WHY:

The County of Yolo Community Services Department invites community members to an open house about the Bike and Safety Improvements for County Road (CR) 98, as well as roundabouts at Hutchison Drive, CR 32 (Russell Blvd.) and CR 31 (Covell Blvd.).

This improvement project will widen County Road 98 between Solano County and 1,300 feet south of County Road 29. The proposed project includes the addition of bike lanes/shoulders and clear recovery zones, and will include construction of roundabouts at Hutchison Drive, County Road 32 (Russell Blvd.) and County Road 31.

The purpose of the meeting is to present the current design for the project including roadway, drainage, roundabouts, and proposed preliminary right of way. Preliminary ideas for staging of the intersection construction will also be available for review and comment. Continued opportunities to learn about the project will be provided as the design and environmental phases progress.

Additional information about the project can be found at <http://www.yolocounty.org/community-services/public-works-division/public-works-project-updates/cr-98>.
