has reviewed the actuarial valuations and determined the plan is immaterial to the financial statements as a whole. Additional information on the plan can be obtained from Yolo County Department of Financial Services, 625 Court Street, Room 103, Woodland, CA 95695.

Notes to the Basic Financial Statements For the Fiscal Year Ended June 30, 2019

Note 12: Pension Plans (continued)

Plan Description (continued)

The Esparto Fire Protection District, a discrete component unit, offers a separate cost-sharing defined benefit plan that is administered by CalPERS. The Fire Protection District has four participating employees of which two are active, one is transferred, and one is retired and contributed \$4,811 for the year ended June 30, 2018 (period of measurement). Management of the County has reviewed the actuarial valuations and determined the plan is immaterial to the financial statements as a whole. Additional information on the plan can be obtained from Esparto Fire Protection District, 16960 Yolo Ave, Esparto, CA 95627.

The Winters Fire Protection District, a discrete component unit, offers a separate cost-sharing defined benefit plan that is administered by CalPERS. The Fire Protection District has twenty participating employees of which seven are transferred, five are separated, and eight are retired. and contributed \$75,952 for the year ended June 30, 2018 (period of measurement). Management of the County has reviewed the actuarial valuations and determined the plan is immaterial to the financial statements as a whole. Additional information on the plan can be obtained from Winters Fire Protection District, 700 Main Street, Winters, CA 95694.

CalPERS issues publicly available comprehensive annual financial reports that provide a full description of the pension plans including benefit provisions, assumptions, and membership information. Copies of the CalPERS annual report may be obtained from CalPERS Headquarters, Lincoln Plaza North, 400 Q Street, Sacramento, CA 95811, or visiting www.calpers.ca.gov.

Benefits Provided

The County selects optional benefit provisions from the options with CalPERS and adopts these benefits through memorandum of understanding with various bargaining units. The defined benefit plans provide service retirement and disability benefits, annual cost-of-living adjustments, and death benefits to plan members, who must be public members and beneficiaries.

Under the options the County has selected, all full time and part-time permanent employees and extra help employees who have worked over 1,000 hours are required to participate in the plans. County elected officials may also participate at their option. Per diem employees and extra help employees working less than 1,000 hours in a fiscal year are excluded.

Benefits are based on years of credited service, equal to one year of full time employment. Members with five years of total service and who have reached the plan-specified age are eligible to retire. All members are eligible for non-duty disability benefits after 10 years of service. The death benefit is one of the following options: The Basic Death Benefit, the Optional Settlement 2W Death Benefit, or the Special Death Benefit. The cost of living adjustments for each plan are the Standard Benefit of 2% per year beginning the second calendar year after the year of retirement.

Notes to the Basic Financial Statements For the Fiscal Year Ended June 30, 2019

Note 12: <u>Pension Plans</u> (continued)

Benefits Provided

The Plans' provisions and benefits in effect at June 30, 2019, are summarized as follows:

	County - Miscellaneous				
	Classic Member	PEPRA Member			
	Prior to	On or after			
Hire date	January 1, 2013	January 1, 2013			
Benefit formula	2.5% at 55	2.0% at 62			
Benefit vesting schedule	5 Years of Service	5 Years of Service			
Benefit payments	Monthly for Life	Monthly for Life			
Retirement age	50-55	52-67			
Monthly benefits, as a % of eligible compensation	2.0% to 2.5%	1.0% to 2.5%			
Required employee contribution rates	8.000%	6.250%			
Required employer contribution rates	25.254%	6.250%			

	County - Safety						
	Peace	Officer	Local	Sheriff			
	Classic Member	PEPRA Member	Classic Member	PEPRA Member			
	Prior to	On or after	Prior to	On or after			
Hire date	January 1, 2013	January 1, 2013	January 1, 2013	January 1, 2013			
Benefit formula	3.0% at 50	2.7% at 57	3.0% at 50	2.7% at 57			
Benefit vesting schedule	5 Years of Service						
Benefit payments	Monthly for Life	Monthly for Life	Monthly for Life	Monthly for Life			
Retirement age	50-55	50-57	50	50-57			
Monthly benefits, as a % of eligible compensation	2.4% to 3.0%	2.0% to 2.7%	3.0%	2.0% to 2.7%			
Required employee contribution rates	9.209%	11.250%	9.209%	11.250%			
Required employer contribution rates	35.996%	11.495%	35.996%	11.495%			

Notes to the Basic Financial Statements For the Fiscal Year Ended June 30, 2019

Note 12: <u>Pension Plans</u> (continued)

Employees Covered

At June 30, 2019, the following employees were covered by the benefit terms for each Plan:

	Miscellaneous	Safety	
Active members	1,297	287	
Transferred members	680	171	
Terminated members	864	117	
Retired members and beneficiaries	1,980	337	
Total	4,821	912	

Contributions

Section 20814(c) of the California Public Employees' Retirement Law requires that the employer contribution rates for all public employers be determined on an annual basis by the actuary and shall be effective on July 1 following notice of a change in the rate. Funding contributions for the Plans are determined annually on an actuarial basis as of June 30 by CalPERS. The actuarially determined rate provides the estimated amount necessary to finance the costs of benefits earned by employees during the year, with an additional amount to finance the unfunded actuarial accrued liability. The County plans are required to contribute the difference between the actuarially determined rate and the contribution rate of employees.

For the fiscal year ended June 30, 2019 the employer contributions were as follows:

	Misce	llaneous Plan	Safety Plan	All Plans
Contributions - Employer	\$	20,947,235	9,544,441	30,491,676

Notes to the Basic Financial Statements For the Fiscal Year Ended June 30, 2019

Note 12: <u>Pension Plans</u> (continued)

The County's net pension liability for each plan was measured as of June 30, 2018 using an annual actuarial valuation as of June 30, 2017 rolled forward to June 30, 2018.

Actuarial Assumptions

The total pension liability in the June 30, 2017 actuarial valuations were determined using the following actuarial method and assumptions.

	Miscellaneous	Safety
Valuation Date	June 30, 2017	June 30, 2017
Measurement Date	June 30, 2018	June 30, 2018
Actuarial Cost Method	Entry Age Norma	al Cost Method
Actuarial Assumptions:		
Discount Rate	7.15% (1)	7.15% (1)
Inflation	2.50%	2.50%
Projected Salary Increase	3.30% to 14	.20% (2)
Payroll Growth	3.00%	3.00%
Mortality Rate	(3)	(3)
Post Retirement Increase	2.00%	2.00%

(1) Change of Assumption: In 2017, the accounting discount rate reduced from 7.65 percent to 7.15 percent.

(2) Varies by entry age, service, and type of employment.

(3) The mortality table used was developed based on CalPERS's specific data. The table includes 20 years of mortality improvements using Society of Actuaries Scale BB. For more details on this table, please refer to the 2014 experience study report available on CalPERS website at www.calpers.ca.gov.

Notes to the Basic Financial Statements For the Fiscal Year Ended June 30, 2019

Note 12: Pension Plans (continued)

Discount Rate

The discount rate used to measure the total pension liability was 7.15 percent. To determine whether the municipal bond rate should be used in the calculation of the discount rate for each plan, CalPERS stress tested plans that would most likely result in a discount rate that would be different from the actuarially assumed discount rate. The tests revealed the assets would not run out. Therefore, the current 7.15 percent discount rate is appropriate and the use of the municipal bond rate calculation is not deemed necessary. The long-term expected discount rate of 7.15 percent is applied to all plans in the Public Employees' Retirement Fund (PERF). The cash flows used in the testing were developed assuming that both members and employers will make their required contributions on time and as scheduled in all future years. The stress test results are presented in a detailed report called "GASB Crossover Testing Report" that can be obtained at CalPERS website under the GASB 68 section.

The long-term expected rate of return on pension plan investments was determined using a buildingblock method in which expected future real rates of return (expected returns, net of pension plan investment expense and inflation) are developed for each major asset class.

In determining the long-term expected rate of return, staff took into account both short-term and longterm market return expectations as well as the expected pension fund (PERF) cash flows. Taking into account historical returns of all the Public Employees Retirement Funds' asset classes (which includes the agent plan and two cost-sharing plans or PERF A, B, and C funds), expected compound (geometric) returns were calculated over the short-term (first 10 years) and the long-term (11-60 years) using a building-block approach. Using the expected nominal returns for both short-term and long-term, the present value of benefits was calculated for each PERF fund. The expected rate of return was set by calculating the single equivalent expected return that arrived at the same present value of benefits for cash flows as the one calculated using both short-term and long-term returns. The expected rate of return was then set equal to the single equivalent rate calculated above and rounded down to the nearest one quarter of one percent.

1	New Strategic Allocation	Real Return, Years 1 -10 (A)	Real Return 11+ (B)
Global Equity	50.00%	4.80%	5.98%
Global Fixed Income	28.00%	1.00%	2.62%
Inflation Linked Securities	0.00%	0.77%	1.81%
Private Equity	8.00%	6.30%	7.23%
Real Estate	13.00%	3.75%	4.93%
Infrastructure and Forestland	0.00%	0.00%	0.00%
Liquidity	1.00%	0.00%	-0.92%
Total	100.00%		

The table below reflects the long-term expected real rate of return by asset class net of administrative expenses:

(A) An expected inflation rate of 2.00% was used for this period.

(B) An expected inflation rate of 2.92% was used for this period.

Note 12: Pension Plans (continued)

Pension Expense and Deferred Outflows/Inflows of Resources Related to Pensions

For the year ended June 30, 2019, the County recognized pension expense of \$36,346,237 and \$11,457,137, for the Miscellaneous Plan and Safety Plan respectively. At June 30, 2018 measurement date, the County reported deferred outflows of resources and deferred inflows of resources related to pensions from the following sources:

	Miscellaneous Plan		Safety Plan		All Plans	
	Deferred	Deferred	Deferred	Deferred	Deferred	Deferred
	Outflows of	Inflows of	Outflows of	Inflows of	Outflows of	Inflows of
	Resources	Resources	Resources	Resources	Resources	Resources
Employer Pension contributions subsequent to the measurement date	\$20.947,235	s -	\$ 9,544.441	\$ -	\$30,491,676	\$ -
Changes in assumptions	10,407,968	(3,473,709)	6,522,081	(511,728)	16,930,049	(3,985,438)

Notes to the Basic Financial Statements For the Fiscal Year Ended June 30, 2019

Note 13: Other Postemployment Benefits (OPEB)

Plan Description

The County of Yolo Retiree Healthcare Plan (the Plan) provides postemployment medical and dental insurance to retired employees through a single-employer defined benefit OPEB plan. Medical insurance benefits are administered by the California Public Employee's Retirement System, (CalPERS), an agent multiple-employer public employee retirement system that acts as a common investment and administrative agent for participating public entities within the State of California, in accordance to the Public Employees Medical and Hospital Care Act (PEMHCA). To be eligible, an employee must retire under the CalPERS program within 120 days of separation from employment from Yolo County. Dental insurance is provided through Yolo County's Dental Self Insurance program. Medical and dental insurance benefits, the County established an irrevocable trust with Public Agency Retirement Services (PARS), an agent multiple-employer OPEB plan. PARS issues a separate annual financial report and copies of the report may be obtained by writing to PARS at 4350 Von Karman Ave., Suite 100, Newport Beach, CA 92660 or by calling 800-540-6369.

At June 30, 2018, the measurement date, participating local government employers consisted of the County of Yolo, First 5 Yolo, and Yolo County Local Agency Formation Commission (LAFCo). First 5 Yolo, although a legally separate entity, is considered part of the County's reporting entity as a discretely-presented component unit of the County, and, therefore, included in the County's basic financial statements. Yolo County LAFCo is not considered to be part of the County's reporting entity.

Benefits Provided

Subject to Board of Supervisors approval, under the Plan, the County of Yolo provides to CalPERS a monthly contribution towards a retiree's health insurance premium of between \$266 and \$833 per month, depending on the negotiated agreement between the County and the bargaining unit. In addition, the County provides contributions to retirees under a Health Reimbursement Arrangement (HRA) in accordance with the General Unit, Correctional Officer, and Deputy Sheriff Memoranda of Understanding. The HRA does not apply to Correctional Officer employees who retire after June 30, 2018, or to Deputy Sheriff employees who retire after July 1, 2018, or to General Unit employees who retire after July 31, 2018.

The Memoranda of Understanding with each of the bargaining units, as well as the GASB Statement No. 75 actuarial report and the audited Schedule of Employer Allocations can be found at www.yolocounty.org.

Notes to the Basic Financial Statements For the Fiscal Year Ended June 30, 2019

Note 13: Other Postemployment Benefits (OPEB) (continued)

Covered Participants

At June 30, 2018, the measurement date, the following numbers of employees were covered by the benefit terms:

	Number of
	Covered
	Participants
Active employees	1,450
Inactive employees or beneficiaries currently receiving benefits	989
Inactive employees entitled to, but not yet receiving benefits	90
Total	2,529

Contributions

In May 2011 and December 2014, respectively, the County adopted resolutions establishing a Section 115 Irrevocable Trust and a plan to pre-fund the OPEB liability in the trust. The Plan and its contribution requirements are established by Memoranda of Understanding with the applicable employee bargaining units and may be amended by agreements between the County and the bargaining units. The annual contribution is based on the actuarially determined contribution. For the measurement date ended June 30, 2018, the County's cash contributions were \$9,080,826 in total payments, which were recognized as a reduction to the OPEB liability.

Actuarial Assumptions

The June 30, 2018 total OPEB liability for the Plan was based on the following actuarial methods and assumptions:

Valuation Date	June 30, 2018
Measurement Date	June 30, 2018
Actuarial Cost Method	Entry Age Normal Cost Method
Actuarial Assumptions:	
Discount Rate	6.75%
Inflation	2.75%
Investment Rate of Return	6.50%
Mortality Rate	CaIPERS 1997-2015 Expereince Study
Mortality Improvement	Mortality projected fully generational with Scale MP-2017
Salary Increases	Aggregate - 3.0%
	Merit - CalPERS 1997-2011 Experience Study
Medical Trend	Non-Medicare - 7.5% for 2020, decreasing to an ultimate rate of 4.0% in 2076
	Medicare - 6.5% for 2020, decreasing to an ultimate rate of 4.0% in 2076

Mortality information was derived from data collected during 1997 to 2015 CalPERS Experience Study dated December 2017 and post-retirement mortality information was derived from the 2007 to 2015 CalPERS Experience Study which assumed future mortality improvements using Society of Actuaries (SOA) Scale MP-17. The Experience Study Reports may be accessed on the CalPERS website www.calpers.ca.gov under Forms and Publications.

Notes to the Basic Financial Statements For the Fiscal Year Ended June 30, 2019

Note 13: Other Postemployment Benefits (OPEB) (continued)

Discount Rate

The discount rate used to measure the total OPEB liability was 6.75 percent. The projection of cash flows used to determine the discount rate assumed that employer contributions will be made at rates equal to the actuarially determined contribution rates. Based on those assumptions, the OPEB plan's fiduciary net position was projected to be available to make all projected OPEB payments for current active and inactive employees. Therefore, the long-term expected rate of return on OPEB plan investments was applied to all periods of projected benefit payments to determine the total OPEB liability.

The long-term expected rate of return on the Plan investments was determined using a building-block method in which best-estimate ranges of expected future real rates of return (expected returns, net of OPEB plan investment expense and inflation) are developed for each major asset class. These ranges are combined to produce the long-term expected rate of return by weighting the expected future real rates of return by the target asset allocation percentage and by adding expected inflation. The target asset allocation and most recent best estimates of arithmetic real rates of return for each major asset class are summarized in the table below.

The County's investment guidelines for OPEB are detailed in the "Investment Guidelines Document – Yolo County Other Post-Employment Benefits Trust – March 2017." The following is the Board's adopted asset allocation policy for OPEB:

	Target Allocation	Expected Real Rate of Return
Global Equity	73.00%	4.82%
Fixed Income	20.00%	1.47%
Real Estate Investment Trusts	2.00%	3.76%
Cash	5.00%	0.06%
Total	100.00%	

Net OPEB Liability

The County's net OPEB liability was measured as of June 30, 2018 and the total OPEB liability used to calculate the net OPEB liability was determined by an actuarial valuation dated June 30, 2018 that was used to determine the June 30, 2018 total OPEB liability.

Notes to the Basic Financial Statements For the Fiscal Year Ended June 30, 2019

Note 13: Other Postemployment Benefits (OPEB) (continued)

Changes in the OPEB Liability

The changes in the net OPEB liability for the Plan are as follows:

	Total OPEB Liability		Plan Fiduciary Net Position		N	let OPEB Liability	
Balance at June 30, 2017	\$	\$ 81,578,500		6,623,861	\$	74,954,639	
Changes in the fiscal year:

Sensitivity of the Net OPEB Liability to Changes in the Discount Rate

The following presents the net OPEB liability as of the measurement date, calculated using the discount rate of 6.75 percent, as well as what the net OPEB liability would be if it were calculated using a discount rate that is 1 percentage-point lower (5.75 percent) or 1 percentage-point higher (7.75 percent) than the current rate:

	Current	
1% Decrease	Discount Rate	1% Increase
5.75%	6.75%	7.75%
\$ 76 744 529	\$ 68 187 076	\$60,894,092
		1% DecreaseDiscount Rate5.75%6.75%

Notes to the Basic Financial Statements For the Fiscal Year Ended June 30, 2019

Note 13: Other Postemployment Benefits (OPEB) (continued)

Sensitivity of the Net OPEB Liability to Changes in the Healthcare Cost Trend Rate

The following presents the Net OPEB liability as of June 30, 2018, calculated using the healthcare cost trend rate of 1-percent higher as well as using trend rate 1-percent lower than the current trend rates:

		Current Trend	
	1% Decrease	Rate	1% Increase
	5.75%	6.75%	7.75%
Net OPEB Liability (Asset):	\$ 64,766,287	\$ 68,187,076	\$71,983,104

Non-Medicare trend rate of 7.5%, decreasing to an ultimate rate of 4.0% in 2076. Medicare trend rate of 6.5%, decreasing to an ultimate rate of 4.0% in 2076.

OPEB Expense and Deferred Outflows/Inflows of Resources Related to OPEB

For the year ended June 30, 2019, the County recognized OPEB expense of \$7,229,720. At June 30, 2019, the County reported deferred outflows of resources and deferred inflows of resources related to OPEB from the following sources:

	Deferred Outflows of Resources	Deferred Inflows of Resources
Employer OPEB contributions subsequent to the		
measurement date	\$ 8,657,791	\$ -
Changes in assumptions	-	(1,725,239)
Differences between actual and expected experience	-	(3,297,774)
Net differences between projected and actual earnings		
on plan investments	-	(287,351)
Total	\$ 8,657,791	\$ (5,310,364)

The \$8,657,791 reported as deferred outflows of resources related to contributions subsequent to the measurement date will be recognized as a reduction of the net OPEB liability in the year ended June 30, 2020. Other amounts reported as deferred inflows of resources related to OPEB will be recognized in OPEB expense as follows:

Year Ended June 30:	Amount
2020	(857,051)
2021	(857,051)
2022	(856,056)
2023	(808,278)
2024	(772,771)
Thereafter	(1,159,157)
Total	(5,310,364)

Notes to the Basic Financial Statements For the Fiscal Year Ended June 30, 2019

Note 14: Risk Management

Yolo County obtains insurance against various risks of loss related to torts; theft of, damage to and destruction of assets; errors and omissions; general and automobile liability; and workers' compensation from the Yolo County Public Agency Risk Management Insurance Authority (the Authority), a joint powers agency (risk-sharing pool). The County is one of the twenty-eight (28) local agencies participating in the pool. New members must remain a part of the fund for a minimum of three years and give six months written notice before withdrawing from the pool. Participation by the agencies is authorized pursuant to California Government Code 6500.

The Authority's Board of Directors approves the annual premiums charged to the participating agencies. The amount of the premium is determined in accordance with the formula established in the Authority's bylaws, so that the aggregate contributions of all participants provide sufficient funds to cover the outstanding liabilities, actuarially predicted losses, loss adjustment expenses, defense costs, excess insurance premiums, a loss contingency reserve, and administrative expenses of the Authority. Through the Authority's membership in the California Joint Powers Insurance Authority, the County is provided with excess coverage for catastrophic liability losses.

Settled claims from these risks did not exceed coverage for the past three fiscal years.

The County administered self-insurance programs for unemployment benefits and employee dental benefits. Beside the County, eight other government agencies participate in the dental program and a second agency participates in the unemployment program. The assets, liabilities and activities of these programs are reported in internal service funds. Premiums are recorded as either an expense or expenditure by the paying fund or entity. The amounts billed by the internal service funds to other funds and entities are recorded as revenue and the payment of claims are recorded as expenses. Liabilities are recorded when it is probable that a loss has occurred and the amount of the loss can be reasonably estimated. Recorded liabilities include a provision for claims that have been incurred but not reported (IBNR). It also includes incremental claim adjustment expenses. Claim liabilities are calculated considering the effects of inflation, recent claim settlement trends, including frequency and amount of payouts and other economic and social factors.

The County commissions actuarial studies semi-annually to determine the adequacy of cash reserves in the self-insurance programs.

Notes to the Basic Financial Statements For the Fiscal Year Ended June 30, 2019

Note 14: **<u>Risk Management</u>** (continued)

Dental Self-Insurance

The total charge for the dental program is calculated using trends in actual claims experience. The charge is allocated to the participating funds and entities based on pro-ration of current annual payroll. Claims paid exceeded charges during the year. Provisions are also made for unexpected and unusual claims. Changes in the balances of dental claims liabilities during the past two fiscal years are as follows:

	 2019	 2018
Unpaid claims – July 1 Incurred claims (including IBNRs) Claim payments	\$ 273,471 2,014,411 (1,996,701)	\$ 179,532 2,014,411 (1,920,472)
Unpaid claims – June 30	\$ 291,181	\$ 273,471
Current portion	\$ 36,586	\$ 35,577

Unemployment Self-Insurance

The County pays a premium to achieve a stable reserve, based on a percentage of each employee's gross salary for unemployment benefits. The unemployment claims liability of \$251,468 is based on actuarially determined estimates of what a 100% full payout would be. Changes in the balances of claims liabilities during the past two fiscal years for unemployment claims are as follows:

	 2019	 2018
Unpaid claims – July 1 Incurred claims (including IBNRs) Claim payments	\$ 215,152 163,439 (127,123)	\$ 246,498 163,439 (194,785)
Unpaid claims – June 30	\$ 251,468	\$ 215,152
Current portion	\$ 45,093	\$ 16,713

Notes to the Basic Financial Statements For the Fiscal Year Ended June 30, 2019

Note 15: Commitments and Contingencies

Grants

The County recognizes as revenue, grant monies received as reimbursement for costs incurred in certain Federal and State programs it administers. Amounts received or receivable from grantor agencies are subject to audit and adjustment by grantor agencies, principally the Federal government. Any disallowed claims, including amounts already collected, may constitute a liability of the applicable funds. The amount, if any, of expenditures which may be disallowed by the grantor cannot be determined at this time although the County expects such amounts, if any, to be immaterial.

Short-Doyle

Certain services rendered to County mental health patients under the Short-Doyle program are reimbursed based on a per diem rate specified in an agreement between the Yolo County Mental Health Managed Care Fund and the State of California. Each year, the County prepares a cost report and submits it to the State for review. Cost reports for prior years are in various stages of review by the State and, as such, have not been settled. Laws and regulations governing the program are complex and subject to interpretation and change. As a result, it is reasonably possible that recorded estimates can change materially in the near term.

Contracts

The County has executed contracts and purchase orders to purchase goods and services from various vendors. The County is contracted with these vendors through June 30, 2074. Approximately \$235.4 million may be payable upon future performance under these contracts and purchase orders.

The County has active construction projects as of June 30, 2019. The projects include the construction of jail and detention facilities, courthouse renovation, library archives renovation, landfill projects and various road projects. Amounts expended to-date and current commitments are as follows:

	Expended-to-			Current
Project Description	date		С	ommitment
Leinberger Facility Replacement	\$	2,769,362	\$	-
Monroe Jail Expansion		29,114,249		12,416,899

Intergrated Waste Management - Liqud & Food Digestor	2,248,407			2,195,406
Road Improvements	4,302,206			2,270,282
	\$	50,727,576	\$	25,614,167

Notes to the Basic Financial Statements For the Fiscal Year Ended June 30, 2019

Note 16: **Pollution Remediation Obligation**

Former Landfill Cleanup

In fiscal year 2007-08, the County was named by the State of California Integrated Waste Management Board (now referred to as CalRecycle) as the responsible party for remediation of an abandoned landfill formerly owned by the County. The current owner of the landfill, ANDCO Farms, filed an action against the County related to the alleged disposition of hazardous substances in the landfill seeking to recover past and future remedial action and cleanup costs and contribution, indemnity and equitable allocation of such cost, which it has incurred and/or will incur, under various State and Federal laws. In February 2012, the County and ANDCO Farms approved a settlement agreement and Mutual General Release (Agreement) whereby the County agreed to pay ANDCO Farms \$780,000. The County made the final payment under this agreement in April 2019 in the amount of \$40,000.

Note 17: Future Accounting Pronouncements

The Governmental Accounting Standards Board (GASB) releases new accounting and financial reporting standards which may have a significant impact on the County's financial reporting process. Future new standards which may impact the County include the following:

GASB Statement No. 84, Fiduciary Activities, issued January 2017, addresses more specific details in reporting fiduciary funds. Existing standards aren't detailed enough which led to variances in how activities are recognized and reported. The new criteria focuses on whether a government is controlling the assets of the fiduciary activity and the beneficiaries with whom a fiduciary relationship exists. The four fiduciary funds that should be reported include (1) pension (and other employee benefit) trust fund, (2) investment trust funds, (3) private-purpose trust funds, and (4) custodial funds. The new requirements take effect for reporting periods beginning after December 15, 2018. (FY19/20)

GASB Statement No. 87, Leases, issued June 2017, addresses changes to the reporting of leases. The GASB rules will bring significantly all leases on to lessees' balance sheets. Previously, operating leases were off-balance sheet. The new guidance requires lessee government to report on (1) amortization expense, (2) interest expense on the lease liability and (3) note disclosures about the lease, general description and agreements, along with the amount of lease assets recognized and a schedule of future payments. The lessor government will report in its financial statements (1) lease receivable, (2) interest revenue on the receivable, (3) lease revenue corresponding with the reduction of the deferred inflow, and (4) note disclosures about the leases, general description and leasing agreement, along with the total amount of inflows of resources recognized from leases. The new rules exclude leases related to investment assets, short-term leases and certain regulated leases. The new statement is effective for reporting periods beginning after December 15, 2019. (FY20/21)

Notes to the Basic Financial Statements For the Fiscal Year Ended June 30, 2019

Note 17: Future Accounting Pronouncements (continued)

GASB Statement No. 89, Accounting for Interest Cost Incurred before the End of a Construction Period, issued June 2018, improves the relevance and comparability of information about capital assets and the cost of borrowing and simplifies accounting for interest cost incurred before the end of a construction period. This statement requires that interest cost incurred before the end of a construction period be recognized as an expense in the period in which the cost is incurred for financial statements. The emphasis will be on using the economic resources measurement focus for financial statements. This statement is effective for reporting periods beginning after December 15, 2019. (FY20/21)

GASB Statement No. 90, Majority Equity Interests-An Amendment of GASB Statements No. 14 and No. 61, issued August 2018, improves the consistency and comparability of reporting a government's majority equity interest in a legally separate organization and to improve the relevance of financial statement information for certain component units. This statement is effective for reporting periods beginning after December 15, 2018. (FY19/20)

GASB Statement No. 91, Conduit Debt Obligations, issued May 2019, the primary objective of this Statement is to provide a single method of reporting conduit debt obligation. The Statement achieve this objective by clarifying the existing definition of a conduit debt; establishing that conduit debt obligation is not a liability of the issuer, setting new standards for accounting and financial reporting of additional commitments and voluntary commitments. This statement is effective for reporting periods beginning after December 15, 2020. (FY 21/22)

Notes to the Basic Financial Statements For the Fiscal Year Ended June 30, 2019

Note 18: Subsequent Events

Lease Debt Financing

On May 21, 2019, the Yolo County Board of Supervisors approved the purchase and installation of a new phone system with Maverick Networks, Inc. for \$1,295,572 and authorized the Chief Financial Officer to complete a lease financing associated with the project. A master lease purchase was executed on July 1, 2019 financing \$795,572 of the system with the balance being funded by fund balance. The lease has an interest rate of 4.06% and is payable in annual installments through September 1, 2023.

Issuance of Solid Waste Revenue Bonds

On November 6, 2019 the Yolo County Public Agencies Financing Authority issued the 2019 Solid Waste Revenue Bonds in the amount of \$12,375,000 to assist the County of Yolo Solid Waste System finance the acquisition, construction, and installation of improvements to the County's solid waste system and pay costs of issuing the Bonds. Interest on the Bonds is a fixed rate of four (4.00%) and is payable on June 1 and December 1, commencing June 1, 2020. Debt service on the bond is payable semi-annually through December 1, 2039.

Office of Refugee Resettlement (ORR) Grant

On October 8, 2019, the Board of Supervisors voted to not apply for a new three-year Office of Refugee Resettlement (ORR) grant award to provide beds at the Yolo County Juvenile Detention Facility (JDF) for Unaccompanied Children who meet ORR secure placement criteria. The current 24-bed agreement term ends on January 31, 2020 and in the time period leading to January 31, this action is expected to result in the layoff of 22 County positions.

Health & Human Services Building Purchase Agreement

On May 21, 2019, the Yolo County Board of Supervisors executed a purchase agreement of the County occupied office building at 25 N. Cottonwood Street, Woodland, California. The agreement obligates the county to purchase the building at a price of \$12,750,000 on February 29, 2020. The County currently plans to fund the acquisition through incurring indebtedness and plans to complete financing in Spring of 2020.

Rolling Acres Dissolution

On November 5, 2019, the Rolling Acres County Services area was dissolved based on a petition of Rolling Acres community members. Following dissolution, funds will be dispersed out in accordance with the requirements of dissolution.

Springlake Fire

On December 17, 2019, the Board of Supervisors approved the establishment of the Springlake Fire Protection district as a dependent district governed by the Board of Supervisors. The Springlake Fire District will be included in the County's reporting entity as a dependent fire district in the 2019-20 fiscal year.

Notes to the Basic Financial Statements For the Fiscal Year Ended June 30, 2019

Note 19: **Deficit Fund Equity**

As of June 30, 2019 the following individual funds had deficit fund equity balances:

North Davis Meadows County Service Area No. 10

At the end of the fiscal year this fund had a deficit of \$667,473. The deficit was caused by increasing costs of providing water service and expenditures related to water system consolidation project with a neighboring city. To address the deficit and future consolidation costs, the County Board of Supervisors adopted a resolution at the March 20, 2018 meeting to increase water fees for future fiscal years. In fiscal year 2018-19, \$394,096 in additional fees were collected. At the April 23, 2019 meeting, the County Board of Supervisors approved to impound these fees due to a lawsuit that was brought forward challenging the authority to charge the fee. Should a resolution be reached in favor of the County, the fees as well as future collections will be used to resolve the deficit. The North Davis Meadows County Service Area will continue to apply for a State Revolving Fund loan to finance the project.

2019 Lease Purchase Debt Service

At the end of the fiscal year this fund had a deficit of \$13,934. The deficit was due to negative interest accruing on a temporary negative cash balance caused by the timing difference between when the payment to purchase property occurred and when proceeds from bond issuance were received. The deficit will be resolved in the subsequent fiscal year based on rental charges to departments that are occupying the facility.

In-Home Supportive Services Public Authority

At the end of the fiscal year this fund had a deficit of \$2,491. The deficit was caused by additional year end expenditures accrued after the General Fund support transfers were completed. The deficit will be resolved in the subsequent fiscal year by an additional support transfer from the General Fund.

Juvenile Detention Facilities

At the end of the fiscal year this fund had a deficit of \$1,562. The deficit was due to interest accruing on a temporary negative cash balance caused by the timing difference between construction payments and reimbursement from the State through a grant under Senate Bill 81 Juvenile Justice Realignment. The deficit will be resolved once funding sources from the State are received.

Notes to the Basic Financial Statements For the Fiscal Year Ended June 30, 2019

Note 20: Prior Period Adjustment

During the year ended June 30, 2019, beginning net positions for Governmental and Business activities were restated due to 1) implementation of a new fixed asset system which assisted in determining certain assets not previously included and updated calculation of depreciation on certain capital assets, 2) adjustment of prior year accrued receivables due to determination that a Health & Human Services revenue that was previously accrued as due from the state is now a responsibility of the County due to Continuing Care Reform, 3) change in accounting to include the Pension Section 115 Trust in the fund statements that was established in June of 2018, and 4) adjustment to the Landfill estimated close and postclosure costs to remove previously paid costs for Waste Management Units 1-3 that were adjusted in the permit and projected closure cost in 2017. The following are the prior period adjustments:

	As Previously Reported, June	As Restated.			
	30, 2018	June 30, 2018			
Governmental Activities	50, 2010	Restatement	Julie 30, 2010		
Capital asset, net of depreciation	\$ 159,584,775	\$ 2,316,412	\$ 161,901,187		
Public assistance operating grants and contribution	101,363,483	(3,727,702)	97,635,781		
Restricted cash and investments	172,962	800,067	973,029		
Net Position - Beginning of year	\$ 64,753,814	(611,223)	\$ 64,142,591		
Business-Type Activities					
Estimated closure and postclosure cost	\$ 20,530,377	\$ 3,812,438	\$ 24,342,815		
Net Position - Beginning of year	\$ 20,510,869	\$ (3,812,438)	\$ 16,698,431		
General Fund					
Aid from other governments	\$ 127,224,160	\$ (3,727,702)	\$ 123,496,458		
Fund Balances - Beginning of year	\$ 90,230,182	\$ (3,727,702)	\$ 86,502,480		
Internal Service Fund

Net Position - Beginning of year	\$ 18,426,911	\$ (3,812,438)	\$ 14,614,473		

Notes to the Basic Financial Statements For the Fiscal Year Ended June 30, 2019

Note 21: Tax Abatements

The County provides property tax abatements through the Agricultural Preserve Program. The program enrolls land in Williamson Act contracts whereby the land is enforceable restricted to agricultural, open space, or recreational uses in exchange for reduced property tax assessments. Participation in the program is voluntary. The Yolo County Code and Williamson Act guidelines are the set of rules by which the County administers the program. The Department of Community Services is responsible for administering the County's program.

Under the provisions of these contracts, land parcels are assessed for property tax purposes at a rate consistent with their actual use, rather than potential market value of the property. The minimum contract term is ten years and automatically renews until a nonrenewal or cancellation process is initiated. Under the renewal process, the annual tax assessment increases over a defined period of time until the assessment reflects the market value of the property.

For the fiscal year ended June 30, 2019, the County of Yolo had 2,140 Williamson Act assessments and the assessed value restricted by Williamson Act was \$709,464,055 resulting at the 1% Tax rate allowed by Proposition 13 for a total of \$7,094,641 of tax abated by Williamson Act. Of this tax abated, the County's AB8 apportionment factor is 9.984226% for an estimated tax abated that would otherwise have been received by the County of \$708,345. The County calculates and distributes tax at a Tax Rate Area (TRA) level therefore the tax abated when calculated at the individual parcels could vary as the County has a higher or lower AB8 factor for each respective TRA. Agricultural lands however are generally located within the unincorporated County where the County generally has a higher AB8 apportionment factor at the TRA level than the Countywide AB8 factor.

Note to Required Supplementary Information For the Fiscal Year Ended June 30, 2019

BUDGETARY BASIS OF ACCOUNTING

The County is legally required to adopt an annual budget and adhere to the provisions of the California Government Code (Sections 29000 – 29144 and 30200), commonly known as the County Budget Act. Budgets are adopted for the General, special revenue, debt service and capital project funds. Budgets are prepared on a budgetary basis that includes unliquidated encumbrances as expenditures, treats other financing sources and uses as revenues and expenditures and does not include financial reporting adjustments. The Board annually conducts a public hearing for the discussion of a proposed budget. At the conclusion of the hearings, statutorily no later than October 2, the Board adopts the final budget including revisions by resolution. The Board also adopts subsequent revisions that occur throughout the year. All annual appropriations, except amounts that have been encumbered, lapse at fiscal year-end.

The Board must approve amendments or transfers of appropriations between funds, or budget units, as well as items related to capital assets. Supplemental appropriations financed by unanticipated revenue, unappropriated fund balance or by contingency appropriations require to be approved by the Board. The County Administrator (or delegate) can approve transfers between objects within the same fund and budget unit.

The legal level of budgetary control (i.e., the level at which expenditures may not legally exceed appropriations) is maintained at the fund, budget unit, and object level. Presentation of the budgetary schedules at the legal level is not feasible due to excessive length; therefore, except for the General Fund, the budget and actual statements have been aggregated by function.

The County uses an encumbrances system as an extension of normal budgetary accounting for all fund types to assist in controlling expenditures. Under this system, purchase orders, contracts, and other commitments for the expenditure of monies are recorded in order to reserve that portion of applicable appropriations. Encumbrances outstanding at year-end are deducted from available appropriations and are reported as restricted, committed or as assigned fund balance since they do not constitute expenditures or liabilities.

The amounts reported in the budgetary basis differ from the basis used to present the basic financial statements in accordance with generally accepted accounting principles (GAAP) as follows:

- Other financing uses and debt service appropriations and expenditures for budgetary purposes are reported at the functional level.
- Other financing sources and uses are treated for budgetary purposes as revenue and expenditures, respectively.
- Encumbrances are treated as expenditures for budgetary purposes.
- Budgetary basis revenue and expenditures do not include financial reporting adjustments. Financial reporting adjustments include eliminations of transfers between funds within the same fund reporting group, additional revenue and expenditure accruals, reclassifications and other adjustments.

NONMAJOR GOVERNMENTAL FUNDS

County Local Revenue Fund 2011

This fund provides for the receipts and expenditure of state funding for realigned programs including public protection and health services.

Penalty Assessments

Provides funding for capital related expenditures for court facilities, maintenance and operations of criminal justice facilities and for emergency medical services. Revenues are derived from fines, forfeitures and penalties.

Library

This fund provides Library services throughout the County. Support is derived principally through property taxes.

County Service Areas

County service areas provide street lighting, street and road maintenance, levee and storm drainage, water and sewer services within specific geographic areas. They are blended component units of the County with advisory boards, administered by the County Board of Supervisors. Support is derived from property taxes, aid from other governments and charges for services.

District Attorney Consumer Fraud

This fund receives grants, fees and penalties to fund the District Attorney's effort on consumer fraud and environmental protection prosecution.

Miscellaneous Grants and Fees

These funds receive grants, fees and fines to fund a variety of programs including child abuse prevention, domestic violence, small claims advisory program, property tax administration, local law enforcement, tobacco and education.

Housing Revolving Loans

These funds receive repayments of loans used by program participants to rehabilitate homes, expand businesses and as a down payment by first-time homebuyers. Additional loans are funded from the repayments.

Habitat and Resource Management Program

Deposits to this fund consist of assessments on the tonnage of gravel sold. This fund finances the implementation of the Cache Creek Area Plan, which provides for the managed use and conservation of natural resources in the lower Cache Creek region. This includes oversight and enforcement of the Off-Channel Mining Plan, habitat restoration, erosion control and environmental monitoring.

Asset Forfeiture

Proceeds from the sale of property subject to forfeiture and seizure of property involved in or purchased with the proceeds from a controlled substance offence. The funds are used to enhance District Attorney and Sheriff-Coroner programs.

In-Home Supportive Services Public Authority

This is a legally separate special purpose government unit created to maintain registry and referral system to assist consumers in finding qualified in-home supportive services personnel as well as training of and support for providers and recipients.

Nonmajor Debt Service Funds

Debt service funds are used to account for and report financial resources that are restricted, committed or assigned to expenditure for principal and interest.

NONMAJOR DEBT SERVICE FUNDS

Davis Library Expansion

This fund is used to accumulate resources for the payment of principal and interest on Mello-Roos Act Special Assessment Bonds. The proceeds of bonds were used to expand the Davis Library. Revenue is primarily derived from a voter approved parcel tax within the area that benefits from the expanded Davis Library and revenue from use of money and property.

District Attorney Building

This fund is used to accumulate resources for the payment of principal and interest on certificates of participation for the acquisition of the District Attorney's Building in Woodland. The proceeds were used for the construction of the District Attorney's Building. Revenue is derived from development fees, fine and forfeiture and penalty and rents and investment earnings on deposits with bond paying agents.

2017 Capital Improvement Bonds

This fund is used to accumulate resources for the payment of principal and interest on the lease revenue bonds used to finance various public capital improvement projects within the County. The projects include the expansion of the Sheriff's Monroe and Leinberger facilities, the Historical Courthouse renovation and the Library archives remodel.

2019 Lease Purchase Bonds

This fund is used to accumulate resources for the payment of principal and interest on the lease purchase bonds used to finance the acquisition of a facility located on 500 Jefferson Blvd in West Sacramento, CA. Revenue is derived from rents charged to county departments that occupies the building.

Nonmajor Capital Projects Funds

Capital projects funds are used to account for and report financial resources that are restricted, committed, or assigned to expenditure for capital outlays, including the acquisition or construction of capital facilities and other capital assets.

NONMAJOR CAPITAL PROJECTS FUNDS

Accumulated Capital Outlay

This fund is used to account for monies used to supplement the cost of constructing and acquiring specifically identified buildings, facilities, and equipment for the County of Yolo. The costs of these projects are financed through property taxes, development impact fees, and aid from other governments.

Esparto Parks Improvements Project

This fund is used to account for construction of Esparto community park improvements. A \$2,150 fee is levied on new residences constructed within Esparto to finance this project.

Esparto Bridge Development Fee

This fund is used to account for the collection of fees from developers to provide funding for constructing a bridge over Lamb Valley Slough as required by the adopted 1996 Esparto General Plan.

County Facilities

This fund is used to account for the accumulation of funds for County facility projects including the County Historic Courthouse renovation, Davis Office Building renovations, and other County facilities projects.

Yolo Library

This fund is used to account for the receipt and expenditure of funding to construct a new library for the town of Yolo.

Juvenile Detention Facilities

This fund is used to account for the receipt and expenditure of state grant funds and county match to expand the juvenile detention facilities.

Internal Service Funds

Internal service funds are used to account for the financing of goods or services provided by one department or agency to other departments or agencies of the County, or to other governments on a cost-reimbursement basis.

INTERNAL SERVICE FUNDS

Yolo Electric

This fund was established to account for and recover the cost of electric generated by the County's three solar arrays.

Equipment Replacement

This fund was established to accumulate funds for equipment replacement.

Fleet Services

This fund was established to account for and recover the cost of providing vehicles to County departments.

Telephone

This fund was established to account for and recover the cost of the County telephone system.

Unemployment Self-Insurance

This fund accounts for the financing of the County's unemployment insurance.

Dental Self-Insurance

This fund accounts for the financing of the County's employee dental insurance.

Pension Funding

This fund was established to account for pension related deductions and expenses.

AGENCY FUNDS

Agency funds are custodial in nature and do not involve measurement of results of operations. Such funds have no equity since all assets are due to individuals or entities at some future time.

The "Property Tax" Fund accounts for the levy, collection, and distribution of property taxes collected in the County.

The "Cities" Fund accounts for the collection and distribution of taxes and fees on behalf of the cities within Yolo County.

"Redevelopment Successor Agencies" Fund accounts for the "wind down" of redevelopment agency activities.

"Local Transportation Fund" accounts for the 1/4% sales tax allocated for transit purposes that the County distributes to the County and cities per instructions submitted by Sacramento Area Council of Governments.

"Special District and School Bond Funds" account for the collection and distribution of voter-approved bonded indebtedness property taxes and for the payment of related debt.

"Public Administrator-Guardian" Fund accounts for client funds held in a custodial capacity by the County.

"Other" Fund is to account for the collection of fees and other payments collected on behalf of the State and other local agencies.

Reconciliation of the Component Unit Fire Districts Funds Statement of Revenues, Expenditures and Changes in Fund Balances to the Statement of Activities - Component Unit Fire Districts For the Fiscal Year Ended June 30, 2019

Changes in fund balances - Total Component Unit Fire Districts funds		\$ 728,232
Amounts reported for component units in the statement of activities are different because:		
Governmental funds report capital outlay as expenditures. However, in the statement of activities, the cost of those assets is allocated over their estimated useful lives and reported as depreciation expense.		
Expenditures for capital assets, infrastructure, and other related capital assets adjustments Less current year depreciation and loss on disposal of capital assets	\$ 727,102 (362,128)	364,974
Repayment of debt principal is an expenditure in the governmental funds, but the repayment reduces long-term liabilities in the statement of net position.		
Principal repayments: Loans payable	12,980	12,980
Some expenses reported in the statement of activities do not require the use of current financial resources and, therefore, are not reported as expenditures in governmental funds.		
Change in compensated absences Change in interest payable	(2,085) 240	 (1,845)
Change in net position of Component Unit Fire Districts		\$ 1,104,341

STATISTICAL SECTION

Statistical Section

The information in this section is not covered by the Independent Auditor's Report, but is presented as supplemental data for the benefit of the readers of the comprehensive annual financial report. The objectives of statistical section information are to provide financial statement users with additional historical perspective, context, and detail to assist in using the information in the financial statements, notes to financial statements, and required supplementary information to understand and assess a government's economic condition.

CONTENTS
FINANCIAL TRENDS
These schedules contain trend information to help the reader understand
how the County's financial performance and well-being have changed
over time.
REVENUE CAPACITY
These schedules contain trend information to help the reader assess the
County's most significant local revenue sources, the property tax.
DEBT CAPACITY
These schedules present information to help the reader assess the
affordability of the County's current levels of outstanding debt and the
County's ability to issue additional debt.
ECONOMIC AND DEMOGRAPHIC INFORMATION
These schedules offer economic and demographic indicators to help the
reader understand the environment within which the County's financial
activities take place.
OPERATING INFORMATION
These schedules contain service and infrastructure data to help the reader
understand how the information in the County's financial report relates
to the services the County provides and the activities it performs.

Sources: Unless otherwise noted, the information in these schedules is derived from the comprehensive annual financial reports of the relevant year.

Notes:

(1) Accounting standards require that net position be reported in three components in the financial statements: net investment in capital assets; restricted; and unrestricted. Net position is considered restricted when 1) externally imposed by creditors (such as debt covenants), grantors, contributors,

or laws or regulations of other governments or 2) imposed by law through constitutional provisions or enabling legislation.

Notes:

- (1) Secured property is generally real property, defined as land, mines, minerals, timber and improvements such as buildings, structures, crops, trees and vines.
- (2) Unsecured property is generally personal property including machinery, equipment, office tools and supplies.
- (3) Unitary properties are railroads and utilities crossing the county and are assessed by the State Board of Equalization.
- (4) Exempt properties include numerous full and partial exclusions/exemptions provided by the State Constitution and the legislature that relieve certain taxpayers from the burden of paying property taxes.
- (5) Due to 1978 passage of the property tax initiative Proposition 13 (Prop 13) the County does not track the estimated actual value of all County properties. Under Prop 13 property is assessed at the 1978 market value with an annual increase limited to the lesser of 2% or the CPI on properties not involved in a change of ownership or properties that did not undergo new construction. Newly acquired property is assessed at its new market value (usually the purchase price) and the value of any new construction is added to the existing base value of a parcel. As a result, similar properties can have substantially different assessed values based on the date of purchase. Additionally, Prop 13 limits the property tax rate to 1% of assessed value plus the rate necessary to fund local voter-approved bonds and special assessments.

Notes:

 Government Code Section 29909 provides that the total amount of general obligation bonded indebtedness shall not at any time exceed 1.25% of the taxable property of the County as shown by the last equalized assessment roll. If water conservation, flood control, irrigation, reclamation, or drainage works improvements, or purposes, or the construction of select County roads is included in any proposition submitted, the total amount of bonded indebtedness may exceed 1.25% but shall not exceed 3.75% of the taxable property of the County as shown by the last equalized assessment roll.

COUNTY OF YOLO, CALIFORNIA DIRECT AND OVERLAPPING BONDED DEBT (UNAUDITED) JUNE 30, 2019

- (1) The percentage of overlapping debt applicable to the County is estimated using taxable assessed property value. Applicable percentages were estimated by determining the portion of the overlapping district's assessed value that is within the boundaries of the County divided by the district's total taxable assessed value.
- (2) Excludes tax and revenue anticipation notes, enterprise revenue, mortgage revenue and non-bonded capital lease obligations.

Ratios to 2018-19 Assessed Valuation:	
Total Overlapping Tax and Assessment Debt	2.07%
Total Direct Debt (\$39,187,768)	0.14%
Gross Combined Total Debt	3.27%
Net Combined Total Debt	3.23%
Ratios to Redevelopment Incremental Valuations (\$5,239,481,068): Total overlapping Tax Increment Debt	2.54%
