March 2020

ENROLLMENT

PROGRAM	FEBRUARY 2020	FEBRUARY 2020
Medi-Cal/PHC	48,749	48,589
CMSP	3	2

Health Education

- On Wednesday, February 26th, the Yolo County Oral Health Program partnered with the Yolo County WIC program and CommuniCare to offer a WIC Dental day to WIC clients/families at the West Sacramento Service Center. Seventeen kids and adults received a brief dental exam, and several were taken to CommuniCare to schedule follow up appointments or have additional services provided to them, such as an X-Ray. Participants also received a bag filled with oral hygiene products, nutrition information and a healthy meals cookbook from the CalFresh Healthy Living Program.

Accreditation

- Community Health Needs Assessment Public Reveal – Health In Action event on Tuesday, February 18th in partnership with Dignity Health, Sutter Health, Yolo County, CommuniCare Health Centers, and Winters Healthcare at the Yolo Food Bank. The event presented the findings of the 2020-20203 Community Health Needs Assessment. Leadership from the partner agencies highlighted the benefits of the collaboration that produced the joint report, while providing a call to action urging health leaders to make a commitment to come together with the goal of developing shared strategies and interventions to address the significant health needs of the community. The event culminated in leaders pledging their commitment to engage in this work by capturing a photo at the event's commitment station, see the photos at: <https://bit.ly/2vPgTXE>. In the coming weeks Yolo County Health and Human Services Agency's Community Health Branch will work with those who "took the pledge" to convene a group of leaders and move forward the work of putting Health In Action!
