

COVID-19 “Coronavirus” Shelter-in-Place: Resource Attainment List

03/27/2020

Shelter-in-Place: Resource Attainment List

On March 18, the Yolo County Public Health Officer issued a countywide health order for residents to shelter in place from March 19 through May 1, unless extended by the Public Health Officer. This order limits activity, travel and business functions to only the most essential needs and is intended to slow the spread of novel coronavirus (COVID-19), protect those most vulnerable to the disease, and preserve local healthcare capacity.

Under the health order individuals can still leave their home to obtain essential goods, including buying groceries, getting household supplies, and picking up medication. However, for those most vulnerable to the disease, such as the elderly and those with chronic health problems, as well as those with mobility or transportation issues, gathering essentials may be more difficult at this time. The following list is intended to provide a sample of available resources to assist those individuals in obtaining essential goods.

This document will be updated on a continual basis. Please check back for updates.
