3. Deaccession Items Review/Vote Discussion – All members
 - i. Two items were brought up for discussion: **YO1-10x45-27** which is a purse with an original metal frame but a modern knitted purse. This item demonstrates the repurposed of an existing item. The discussion focused on the interpretive merit of this item as an example of how modifications to items can be shown over time. It was decided that this item would remain in the collection. **YO1-C267-08** which is a straw hat with a blue ribbon. This item was determined to be in a condition that it could be displayed, however, the material (straw) was determined to be a contemporary addition and therefore made the object outside the scope of the collection. It was decided that the item would be removed from the collection.
4. Upcoming Exhibitions – March 12th Opening of Suffragette Exhibition
