Presentations/Discussion:

Carla and Sherrie attended a special joint meeting of Madison, Esparto and Capay advisory committees on May 22, 2008. This County sponsored meeting was our chance to comment on and address problems pertaining to the casino expansion as committees. With our input and other county agencies they are preparing a formal comment letter about the TEIR, to go the BOS on June 6, 2008. The same concerns from everyone were traffic, noise, crime, condition of the roads, water and limited housing for that much expansion.

The bus stop is in limbo

Bonnie and Sherrie briefly discussed the progress and priorities for the park. The MAC members present thought a fence should be high on the priority list. We have been pricing tables, benches, concrete, shade structures and surveillance equipment for the park.

Future Agenda Items:

Brian Millar from Dunmore would like to talk about MSD possibly using the well on their property as an emergency back up in the future. He also has an update on the rock wall.
