Hello Michelle:

I acknowledge receipt of your letter dated March 30, 2020 requesting termination of the contract between Bitfocus and YCCC. Your description of our meeting on March 27 accurately reflects my perspective of that meeting too. In switching to a new combined contract for the Sacramento and Yolo CoCs, there will not be any HMIS service interruption for Yolo users, there will not be any additional cost for termination, and there will be no loss of Yolo data. Please know that I am actively working with Rolf Davidson at Sacramento Steps Forward to craft a mutually-agreeable contract for both communities. Please let me know if you have any questions.

Thanks,
